Be a booster; bury the hammer. By united effort we can make Concrete one of the best towns in the county. Try it.

THE CONCRETE HERALD

The upper Skagit valley is the land of opportunity. Its resources are unlimited, but publicity and development are needed.

Formerly the Hamilton Herald, Established Nov. 23, 1901. Oldest Paper in the Upper Skagit

VOLUME XXIV | CONCRETE, SKAGIT COUNTY, WASHINGTON, THURSDAY, JUNE 18, 1925 | NUMBER 28

REGULAR MEETING OF TOWN COUNCIL HELD MONDAY NIGHT

COUNCIL DECIDES NOT TO FILE PROTEST AGAINST RAISE IN WATER RATES—CITY HALL PLANS LAID OVER.

The city council held its regular mid-month session Monday night, and while there were only a few matters up for disposition, these were given plenty of discussion and the meeting was quite long. Mayor Nelson was absent from the city, Councilman Ireton, the senior member of the body, was selected to serve as mayor pro tem. All councilmen were on hand for the meeting.

After the minutes had been read, Mr. Gardinier reported that the street and alley committee that the Stone & Webster company had been fixing up the highway in East Concrete and that it now was in good condition. There was considerable discussion as to what work was needed along the pavement, and it was finally decided that all the councilmen would look over the work and check up on work still needed, the inspection to be made next Saturday evening.

George A. Campbell was present as the representative of the Baker River Power, Light & Water company and gave facts and figures to show that an increase in water rates was necessary. He showed that the water system had been operating at a considerable loss for the past four years, and that it would continue to lose under the present rates, even without making allowance for replacements of worn out mains and extension service. He said that the new rates were the same as were in effect in other towns in this county and that they had been approved by the state department of public works on protests from other cities. Several items in the new rate list were explained, and some minor changes made. The council had a thorough discussion over the matter, but agreed that the valuation given by Mr. Campbell of the money invested was very reasonable and that it was practically certain that the department of public works would grant the new rates even if a protest was filed, so it was decided to let the matter stand and the council took no official action towards filing a protest.

L. R. Everett submitted proposed plans and specifications for the new city hall building, but in looking them over several changes were suggested that would give a better building at very little if any additional cost, so the plans were returned to Mr. Everett to make the changes suggested and to have them ready for the next meeting. As changed, the city building will be a fire proof structure throughout.

The council then took up the matter of the care of the city fire hose, and the conditions in the various hose houses, and several changes were suggested to give better protection in case of fire. The council then adjourned.

GRASMERE ASSOCIATION HAS MEETING SATURDAY

The Parent-Teacher association of Grasmere will hold its next meeting on Saturday evening, June 20, starting at 8 o'clock. The program for the evening will be as follows:

Violin solo, Wilbur Rude; paper, "What Other Associations Are Doing" Miss Lillian Olsen; song, boys' quartet; paper, "Individual Responsibility," Mrs. J. W. Applegren; vocal solo, Mrs. Leonard Everett; talk, "Organization Strength," Rev. Mr. Dailey. After the close of the program future plans of the association will be discussed, and later the meeting will be turned into a social session, during which games will be played and all have a good time. To wind up the evening, a delicious lunch will be served by the women of the community. All who are interested are invited to attend.

Summer Arrives

SEATTLE TEAM TO PLAY CONCRETE HERE SUNDAY

Manager Lorentzen of the Concrete baseball team, has a real game lined up for the baseball fans for next Sunday. The visiting team will be the Best Lock company aggregation of Seattle. This is not one of the best teams in Seattle, but is one that has been playing real ball and one that is hard to beat. If the local gang is able to take the measure of the visitors Sunday, tougher games will be scheduled later. The game will start at 2:30, and every ball fan in the city should be on hand when the play starts.

The fans were disappointed last Sunday when the Frolick team of Everett failed to appear. It was an ideal day for a ball game and there would probably have been a record crowd. The Everett team started out in a bus in plenty of time to get here, but somewhere between Everett and Mt. Vernon the car broke down and the players were unable to get another conveyance in time to get here for a game during the afternoon.

FIRE DEBRIS ON HILL IS EYESORE TO TOURISTS

The appearance of the business section of the city could be greatly improved if the debris from the fire of last winter was removed and the lots cleared. These lots are still in the same condition as they were left the morning of the fire, and tourists to the city have often made audible comments on Concrete's "beauty spot." These lots could be cleared off at comparatively small expense, and it would pay the business men of the city to pass the hat and raise a small fund for the purpose, rather than having the property owners stand all the expense. However, the work should be done now so as to remove the debris before the real tourist season starts next month.

CONCRETE YOUNG WOMAN IS MARRIED IN SEATTLE

Miss Verna Bronson, daughter of Mr. and Mrs. H. A. Bronson of this city, was united in marriage Monday to Carl T. Heritage of Sedro-Woolley. The ceremony was performed in the King county court house in Seattle with Judge Wright officiating. After a short wedding tour the young couple will reside in Sedro-Woolley. The bride is a popular young lady of this city and has a wide circle of friends who are extending best wishes.

CATHOLIC CHURCH WILL HOLD THREE-DAY MISSION

A three days' mission will open at the Catholic church in this city on next Sunday, June 21. Father Jung, of the Redemptionist Order, Seattle, will preach the mission. The mission opens at the 11 o'clock mass on Sunday forenoon and will close the following Wednesday evening. An early mass will be said each morning; instructions for the children each forenoon at 3 o'clock, and evening service each evening at 7:30.

Father Jung is an eloquent and forceful speaker and an opportunity is given to the people of Concrete and vicinity to hear a popular exposition of the teachings of the Catholic church. Everyone is invited to attend.

IMPROVEMENTS ARE MADE AT CONCRETE THEATER

A number of changes have been made at the Concrete theater within the past two weeks that are being appreciated by the patrons of the house. In the operating room Manager Phebus has installed new lighting systems in the projecting machines. The More-Lite system, which is now being used, is a late invention and is rated as one of the best made for the purpose. The system installed here is the first to be used in a theater in the northwest. The new light gives a brighter and steadier light on less current than the former system, and gives a clearer projection on the screen.

Another improvement is the installation of a large full-length plate glass mirror at each side of the entrance. This adds greatly to the appearance of the front of the theater and is also a convenience to the women who want to see that their hats are on straight as they leave the show.

SKAGIT MEN AT HEAD OF EAGLES AND ODD FELLOWS

This year the state aerie of Eagles and the grand lodge of Odd Fellows both decided on Skagit county men to head the respective state organization for the next year. At the state session of the I. O. O. F. held at Wenatchee last week, Judge George A. Joiner was elected Grand Master for the state of Washington, and at the state aerie of the Eagles, held at Victoria, B. C., the first of this week, E. G. Bigelow of Sedro-Woolley was honored by being elected state president. The state convention made a mighty good selection in each case.

SURVEY OF TOWN SHOWS POPULATION OVER 2,000

George W. Ross, who has just completed a survey of the city for the Baker River Power, Light & Water Company, took an unofficial census of the city while making the survey. He says that the actual bona fide residents of the city, within the city limits, and not counting any temporary residents living in tents or shacks is 1365. As this does not include regular roomers in hotels and lodging houses, it is certain that if the tent and shack residents and lodgers were counted, the present population is over 2,000. The Stone & Webster camp is also inside the city limits, and if the residents there were also counted, it would add over 500 more. A conservative estimate of the population of the community, including the Stone & Webster camp and Grasmere, would be about 3,000 people.

PHILLIPS & MANEY ARE BUILDING A NEW GARAGE

Phillips & Maney have started the construction of a new garage building immediately in the rear of their service station near the I. O. O. F. hall. The new building will be 56x56 feet with full basement, making it practically a two story structure. The building will be of concrete and frame construction. The basement, or lower floor, will be used as a car storage, and the upper floor for general garage purposes. H. E. Wilder has the contract for the erection of the building, and already has the work well under way. It is expected that the building will be completed, ready for occupancy, within the next two weeks.

NO ONE IS INJURED WHEN AUTOMOBILE TURNS OVER

J. L. Davis, who has been conducting a cafe and small bakery in the corner building at the depot, had a narrow escape from injury Tuesday morning when his Chevrolet car went off the road on the rock cut hill and turned over. Mr. Davis was attempting to pass the stage on the hill and in some way drove too close to the bank, his car going over the edge and dropping about 12 feet. The car landed bottom up with Mr. Davis trapped inside. A hole was cut in the top of the car to let him out, and then it was found that he had only a few small bruises to show for his exciting experience. The car was considerably damaged.

COMMERCIAL CLUB OF SKAGIT COUNTY WILL BE ORGANIZED

MEETING HELD IN MT. VERNON TO MAKE PLANS FOR COUNTY BODY—WILL WORK FOR THE COUNTY AS A WHOLE.

Definite steps towards the formation of a Skagit County Commercial club was taken at a well attended meeting held in Mt. Vernon last Friday evening. Many of the communities in the county were represented and the sentiment was unanimous that such an organization should be formed. After the proposition had been thoroughly talked over, it was voted to immediately proceed with plans for perfecting the organization and it was decided that the first meeting of the new club should be held in Sedro-Woolley on July 7.

Carl Nelson, president of the Mt. Vernon Commercial club, presided at the meeting, and in opening explained the purposes of the proposed organization. He stated that such a body would bring the communities of the county closer together, and that it would prove beneficial to every part of the county. Mr. Nelson declared that it was not the purpose of the proposed county club to usurp the authority of any of the local clubs, but that the county organization would work in cooperation with the smaller bodies and help them along in every way posible.

Frank Dowd, superintendent of the Carnation factory in Mt. Vernon, and who has been an active worker for a county club, told of the workings of similar bodies in other communities, having found that they tend to unite the communities of the county and that such a club could be operated at very small expense. Representatives from Sedro-Wolley, Burlington and Anacortes also spoke in favor of the organization.

It was recommended that the new club hold regular meetings on the first Tuesday of each month, and that the meetings be held in different towns each month. Also that where a community has a local club, that the president and secretary be delegates to the county club, and where the president is unable to attend, that he have authority to appoint a delegate to serve in his place at the county meeting.

A committee of five was named to draw up a constitution and by-laws for the new club, to be ready for submission at the July meeting.

SPLENDID PICTURES TO BE SHOWN DURING WEEK

The Concrete has another fine array of photoplays signed up for the coming week. Saturday night the attraction will be "The Way of a Man," adapted from the novel by Emerson Hough. It is a western drama of the days of 1849, with many thrilling scenes of frontier life. The cast is headed by Allene Ray and Harold Miller.

On Sunday and Monday nights Owen Moore and Bessie Love are featured in "Torment," a crook story that is different. The story is one that will hold the interest and with enough mysery to keep them all guessing. On Tuesday and Wednesday nights comes another of Harry Carey's exciting westerns, "The Flaming Forties." Carey's pictures are always thrillers and rank as among the best of the westerns, and this is rated as being as good as any that he has made. If you like thrills, fighting, hard riding and excitement, do not miss this one.

For Thursday and Friday nights there will be something entirely different. The feature will be "Fifth Avenue Models," a story of metropolitan life that shows the daily life of a fashion model, her pleasures and her perils. A feature of this picture that will attract the women is a wonderful array of late fashions that is shown during the action of the photoplay.

WILDER COMPLETES HIS CONTRACT WORK ON SUPERIOR TRAM

CONCRETE AND WORK ON THE TOWERS AND TERMINALS IS COMPLETED—THE CABLES ARE NOW BEING LINED UP.

H. E. Willder, who has been erecting the huge towers for the new bucket tram line for the Superior Portland Cement company, and also the terminals at the quarry and at the factory, put the finishing touches on his work the first of the week and the line is now ready for the installation of the equipment needed to transport the rock from the quarry to the plant. Mr. Wilder had a big job on his hands when he started in, and considering weather conditions thru the winter and spring, he made rapid progress. Each of the towers meant about as much work as a small cement building, and the terminals were large buildings of steel framework set in concrete foundations. There is also a large amount of steel frames on top of each of the towers to hold the cables and to give passage way to the buckets. Engineers who have inspected the work say that Mr. Wilder had done a good job, and that the new tram line will be the equal of any in the country.

The work of hanging the heavy cables that will carry the buckets is going ahead rapidly under the direction of J. P. Brooks, and it is expected that this work will be finished and all needed equipment installed within the next two or three weeks. It is planned to have the tram line in operation soon after July 1, and if the present rate of progress is maintained, the line will be ready to operate by that time.

It is only a matter of a few weeks now until the railroad now used in transporting rock from the quarry to the factory will have to be abandoned. The west side of the Baker river dam is now almost up to the level of the railroad, and it is going higher every day. The east side of the dam is still considerably below the level of the railroad, but in a few weeks this can be brought up, and then the next operation will cover the railroad track with solid concrete.

The Puget Sound Sawmills & Shingle company, which has also been using this railroad, is making good headway on the construction of its new line from Van Horn to the camp. A large part of the grading has been completed, some track has been laid, and the bridges needed are going up as fast as the bridge crews can get to them. As the camp is now closed down and is not likely to start up again until some time after the Fourth, it is expected that the railroad will be ready for use before there will be any logs ready for shipment over it.

SUPERIOR COMPANY BUYS THOSATH TRANSFER BARN

The transfer and livery barn on A street, owned by Perry Thosath, and one of the first business establishments of Concrete, was purchased this week by the Superior Portland Cement company. The purchase was made in connection with securing right of way for the new tram line, as the line will pass close to the rear end of the barn. It has not been announced yet whether the barn will be torn down or remodeled for use by the company.

HAS PARTY TO CELEBRATE BIRTHDAY ANNIVERSARY

Pauline Zongrone, the little daughter of Mr. and Mrs. Ross Zongrone, was hostess at a merry party last Thursday afternoon in celebration of her ninth birthday anniversary. There were 32 youngsters present, who spent the afternoon in playing games and in having a jolly time. Dainty refreshments were served by Mrs. Zongrone to finish the festivities.

THE HERALD ONE-FIFTY A YEAR

ROCKPORT

Mr. and Mrs. E. V. Pressentin and family spent Sunday visiting at the home of Mr. and Mrs. Harry Swettenam of Hamilton.

Carl Flogg of Seattle, who is connected with the Miller Pole company, was attending to business interests in Rockport the early part of last week.

Mr. and Mrs. George Vogel and Mrs. Charles Kinkead and sons, Jack and Jim, all of Sedro-Woolley, spent Sunday visiting at the home of Mrs. M. E. Stafford.

Mr. and Mrs. Henry Ausdale of Seattle spent a few days during the week visiting at the home of Mr. and Mrs. M. J. Dalton.

Brown Wiseman motored up from Concrete on Wednesday evening for a short visit with friends in town.

Mrs. Henry Gay and daughter Hazel and son Henry, jr., of Arlington, visited Wednesday evening with relatives and friends in Rockport.

Otto Peterson of Marblemount attended to business matters here on Thursday evening.

Mr. and Mrs. Jerry Hanby are the proud parents of a baby daughter, born Friday, June 12.

Robert Marshall of Los Angeles, Cal., was a Sunday visitor in Rockport. Mr. Marshall is a former resident of Rockport, having lived here more than 30 years ago.

Philip Moran of Sauk was greeting friends and attending to business matters in Rockport on Wednesday.

Mr. and Mrs. Charles Wiseman motored up from Concrete on Wednesday for a short visit with relatives and friends in town.

D. M. Donnelly of Sedro-Woolley visited with friends in town the early part of last week.

Miss Marguerite Sullivan of Sauk spent Monday evening with friends in town.

Mr. and Mrs. Edward Janson and son Wilfred, and their guest, Mrs. Roy Jackson, spent Sunday visiting at the home of Mr. and Mrs. C. Phillips of Concrete.

Mrrs. M. Barrett motored down from Marblemount Friday for a short visit at the home of Mrs. S. Wainwright.

Mr. and Mrs. Puget Fulk and family spent Sunday visiting with old friends in Concrete.

J. Oakes of Sedro-Woolley was greeting old acquaintances here on Friday.

Gordon Moran of Sauk was in town Monday evening on business.

Mr. and Mrs. V. B. Bradshaw motored to Sedro-Woolley and Avon on Friday for a visit with relatives and friends.

Lou Davis, who has been quite ill for the past few months, left Wednesday morning for Portland, Oregon, to consult a physician in that city.

Frank Heilo, who has been employed at Darrington for the past few weeks, returned to Rockport Thursday.

E. W. Arlin and sons and Delas Hooper left Sunday by auto for Los Angeles, Cal., where they will spend a few weeks visiting with Mr. Arlin's brother, Ney Angood and family.

Ernest Jermaine visited with old friends at Bacon Creek the latter part of last week.

Mrs. W. A. Hooper and Mrs. F. Parker spent Sunday visiting with relatives and friends in Hamilton

Jack Phillips of Burlington was greeting old friends here over the week-end.

Edward V. Pressentin was attending to business matters at Mt. Vernon on Saturday.

Mr. and Mrs. R. Wilson motored down from Marblemount on Saturday for a short visit in town on business

According to word received here Saturday morning, E. J. Hillier, who left Rockport several weeks ago with his family to enjoy a vacation, was taken seriously ill in Seattle. On Tuesday, June 9, he was operated on and his condition seemed quite hopeful until Friday, when he took a turn for the worse and died that evening. Mr. Hillier was well liked in this community and his sudden passing will be mourned by many. He is survived by his widow, one daughter and a son and also several other relatives in different parts of the country.

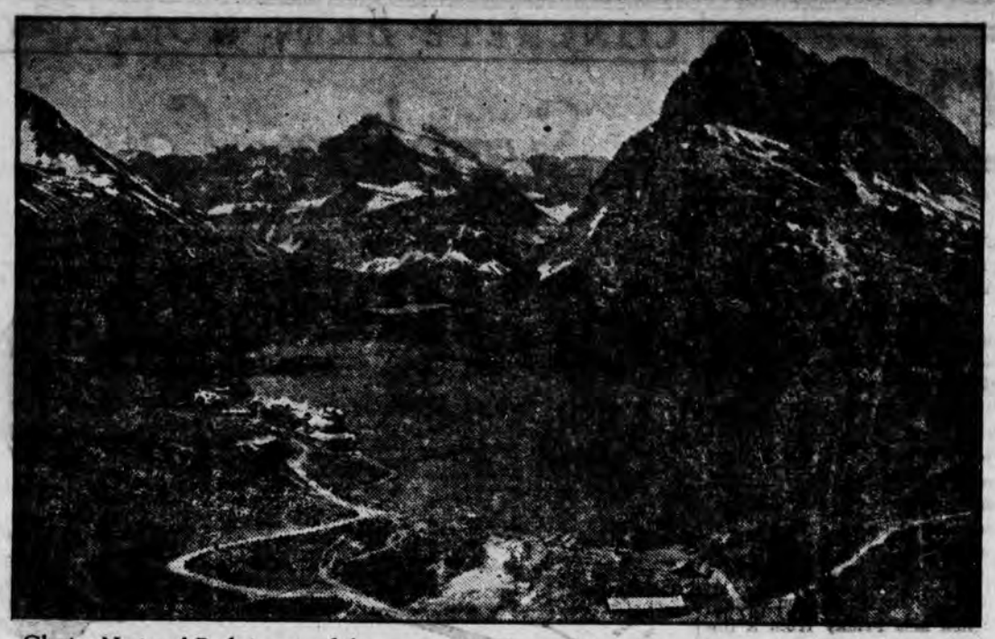
Glacier National Park, Great Scenic Playground, Open June 15



Glacier National Park is one of the most convenient of the great national parks for the tourist to reach, being on the main transcontinental track of the Great Northern Railway. Its marvelous scenic attractions and opportunities for varied recreation have increased its popularity year by year, and 1925 is to bring a record number of visitors.

The photograph above shows "Many Glacier Region" in Glacier National Park. This scene is taken from Mt. Altyn and shows Many Glacier Hotel, the big rustic resort with accommodations for 500 people, located on the shore of Lake McDermott. The peak across the lake from the hotel is Stark Peak. In the center is Mt. Gould and Grinnell. At the base is Lake Josephine.

Here, at the end of the auto road extending for 55 miles from the park's main entrance, is the focal point for many saddle horse and camping trips, fishing, hiking and mountain climbing. The Great Northern's "Oriental Limited" and "Glacier Park Limited" trains unload directly at the park's gates.

NOTICE Is Hereby Given, That on Tuesday, the 7th day of July, 1925, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, commencing at ten o'clock in the forenoon of said day, in front of the main entrance door to the County Court House in the city of Mt. Vernon, county of Skagit, State of Washington, by the County Auditor of said county, the following described state lands, together with the improvements situated thereon, will be sold a public auction to the highest bidder therefor, to-wit:

(NOTE—No one except citizens of the United States, or persons who have declared their intention to become such, can purchase state lands.)

Application No. 12406

Lot 5 and the SE¼ of SW¼ of section 36, township 35 north, range 9 east W. M., containing 67.40 acres, more or less, according to the government survey thereof, appraised at $1,011.00. Subject to an easement for a right of way for a transmission line heretofore granted to the City of Seattle. Improvements appraised at $75.00.

Said lands will be sold for not less than the appraised value above stated and upon the terms and conditions following:

Not less than one-tenth of the purchase price must be paid at the time of sale. The purchaser, if he be not the owner of the improvements, must forthwith pay to the officer making the sale the full amount of the appraised value of the improvements, as above stated. One-tenth of the purchase price must be paid annually thereafter with interest on all deferred payments at the rate of six per centum per annum: Provided, That any purchaser may make full payment of principal, interest and statuary fees at any time and obtain deed. The purchaser of land containing timber or other valuable materials is prohibited by law from cutting or removing any such timber or materials without first obtaining consent of the Commissioner of Public Lands or the board, until the full amount of the purchase price has been paid and the deed issued.

All sales of state lands are made subject to the reservations of oils, gases, coal, ores, minerals and fossils of every name, kind and description, and to the additional terms and conditions prescribed in section 3 of chapter 256 of the Laws of 1907.

Said land will be sold subject to the terms, conditions and reservations of chapter 109 of the Session Laws of 1911, relating to easements for rights-of-way and the carrying of timber, stone, minerals and other products over the same.

CLARK V. SAVIDGE,
Commissioner of Public Lands.

June 5—July 2

NOTICE OF SALE OF TIMBER ON STATE LAND

Notice is hereby given that on Tuesday, the 7th day of July, 1925, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, commencing at ten o'clock in the forenoon of said day, in front of the main entrance door to the County Court House in the City of Mt. Vernon, County of Skagit, State of Washington, by the County Auditor of said County, the timber on the following described state land will be sold at public auction to the highest bidder therefor, to-wit:

Application No. 12397

Timber on the NE¼ of SE¼ and S½ of SE¼ of Section 36, township 36 North, Range 7 East W. M., containing 120 acres, more or less, according to the government survey thereof, appraised at $15,327.00.

Said timber on said land to be sold for not less than the appraised value, as appraised by the Board of State Land Commissioners in the manner provided by law, a statement of which is now on file in the office of the Auditor of said County.

Terms of Sale are: Cash to be paid on the day of sale.

The purchaser of timber on state lands will have five (5) years within which to remove said timber, with the privilege of securing extensions of time under the statutes governing.

CLARK V. SAVIDGE,
Commissioner of Public Lands.

June 5—July 2

Serial No. 05003

NOTICE FOR PUBLICATION
Department of the Interior
U. S. Land Office at Seattle, Wn.
May 25, 1925.

NOTICE is hereby given that Irene May Connally, whose post-office address is Concrete, Wash., did, on the 25th day of September, 1924, file in this office Sworn Statement and Application, No. 05003, to purchase the NE¼ of the NE¼, Section 7, Township 36 N., Range 9 E., W. Meridian, and the timber thereon, under the provisions of the act of June 3, 1878, and acts amendatory, known as the "Timber and Stone Law," at such value as might be fixed by appraisement, and that, pursuant to such application, the land and timber thereon have been appraised, at a total of $245.00; the timber estimated 300,000 board feet at $.75 per M, and the land , $20.00; that applicant will offer final proof in support of his application and sworn statement on the 15th day of August, 1925, before the Clerk of the Superior Court, at Mount Vernon, Wash.

Any person is at liberty to protest this purchase before entry, or initiate a contest at any time before patent issues, by filing a corroborated affidavit in this office, alleging facts which would defeat the entry.

IRVING D. SMITH,
Register.

May 28 to July 23.

FLOYD H. ROLLER

PERMANENT ROADS ARE A GOOD INVESTMENT —NOT AN EXPENSE

NOW IS THE IDEAL TIME TO BUILD MORE PAVED HIGHWAYS

There is not a single community in the United States that does not need a greater mileage of permanently paved roads.

16,000,000 motor vehicles are now using our highways for business and pleasure. They are packing the paved roads in already congested areas, as well as over-running regions until recently considered remote. And they are pounding to pieces all but permanent roads.

Even though a number states have made good progress in building Concrete Roads, their present permanently improved mileage is entirely inadequate, as every motorist knows.

Meantime, while the building of permanent highways lags, the production of motor vehicles is increasing the present total at the rate of 4,000,000 a year!

Sooner or later this gap must be closed. Why wait?

Not in a long time have general conditions been so favorable for carrying on such public works as permanent highway building, thus assuring tax-payers more for their money.

Now is the ideal time to extend both street and road programs!
