Concrete Library

Be a boostor; bury the hammer. By united effort we can make Concrete one of the best towns in the county. Try it.

THE CONCRETE HERALD

Formerly the Hamilton Herald, Established Nov. 23, 1901. Oldest Paper in the Upper Skagit

The upper Skagit valley is the land of opportunity. Its resources are unlimited, but publicity and development are needed.

VOLUME XXIV — CONCRETE, SKAGIT COUNTY, WASHINGTON, THURSDAY, JULY 23, 1925 — NUMBER 33

FIRE SITUATION IS BECOMING SERIOUS IN SKAGIT VALLEY

BIG FIRE IS SPREADING IN THE GREEN TIMBER NEAR LYMAN —SEVERAL SMALL FIRES IN THE UPPER VALLEY.

The continued dry weather of the past month has brought about a situation in regard to forest fires that is very menacing. So far there is only one bad fire reported in the county, but many small ones are breaking out daily and a dangerous fire is liable to start at any time. Last Saturday a fire broke out in the logging works of the Skagit Mill company near Lyman and in a few minutes was beyond control. The fire spread to green timber the first of the week, and although hundreds of men have been kept busy fighting fire all week, the fire is still out of control. The only damage so far has been to the standing timber, but it is estimated that this will run into thousands of dollars, as it is said that several hundred acres of fine timber has already been burned over. The firefighters are making a hard fight and it is expected that unless a hard wind comes up, they will be able to get the blaze under control within the next 24 hours.

In the upper end of the valley, the fire protection forces have been lucky so far. The only fire of dangerous proportions reported so far started the first of the week in the old logging works at Faber, but it was discovered in time, and aided by the heavy shower yesterday forenoon, the fire was brought under control. Many small fires were reported in various places in the upper valley, and all were checked before they had much chance to spread.

Campers and berry pickers are urged to use extreme care while the present weather continues. A campfire left smoldering, or a careless match or cigarette might start a fire that would destroy much property and possibly endanger life. There are many people in the woods these days, picking berries, camping or hiking, and a small fire around some old logging camp would spread over a hundred acres in less than half an hour, and these people would have little chance to get out before being surrounded. That the big majority of people are careful in the woods is proven by the comparatively small number of fires that have been started from these sources.

DEPARTMENT STORE HERE IS NOW INCORPORATED

On account of poor health, Max Davis, proprietor of the Concrete Department store, has found inside work too confining and has been studying out some plan whereby he could be relieved of a large part of the store duties and get a chance for more outside work. He finally decided on forming a corporation to handle the store business, and this week the new corporation was formed. The name of the Concrete Department store is retained, and Mr. Davis, with J. E. St. John, who has been clerk in the store for the past few years, and C. O. Brown, salesman for the Marshall Fields Company of Chicago, incorporators. While Mr. Davis holds a controlling interest in the stock of the new corporation, he expects to retire from the active management of the business. Mr. St. John has been chosen to act as general manager and will have full charge of the store under the new arrangement.

While Mr. Davis will not be in active charge of the store from now on, he expects to remain at the store for the next few months, to close up the affairs of the old organization and to assist in the store work when needed. Afterwards he will look around for some other work that will give him a chance to spend more time in the open air. Mr. Davis opened the store here in 1912, and since then his establishment has been one of the leading mercantile firms of the upper valley.

Putting on a New Edge

PEOPLE OF COUNTY WILL CELEBRATE IN MT. VERNON

Marking he fiftieth anniversary of the founding of Mount Vernon, the people of that city have made elaborate preparations for a big summer celebration to be held next Wednesday, July 29. Starting at 9:30 in the morning, the celebration will last all day long, with something doing every minute. Those in charge promise that the crowd will not be kept waiting, but that every event will be run off on schedule time. It is especially desired that every community in the county be represented

One of the biggest features of the celebration is that everything will be free. There will be plenty to do. There will be races, stunts and contests of every kind, with liberal prizes offered, and the parade in the forenoon is expected to be one of the biggest ever held in the county.

Music for the occasion will be provided by the Mt. Vernon Commercial club band, with concerts in the forenoon, afternoon and evening. There will be a noonday lunch hour, during which free coffee, sugar and cream provided and convenient places arranged for picnic lunch parties. In the afternoon will be the sports and stunts, and in the evening will be a free pavement dance and a spectacular exhibition by the Mt. Vernon fire department. There will be free movies during the afternoon, and also a ball game between the Mt. Vernon and Bellingham league teams.

There are dozens of prizes offered to participants in the parade and for auto stunts to be held just following the parade. There will be races and sports of all kinds for the youngsters with good prizes offered for each event. The only question in the mind of the person who reads the entire program is how they can manage to pull off all the events in one day. There is certain to be a large delegation from Concrete at the celebration, and indications are that every community in this end of the county will be well represented.

CONCRETE THEATER ADDS NEW PROJECTING MACHINES

To supplement the new lighting system installed a few weeks ago, the Concrete theater this week installed two new projecting machines of the latest improved model. The new machines are particularly adapted to the lighting circuit of this city and are of a design that gives a better and clearer picture with less current than the machines formerly used. The new machines are also easier to operate, and are an improvement in every way over the old machines, which have given very satisfactory service for a number of years.

CONCRETE IS VISITED BY EASTERN THUNDER STORM

Concrete was visited yesterday forenoon by an old-fashioned electrical storm that reminded former residents of eastern and middle western states of "back home." It was the worst electrical storm seen here for many years and was central directly over the city. Lightning struck many times in the city and vicinity, but the only damage reported is to electrical equipment. Five or six motors were burned out in the Superior plant and a transformer at the quarry. It is reported that several large transformers were burned out at the Bear creek station. The storm was followed by a heavy shower, but the rain only extended a few miles from Concrete in each direction.

TWILIGHT BALL GAME WAS PLAYED HERE WEDNESDAY

A close and interesting game of baseball was played on the east side grounds Wednesday evening between the regular Concrete team and the Stone & Webster outfit. The game was in doubt for the full seven innings, and it was only in the last innings or so that the town team managed to get into the lead. There were very few errors and some fine plays on both sides. Features were the work of Baker at third and Lee Wiseman at short, and Baker's batting. Jake Lorentzen also did some fine work in the box after relieving Brown, who started the game. Norman Lowe heaved them over for the Stone & Webster team and pitched a steady game. The same teams will be seen in action next Wednesday evening, the game starting promptly at 6:30 o'clock.

FORD AUTO GOES OVER BANK ON VAN HORN ROAD

Travelers along the Van Horn road Saturday morning were curious when they saw a Ford touring car hanging on a log about half way down the embankment near the long trestle, and many wondered how many had been killed or injured in the accident. It was later found that the car belonged to Phil Moran of Sauk, and that no one had been hurt. Phil stalled his engine on the road, and getting out to start the car, his brakes did not hold and the car started before he got a chance to get back in the seat, and went over the bank. The car went down the bank about 50 feet and hung up on a log, but Phil stayed on the road. The car was not seriously damaged.

FAMOUS FARCE-COMEDY COMING HERE NEXT WEEK

Practically every person who has taken in stage plays during the past decade has seen the famous farce-comedy, "Charley's Aunt," one of the old favorites and said to be the funniest play ever written. This famous success has been produced in pictures, is said to be even funnier than the stage version. This picture will be shown at the Concrete theater next Tuesday and Wednesday, July 28 and 29, and there will undoubtedly be packed houses on both nights. Syd Chaplin, who is rapidly becoming one of the leaders among the screen comedians, has the stellar role, and the rest of the cast is above the average.

On Saturday night Madge Kennedy is featured in "Three Miles Out," a comedy-drama that is heralded as a bootlegging romance of love, laughter and thrills. On Sunday and Monday nights the attraction will be "The Woman on the Jury," adapted from the stage success of the same name. It is a story of life of today with a thrilling trial scene. The all-star cast is headed by Sylvia Breamer, Bessie Love, Henry B. Walthall and Frank Mayo.

Next Thursday and Friday Laura LaPlante and Eugene O'Brien are starred in "Dangerous Innocence," a drama of youth that has a pleasing plot and enough exciting situations to hold the interest to the last scene.

LYMAN WOMAN PASSES AWAY AFTER OPERRTION

Mrs. Emma Trueman, a well known and popular matron of Lyman, passed away in a Vancouver, B. C. hospital last Friday, following an operation. Funeral services were held at the family home Monday with Rev. Mr. Cleveland of Mt. Vernon in charge.

Mrs. Trueman was born in Wisconsin in 1883 and had been a resident of Lyman since 1894. She is survived by her husband, P. W. Trueman, and two sons and four daughters, Mrs. H. L. Larsen of this city being a daughter.

TO GIVE DANCING PARTIES IN ICE CREAM PARLORS

D. I. Green, proprietor of the Concrete Drug store, has arranged for a series of dancing parties to be held in the ice cream parlors at the store, starting next Monday evening and continuing each Monday thereafter. Barney's popular orchestra of Sedro-Woolley will furnish the music and every person in the city and vicinity is invited to attend.

FISH EXPERT HERE TO STUDY PROBLEM OF SAVING SALMON

WILL TRY TO FIGURE OUT WAY TO GET FISH OVER BAKER RIVER DAM TO HATCHERY AT BAKER LAKE.

Dr. Henry B. Ward, professor of zoology at the University of Illinois and who is known as the leading authority in the United States on the sockeye salmon, is spending several weeks in this city and at Baker lake in trying to study out some feasible means of getting the salmon past the power dam of the Stone & Webster company on the Baker river to the spawning grounds at Baker lake, and of getting the small salmon fry from the government hatchery at the lake down the Baker on their way to salt water. Dr. Ward was here ten years ago and made an investigation and collected data at the Baker lake hatchery, and on this trip is also checking up the results of his investigation at that time.

Dr. Ward says that on account of the damming of the streams in various parts of the country for power projects, millions of salmon are prevented from getting to their spawning grounds, and the small fish are prevented from going down stream, and that careful and scientific study must be given the problem of getting the fish over the dam. He believes that a solution is possible, but is not ready to announce what it may be.

According to Dr. Ward, the Baker river sockeyes are the best in the country, and the Baker lake hatchery has been doing excellent work, but that the salmon in the river will be practically exterminated unless some means, is devised to get the fish past the dam. In some places experiments have been made to get the small fish down the river by having them go through the turbines, but the pressure is so great that nearly all the fish were killed.

Dr. Ward has been connected with government fisheries investigations for many years and is at present on the coast for the United States fisheries bureau. While in this city he is the guest of C. L. Wagner, superintendent of the Superior Portland Cement company, who is a fraternity brother dating back to their college days at the University of Illinois.

ROBERTSON BROS.' STORE AT VAN HORN BURNS DOWN

The general store at Van Horn, owned and conducted by Fred and Roy Robertson, was totally destroyed by fire Monday forenoon. The blaze was first discovered in the ceiling of the store, and the origin of the fire is a mystery, as there had been no fire in the store that day, and there was no stove or other fire on the second floor in that part of the building. The fire was first seen by Roy Robertson, who was in charge of the store, and he made a rush for a hand extinguisher, but before he could get it into action the entire store was in flames. People from nearby houses came to help fight the fire, but it spread so rapidly through the old building that there was no chance to save the building or any of the contents.

Besides the store building, a two-story structure, and the large store stock, the loss includes the postoffice supplies and fixtures, including mail on hand, and all the household goods and personal effects of Mr. and Mrs. Roy Robertson, who made their home on the second floor of the building, The loss is estimated at about $10,000 partially covered by insurance.

The fire from the building spread to the adjoining brush, and then to a colony of Indian cabins located east of the store, on the old mill site, and a half dozen or more of these cabins were destroyed, with all contents. Nearly all the Indians were away from home at the time and there was no chance to save any of their house hold goods. No estimate can be secured a sto the loss here, although it is known that some of the cabins were well equipped with furniture.

LOCAL TEAM LOSES TO WANDERERS IN WILD GAME SUNDAY

LONG DRAWN- OUT CONTEST ENDS WITH SCORE 15 TO 12 IN FAVOR OF VISITORS— FERNDALE COMES SUNDAY.

The visitors were lucky to pull out in the lead at the finish of a weird, wild and woolly endurance contest between the Seattle Wanderers and the Concrete aggregation last Sunday afternoon. At the end, everybody was tired, including the fans who remained for the finish, and all were glad when it was over. The game started just an hour late, due to a breakdown of one of the cars carrying the Seattle players, and then after play started, the game dragged along for over three hours, due largely to the dilatory tactics of the Seattle pitcher. There was every kind of baseball, from good to rotten, played during the afternoon, and plenty of hard hitting by both teams.

Concrete started the game with a freak line-up, and in the first three innings gave the visitors a lead of 11 runs, and then started out to overcome the handicap and win the game. It appeared for awhile as if the local team would make the grade, but some loose fielding in the eighth inning gave the Wanderers three unearned runs and the game. Concrete started out in the fifth and scored 10 runs in four innings, but were unable to take the lead after the start given the Seattle bunch in the first three innings.

The entire Concrete team showed plenty of hitting power, but the fielding, especially during the first half, was far below par, The battery work of Hedlund and Stafford was splendid and with any kind of support the game would have been easily won. Etter, on the mound for the Wanderers, was hit hard, but his support pulled him through. Concrete made 22 hits while Hedlund only allowed 14, and Hedlund struck out 14 men to 3 strikeouts for Etter, and still Concrete lost the game. Outside of Hedlund's pitching, the features of the game was the brilliant fielding of Nelson at short for the visitors, and the hitting and fielding of Vinnie Galer, the one-armed star who played the outfield for the Wanderers. Krout was the batting star for Concrete with a double and two singles in three times at bat.

Next Sunday the Ferndale team will be here for a game, and the locals have another tough contest in store. Ferndale has won from almost every independent team in What com county, and last Sunday took the fast Burlington aggregation into camp by a 5 to 4 score.

MRS. WOLFE TO CONTINUE IN INSURANCE BUSINESS

At the urgent request of the insurance companies formerly represented in Concrete by the late L. E. Wolfe, Mrs. Wolfe has decided to continue the business, and is now writing fire and plate glass insurance for these companies. As she handled all the insurance business for Mr. Wolfe during his long illness, she has gained a fine knowledge of the business and the experience required to properly handle the routine work. She is hoping to retain all the business formerly handled by Mr. Wolfe, and will appreciate all new business that will come her way.

LISHERNESS GARAGE TO HAVE A NEW MARQUEE

The Lisherness Auto company is improving the appearance of its garage building on Main street by the building of a handsome marquee. The marquee extends across the entire front of the building and is of glass and steel construction, similar to the one on the front of the Concrete theater. The work is going ahead rapidly and will be completed within the next few days.

PERMANENT ROADS ARE A GOOD INVESTMENT —NOT AN EXPENSE

NOW IS THE IDEAL TIME TO BUILD MORE PAVED HIGH-WAYS

There is not a single community in the United States that does not need a greater mileage of permanently paved roads.

16,000,000 motor vehicles are now using our highways for business and pleasure. They are packing the paved roads in already congested areas, as well as over-running regions until recently considered remote. And they are pounding to pieces all but permanent roads.

Even though a number states have made good progress in building Concrete Roads, their present permanently improved mileage is entirely inadequate, as every motorist knows.

Meantime, while the building of permanent highways lags, the production of motor vehicles is increasing the present total at the rate of 4,000,000 a year!

Sooner or later this gap must be closed. Why wait?

Not in a long time have general conditions been so favorable for carrying on such public works as permanent highway building, thus assuring tax-payers more for their money.

Now is the ideal time to extend both street and road programs!

Local Items of Interest

Mrs. C. L. Wagner, Mrs. Dudley I. Green, Mrs. E. F. Mertz and Mrs. R. R. Nestos motored to Mt. Vernon and to the country club at Avon yesterday to visit with friends.

Mrs. E. C. Perdue of Seattle has been spending the week in town as a guest at the home of Mrs. Selma V. Lindbeck. Mrs. Perdue expects to return home tomorrow and Christine Lindbeck will accompany her to Seattle for a week's visit.

—Dr. S. E. Sanford, dentist, of Everett, will be at the Concrete hotel on July 24 and 25, prepared to do all kinds of dental work at reasonable prices. Will locate here permanently in the near future.

H. C. Ely of Seattle is assisting with the work in the Superior Mercantile company's store while Mr. White is recovering from his illness.

Ernest Perreault, woods foreman at the Puget Sound camp, was visiting home folks in Everett over the week-end.

—For Sale, bed, spring and mattress in good condition; will sell cheap; L. P. Milton, Concrete.

Mr. and Mrs. Fred Perry and Mr. and Mrs. L. P. Milton motored to Vancouver, B. C., Saturday to visit with friends over the week-end.

The next regular meeting of the Ladies' Aid of the Baptist church will be held at the church on Tuesday afternoon, July 28, with Mrs. Ole Nelson and Mrs. W. H. Wallace as hostesses. At the close of the business meeting a light luncheon will be served by the hostesses. All members are urged to attend.

Mrs. Irene Redick has returned to Concrete after a month's visit with friends in Seattle.

—Horace Condy. Optometrist of Sedro-Woolley, will be at the Concrete Drug store on the third Thursday of every month. Eyes examined and glasses fitted. Next visit August 20.

Wm. Ehrengart, superintendent of the Puget Sound camp, was a business visitor in Seattle over the week-end.

Mrs. McGoon and daughter, Miss Leona, of Snohomish, have returned to the Puget Sound camp and are again employed in the cook house there.

—For sale, three beautiful lots in Central Concrete; all cleared with small fruit orchard; will sell cheap; some terms. See W. D. Crofoot.

Mrs. Charles L. Stewart and daughter Dorothy were visiting relatives and friends in Everett for several days the first of the week.

R. E. Williams, former postmaster here, came up from Bellingham Saturday for a visit with old friends in town.

—For sale, two improved lots, each 30x112 feet, in Garden addition, near Baker river; ideal home or garden tract; will sell cheap for $100 if taken at once; terms to reliable party. See or write Edward Janson, Rockport.

Mr. and Mrs. I. B. Evensen and children drove to Lake Samish Tuesday evening for a short visit at the Campfire Girls' camp.

Axel Foss motored to Birmingham beach Sunday and accumulated a nice case of sunburn.

Wm. Cooper and W. J. Peck motored to Seattle Monday for a short visit with friends.

E. W. Gallagher of Birdsview was a business visitor in town Tuesday.

Mr. and Mrs. H. L. Larsen and son drove to Lyman Monday to attend the funeral of Mrs. Larsen's mother, Mrs. P. W. Trueman, who died suddenly last week.

J. A. Plummer, a Sedro-Woolley painter, was looking after business interests in town Monday.

Mr. and Mrs. B. B. Pierce of Seattle were looking over the changes in the town and greeting old friends here for a few days the first of the week. Mr. Pierce is now superintendent of the Sun Portland Cement Co. which has a new plant near Baker, Oregon.

Lloyd Seabury, who has been taking medical treatments in Portland for several months, was able to return to his home in this city last Friday. He is gradually regaining his health, but it will be some time yet before he will be able to return to work.

—For Sale, five-room house and improved lot; large garage; modern plumbing throughout. For prices and terms see or write Mrs. Philip Gerarde.

George W. White, of the Superior Mercantile company, was taken ill last week and is now in the Minor hospital in Seattle, taking medical treatments. He is reported to be slowly improving, but it will likely be several weeks before he will be able to leave the hospital.

Mr. and Mrs. I. B. Gates and children, Mr. and Mrs. Carl Freeman and children, Mrs. G. L. Leonard and children and E. R. Boynton motored to Juniper beach Sunday to spend the day. All report an enjoyable outing.

—Concrete Lodge No. 1379, Loyal Order of Moose, meets in the I. O. O. F. Hall every Tuesday evening at 8 o'clock. Visiting brothers always are welcome.

Miss Cecelia O'Brien of the Concrete drug store force, was visiting friends in Seattle and on Bainbridge island for a few days the first of the week.

Mr. and Mrs. A. J. Jacobin of Hamilton were visiting relatives and old friends in town over the week-end. Mr. Jacobin has sold out his pool hall in Darrington and is now looking for a new location.

—For Sale, five-room house and two lots on Capitol Hill; modern plumbing and all needed improvements. For price and terms write Mrs. John Weibust, 711 23rd Ave. No., Seattle, Wash.

Miss Mary Mont, who has been employed as a barber in the Superior shop, left Monday for a visit with relatives and friends in Rochester, N. Y. She expects to be gone for about six weeks.

The young people of the Baptist church held an enjoyable social on the church lawn last Saturday evening. A short program was given, after which all played games. There was a good attendance and all had a good time.

Mr. and Mrs. J. F. Watson have moved to this city from Seattle and have taken up their residence in the Collins cottage in Crofoot's addition. Mr. Watson is employed at the Stone & Webster camp.

GRASMERE

Mrs. G. Phinney and children of Beverly Park are spending the week here as guests at the home of Mr. and Mrs. E. R. Ruby.

Mr. and Mrs. G. A. Olson were visiting with relatives and friends in Everett last week.

Miss Ruth Evans left last week for Grandy Lake to make an extended visit with her sister, Mrs. Elmer Smith.

Mr. and Mrs. J. W. Applegren are moving to Concrete this week, and Mr. and Mrs. Wolbert and children of Wisconsin are moving into the Lorenz house, which they have recently purchased.

Mr. and Mrs. J. Hornbeck and children have vacated their home in Grasmere and moved to Concrete the latter part of last week.

Mrs. Leonard R. Everett and children returned the first of the week from Seattle, where they have been visiting with relatives and friends.

A meeting of the Ladies' Auxiliary of the Grasmere Parent-Teacher association will be held at the home of Mrs. L. R. Everett on Tuesday afternoon, July 28. Do not forget the date.
