Be a booster; bury the hammer. By united effort we can make Concrete one of the best towns in the county. Try it.

THE CONCRETE HERALD

The upper Skagit valley is the land of opportunity. Its resources are unlimited, but publicity and development are needed.

Formerly the Hamilton Herald, Established Nov. 23, 1901. Oldest Paper in the Upper Skagit

VOLUME XXV | CONCRETE, SKAGIT COUNTY, WASHINGTON, THURSDAY, AUGUST 12, 1926 | NUMBER 35

SKAGIT COUNTY FAIR WILL OPEN MONDAY FOR SEASON OF 1926

BEST FAIR IN HISTORY IS PROMISED BY OFFICIALS — FRIDAY IS DAY FOR UP-RIVER COMMUNITIES THIS YEAR.

The Skagit county fair, bigger and better this year than ever before in its history, will open its gates next Monday, August 16, to what should be the largest attendance in its history.

Chief among the entertainment features this year will be the horse racing events, and from every indication "the sport of kings" will be the draw- attendance from the outside. The ing attraction for an unprecedented horse racing will be on the program Thursday, Friday, Saturday and Sunday, and the events include a 2:10 trotting race, 2:24 pace, 2:24 trot, free-for-all pace, 2:17 race, 2:14 trot, 2:20 trot, and 2:13 pace.

A troupe of trained harness horses with expert drivers will give exhibition Roman and chariot races every day, and an acrobatic company will also give a free show daily. Parties who have seen these performers class them as among the most excellent of their kind and the visitor at the fair may expect many a thrill during the acts.

The carnival attraction is the Kline Carnival company, recommended as the cleanest in the business and will be open Monday to Saturday daily.

Exhibitors are still entering their wares, and there is every reason to believe that the showing of agricultural and stock products will far exceed those of other years, both in quantity and quality.

The new poultry building, which was started last Saturday by the carpenters' unions of Skagit county, is more than half completed and will be finished by the unions Saturday of this week. It will this year house an exhibit worthy of the splendid growth of Skagit county's poultry industry.

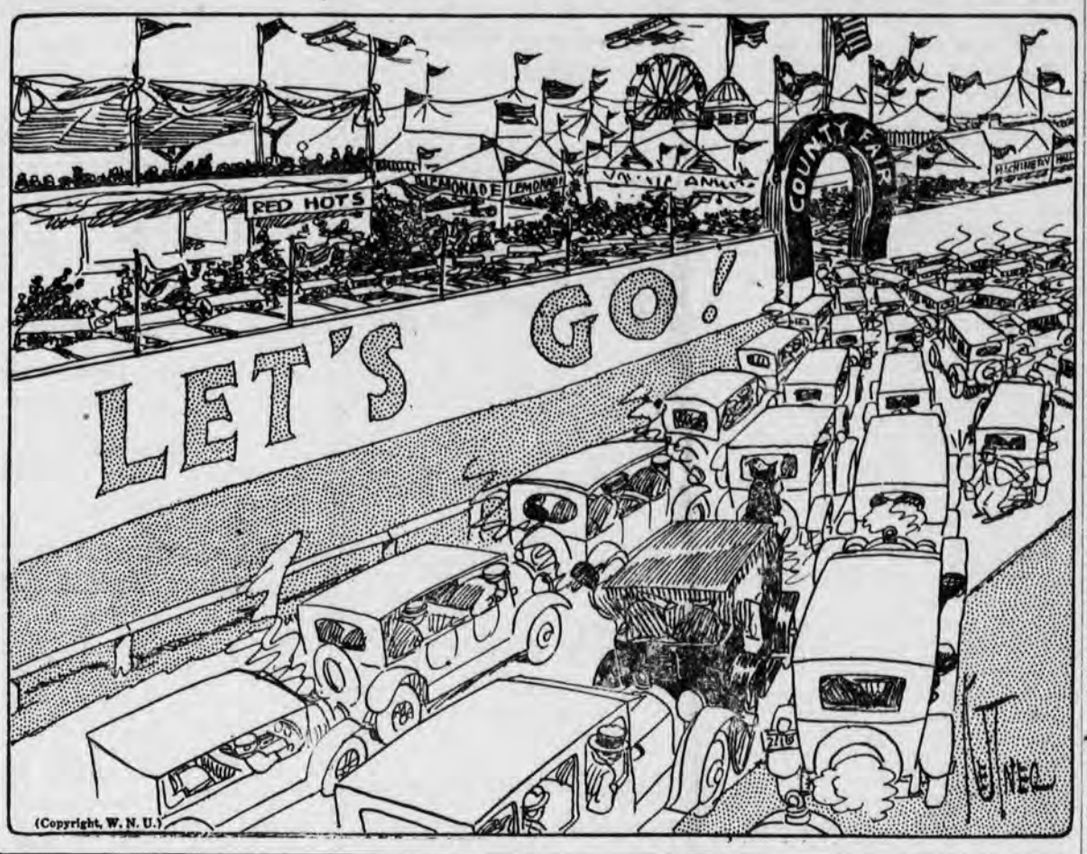
Friday, August 20, has been designated as Sedro-Woolley and upper Skagit valley day, and all residents of the Skagit valley are urged to attend on this day if convenient, to make it the biggest day of the fair. All the regular features will be included in the program on this day, and in addition there will be some exceptionally good races on the racing program, the stock parade, which is always a big feature of the fair, and a horse pulling contest for horses under 3,000 pounds. The program for the day is one of the best of the week and the residents of the valley will make no mistake in taking in the fair on Friday, if one day is all that they can attend.

On Monday the late exhibits will be placed and only a few attractions will be ready. No admission will be charged on Monday. Tuesday the boys' sports will be held, and in addition all the free acts will be given and the Roman chariot races will be held. Wednesday will be Anacortes day, with the Anacortes band furnishing the music, and all the fair attractions going in full force. Thursday will be Mt. Vernon and La Conner day, and features will be the opening of the racing program, the first stock parade and the horse pulling contest for horses over 3,000 pounds, with the Mt. Vernon band furnishing the music. On Friday, upper Skagit valley day, the Sedro-Woolley band will be heard, and this band will again be on hand for Saturday, when all features will be given. On Sunday, August 22, all exhibit buildings will be open, the racing program will be held, and there will be plenty of music by the Mt. Vernon band, but all carnival attractions will be closed.

BALL CLUB TO GIVE DANCE

The Concrete baseball club will hold a benefit dance at the Legion hall on Friday evening, August 20, for the purpose of raising money to defray the indebtedness of the team for this season. Wheelock's orchestra will provide the music and a good time is promised for all who come. As there have been few dances here lately, a good crowd is expected.

The Magnet



CONCRETE HAS TWO FIRES EARLY TUESDAY MORNING

Concrete suffered two fire losses during the early hours of Tuesday morning, and both fires were of entirely unknown origin. The first fire was in the building occupied by Dr. J. Fred Mills as an office and apartments, and broke out about 1 o'clock. The fire was first discovered by Dr. Mills, who was asleep in the building and was awakened by the fire, which was then breaking through the partition into his bedroom. He pulled on a few clothes and rushed out and gave the alarm, and by that time the flames had gained such headway that it was impossible to save anything from the building. The fire fighting was so efficient that the fire was held in the building and the I. O. O. F. hall which seemed sure to go, was saved without any considerable damage, and the Paul Harmon cottage, between the hall and Dr. Mills' office, escaped with only a few holes burned in the walls and roof.

Dr. Mills estimates his loss at about $9,000, being $1,500 on the building and $7,500 on furniture, supplies and equipment, all of which were a total loss. The Harmon cottage was damaged about $200, and Wm. Owens, who occupied the building, has some loss in moving out his goods and damage by fire and water.

The fire in the Mills building started in the rear of the building, and the cause is unknown, but it might have been caused from a short circuit in some of the wiring.

About 5 o'clock that morning a second fire broke out in the dwelling known as the "Cupples House," in Central Concrete, about 600 feet north of the Mills building. This fire apparently had started near the chimney, and when first seen had gained such headway that it was impossible to save the building. The building had recently been occupied by Mr. and Mrs. Rinehart, who moved out about August 1, and since then the building has been vacant. There are indications that the fire was of incendiary origin. The building was atwo story dwelling and was worth about $2,000.

LADIES' AUXILIARY HOLDS MEETING NEXT THURSDAY

The Ladies' Auxiliary of the Presbyterian church will hold its next regular meeting on Thursday afternoon, August 19, at the church parlors. The usual business session will be held, followed by a social hour, during which refreshments will be served by the hostesses, Mrs. L. E. Wolfe and Mrs. C. M. Mason. All members are urged to attend and to bring their friends.

CONCRETE VALLEY PEOPLE ARE UNITED IN MARRIAGE

Mrs. Mary Morris of this city and Thomas S. Eichholtz of Hamilton were united in marriage in Mt. Vernon yesterday afternoon, Justice J. M. Shields performing the ceremony, a few relatives and intimate friends being present at the wedding. Mr. and Mrs. Eichholtz have left on a honeymoon trip of two weeks to various Puget Sound cities, after which they will make their home in Hamilton.

The bride is the daughter of Mr. and Mrs. C. A. Groken of this city and has made her home here for several years. The groom is a pioneer resident of Hamilton and is prominent in the civic life of that community. They have many friends in the Skagit valley, who are extending congratulations and good wishes.

LOCAL STAGE LINE NOW UNDER NEW OWNERSHIP

The Concrete-Sedro-Woolley auto stage line, which has been operated for the past few years with A. V. Stoneman of Everett as owner and Pat Stoneman of this city as manager has changed hands during the past week, and B. H. Solomon of this city is now the owner and operator of the line. Mr. Solomon expects to make some changes in the service to make it more beneficial to Skagit valley people, and otherwise to conduct the line with the same consideration for its patrons as has been the rule for the past few years. Mr. Solomon is considering some minor changes in the running schedule and if these are made they will be announced next week.

MAIN STREET CROSSING IS NOW BEING REPAIRED

The old railroad crossing near the I. O. O. F. hall, where the old railroad track was torn out some weeks ago, is being paved this week, with L. R. Everett doing the work. The planking at the crossing has been torn out and a new pavement laid to conform with the rest of the paving on Main street in that part of town. The cement sidewalk on the south side of the street has also been connected up, to conform with the remainder of the walk. The work of laying the pavement and sidewalk was completed this week and as soon as the concrete is set, the new work will be opened for traffic.

The Crofoot addition sidewalk has been completed by Contractor Evans and is now in daily use.

CONN IS SETTING PACE IN CONTEST FOR SHERIFF

There are five candidates for the office of sheriff in Skagit county, and indications to date is that Tip Conn, present sheriff, is setting the pace for the bunch. Tip has some strong opposition, but so far he appears to have the lead on the whole bunch and his friends here are looking for him to land the nomination with a nice plurality over his nearest opponent.

Mr. Conn nas been holding down the office of sheriff for the past four years and has made good on the job. He has made many enemies, but any man who tries to enforce the law is sure to make enemies. He has also made many friends by the manner in which he has handled the work of his office, and the enemies he has made will mean votes for him when the tally is counted up.

The people of Concrete should remember Tip Conn for the able manner in which he handled the Stone & Webster strike here some years ago. It will be remembered that for many weeks Concrete was a powder magazine, just waiting for a match to touch it off. Conn and his deputies handled the matter diplomatically and staved off trouble from day to day until the time was ripe, and then the strike was permanently settled by a master stroke that sent all the trouble-makers out of town, and not a drop of blood was shed.

Mr. Conn has an enviable record for law enforcement throughout the county, this county ranking as one of the best in the state for the small number of law violations. He has always tried to avoid friction with local authorities in cities and towns, and has never interfered with local officials except in cases where complaints have been filed in his office by residents of that city or town. Conn has made a fine record, and persons who vote for a change are likely to make a big mistake.

ROADS AT LAKE SHANNON ARE VACATED BY COUNTY

The question of vacating certain county roads in and near Lake Shannon, which has been pending before the county commissioners for some time, was settled the first of this week. The Puget Sound Power & Light company gave the county a right-of-way for a 60-foot road, to extend along the lake for a distance of four miles, and then the commissioners vacated the roads that would be flooded by the waters of the lake when it was raised. W. D. Shannon, construction engineer for the Stone & Webster company, who had charge of the building of the local project, signed the contract at the meeting

MT. BAKER FOREST CLOSED TO VISITORS UNTIL RAIN STARTS

FIRES ON UPPER RIVER ARE STILL SPREADING—TIMBER IS VERY DRY AND FIRE SITUATION IS SERIOUS.

Owing to te forest fires already raging in the Mt. Baker national forest, and to the extreme dry condition of the timber, the government forestry service has issued an order closing the entire forest to all visitors, with the exception of the Mount Baker highway from Glacier to Heather Meadows, and the City of Seattle railroad to Newhalem. This action was taken both for the protection of the forest, and for the safety of the campers. Under present weather conditions, a fire started from a campfire or a cigarette would so spread rapidly that visitors in the forest might not be able to get out.

A forest fire was started by campers on Bacon creek on August 3 and ran three miles the first afternoon, and it is still out of control. The fire is reported as spreading in all directions and has already covered a large area. At latest reports it was said to be nearing the Erickson-Fuhrman camp and was within four miles of Newhalem. The fire has jumped the Skagit at Alamo creek and is burning strong in that district. A new fire was reported yesterday as burning on Marble creek, but the extent of this blaze is not known.

The fire on Beaver creek, near the Canadian boundary, which has been burning for a month, is still spreading and there is little chance that it will be checked before rainy weather sets in. There are now about 400 men fighting fire in the national forest, but the timber is so dry that little headway is being made towards bringing the fires under control.

Conditions in the woods are now extremely dangerous and every person will have to take real care to avoid starting a fire. A careless cigarette or match dropped along the roadside can easily start a blaze that will cover hundreds of acres in a day. There have been no fires in the territory around Concrete so far, and there is a good chance to keep the record clear for the rest of the season.

SPLENDID PICTURES ARE COMING HERE NEXT WEEK

The Concrete theater has a splendid line of pictures for the coming week, and all are so good that no particular one can be featured. On Saturday comes a screen version of Mark Twain's famous book, "A Connecticut Yankee in King Arthur's Court." This is one of Twain's most popular stories, and all his stories are good, and the one that probably lends itself best to motion pictures. The picture is said to follow the action of the book closely, and is full of fun and entertainment. The cast is headed by Harry C. Myers and Pauline Starke.

On Sunday and Monday nights the attraction is "Pretty Ladies," a romance of an unloved musical comedy star, adapted from the story of the same name. There are some wonderful theater scenes, including some of the best dancing ever shown on the screen. There is a pretty love story and just enough action to make the picture interesting. The all star cast includes such well known stars as ZaSu Pitts, Tom Moors, Ann Pennington and Conrad Nagel.

For Thursday and Friday nights the attraction will be "The Adventurer," from the novel by Jack London. This is a drama of thrills and action that is up to the London standard and the picture is one that all will enjoy. The cast is headed by Tom Moore, Pauline Starke and Wallace Beery.

On Thursday and Friday nights House Peters is featured in "The Combat," a drama of the woods of the Northwest with some great forest fire scenes and many exciting situations. This is the most exciting picture of the week and will be enjoyed by those who like westerns.

SUMAS BALL TEAM TO COME HERE FOR HERE NEXT SUNDAY

ROUND-UP COMMITTEE TO PULL STUNTS DURING GAME—LOCALS WIN FROM BELLINGHAM BUNCH, 5 TO 2, IN FAST GAME.

The Concrete baseball team is planning to make next Sunday's game the best of the season from the standpoint of attendance and public interest, and if the Sumas crowd carries out its promises, the attendance part is certain to be achieved. According to official reports, the Sumas team will be accompanied Sunday by about 50 auto loads of rooters, who are also members of the publicity committee for the Sumas Round-Up, and the trip here will be for the purpose of advertising the round-up as well as for rooting for the Sumas team. The visitors will have an array of advertising stunts, which will be pulled off before and during the game, and this feature alone will likely be worth the price of admission. It is planned to have a number of Concrete cars meet the visitors near the rock cut and lead the parade into town, and make a real parade before the game. The Sumas team won from Concrete at Sumas by a close margin and the locals are not ready to admit that Sumas has the best team. The visitors are planning to make it two straight over the Cement Mixers, so the ball game should be a good one. Sumas has one of the best pitchers in Whatcom county and has a fast fielding and hard hitting team, and the game should be a dandy. There should be a record crowd for this game, and all the real fans have already said that they will be on hand when the game starts.

Last Sunday the Cement Mixers tangled with the Eureka Cubs of the Bellingham City league, and after one of the best games of the season, the visitors were sent home on the short end of a 5 to 2 score. Concrete won won the game in the first inning when Baker, Galer, Lee and Brown Wiseman all crossed the pan on clean hitting. Concrete added one more in the second when Baker tripled and scored on Lee Wiseman's double, and this ended the scoring for the home team. They hit occasionally, but Westby was stingy when men were on bases and the five runs were all the Concrete team were able to tally.

Springer held the visitors in check until the fifth, when they tallied once on two hits and an error, and in the seventh they brought their total up to 2 by adding one more on a hit and two errors. The feature of the game was Wiseman's hitting and Springer's hurling.

Summary—	R.	H.	E.
Eureka Cubs	2	5	3
Concrete	5	10	2

Batteries: Cubs—Westby and Senuty; Concrete: Springer and Wiseman. Umpire, McDonald.

HAMILTON MAN FILES FOR OFFICE OF REPRESENTATIVE

The most important new filing for county office during the past week as far as local people are concerned, is that of Josh W. Russell of Hamilton for State Representative from the 51st district, to succeed Dick Thompson. Josh has been a resident of the Skagit valley for about 35 years, is a graduate of the University of Washington, and for ten years was construction engineer for the Lyman Timber company. For the past four years he has been connected with Russell Bros. store in Hamilton, served one term as mayor of that town and is now a councilman. He is a strong booster for the Cascade highway and is in favor of anything that would prove beneficial to the Skagit valley.

Other filings during the week were those of Ed Wells of Mt. Vernon for commissioner for the first district, Pat Murphy of Sedro-Woolley and Ed Smith of Hamilton for sheriff on the Republican ticket, and S. G. Garrison of Mt. Vernon for senator on the Farmer-Labor ticket.

POLITICAL ANNOUNCEMENTS

FOR COUNTY ASSESSOR

I hereby announce myself as a candidate for the office of County Assessor of Skagit County, subject to the will of the Republican voters of the county as expressed at the primary election to be held on Tuesday, September 14, 1926.

RICHARD THOMPSON,
Concrete, Washington.

FOR SCHOOL SUPERINTENDENT

I hereby announce my candidacy for re-election to the office of Superintendent of Schools of Skagit County, subject to the will of the Republican voters of the county at the primary election of September 14, 1926.

MABEL GRAHAM,
Mt. Vernon, Wash.

(Misl. 241-C) Seattle, Washington
Serial No. 05589
NOTICE FOR PUBLICATION
United States Land Office at Seattle, Washington
July 1, 1926

Notice is hereby given that Quince Newkirk, by C. E. Moulton, his attorney in fact, the post office address of attorney in fact being Wilcox Building, Portland, Oregon, has this 1st day of July, 1926, filed in this office his application to select under the provisions of the Act of Congress approved July 1, 1898 (30 Stat. 597, 620) as extended by the Act of Congress approved February 27, 1917, (39 Stat. 946),

The Lot 5, Section 11, Twp. 33 North, Range 10 East, W. M.

Any and all persons claiming adversely the lands described, or desiring to object because of the mineral character of the land, or for any other reason, to the disposal to applicant, should file their affidavits of protest in this office on or before the 1st day of September, 1926.

DAVID L. SPAULDING, Register.
First publication July 8—August 12.

NOTICE FOR PUBLICATION
Department of the Interior
U. S. Land Office at Seattle, Wash.
July 13, 1926

Notice is hereby given that Charles A. Burnham, whose post-office address is Bucoda, Wash., did, on the 22nd day of October, 1924, file in this office Sworn Statement and Application, No. 05014, to purchase the Lots 1 and 2, Section 3, Township 34N., Range 10E., W. Meridian, and the timber thereon, under the provisions of the act of June 3, 1878, and acts amendatory, known as the "Timber and Stone Law," at such value as might be fixed by appraisement, and that, pursuant to such application, the land and timber thereon have been appraised, the timber estimated 324,000 board feet at $202.00 and the land no value; that said applicant will offer final proof in support of his application and sworn statement on the 25th day of September, 1926, before Register of U. S. Land Office, at Seattle, Washington.

Any person is at liberty to protest this purchase before entry, or initiate a contest at any time before patent issues, by filing a corroborated affidavit in this office, alleging facts which would defeat the entry.

THE HERALD ONE-FIFTY A YEAR

PERMANENT ROADS ARE A GOOD INVESTMENT —NOT AN EXPENSE

This is the Road that Gets the Traffic

No matter how many roads there are leading in or out of your town, the ones best paved get the traffic.

This is especially true if these roads are of Concrete. For every motorist appreciates the many advantages of driving over its rue, rigid, unyielding surface.

No wonder Concrete Highways are crowded for mile after mile. Sixteen Million motor vehicles are using them today. And new cars are being produced at the rate of 4,000,000 a year.

Here is a situation that is of vital concern to you. Everywhere we need more or wider Concrete Roads, or both, to take care of the ever-increasing traffic. And now is the time to plan for their construction.

Your highway officials want to be of the greatest possible service to you. Get behind them with ways and means that will provide more Concrete Roads and Streets. Such an investment will pay you big dividends year after year.

Keep Your Clothes Fit

The summer time, with its auto rides, camping parties and vacation trips, is hard on clothes, and suits and coats soon gather dirt, spots and wrinkles.

Bring them to us at regular intervals for cleaning and pressing. We are here to help you keep your clothes in condition, and we are here to stay. We know that our work will satisfy you, and our rates are reasonable. Have this work done in Concrete—it will help the town and help you.

We can handle work for Men, Women and Children.

In and Around Town

Mr. and Mrs. H. F. Wilcox of Seattle spent Sunday in town as guests at te home of Mr. and Mrs. G. L. Leonard. Mr. Wilcox formerly conducted a newspaper in Hamilton and is now in charge of the printing department at the Lowman & Hanford plant in Seattle.

Mr. and Mrs. Frank W. Wetzel and Mrs. J. E. St. John motored to White Rock, B. C., Sunday to spend the day on the beach. All report an enjoyable outing.

Mr. and Mrs. Lem L. Brown and son Leroy motored to Cottonwood beach Sunday for a few days' outing.

—For Sale, Reed go-cart; good as new. For particulars telephone for East 3.

Ralph F. Cook, forest ranger for the Baker river district, was in the city yesterday for a short business visit. Mr. Cook reports that he has had no fires in his district this year, but is "knocking wood."

Mrs. Charles E. Prater and children returned Sunday from a week's camping trip to Samish beach, where all had a wonderful time, according to all reports.

—For sale or rent, five-room house in Crofoot's addition. For price and terms write or telephone H. B. Currie, 729 Bennett St., Sedro-Woolley.

Mr. and Mrs. E. R. McKinney and Mr. and Mrs. Eddie McKinney drove to Harrison Hot Springs, in British Columbia, Sunday, for a day's outing and to take in the wonderful scenery in that district.

H. L. Brattain was in from his farm south of the Skagit this forenoon for a short business visit in town.

Josh Russell of Hamilton, who is now a full-fledged political candidate was in the city Tuesday, passing out cards and greeting old friends.

—Concrete lodge No. 1379, Loyal Order of Moose, meets in the I. O. O. F. hall on the first and third Tuesday of each month. Visiting brothers are always welcome.

H. C. Binzer, the pioneer barber of Concrete, is spending the week with relatives and friends in Seattle.

Mrs. Tony Ebing of Moss Hill and Mrs. Frank Wetzel of this city returned Friday from a few days' visit in Bellingham on business.

Mrs. Joseph Kemmerich and son Dudley of Birdsview were shopping and calling on old friends in the city this forenoon.

—Farmers, ship us your butter fat. Highest market price. Our butter truck calls at Concrete every Thursday. Leave your cream at Monrad's or the Superior Mercantile Co. and we will pick it up and save you express charges. Honest weight and honest test guaranteed. West Coast Dairy, Anacortes.

Dr. J. Fred Mills and Will D. Crofoot motored to Sedro-Woolley Tuesday to look after some business matters and to visit with friends.

Mr. and Mrs. E. C. Phillips and Mrs. Frank Ritchie motored to Austin Pass Sunday for a day's outing. They report a very pleasant trip .

Miss Mabel Graham, county superintendent of schools, was in the city yesterday in the interests of her campaign for re-election. She will probably get almost the entire vote of the upper valley.

Mr. and Mrs. Jack Harrington, who have been making their home in Crofoot's addition for the past two years left this week for Seattle, where they will visit for a few weeks until Mr. Harrington is sent to a new location. Mr. Harrington has been a foreman on the Stone & Webster construction work during his residence here.

Mr. and Mrs. D. R. Wood and children motored to White Rock, B. C., Sunday to spend the day in camping and fishing.

Mr. and Mrs. E. Burklich and children left the first of the week for Sultan, where they will make their home. Their many friends here are sorry to see them leave and are wishing them success.

Fred D. Cartwright of Anacortes was attending to business matters in the city yesterday.

Mrs. George Powell, Mrs. Guy Powell and Mrs. Walter Merryweather motored to Seattle Tuesday to do some shopping and to visit friends for a few days.

Mr. and Mrs. Wm. J. Baker, who have made their home here for many years, left the latter part of last week for Port Angeles, where Mr. Baker will be employed on a pier project, and where they expect to reside.

Mr. and Mrs. W. C. Howlett, who have been living here for the past few years, left the first of the week for Bellingham, where they expect to make their home.

Jake Lorentzen, who has been with the San Francisco Seals for the past few weeks, trying out for a pitching position in the Coast league, returned to his home here Sunday evening. Jake has signed a contract with San Francisco, to report for duty at the start of the 1927 season.

Arthur Fisher of Mt. Vernon, who is trying to beat Dick Thompson out of the nomination for county assessor, was campaigning in this end of the county the first of the week. He is a mighty nice fellow, but Dick will likely get nearly all the votes.

Jean Ross, the little daughter of Mr. and Mrs. Walter D. Ross, underwent a minor operation at a Bellingham hospital last Thursday for the removal of her tonsils. Reports are that she has fully recovered from her operation.

CALL FOR BIDS
(Grading)

Bids will be received by the undersigned up until 2 o'clock p. m., on Wednesday, August 18, for grading of the school grounds according to plans on file in my office and grade stakes on set on the grounds. Work to be started at once and completed before September 1. Plan of ground to be graded can be secured from the undersigned at any time during office hours.

Bids must be placed in a sealed envelope and marked "Bid for Grading School Grounds."

The board of directors of the Concrete school reserves the right to reject any and all bids.

By order of the Board of Directors.
G. L. LEONARD, School Clerk,
Concrete, Washington.
