BENEFIT CONCERT FOR SCHOOL PIANO IS GREAT SUCCESS

PROGRAM PROVES PLEASING TO
CROWD THAT FILLS LEGION
HALL—OVER 600 TICKETS ARE
SOLD FOR CONCERT.

Nearly 500 people gathered at the Legion hall last Saturday evening to listen to the concert given for the benefit of the piano fund for the Concrete school, and at the close of the entertainment the verdict was unanimous that the program was the finest of the kind ever given in the city. The big hall was filled to capacity and the audience was appreciative throughout the program and every number was heartily applauded and numerous encores were demanded.

The program was carried through as previously announced with the exception that Miss Constance Smith, who was to have given a fancy dance, was unable to be present on account of illness. Her number on the program was filled by Walton Biggers, who gave an excellent exhibition of classical dancing that pleased the crowd. The piano solos by Mrs. Elwood Stickleman of Seattle were far from the ordinary. The people of Concrete have in the past enjoyed some good piano playing by local talent and by traveling entertainers, but Mrs. Stickleman's numbers were the best ever heard here. Her finger tips could make the piano do everything but talk. The vocal solos by Mrs. Thornton D'Arc of Mt. Vernon and Mrs. Jack Waters of Rockport were perfect. Although their style of singing was entirely different, both were found equally pleasing, and the audience would have gladly stayed till midnight to listen to them. Mrs. D'Arc was accompanied by Mrs. R. Wells of Mt. Vernon on the piano, and Mrs. Waters was accompanied by an orchestra consisting of Mr. and Mrs. Harry Patten and Mrs. Dudley I. Green. The violin duet by Mrs. Green and Mrs. Patten was a popular number and its only fault was that it was entirely too short. Last, but not least, were the excellent readings given by Miss Cummings and Miss Withers of the Bellingham Normal school. The selections were well rendered and were well received. At the close of the program, the new piano, which was used during the entertainment, was presented to the school by Judge L. E. Wolfe, who made a short and interesting talk, and the beautiful instrument was accepted on the part of the school by Supt. J. R. Moore, who said that it was greatly appreciated by the pupils and faculty of the school.

The greater part of the credit for the success of the concert is due to Mrs. Dudley I. Green and Mrs. Harry S. Patten, who knew of the need for a good piano at the school, and arranged for its purchase and then planned the entertainment to provide funds to finance it. They worked hard and steadily to make the concert a success, and with the assistance of the school faculty and children, and the musicians they were able to interest in their efforts, they gave the school a piano and the people of Concrete a splendid entertainment.

The school children sold over 600 tickets for the concert, the total receipts from ticket sales being \$294.50. In addition Mrs. Hugh Armstrong and some of the school girls made and sold candy last Saturday, the proceeds from this sale being enough to pay all the expenses of the concert. There is still a small balance due on the purchase price of the piano and this will be raised on Friday evening, November 16, when a dance will be given in the Legion hall for the benefit of the piano fund, with Barney's orchestra furnishing the music.

STREET IS WIDENED

The new earth fill on the south end of the road to Crofoot's addition was found to be too narrow for safety, so this week the fill was widened out six feet. Earth from the excavation back of the Whitney store was used in making the fill. It consists largely of rock and gravel, so needs no surfacing.

Big Events in the Lives of Little Men

MRS. JOHN RUUTH DIES AT HOME OF DAUGHTER

Mrs. John Ruuth, a resident of this state for over 30 years, passed away at the home of her daughter, Mrs. Richard Thompson, at Grasmere, Sunday afternoon, after a lingering illness. Funeral services were held Tuesday afternoon from the Baker chapel in Sedro-Woolley with burial in the Sedro-Woolley cemetery. A large number of old friends and neighbors from Concrete, Grasmere, Hamilton and other points in the valley went to Sedro-Woolley to pay their last respects to the woman they had loved and esteemed for many years.

Maria Ruuth was born in Finland on June 7, 1848, and was married there to John Ruuth in 1866. They made their home in Finland until 1882, when they came to this country and located at Ashtabula, Ohio, where they remained for seven years, then moving west and taking up their residence in this state. They took up a homestead near Baker lake in 1892, being the first residents in the upper Baker river valley. They lived at Baker lake for eight years and then moved to Hamilton, where they made their home until a few years ago, since which time she has been making her home with her daughter, Mrs. Thompson, and her son, John Ruuth, in Seattle. She has suffered for several years with inflammatory rheumatism and for the past eight months has been an invalid.

She is survived by her husband, John Ruuth of Grasmere; two sons, John Ruuth of Seattle and Oscar Ruuth of Mt. Vernon, and two daughters, Mrs. Emma Thompson of Grasmere and Mrs. Elizabeth Manus of Seattle; also by nine grandchildren and seven great grandchildren. She made many warm friends during her residence in this city and vicinity, who held her in high esteem and mourn her passing.

HIGH SCHOOL STUDENTS TRY SKILL AT SELLING

Mr. Higgins of Seattle gave the youngsters of the Concrete high school a talk on salesmanship Thursday that was enjoyed by the students. His lecture covered the important points on the art of selling and was given with close attention. After the lecture the children of the room were divided into two teams, called the Spark Plug and the Barney Googles and asked to solicit magazine subscriptions. One-half the subscription price is retained by the school and will be used to purchase athletic equipment. The youngsters sold 47 subscriptions the first day, and are now out to beat the total of 103 made by the Hamilton school during the sale at that place.

CONCRETE THEATER WILL START SERIAL PICTURES

The Concrete theater, in response to the request of a number of its patrons, has started two serial pictures, to be shown every Tuesday evening for the next six weeks, the first episodes of each to be shown next Tuesday. The pictures to be shown are "Around the World in 18 Days," featuring William Desmond, and "The Leather Pushers," featuring Reginald Denny. The first is the story of a man who wagered \$100,000 that he could travel around the world in 18 days and shows his adventures in winning the bet and the efforts of the loser to stop him. The picture is in 12 episodes, two of which will be shown each week. The "Leather Pushers" is a serial of the boxing game, and is a serial of six two-reel photoplays, each complete in itself, but all connected.

Tonight and this afternoon Rodolfa Valentino and Carmel Myers will be seen in "All Night," an exciting comedy-drama with plenty of action. Tomorrow night Thomas Meighan comes in "Our Leading Citizen," a political comedy written by George Ade. On Thursday night Corinne Griffith is featured in "A Woman's Sacrifice," a thrilling tale of the Canadian northwest.

Next Saturday the attraction will be "The Flirt," adapted from Booth Tarkington's novel of the same name. It is an interesting story of love and adventure produced by an all-star cast. Next Sunday Lila Lee, Lois Wilson and Walter Hiers will all be seen in "Is Matrimony a Failure?" a jazz comedy of married life that is one hearty laugh from start to finish.

RADIO SET IS INSTALLED IN SUPERIOR CLUB ROOM

A radio set of the latest design was installed this week in the Superior club room, and as soon as it is properly tuned in, the members of the club expect to enjoy some fine programs from all parts of the country. The work of installing the set was completed Wednesday and the set tried out Wednesday evening. An excellent concert was received from Calgary, but when they tried to connect up with other points the interference proved too great, but it is hoped to overcome this within a short time. The radio is one of the largest type and is equipped with both ear phones and a loud speaker. Smaller receiving sets that have been in use here for several months have been able to receive programs from all the western states and Canada, and the large set in the club should be able to tune in with cities as far east as Chicago and possibly New York.

PIONEER RESIDENT OF UPPER VALLEY IS DEAD

The people of this city were surprised Sunday to hear that Samuel Thompson, a pioneer resident of Faber, had passed away in the Burlington hospital Saturday, as it was not generally known that he was ill. He had been suffering from cancer for some time and about two weeks ago was taken to the hospital for treatment. He grew rapidly worse until his death Saturday. Funeral services were held from the Baker chapel in Sedro-Woolley Wednesday, with Elder J. A. Holbrook of the Seventh Day Adventist church in charge. Interment was made in the Sedro-Woolley cemetery. Many of the residents of the upper valley, among whom he made his home for over forty years, were in attendance at the services.

Samuel Thompson was born in Norway on September 4, 1871, and came to the United States in 1872, locating at Eau Claire, Wisconsin, where he made his home until 1878, when he came to Mt. Vernon. He worked in and around Burlington and Sterling for the next three years, and on September 10, 1883, came up the Skagit river and located on the farm between Van Horn and Sauk where he has since made his home. He was married in Mt. Vernon in 1892 to Mrs. Anna M. Gregerson, who survives him. He also leaves one son, Thurston Thompson of Sauk; one daughter, Mrs. Garnet Thompson of Rockport, and a stepdaughter, Mrs. Leslie Olson of Sedro-Woolley. He was one of the typical pioneers who hewed a home out of the wilderness; was always ready to help a neighbor, and ready to do his part to develop his community. He was esteemed and respected by all who knew him and will be greatly missed in the upper valley.

ENJOYABLE SOCIAL HELD BY GRANDY LAKE SCHOOL

The Grandy lake school held its first social Wednesday evening in celebration of Halloween, and it proved a pleasing success. The school room was artistically decorated with blue and orange streamers, interlocked with black cats and pumpkins made by the pupils. The stage was decorated with cedar boughs and maple branches and with lighted candles gave a beautiful background for the program. A short program of recitations, songs and pantomimes was given by the youngsters of the school, and was greatly enjoyed. After the program was over, the evening was devoted to dancing and playing games. At a late hour refreshments were served to about 30 people.

LARGE SAWMILL TO BE BUILT AT ONCE IN SEDRO-WOOLLEY

CORY LUMBER COMPANY WILL
BUILD \$40,000 PLANT ON SITE
DONATED BY CITY—TO EM-
PLOY FIFTY MEN.

The starting of a new industrial plant in the Skagit valley was made certain this week when the Cory Lumber company completed arrangements for the erection of a \$40,000 sawmill in Sedro-Woolley. About a month ago the Cory company, which has been operating a small mill at Prairie for the past five years, purchased a large mill near Aberdeen and informed the Sedro-Woolley Commercial club that if the people of Sedro-Woolley would raise \$2,000 for the purchase of a site, the mill would be moved to that city. The business men of the city subscribed the amount needed and this week a site for the mill was purchased at the junction of the Great Northern and Northern Pacific railways, consisting of seven acres lying just south of the plant of the Skagit Steel & Iron Works. The site is ideal for a mill as it will have service from both railroads.

The construction of the new mill will be started at once and will be completed as rapidly as possible. Two carloads of machinery have already arrived at Sedro-Woolley and a third is now on the way. Work on the mill buildings is being started and it is expected that the mill will be in operation before the end of the year.

The new mill will be modern in every respect and will furnish employment to about 50 men at the start, and later may be enlarged if business conditions justify expansion.

CONCRETE DRUG STORE TO HOLD ONE-CENT SALE

The Concrete Drug company will hold its third one-cent sale next week, starting Thursday morning and ending Saturday night. These sales are principally for advertising purposes and Rexall products are featured, but other lines will also be offered at bargain rates during the sale. During the sale the purchaser may purchase one article at the regular price, and then have the privilege of buying a second article of the same kind for one cent. The previous sales at the store have proved successful, and it is believed that the one cent week will be the best of the three.

MRS. GREEN HOSTESS TO CONCERT ENTERTAINERS

Mrs. Dudley I. Green entertained all the performers of the school concert and a few invited friends at an informal party at her home in East Concrete Saturday evening, following the concert. The evening was pleasantly spent with music and social conversation, with a delicious luncheon as the main feature. There were 28 guests present at the party and all say that it was as enjoyable as the concert.

DEPARTMENT STORE WILL HOLD ANNIVERSARY SALE

The Concrete Department Store will hold its eleventh anniversary sale this month, starting Friday, November 9, and continuing to Saturday evening, November 17. The sales at this store have always proven popular with the buyers of Concrete and the upper valley, and Max Davis, proprietor of the store, plans to make this sale one of the biggest ever held in the city. The store will be closed all day next Thursday, November 8, to arrange the stock for the sale. Several new features will be provided this year. Full announcement of the sale will be made next week.

LEGAL HOLIDAY OF ARMISTICE DAY TO BE ON NOVEMBER 12

REGULAR DATE FALLS ON SUN-
DAY THIS YEAR; LEGION POSTS
OF COUNTY WILL CELEBRATE
NEXT SATURDAY.

Governor Hart issued a proclamation this week declaring Monday, November 12, to be a legal holiday as Armistice day and Admission day, as the regular Armistice day date, November 11, falls on Sunday. The proclamation asks all people to refrain from their usual pursuits on that day and to celebrate it in an appropriate manner.

Although the governor says that Armistice day is on Monday, the American Legion posts of the county will hold their annual Armistice day celebration on Saturday, November 10. It has been made a custom for all posts to hold a joint celebration at some central point in the county each year, and this year the celebration will be in Sedro-Woolley, with the post in that city serving as host to the other posts of the county. Last year the celebration was held in Mt. Vernon.

An interesting program is being arranged for the celebration, including a big parade in which all the posts of the county are asked to participate. There will be speaking and a number of entertainment features, and in the afternoon the crowd will enjoy a football game between the Mt. Vernon and the Sedro-Woolley high school teams. The Sedro-Woolley post of the Legion has donated a large cup, which will become the property of the first team to win three games in the annual series between the Mt. Vernon and Sedro-Woolley teams. The cup was put up last year and the Sedro-Woolley team already has one game to its credit.

The local post of the American Legion is expected to take a part in the annual celebration and it is likely that a large number of the local service men and their friends will make the trip to Sedro-Woolley next Saturday to take in the events of the day.

FATHER AND SON BANQUET AT PRESBYTERIAN CHURCH

The second Father and Son banquet for this city will be held in the parlors of the Presbyterian church on Wednesday evening, November 14, and arrangements for the feast are now being made. It is planned to have a short program, with an outside speaker, in connection with a big dinner. The first banquet last year was well attended and was much enjoyed and it is hoped to make this one even better. The program for the evening will be announced next week.

PLAN MASQUERADE PARTY AT VAN HORN SATURDAY

Arrangements are being made for a masquerade party and fancy dress dance to be held in the gymnasium at Van Horn next Saturday evening, November 10. The big ball will be decorated in Halloween designs, and some unusual entertainment features will be offered. Arrangements will be made for a costumer to come up from Seattle before the dance. A large crowd is expected for the evening.

HALLOWE'EN SOCIAL HELD AT THE HOPKINS HOME

A merry Halloween party was held Wednesday evening at the home of Mr. and Mrs. Denver Hopkins on Mill street. A large crowd of young folks were present and spent a pleasant evening in the enjoyment of Halloween games and stunts, followed by a delicious luncheon. All present report the best kind of a time.

GRILL AT CONCRETE

God made Father Adam—
God's word we must believe;
He took a rib from Adam
And moulded Mother Eve.

He made the Cascade Mountains,
The timber and the stream;
He made the golden sunset
To aid the poet in his dream.

He made the Skagit River
That wound its way around;
Brought the water from the mountains
And dumped it in the sound.

Then came Osborn & Aiken
To make more work complete.
They made the Grill at Concrete—
A perfect place to eat.

WHEN YOU DRIVE ON CONCRETE

Watch yourself relax at the wheel and settle down to mile after mile of effortless driving.

Notice how the easy, accurate response of the wheel, the instant "pick-up" and the swift action of the brakes give you the feeling of perfect security.

Only concrete provides that even, firm, unyielding surface that the tires can grip, and makes the road skid-proof and safe even in wet weather.

Roads are being built everywhere the way motorists want them.

Our Booklet R-3 tells other interesting things about Concrete roads. Write for your copy.

W. D. Gray, Batesville, Ark., Writes As Follows:

"I purchased several cakes of RAT-SNAP from Erwin-Craig Hardware Company, this place, and find same the most effective exterminator of mice and rats I have ever used. As far as I have noted, there is no odor connected with use of RAT-SNAP. This is the first testimonial I have ever given for any preparation of any kind. I feel after using your RAT-SNAP it is worthy of commendation." Three sizes, 35c, 65c, and \$1.25. Sold and guaranteed by Concrete Drug Company.

Why People Buy Rat-Snap in Preference to Rat Poison

(1) RAT-SNAP absolutely kills rats and mice. (2) What it doesn't kill it scares away. (3) Rats killed with RAT-SNAP leave no smell, they dry up inside. (4) Made in cakes, no mixing with other food. (5) Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Concrete Drug Company.
