

Be a booster; bury the hammer. By united effort we can make Concrete one of the best towns in the county. Try it.

THE CONCRETE HERALD

Formerly the Hamilton Herald, Established Nov. 23, 1901. Oldest Paper in the Upper Skagit

The upper Skagit valley is the land of opportunity. Its resources are unlimited, but publicity and development are needed.

VOLUME XXII.

CONCRETE, SKAGIT COUNTY, WASHINGTON, SATURDAY, OCTOBER 13, 1923

NUMBER 45

CONNALLY TO OPEN NEW LOGGING CAMP AT VAN HORN SOON

TO CUT BODY OF TIMBER NEAR FABER SPUR—WILL START TO SHIP LOGS IN ABOUT TEN DAYS.

W. L. Connally is going to tackle the logging game and this community will have another industrial payroll that will amount to a considerable sum in the course of a year. Mr. Connally has purchased from Lars Moon a body of fir timber located north of the Great Northern tracks near the Faber spur and is now busy installing a camp to log off the timber. The erection of camp buildings and the construction of roads and railways is now well under way and it is expected that the first car of logs will be shipped out within ten days.

The timber will be logged with teams entirely, as the tract is not large enough to justify the installation of expensive logging machinery. Mr. Connally expects to use about 10 teams in the woods and on the road. The logs will be hauled to the spur track at Faber, where they will be loaded and shipped to the mills of the Puget Sound Sawmills & Shingle Co. at Bellingham. The new camp will give steady employment to about 20 men, and it is estimated that there is enough timber in the tract to keep the camp going for a year or more.

The camp buildings will be located on the farm of Ebb Wagoner at Faber, which is only a short distance from the timber. The cook house will be in charge of Mr. and Mrs. W. F. Boggs, who are well qualified to look after this end of the business. To have charge of the logging operations, Mr. Connally has secured Jack Craig, one of the best known woodsmen of the upper valley and an experienced logger.

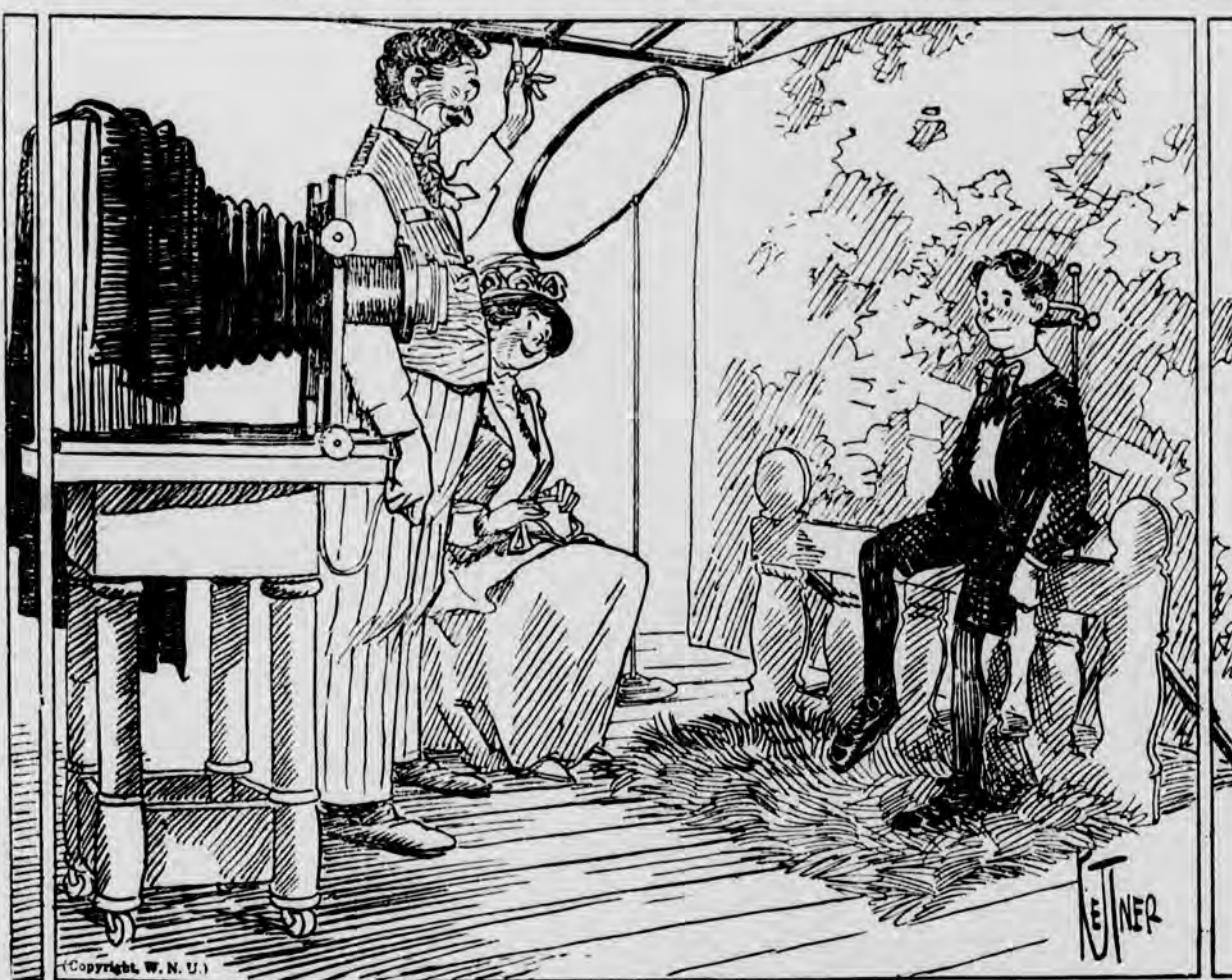

Mr. Connally plans to conduct his fuel and drayage business here in addition to the logging proposition, and when the camp is started he will likely have all the work he can handle in looking after his various business enterprises. He is a hustler and will make them all pay.

REAL ARTISTS HERE FOR SCHOOL ENTERTAINMENT

The program for the concert to be given in the Legion hall on October 27 under direction of Mrs. Dudley I. Green and Mrs. H. S. Patten for the purpose of raising funds to purchase a piano for the school, will include some of the best talent in the county and will include more real artists than any similar program ever given in the Skagit valley. Among those who will take part in the concert are Mrs. Elwood Stickleman of Seattle, a well known pianist who is connected with the Cornish school of music in Seattle. She is a sister of George A. Campbell of this city. Mrs. Jack Waters of Rockport, who needs no introduction to the people of this community, who will sing several solos with full orchestra accompaniment; Mrs. Thornton D'Arc of Mt. Vernon, one of the best known singers in the county, who will give a group of songs, and Mrs. Charles D. Beagle of Mt. Vernon, who, with other talent from Mt. Vernon, will put on a short dramatic sketch.

Miss Constance Smith, daughter of Mr. and Mrs. Arthur G. Smith, former Concrete residents, now living in Seattle, will give an exhibition of fancy dancing. Mr. and Mrs. H. S. Patten, leading musicians of this community, will give several selections, and Mrs. Dudley I. Green will accompany Mrs. Waters in her songs with violin obligatos. This is enough to assure all who come of an evening of entertainment that will be worth many times the price of admission, but it is likely that several more numbers will be added for good measure before the evening of the concert. With such a program and for a public cause, the hall should be packed to the doors on the entertainment.

Big Events in the Lives of Little Men

CROFOOT AND BOYNTON TO OPEN NEW CASH GROCERY

Will D. Crofoot and Earl R. Boynton are making plans to open a new cash and carry grocery store in this city within the next few weeks. The new store will be located in the old McDonald building, west of The Herald office, which was recently purchased by Mr. Crofoot. The building is being generally overhauled, a new store front installed, shelving and other fixtures built and made into a modern store building. Another improvement is the filling in of the space between the building and the roadway on Main street so as to give easy access to the store from the street. The store will be conducted on a strictly cash and non-delivery basis, and in this way the new firm hopes to quote prices that will compare favorably with those of the cash stores of Sedro-Woolley and other cities. They expect to be ready to open for business about the end of the month.

MODERN WOODMEN WILL MEET IN MOUNT VERNON

The Modern Woodmen of Skagit county will hold another big class adoption in the M. W. A. hall in Mt. Vernon next Saturday evening, October 20, to initiate a class of candidates from all the camps of the county. It is expected that there will be over 50 candidates to ride the goat at this meeting. W. C. Corkum, the new district deputy for this county, was in the city and the up-river communities this week, signing up new members for the local camp, to be initiated at the Mt. Vernon meeting. At latest reports he had secured ten new members for this camp and had several more about ready to come in. It is expected that a large number of the Woodmen here will attend the meeting to help give the new men a proper initiation.

LADIES' AUXILIARY HOLDS MEETING NEXT THURSDAY

The Ladies' Auxiliary of the Presbyterian church will hold a regular meeting in the church parlors next Thursday afternoon, October 18. This will be a work meeting and all the women are asked to come early. The work will be furnished, but all are asked to bring their thimble. At the close of the business meeting, refreshments will be served by the hostesses. Mrs. J. E. St. John and Mrs. T. M. Reese.

AMBULANCE IS NEEDED FOR CITY AND VICINITY

The number of men taken from here to the Sedro-Woolley and Burlington hospitals within the past few months has brought forcibly to the attention of the people of the community the fact that an ambulance is badly needed for this city and the upper valley. Men are often hurt in the camps and mills of this vicinity and when injuries are serious they must be taken to one of the down-river hospitals for treatment. At the present time the only means of conveyance, without waiting several hours for a train, is by placing a cot on the seat of a touring car, and when a man is severely injured, a trip over the roads in this manner is not conducive to rapid recovery. It would seem that the industrial concerns of the upper valley could arrange for a joint ambulance to be held here ready for use. A volunteer driver could always be secured, and it is believed that storage room would be donated in a convenient garage. If such a car would save the life of one man in 10 years it would be an investment worth while.

SKAGIT COUNTY BEATS WHATCOM AT FOOTBALL

Last Saturday three Skagit county high school football teams met three Whatcom county high school teams, and the Skagit county teams won by a large score in each instance. The Sedro-Woolley team met Ferndale and won, 56 to 0; Burlington vanquished Fairhaven high of Bellingham by the tune of 31 to 6, and Mt. Vernon blanked Blaine, 35 to 0. All three games were played in the Whatcom county towns.

STATE PATROLMAN DIES IN BELLINGHAM HOSPITAL

Vernon Fortin, of Mt. Vernon, state highway patrolman who has been on duty in this county, passed away in a Bellingham hospital last Sunday evening. He was injured in a motorcycle accident near Lynden last week, and pneumonia developed from his injuries. Funeral services were held in Mt. Vernon Wednesday with the Mt. Vernon post of the American Legion in charge of the services. He was born in Mt. Vernon and was 25 years old. He was a veteran of the world war and was married in France. He is survived by his wife and two small children.

D. G. DAVIS INJURED AT THE PUGET SOUND CAMP

D. G. Davis, a hooktender employed at the local camp of the Puget Sound Sawmills & Shingle company, was badly injured while working at the camp Wednesday forenoon. From reports of the accident received here, he haulback line broke and as it fell it struck Mr. Davis across the back. He was brought to this city and given first aid by Dr. Mertz, and later taken to the Burlington hospital, where he is said to be recovering.

SEDRO-WOOLLEY TO HAVE ARMISTICE CELEBRATION

All the American Legion posts in Skagit county will unite in holding a big celebration in Sedro-Woolley on Armistice day, November 10, with the Sedro-Woolley post in charge of the festivities. A fine program is being arranged for the day, and a football game between the Sedro-Woolley and Mt. Vernon schools will feature the afternoon.

ENJOYABLE PICTURES ON WEEK'S THEATER PROGRAM

The program for the Concrete theater for the week contains some very fine photoplays with plenty of variety. Tonight Von Stroheim will be seen in "Foolish Wives," one of the biggest productions of the past year and also one of the best. Von Stroheim is a good actor and a good director and this picture shows some of his best work in both lines. Tomorrow night the feature will be a screen adaptation of Robert W. Chambers' novel, "The Fighting Chance." Those who like Chambers' books will enjoy this picture.

Next Tuesday the attraction will be "Flower of the North," adapted from the novel by James Oliver Curwood. It is a story of the early days of the west and most of the scenes are laid in northern Oregon. There is plenty of action, some wonderful scenery and some great acting by the all-star cast headed by Henry B. Walthall and Pauline Stark. Thursday night William Duncan appears in "Steelheart," a western drama that is full of exciting situations.

Next Saturday Hoot Gibson will be seen in "The Gentleman From America," a comedy-drama of the adventures of two boys of the A. E. F. in France and Spain while on a furlough during the last war. Next Sunday Bryant Washburn comes in "What Happened to Jones?" an enjoyable comedy based on the famous stage success of the same name. This picture will appeal to all who enjoy a good laugh.

PAPER TO BE MADE IN ANACORTES PLANT BY A TACOMA FIRM

OLD GLUE FACTORY IS BOUGHT AND WILL BE CHANGED INTO PLANT FOR MANUFACTURE OF PAPER.

The old Russian cement factory of the Marani Products company at Anacortes, commonly known as the old glue factory, was sold last week to the Consolidated Paper company of Tacoma and the plant is now being transformed into a paper mill. The paper company is already well established in Tacoma, where it is a large dealer in paper and waste products. It is announced that the installation of machinery for the manufacture of paper will be started as soon as some necessary machinery alterations are made in the buildings, and that over 20 men will be employed before the end of October. The plans of the company contemplate the installation and equipping of a plant to employ more than 300 men and that the factory will be operated on a large scale. Among the paper products to be manufactured are wall board, waterproof container stock, chip board, straw board and building paper. Other lines will likely be added as the business develops.

At the start the material to be used will consist largely of rags, straw and waste paper, but it is reported that it is likely that a pulp mill will be installed later to be used in the manufacture of paper from wood.

The plant to be used by the paper company was built some years ago for the purpose of manufacturing glue and other similar products from the waste from the Anacortes fish canneries, but for some reason it did not prove a success and for the past few years it has laid idle. Much of the machinery in the old plant can be used by the new concern, and will be overhauled and put into condition for operation.

It has been claimed for many years that there is a good opening in this county for a paper mill, as there are large quantities of materials used in the manufacture of paper that are now going to waste. The new plant will be able to utilize much of this waste and should develop into an important industry for the county.

TWO AUTOS ARE BURNED ALONG ROAD DURING WEEK

Two automobiles were burned this week while traveling along the highway in this vicinity and both are almost total wrecks. The first was a Buick car belonging to Frank Mondahn of Sedro-Woolley, who has been in charge of the Standard Oil company station for the past week. His car caught fire near the Forest Mill Sunday night while he was returning to this city, and the body of the car was practically destroyed before the fire was extinguished. The second car was a Ford car belonging to Paul Vanderhoof, which burned near the Bryson farm Wednesday morning. Both fires were caused by backfiring from the engine.

MILLER HOTEL IS BOUGHT BY MRS. STELLA M'DONALD

The Miller Hotel, one of the pioneer lodging houses of the city, which has been operated for the past year by Jack Craswell, was purchased this week by Mrs. Stella McDonald, who conducted the place under lease from Magnus Miller some years ago. Mr. Craswell left this week for Seattle, where he expects to enter business later.

HAMILTON MAN MARRIES

Roscoe Ensley, a Hamilton young man well known here, was married in Tacoma last week to Miss Alta Clough of Auburn. They will make their home in Everett, where Mr. Ensley is employed in the G. N. shops.

EAGLES MAKE PLANS TO ENTERTAIN THRU THE WINTER SEASON

WILL START SERIES OF DANCES AND A CARNIVAL FOR BAND AND BUILDING FUNDS—START OCTOBER 26.

The Concreteerie of Eagles is planning its usual series of entertainments for the people of Concrete through the winter months, and already has its program well outlined. The people of Concrete and the upper valley look forward to the winter program of the Eagles each winter and always find that it provides plenty of fine entertainment. The plans for the coming season are up to the usual standard, and it is hoped that several new features can be provided before next spring.

The aerie has arranged for a series of dances to be given in the Legion hall, one each month for the next five months. The first one is scheduled for Friday evening, October 26, and the others will be given at intervals of about a month. An excellent orchestra has been engaged for the series, and all who like to dance will find these dances enjoyable. As an added inducement to attend, the aerie is going to give away an automobile at the end of the series, every dance ticket sold to be a chance on the car. This car will be either a Ford sedan or a Chevrolet touring car, at the option of the holder of the lucky number. The proceeds of the dances will be used to retire the indebtedness against the band uniforms and instruments, and will be of direct benefit to the Concrete band.

Some time during the early winter the Eagles will hold a two-day indoor carnival, similar to the affair pulled off last winter and which proved a great success. Preliminary plans for this are now being made and it is expected that it will be bigger and better than the one held last year. Several other entertainment features are also being contemplated for the winter and will be announced later, as the attractions are not signed up yet.

CONCRETE SCHOOL TEAM WINS A FOOTBALL GAME

The football team of the Concrete high school met a team from the Clear Lake school on the east side grounds yesterday afternoon and surprised themselves by winning by a score of 18 to 0 in a close and well-played game. The teams were about equal in weight and experience but the local lads showed a little the best knowledge of the game. The Clear Lake team was handicapped when its captain and quarterback were injured in the first quarter and had to retire from the game. The Concrete boys scored twice in the first half and once in the last half. The first touchdown was made by Jimmy Basinsky, who carried the ball over after a series of line plays, and he also scored the second a few minutes later when he recovered a fumble and carried the ball 60 yards down the field. The last touchdown was made by Charles Prater. Wayne Anderson ran the team nicely and the whole team put up a good battle. The game gives the team confidence it has been lacking since the Burlington defeat.

LOCAL CHURCH TO HOLD ANNIVERSARY SERVICES

The Presbyterian church in this city will hold special services on Sunday, October 21, in commemoration of the fifteenth anniversary of the organization of the church. The anniversary sermon will be preached by Dr. James Thompson of Spokane, superintendent of home missions for the church in this state. There will also be special music for the service. The annual anniversary dinner will be served in the church parlors on Monday evening, October 22.

FLOWERS FOR BENEFIT OF DISABLED WAR VETERANS

Throughout the length and breadth of the United States school children are making millions of tiny forget-me-nots, of bits of cloth and paper, to be sold on Saturday, November 10, for the benefit of the 100,000 maimed and broken American veterans of the World war.

Forget-Me-Not Day has become a national affair, and what is being done to underwrite the successful sale of the tiny flower this year is being done in thousands of cities and towns in all parts of the country.

None so busy, none so poor but can pause a moment on Forget-Me-Not Day to buy one of the little emblems—or cluster—for the benefit of the boys who crossed the seas back in 1917-1918 to mix in the big fight in the cause of humanity.

The money raised will be devoted to assisting all wounded or disabled American veterans of the World war, no matter what their affiliations with veterans' organizations.

It will be employed in securing national legislation for the benefit of the sufferers, for better hospital facilities, equitable rehabilitation, definite employment programs upon completion of vocational training by the man who was put out of the running during the war.

The Forget-Me-Not Day organization, the Disabled American Veterans of the World War, is a substantial one with national headquarters in Cincinnati, a national legislation committee at Washington, D. C., and local organizations everywhere in the United States. In every possible manner this organization serves disabled and wounded veterans and protects their interests.

Through an information and investigation service the national organization endeavors to protect the public from solicitation by unworthy individuals who beg in the name of the disabled veteran.

Forget-Me-Not Day has the endorsement of the president of the United States, of governors and mayors and other officials.

Don't forget—Forget-Me-Not Day—November 10—All Day.

SOCIAL WILL BE GIVEN BY SUNDAY SCHOOL CLASS

The senior class of the Presbyterian Sunday school will give a social in the church parlors next Friday evening, October 19, as a get-together affair for the fall season. A short program will be given, after which games will be played. Light refreshments will be served. The social is open to all who care to attend.

LOCAL ITEMS

Mr. and Mrs. H. L. Larsen and son Leslie of Faber were business visitors in town Saturday afternoon.

James Cochrane of Hamilton was taking in the sights of the city Monday.

Mrs. C. B. Gaines of Van Horn was shopping and visiting friends in the city Monday.

Miss Alice Woodworth came up from Sedro-Woolley Saturday to spend the week-end with home folks here.

Mrs. Elmer Osborn came down from Bellingham Tuesday for a visit with her sister, Mrs. Earl Osborn.

J. M. Bryson, the dairyman, was transacting business in Mt. Vernon and Bellingham Tuesday.

Mr. and Mrs. Edward Janson and son of Rockport were visiting with old friends in town last Saturday.

Rev. and Mrs. Kellogg, who have been conducting revival services here for about ten days, left Monday for Seattle, where they opened a series of meetings the first of the week.

Horace Condy, the Sedro-Woolley jeweler, was looking after business matters in the city Tuesday.

Mrs. Dudley L. Green spent Thursday in Mt. Vernon, securing talent for the school entertainment to be given October 27.

Miss Elizabeth Newman and Miss Frances Johns, teachers in the Van Horn school, were shopping in town Tuesday afternoon.

L. E. Wolfe returned Sunday from a few days' business visit in Seattle.

Mrs. Lloyd Seabury, bookkeeper in the Concrete bank, was on the sick list last Friday and Saturday, but was back on duty again Monday morning.

E. J. O'Brien of Rockport was visiting relatives and friends in the city Wednesday.

A. B. Wiseman and a bunch of local football players went to Bellingham last Saturday to watch the game between Burlington and Fairhaven high.

GREAT NORTHERN PREPARES FOR BUSY SEASON

The territory served by the Great Northern Railway harvests its crops and ships to market its heaviest load in the fall season.

This year the Great Northern is prepared to handle a larger traffic than ever before. It has purchased nearly a hundred large, new locomotives of the most modern type, as well as four thousand new freight cars; it has built new track and improved old; it is equipped to do the people's work well. A supply of cars is one of the important elements in this preparation. The Great Northern not only owns ample equipment for the crop moving season, but it has these cars on its own lines ready for business and in excellent condition. Here is the actual record:

	Owned by Great Northern	On Great Northern Lines
Box Cars (including automobile and furniture cars).....	32,572	34,046
Stock Cars	1,893	1,946
Refrigerator Cars	5,508	9,352
Other Freight Cars	18,926	20,659
Total Freight Cars	58,899	65,959

So prepared the Great Northern is confident that it can give adequate service to the Northwest throughout the busiest season of the year. It appreciates your patronage and asks, in your own and its interest, that you help it to

Epp Shular was looking after business interests in Concrete Thursday.

Pearl, James and Roy Clark of the Cascade river district were visiting relatives here over the week-end.

E. J. O'Brien was visiting relatives and friends in Concrete on Wednesday.

FRENCHMAN HAD RIGHT IDEA

Principles of Flying Set Out by Louis Pierre Mouillard Have Been Proved Correct.

Who was the first glider? In supplying an answer there is room for the patriots of many nations to delve in medieval annals. Italy and France have a good case. Jean Baptiste Dune is said to have made a successful glide at Perugia in the Fifteenth century, while the marquis of Baequeville, in the middle of the Eighteenth century, skinned across the Seine at Paris.

Details of a convincing kind are, however, lacking. But there is no doubt of the theoretical claims of the Frenchman Louis Pierre Mouillard, who died a quarter of a century ago in poverty at Cairo. In two volumes he set out the principles that should guide man in seeking conquest of the air. To seek to fly by imitating the beating of a bird's wing was not feasible. "Men should imitate such birds as fly with steady wings and avail themselves of the currents of the air." Ten years after Mouillard was dead (with his dreams of an actual machine unfulfilled) the Wright brothers began the development of his ideas.

Eskimos.

Canada's mounted police count noses and find only about 2,700 Eskimos living in the Far North, not including Alaska.

The low figure is surprising. Beginning with our first lessons in geography, we have heard so much about the Eskimos that most of us imagined they existed in much greater numbers.

In bidding for fame, the Eskimos have had the additional handicap of never producing a great man.

Despite mediocrity and fewness, the Eskimos have become known in all parts of the earth.

This shows the power of advertising.

Peculiar Well.

The attention of the geological survey has been called to a peculiar well in Idaho, and has caused an investigation to be made of it. It appears that the well produces both fresh and salt water through two separate pumps. The explanation proves to be very simple. Two water-bearing beds, confined between layers of limestone, occur at this point, one above the other. The pipe of the fresh-water pump taps the upper vein at a depth of 16 feet. The pipe of the salt-water pump touches the lower vein at a depth of 35 feet; and the brine, being heavier than the fresh water, does not mix with it, but remains at the bottom.

Meatless Diet in a Hospital.

The experiment of a meatless diet is being tried in the Beth Israel hospital of New York by Superintendent J. Louis Frank. Until recently it was contended by some that meat was the source of vitamins, but this has been recently disproved by Dr. E. V. McCullom, professor of chemistry and hygiene of the Johns Hopkins university. From a medical standpoint it is now asserted that there is nothing inherent in meat that cannot be supplied by fish, milk, eggs and milk products.

Tool-Carrying Device.

To be attached to the overalls, or to a belt, a tool-carrying device has been developed by a Seattle carpenter. It is designed for a hammer, hatchet, or similar tool, and, according to the Popular Mechanics Magazine, has two metal legs which are caused to grasp the tool handle by the action of a spring latch operated by the weight of the tool.

Gold bricks come in many kind of packages.

Throw that hammer away—you can't hide it.

VAN HORN

A basket social for the benefit of the school piano fund will be held in the new gymnasium Saturday evening, October 13. Wheelock's orchestra will furnish the music for the evening. This is the second of a series of community entertainments and it is expected that a large crowd will be in attendance.

Guthrie Davenport came down from the Jennings & Nestos camp last Sunday for a visit with friends here.

Mr. and Mrs. George Barnhardt, Miss Ruth Galley and Robert Christney were visiting in Concrete Sunday evening.

Mrs. Leroy Robertson and daughters Lorna and Eleanor went to Grasmere Thursday for a visit at the home of Mrs. Robertson's parents, Mr. and Mrs. B. F. Arnold.

Mrs. Mary Robertson returned last week from a visit with relatives and friends in Everett.

Mrs. C. B. Gaines and Miss Frances Johns spent the week-end with friends in Darrington.

Earl Robertson was a business visitor in Concrete Monday.

Miss Frances Johns and Miss Elizabeth Newman were shopping and calling on friends in Concrete Tuesday evening.

Mr. and Mrs. H. L. Larsen and son Leslie drove to Marblemount Sunday for an outing.

Mr. and Mrs. Virgil Cantrell visited friends in Concrete Sunday evening.

Miss Ruth Galley of Bellingham is making an extended visit at the home of Mr. and Mrs. George Barnhardt.

Mrs. C. B. Gaines was calling on old friends in Concrete Monday.

Miss Elizabeth Newman spent the week-end with home folks in Bellingham.

Reid Nelson of Sedro-Woolley came up Thursday and is spending the week-end here as a guest at the home of Walter Deierlein.

Mr. and Mrs. Frank Bishop were shopping and visiting friends in Concrete Wednesday.

HAMILTON MEN ARRESTED ON CHARGE OF BURGLARY

Burglars broke into a number of places in Hamilton last Saturday night and considerable cash and other property taken. The places robbed were the Great Northern depot, the Jacobin theater, the school house, a garage and the residence of Robert London. The depot at Lyman was also robbed during the night. Charles Medford, Wid Medford and Robert London were arrested Wednesday and charged with the robberies and are now being held in jail in Mt. Vernon.

NOTICE TO CREDITORS AND OF THE APPOINTMENT OF THE EXECUTRIX.

In the Superior Court of the State of Washington, in and for Skagit County. (In Probate).

In the Matter of the Estate of Charles McIntyre, Deceased.

In the above entitled cause, on the 17th day of September, 1923, the undersigned, Laura S. Murphy, was duly appointed by the Court Executrix of the Estate of Charles McIntyre, deceased, and having qualified as such, notice is hereby given, that all persons having claims against said Estate are hereby notified to verify and serve the same upon the Executrix, or upon T. Waldo Murphy, her Attorney of record, at 1000 Shelby St., Seattle, Washington, that being the place of business of said Estate, and to file same with the Clerk of said Court, together with proof of such service, within six months after the date of the first publication of this notice, or the same will be barred.

LAURA S. MURPHY, Executrix of the Estate of Charles McIntyre, Deceased.
 Oct. 6—Oct. 27, '24.

"It Looked Like a Battlefield in Europe," Said Mr. C. Dunster

"Was staying at a small hotel in a small Pennsylvania town. Early one morning I went to the stable to hire a dog and was shown a pile of dead rats killed with RAT-SNAP the night before. Looked like a battlefield in Europe." Three sizes, 3c, 6c, \$1.25. Sold and guaranteed by Concrete Drug Company.

WHEN YOU DRIVE ON CONCRETE

Watch yourself relax at the wheel and settle down to mile after mile of effortless driving.

Notice how the easy, accurate response of the wheel, the instant "pick-up" and the swift action of the brakes give you the feeling of perfect security.

Only concrete provides that even, firm, unyielding surface that the tires can grip, and makes the road skid-proof and safe even in wet weather.

Roads are being built everywhere the way motorists want them.

Our Booklet R-3 tells other interesting things about Concrete roads. Write for your copy.

State Bank of Concrete

OWNED BY LOCAL PEOPLE

A COMMUNITY NEED

The modern Bank exists because its services meet the need of the community it serves. That's why we are here.

Everybody has need for a Bank these days, from the youngster just starting out in business, on up to the big mercantile establishments. All business that is done efficiently is done through the bank. We are prepared to take care of the small business and the larger one, too. All receive the same careful attention.

SAFETY DEPOSIT BOXES FOR RENT

Local Items of Interest

Mrs. Katherine Glover, president of the Skagit River Telephone company, and her sister, Mrs. Nellie Wheelock, left Sunday on a motor trip to Los Angeles. They planned to make a non-stop trip, as they had a bed arranged in the car and expected to take turns sleeping and driving, day and night, stopping only for gasoline. They expect to be gone for about a month.

There are housekeeping suites of two, three or more rooms for rent in the Hartley building on A street. Look them over.

Mr. and Mrs. Wilbur Rexford, recent arrivals in this city from Lyman, have rented Mrs. Flora Woodard's residence on Mill street and moved in the latter part of last week.

Max Davis, proprietor of the Concrete Department store, left Sunday for a few days' visit in Seattle.

Thoroughbred Poland China pigs, 6 weeks old, \$7.50 each; Mixed Chester White and Poland China pigs, \$5.00 each. Lars Moen, Van Horn.

Mrs. David Vier and daughter Ruby were business visitors in Mt. Vernon Monday.

Mr. and Mrs. Allen Golden moved this week from Capital hill to the cottage just vacated by Mr. and Mrs. H. P. Aiken in West Concrete.

For sale or rent, six room house with all modern conveniences, including furnace and built-in kitchen. Terms if desired. Frank Wetzel. Telephone Pine 52.

Harold Reese came up from Seattle for an extended visit at the home of his parents, Mr. and Mrs. T. M. Reese.

Mr. and Mrs. A. Deitrick are the proud parents of a fine daughter, born Wednesday, October 10.

J. D. Owen was transacting business at Rockport and Marblemount yesterday.

For Sale—Lots and acreage in the Greist addition to Grasmere; in part, or will sell entire tract. Easy terms if desired. See Crofoot, the land man.

W. J. S. Gordon of Mt. Vernon was looking after property interests and greeting old friends in the city Wednesday.

Mrs. S. C. Gudmunson was shopping and visiting friends in Sedro-Woolley Wednesday.

H. C. Ely of Van Horn was transacting business and visiting friends in town Wednesday.

Five-room cottage and lot for sale. Well located; terms if desired. Inquire of S. C. Gudmunson, Concrete.

W. N. Chavis of Mt. Vernon was a business visitor in town yesterday.

Epp Shular, one of the prominent citizens of Rockport, was looking after business interests here Thursday.

R. M. Dubick, transportation manager for the Superior Portland Cement company, was a business visitor in Seattle for several days this week.

Sound body fir wood for sale. Telephone your order to Geo. D. Kauffman, Phone Main 7551.

S. L. Barnes, secretary of the Superior Portland Cement company, was up from Seattle Thursday for a short business visit here.

Paul Harmon and E. S. Brock were in from the Bear Creek power station Wednesday on a business visit.

For Sale—White enameled crib and sulky; both in good condition. See Mrs. W. M. Smythey.

W. A. Gardinier, Frank Lang and Fred Binkie returned Monday from a hunting trip to the Sauk mountain district on the upper Skagit. They brought one deer back with them, bagged by Mr. Gardinier, which is the first deer shot by a local hunter this season.

E. L. Persons of Sauk was a business visitor in town Wednesday.

Mrs. Elmer Larsen and Mrs. Clarence Hawkings of Van Horn were shopping and visiting friends in town Saturday.

WANTED—Immediately, one good solicitor to canvass new attractive line of goods. Write O-W Specialty Company, 303 Pantages Building, Seattle, Washington.

Mrs. L. P. Milton and daughter Pansy left recently for Mabton, Wn., where they will be employed in picking and packing apples during the harvest season.

Dan Anderson returned last Friday from the Burlington hospital, where he was taking medical treatment for several weeks. He is now able to be around, but it will be some weeks yet before he will be able to return to work.

Joe Just drove up from Bellingham Saturday for a short business visit in the city.

Walter D. Ross took advantage of the bank holiday yesterday to take a drive to Sedro-Woolley with Mrs. Ross and daughter.

Mr. and Mrs. Frank Bishop of Van Horn were visiting friends in the city last Saturday evening.

J. E. Metcalf underwent an operation for appendicitis at a Seattle hospital Monday and at latest reports was said to be convalescing rapidly. Mrs. Metcalf is with him in Seattle.

Dr. Leon Ensich, a chiropractor of Sedro-Woolley, was in the city on business Thursday.

Leonard Jackson, who is attending high school in Seattle, spent the weekend with his mother, Mrs. Katherine Jackson.

Chris Powell, S. A. Pittman, Lee Strong and L. Goddard returned on Wednesday from a hunting trip to the upper Nooksack river. They found plenty of signs of deer and bear but were unable to get within gunshot of one.

H. J. Strickfaden, publisher of the Maple Falls Leader and at present hotel inspector for the state, was in the city on an official visit Wednesday. He spent the night here as a guest at the home of Mr. and Mrs. George W. White, former residents of Maple Falls.

Jack Gailey, Bill Wallace and Geo. Ely left the first of the week on a hunting trip to the Thunder creek region on the upper Baker. They are not back yet, but will probably need a pack train to bring their game in. There should be venison enough for all when they get in.

Mrs. Carl Monrad and Mrs. Perry Thosath were looking after business interests in Mt. Vernon Tuesday.

Mrs. H. E. Shannon returned Tuesday from a few days' visit with relatives and friends in Seattle.

Peter Packard left Tuesday for Bellingham, where he has secured a position in a pool hall. He expects to spend the winter there.
