NUMBER 41

FOREST FIRES STOP WORK ON HIGHWAY UNTIL NEXT SPRING

FIRE IN THE FOREST RESERVE DRIVES OUT CREWS—MUCH CAMP EQUIPMENT BURNED—FIRE BELIEVED CHECKED.

A forest fire raging along the right of way for the proposed Baker Lake highway for the past week was the direct cause of all work on the road being abandoned for the winter. The camp of the government crews working on the highway was swept by fire Monday night and much of the camp supplies and equipment destroyed, and a number of the men lost their personal effects. When it was seen that the fire would reach the camp, a rush was made to move out the equipment, and the tents and some of the supplies were taken out, but the fire came too fast for a second trip to be made, and what was left was burned. Practically the entire crew was out fighting the fire and did not return to the camp until the flames were almost upon it, and the men had to work fast to save themselves and their horses. W. L. Connolly of this city had moved some equipment and supplies to the road to start work on a grading contract, and when he found how near the fire was, he hauled out most of his equipment, but left a considerable amount of hay and feed that was burned.

The fire is believed to have started on Sulphur creek about two weeks ago from lightning and last week was believed to have burned itself out. Last Saturday and Sunday the blaze sprang up again and swept over to Rocky creek and down that creek to Bear creek. Monday it developed into a crown fire and spread with great rapidity through the tops of the trees. For a time the Bear creek power station was threatened, but the fire changed its course and started up the Baker river before reaching the station. The eleven-mile camp of the Baker River Lumber company was also in danger for several days, and may still be burned if the fire should take a new start. At last reports the fire was believed to be under control unless a strong wind comes up to start it traveling again. Forest Supervisor Parks came up from Bellingham Monday and took personal charge of the fire fighting crews, having about 50 men on the work for several days.

As it will be several weeks before it will be safe to work along that part of the road that has been burned over and considerable new equipment will have to be moved in, with the chances that only a few weeks work could then be done before rainy weather sets in, the construction crews received orders to abandon the work for this year, and store all equipment on hand until next spring. There is no intention of abandoning the highway, but building will be delayed until next year. The engineers and construction men are now closing up the details of the work and will move out within the next few days.

SUNDAY SCHOOL WORKERS TO MEET IN ANACORTES

The annual institute of the Skagit County Sunday school council will be held in the Methodist church in Anacortes next Tuesday and Wednesday, September 18 and 19. The institute aims to instruct in religious education and is particularly for Sunday school workers, but is open to all who want to attend. The meeting will be in charge of W. H. Hodge, county president, and Mrs. J. A. Sahlblom, secretary. M. J. King of Birdsview is president of the local district. The faculty of the institute will be Rev. J. H. Matthews, president of the Western Washington association; Mrs. W. W. DeForest, superintendent of the children's division, and Rev. N. F. Johnson, formerly secretary of the Pennsylvania state association. Other speakers will be Rev. Fred Grey and Rev. J. A. Weaver, leaders in religious education.

Big Events in the Lives of Little Men

TWO GRASMERE HOUSES ARE DESTROYED BY FIRE

The Grasmere community was visited by a disastrous fire Thursday noon, when the M. Powell and Frank Walton residences were burned to the ground. Mr. and Mrs. Powell also lost all their household goods and personal effects, but all the contents of the Walton cottage were removed, even the doors and windows being taken out.

The fire broke out in the Powell home about noon, apparently starting from an oil stove. Mrs. Powell was alone at home and had started a fire in the oil stove and then ran over to a neighbors for a few minutes and on looking towards her home a short time later she found the house in flames, the fire having gained such headway that it was impossible to remove anything from the building. The Walton residence, located nearby, soon caught fire from the burning dwelling, but neighbors who had gathered soon removed all furniture and other goods from the house.

Mr. and Mrs. Powell's loss is about \$1,200 on the house and \$700 on the contents. The loss on the house is partially covered by insurance, but there was no insurance on the furniture. Mr. Walton's loss is about \$600 on the dwelling, partially covered by insurance. It is understood that both will rebuild as soon as the insurance is adjusted and material can be secured.

FIRST COUNT IN CONTEST AT EAGLE SHOE STORE

The first count in the contest for the cash prize of \$50 to be given away to some boy or girl in Concrete on Christmas eve by the Eagle Shoe store, was made last night. So far there are six youngsters in the race, and all are pretty well bunched. Jackie Dubigh is in the lead with 10,200 votes and Herbert Lentz is second with 8,900, with the others as follows: Dorothy McQueen, 7,700; Douglas Baker, 6,800; Jackie Saltzman, 6,300; Wayne Anderson, 5,700. The next count will be made in two weeks and it is likely that some changes in standing will be shown.

FIRPO KNOCKED OUT BY DEMPSEY IN SECOND ROUND

The greatly advertised fight last night between Jack Dempsey and Luis Firpo in New York proved a fiasco. Firpo being knocked out by the champion in the second round. The majority of fight fans expected the fight to last longer, although all expected Dempsey to win and were hoping he would not. The losers are the suckers who paid a million and a quarter to see he match.

SKAGIT COUNTY CONVICT ESCAPES FROM PRISON

Aaron McKeehan, who was convicted in this county in 1921 on a charge of first degree assault, escaped from the state penitentiary Wednesday night by climbing over the wall of the prison and at last reports was still at large. McKeehan was employed as night man in the prison refrigerator plant, and had made a crude ladder from an ice crane, and stolen a suit of clothes from the tailor shop. He was seen climbing over the wall, but escaped the bullets fired after him by the guards. He was arrested in Lyman for shooting Marshal Johnson of that city when the latter tried to arrest him of drunkenness. He was convicted in the superior court and given a sentence of from seven to 10 years. He was a logger and was well known through the valley.

BELLINGHAM PRESBYTERY HOLDS MEETING IN CITY

The semi-annual meeting of the Bellingham presbytery was held in this city Tuesday and Wednesday with 25 ministers and elders in attendance. The presbytery includes all Presbyterian churches from Everett north in Western Washington, and nearly every church was represented at the meeting. The session was active and enthusiastic and much business of importance to the church was transacted. The visiting delegates were guests at a fried chicken dinner Wednesday noon, served by the ladies of the local church. The dinner was a fine one and the preachers said that it was the best dinner served at a presbytery meeting for years.

MOUNT VERNON AND ELKS TEAMS TIED FOR TITLE

The Mt. Vernon and Bellingham Elks teams are now tied in the three-game series for the championship of the Northwestern league. The first game was played in Bellingham on Sunday, Mt. Vernon winning, 1 to 0, in one of the best games of the year. Harper pitched for Mt. Vernon and Rankin for the Elks. The second game was played Wednesday evening in Mt. Vernon, the Elks winning, 7 to 3. Rankin again pitched for the Elks, and Muscatt and Harper for Mt. Vernon. The deciding game will be played in Mt. Vernon tomorrow afternoon.

HAMILTON BOY DIES

Willis, the seven-year-old son of Mr. and Mrs. Bert Medford of Hamilton, died Sunday of typhoid fever. Funeral services will be held Monday.

WENATCHEE VALLEY HAS RECORD APPLE HARVEST

The Wenatchee Commercial Club and the U. S. Labor Office of that city announce that the greatest apple harvest in the history of the Wenatchee and Okanogan Valleys will commence about October 1, at which time there will be employment for several thousand men and women in the orchards and warehouses of the district. Many people go from the cities of the Pacific Northwest, the wheat fields and the lumber camps to the orchards of North Central Washington each fall, enjoying a vacation and making good wages at congenial employment.

A mistake is made by many who are seeking work in the orchards by going to Wenatchee too early. The Wenatchee Commercial Club states that October 1 is the proper time to arrive this year. There is a crop estimated at 18,000 car loads to be harvested and shipped, so work should be plentiful. Applications for further information should be made to the Wenatchee Commercial Club or the U. S. Labor Office at Wenatchee, Wash.

FORTY SCREEN STARS TO APPEAR IN ONE PICTURE

Concrete movie fans will have a chance next Tuesday night to see 40 of the leading screen stars in one photoplay when "Mary of the Movies" will be shown here. This is a story of a motion picture colony, depicting life behind the scenes, and various notables of the screen are brought into the action of the picture. The story is interesting and one that all will enjoy. It will be shown for the regular price of admission.

Tonight the attraction will be the famous racing play, "The Kentucky Derby," with Reginald Denny in the leading role. It is adapted from the noted stage success of the same name and is an interesting picture. Tomorrow the feature will be "Dr. Jekyll and Mr. Hyde," adapted from Stevenson's famous novel. The book has been widely read, and the picture is said to follow the action of the novel closely. Thursday night William Farnum comes in "Moonshine Valley," a drama of the southwest that is full of action and thrills.

Next Saturday Priscilla Dean is featured in "Wild Honey," a western story that is fully exciting as "Conflict," and is said by many critics to be even better. The photoplay has many breath-taking scenes and is one that is well worth seeing. Next Sunday charming Billie Burke appears in "Away Goes Prudence," an enjoyable comedy-drama that has many unusual features.

ROAD TO ANACORTES WILL BE PAVED BY COUNTY NEXT YEAR

PLANS ARE MADE WHEN COMMISSIONERS MET WITH STATE HIGHWAY BOARD IN OLYMPIA—READY TO CALL BIDS.

All preliminary details for the construction of a paved highway from the Pacific highway westerly to Anacortes were concluded last week and at a meeting of the board of county commissioners of Skagit county and the state highway board, held in Olympia last Saturday, deeds for all right of way needed was turned over to the state board and everything is now ready to call for bids for the building of the road. At the last session of the legislature an appropriation of \$80,000 was made by the state for the highway, conditioning that Skagit county set aside a like sum. The county commissioners have appropriated the money and have mapped out the road, and it is now up to the state to go ahead with the work.

It is probable that some contracts for clearing and grading portions of the road will be let next month, and that the contract for paving will be awarded next April, and that the road will be open for travel before next fall. The road will leave the Pacific highway near Burlington and will follow the main road from that city to Anacortes, except in a few places where the route has been changed to straighten the road. The road is level nearly all the way, very little grading being required, and it is expected that construction work will go ahead rapidly after the contract is let.

This is about the only important highway in the lower valley that has not already been paved, and so far Anacortes has been entirely without a paved road leading into the city. The ferry from Anacortes to Victoria has increased auto traffic to that city to a large extent, and the paved road will be greatly appreciated by all who have occasion to travel to that part of the county. When this road is out of the way, a movement should be started to secure a pavement from Hamilton up the valley to this city. The lower valley will then be pretty well all paved and there should be some money available for an extension up this way.

BENEFIT BASEBALL GAME FOR THE BAND TOMORROW

The baseball fans of the city will have a chance tomorrow afternoon of watching an interesting game of ball and at the same time helping out a good cause. The game will be between the Superior team and the Yankees, a pick-up team that thinks it will have an easy time in beating the Superior bunch. The team will line up about evenly matched, and while it will not be league baseball, it should be close and interesting and probably better than several games that have been played here this season. All the proceeds of the game will be turned over to the Concrete band to help pay off the indebtedness on its uniforms. As there will be practically no expense to the game, almost the entire receipts will be turned over to the band. It is hoped that there will be a big crowd out to enjoy the game and help the band.

CONCRETE PEOPLE HAVE GOOD VIEW OF ECLIPSE

The people of Concrete and vicinity enjoyed a good view of the partial eclipse of the sun Monday afternoon, the sky being clear of clouds and smoke. During the noon hour, while the eclipse was in progress, smoked glasses, camera negatives and colored glass of any kind were in great demand. Had the eclipse been a few days later, it would not have been visible here, as the smoke screen of the past few days has practically obscured the sun.

CONCRETE LOSES TO BELLINGHAM TEAM IN SLOW BALL GAME

HOME TEAM HAS OFF DAY AND GAME IS POOR EXHIBITION—GET ONLY THREE HITS OFF E. LEWIS.

The Concrete baseball team has been playing in-and-out ball all thru the season, and last Sunday was one of the "out" days. Fans who saw or heard about the great game against the Bloedel-Donovan leaguers two weeks previously turned out in force with the expectation of seeing another good game, but so far as the playing of the local gang was concerned, the game was a great disappointment. The team was lacking in pep and turned in more errors than the Midgets would in a nine inning game. Brown, the Sedro-Woolley league infielder, was placed at second to strengthen the team, but instead weakened the combination; as Zobrist played a better game at second when he had a broken foot than the league star showed Sunday. Conner, another Sedro-Woolley player, played left field and was a fizzle in the field and at the bat.

Baker covered an acre of ground in center field and turned in some classy plays, and Harvey at short played his best game since joining the team. Brown Wiseman performed brilliantly behind the bat, and Fulk was steady on first, but his usual chatter was missing. Ollie Lewis was not at his best on the mound, but of the 12 runs scored by Bloedel-Donovan, less than half were earned. Earl Lewis pitched a great game for the visitors, keeping his hits scattered and tightening up in the pinches, and deserved to win the game. Other star performers for the visiting aggregation were Vanderford at third and Staggs behind the bat.

Bloedel-Donovan won the game in the first inning, when they found Ollie Lewis for four sound hits and tallied four runs. They added two more in the second and one in the third and then were held in check until the seventh, when one tallied, and wound up the game with a batting spree in the ninth that brought in four more. Concrete scored one in the first when Brown Wiseman walked, went to third when Staggs threw the ball away on his attempted steal of second, and came home on Harvey's hit. The locals garnered four hits in the eighth that brought their total up to three for the game, Lewis and Conner tallying. The Concrete bunch contributed eight errors during the game, nearly all being costly, and there were about as many errors of omission that do not show on the score book.

Batteries—Bloedel-Donovan: Earl Lewis and Staggs; Concrete—Ollie Lewis and Brown Wiseman.

FORMER TEACHER HERE MARRIES IN BELLINGHAM

Miss Dorothy Alberta Farrington of Bellingham, a member of the Concrete school faculty last year, was married Wednesday evening to Eric S. Larson of Bellingham. The wedding was held in the Immanuel Baptist church in Bellingham with Rev. G. F. Vander Mei officiating. Following the ceremony, a wedding supper was served the bridal party at the home of the bride's mother, after which Mr. and Mrs. Larson left on a motor trip to Vancouver, B. C. They will reside in Bellingham.

LADIES' AUXILIARY HOLDS MEETING NEXT THURSDAY

The next regular meeting of the Ladies' Auxiliary of the Presbyterian church will be held in the church parlors Thursday afternoon, September 20. As plans will be made for the fall work of the auxiliary, it is hoped that there will be a full attendance. Following the business meeting, refreshments will be served by the hostesses for the afternoon, Mrs. E. F. Mertz and Mrs. Carl Monrad.

THE MAN WHO STICKS

The man who sticks has his lesson learned; Success does not come by chance—it's earned.

By pounding away, for good hard knocks

Will make stepping stones of the stumbling blocks.

He does not expect by a single stride To jump to the front; but is satisfied To do every day his level best

And let the future take care of the rest.

For the man who sticks has the sense to see

He can make himself what he wants to be

If he'll off with his coat and pitch right in.

Why? Because the man who sticks can't help but win!

—Exchange.

OUR CHERISHED BARBARITY

The American Legion has undertaken the job of looking out for all world war veterans and is doing some things that have sadly needed doing for the citizenry and nation over. The legion investigated the mental condition of veterans serving time in federal penitentiaries and found that 60 per cent of these prisoners were abnormal mentally and should never have been placed in penal cells, but should have been sent to hospitals, to asylums, to sanitariums, to outdoor resorts, and that many of them needed healthful directed exercise, but that few required guards and shotguns.

The attorney general says he will direct that these mentally deficient, or mentally unbalanced, prisoners be transferred to asylums as soon as funds are provided.

Now if 60 per cent of the veterans belong in asylums and not in penitentiaries, it is probable that 60 per cent of non-veteran prisoners are also in the wrong place. But our brave Christian civilization doesn't know enough as yet to distinguish between the hapless and the hopeless, between those who err because they can't help it, and those who are onery through malice aforethought. All society knows is, when it catches a culprit banging up one of its 10,000,000 laws, to put the rascal in a cell for a certain period; indeed, society puts men and women in cells before they are proven guilty and frequently forgets them for months at a time, as witness a current Seattle disclosure.

Our penal system is all wrong, our jail methods are barbarous, we manu-

ESTIMATE OF RECEIPTS AND EXPENDITURES OF THE TOWN OF CONCRETE, WASHINGTON.

(Required by Chapter 138, Laws 1913)

NOTICE is hereby given, That the Town Council of the Town of Concrete, Washington, estimates that the said town will need during the year beginning January 1, 1924, the amount shown by the itemized statement printed below. This estimate is subject to revision, and the said Town Council will meet at the Council Room in the State Bank Building in said town on Wednesday, October 3, 1923, at 8 p. m., for the purpose of giving any taxpayer the opportunity of being heard in favor of or against any proposed levies.

NOTICE OF SALE OF TIMBER ON STATE LAND

Notice is hereby given that on Tuesday, the 2nd day of October, 1923, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, commencing at ten o'clock in the forenoon of said day, in front of the main entrance door to the County Court House in the City of Mount Vernon, County of Skagit, State of Washington, either by the County Auditor of said county, or by a member of the Board of State Land Commissioners of the State of Washington, the timber on the following described state land will be sold at public auction to the highest bidder therefor, to-wit:

Application No. 11886
Timber on Lot 4 and the SE 1/4 of SW 1/4 of Section 31, Township 36 North, Range 9 East, W. M., containing 84.72 acres, more or less, according to the government survey thereof, appraised at \$7,138.00.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Board of State Land Commissioners in the manner provided by law, a statement of which is now on file in the office of the Auditor of said county.

Terms of sale are: Cash to be paid on the day of sale.

The purchaser of timber on state lands will have five (5) years within which to remove said timber, with the privilege of securing extensions of time under the statutes governing.

The timber on the above described lands is offered for sale in pursuance of an order of the Board of State Land Commissioners, and an order of sale duly issued and certified by the Commissioner of Public Lands of the State of Washington, now on file in the office of the County Auditor of said county.

CLARK V. SAVIDGE,
Commissioner of Public Lands.

You Guard Against Burglars, But What About Rats?

Rats steal millions of dollars' worth of grain, chickens, eggs, etc. Destroy property and are a menace to health. If you are troubled with rats, try RAT-SNAP. It will surely kill them—prevent odors. Cats or dogs won't touch it. Comes in cakes. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Concrete Drug Company.

RATS DIE!

so do mice, once they eat RAT-SNAP. And they leave no odor behind. Don't take our word for it—try a package. Cats and dogs won't touch it. Rats pass up all food to get RAT-SNAP. Three sizes.

35c size (1 cake) enough for Pantry, Kitchen or Cellar.

65c size (2 cakes) for Chicken House, coops, or small buildings.

\$1.25 size (5 cakes) enough for all farm and out-buildings, storage buildings, or factory buildings.

Sold and Guaranteed by Concrete Drug Company.

WHEN YOU DRIVE ON CONCRETE

Watch yourself relax at the wheel and settle down to mile after mile of effortless driving.

Notice how the easy, accurate response of the wheel, the instant "pick-up" and the swift action of the brakes give you the feeling of perfect security.

Only concrete provides that even, firm, unyielding surface that the tires can grip, and makes the road skid-proof and safe even in wet weather.

Roads are being built everywhere the way motorists want them.

Our Booklet R-3 tells other interesting things about Concrete roads. Write for your copy.

State Bank of Concrete

OWNED BY LOCAL PEOPLE

A reliable bank

The bank for you is a strong, reliable bank, where you never have to worry about the safety of your funds. Isn't that true?

Now, that's the kind of a Bank we conduct. We are careful of our loans, demand ample security, do not speculate, but confine ourselves to conducting a legitimate banking business. Our reserves are ample, our vaults secure and insured. That is why our bank is growing stronger every year.
