Be a boostor; bury the hammer. By united effort we can make Concrete one of the best towns in the county. Try it.

THE CONCRETE HERALD

The upper Skagit valley is the land of opportunity. Its resources are unlimited, but publicity and development are needed.

Formerly the Hamilton Herald, Established Nov. 23, 1901. Oldest Paper in the Upper Skagit

VOLUME XXIV | CONCRETE, SKAGIT COUNTY, WASHINGTON, THURSDAY, AUGUST 6, 1925 | NUMBER 35

COUNCIL DECIDES TO CALL FOR BIDS FOR NEW CITY HALL

BIDS WILL BE OPENED AT NEXT MEETING—VACATION ORDINANCE PASSED AND JULY BILLS ARE ALLOWED.

After spending considerable time in going over the city finances and trying to figure out whether there would be enough money available for the construction of the proposed municipal building, and still being in doubt whether funds were available to complete the structure, the council finally decided to call for bids for the building, and check up the funds before the bids are opened. If it is found that there is not enough money to finish the three rooms, the concrete walls and roof will be erected and the jail finished, and as much more as the funds will permit. However, it is hoped that the entire building can be finished this year.

The plans submitted by L. R. Everett, which were approved by the council, provides for a reinforced concrete building about 24x50 feet, to be erected at the east end of Main street. The new jail, which will house the tanks recently donated by the county, will be on the north end of the building, with the fire apparatus and equipment housed in the center, and the city hall proper at the other end.

In the absence of Mayor Nelson, Councilman Ireton presided as mayor pro tem, and with all councilmen present except McDonald. After the minutes and routine reports, the health and sanitation committee brot up a long discussion regarding the condition of the garbage dump and several unsanitary conditions about town. The street and alley committee was authorized to remedy matters at the dumping grounds, and the other matters were left to the attention of the health and sanitation committee, with instructions to call on the health officer and marshal for any assistance needed.

Ordinance No. 90, vacating a portion of the old county road in east Concrete was read second and third readings and passed, all councilmen voting aye.

Mr. Everett presented an oral application on behalf of Dr. F. J. Van Kirk for permission to build a corrugated iron woodshed in the rear of Bud Thompson's cafe. The permit was granted.

The preparation of the budget for 1925 was brought up, but it was decided to lay the matter over until the next meeting, as the final decision on the jail will affect the budget for next year.

The following bills were approved by the finance committee and ordered paid:

A. W. Hallock, team work, $12; Library, maintenance, $15; G. L. Leonard, salary and rent, $25; Baker River Power, Light and Water company, hydrant rental, $32.50; J. H. Cooper, night patrolman, $50; Wm. Majerus, do, $50; J. D. Owen, salary, $70; Lake side Western Lumber Co., lumber, etc., $77.35; J. J. McDougall, work on streets, $85; Puget Sound Power & Light Co., street lights for April, May and June, $319.65.

The jail proposition was then taken up and settled, after which the council adjourned.

GREEN'S SOCIAL DANCES ARE PROVING POPULAR

The second of a series of social dances at Green's Ice Cream parlors, was held Monday and the room was again filled to capacity by eager dancers. Barney's music is meeting with popular approval, and the floor is just right, except that it is too small for all to dance at once. A feature of the dances held is the floral decorations. These have been provided by the gardens of Mrs. Green and of Mrs. C. L. Wagner, and their profusion and beauty have been given many admiring comments. There have been many out of town people in attendance on both nights, Sedro-Woolley, Hamilton and Mt. Vernon being well represented at each dance.

Summer Follies

CONCRETE GIRL IS HURT IN AUTOMOBILE ACCIDENT

May Moore, about 14 years old, was seriously hurt last Friday evening when she was struck by an automobile driven by Walter Linne. The girl had been staying with Mr. and Mrs. Webster in the Crofoot & Boynton addition and had been over to the Cash and Carry store on an errand. On her return across the street, the Superior train was just crossing the street at the crossing at the I. O. O. F. hall, and she had crossed the railroad ahead of the train and was watching it when struck. Young Linne, with two other boys, were coming up the street from Superior and according to eye witnesses, he stepped on the gas to beat the train across the crossing, and was watching the engine and did not see the girl until he was upon her. May was struck about the hips by the radiator of the auto and hurled to the pavement, striking upon her face. Her face was badly cut and bruised, and she had bruises all over her body, but no bones were broken. She was rushed to Dr. Mertz for treatment and later taken to the Sedro-Woolley hospital. Latest reports are that she is out of danger and is recovering as rapidly as could be expected. The front of the car was badly damaged by the collision and that the girl was not instantly killed is considered miraculous. It is reported that Linne was arrested on a charge of reckless driving, but his trial has been postponed until the outcome of the girl's injuries has been ascertained. This is the fourth auto accident at this place on Main street within the past month or so, and at least three of them were due to careless driving.

ALTAR SOCIETY TO HOLD MEETING NEXT TUESDAY

The Altar Society of St. Catherine's Catholic church will hold a business meeting on Tuesday afternoon, August 11, at the residence of the vice-president, Mrs. J. V. Hay, starting at 2 o'clock. Included in the business to be taken up during the afternoon is the annual election of officers, the collection of annual dues, and the discussion of plans for fall work. All members are requested to attend.

LEAVES FOR BREMERTON

John Corrigan, who has been employed as speederman for the Puget Sound camp for several months, left Friday evening for Bremerton navy yard, where he will be employed as a buffer. John is an expert in this line. The boys at the camp greatly miss him, for he was one of the most accommodating men who ever pulled a throttle for the company. All wish him success in his new occupation.

SPECTACULAR DRAMA TO BE SHOWN IN CONCRETE

The big feature of the Concrete theater program for the coming week is the spectacular production of "Quo Vadis," which will be shown on Sunday and Monday nights. This is a drama of the days of ancient Rome at the time of Nero, and is adapted from the famous novel of the same name. It shows the revelries of that time, the burning of Rome, a great chariot race scene with 20 competitors and many other unusual scenes. There were over 20,000 people who took part in the production, with Emil Jannings the great German star, in the stellar role.

On Saturday night the attraction will be "East of Broadway," a drama of life on the New York police force that is full of thrills and action. The cast includes such well known stars as Owen Moore, Mary Carr, Ralph Lewis and Marguerite de la Motte.

On Tuesday and Wednesday nights Priscilla Dean is featured in "The Siren of Seville," a romance of Spain with several thrilling bull fighting scenes. This picture will please those who are looking for lots of action. On Thursday and Friday nights Emil Jannings, the star of "Quo Vadis," will be seen in "The Last Laugh." While this picture is not of the spectacular order, it is ranked by many critics as one of the best pictures of the past year. It is a story of every day life, with plenty of comedy, some pathos, and plenty of heart interest. It is an unusual picture and one that has drawn crowded houses wherever it has been shown.

STONE & WEBSTER GANG WINS FROM TOWN TEAM

In the regular weekly game between the Stone & Webster team and the town team, the S. & W. outfit managed to finish one run ahead of the regulars. The game was one of the most exciting of the series and the result was in doubt all the way, the final score being 9 to 8 for Stone & Webster. Lee Wiseman and Jake and Andy Lorentzen took turns at pitching for Concrete, Wiseman making the best showing. Norman Lowe pitched most of the game for Stone & Webster. The same teams will play again next Wednesday night

The Stone & Webster team is made up of former high school and college players, and with regular practice the team would be one that could hold its own with any amateur aggregation. The team is showing improvement each week. Last week it tied the town team, and this week won by a narrow margin. The members of the team say that the town regulars are going to be given a real trimming next Wednesday night.

FORMER MONTANA MAN IS VISITOR IN CONCRETE

J. J. "Bud" O'Malley, at one time a well known character in Butte, Montana, spent several days in Concrete last week. He left Monday for Seattle, from there he will go to Vancouver, B. C., and then to Portland, Ore., where he will rest up for a few days.

"Bud" O'Malley enlisted in the army from Butte, and was wounded in the arm by shrapnel during one of the drives against the Germans. He recovered and served throughout the war. Returning to the United States after the armistice was signed he spent some months in traveling about the country. He came to grief on the Columbia highway, when an automobile in which he and several others were riding, went over an embankment. O'Malley was picked up and taken to a hospital, where is was found that his left jaw was broken, left arm broken, ditto left leg, and right hip bone was splintered; in addition his back was broken in two places, and after spending several months in different hospitals, he was taken to Mayo brothers at Rochester, Minn., where the experts there fixed him up in silver wire and plates. He is badly crippled but gets along with the use of a cane and his O'Malley nerve. After recuperating in Portland he will make another trip to the Mayo brothers for another operation, which will make twelve he has gone through—and he still lives—O'Malley.

FOREST FIRE SITUATION IS STILL VERY SERIOUS

The forest fire situation in the upper Skagit valley has shown very little, if any, improvement during the past week, and conditions are still very menacing. The large fire between Rockport and Illabot creek is reported under control, and as there are about 50 men patrolling the fire lines, it is hoped that this fire can be held under control. This blaze spread over 700 acres of heavy timber, and for several days there were over 100 men fighting the fire. The fire was surrounded by a fire trail the first of the week and so far the fire has been kept inside the trail.

There is a fire of dangerous proportions in green timber on upper Bacon creek, and seven fires have been reported in the forest reserve, most of them in the Mt. Baker and Glacier territory. There is a bad fire on upper Phinney creek, southwest of Sauk, and other small fires have been reported in various parts of the district. So far there have been plenty of men available to hold the fires in check, but a strong wind is likely to bring any of them beyond control.

LOGGING RAILROAD ALONG BAKER RIVER IS CLOSED TUESDAY

TRAIN MAKES LAST RUN OVER ROAD MONDAY EVENING—A NEW TRACK TO CAMP IS NOW ALMOST COMPLETED.

The railroad up the Baker river canyon, used by the Superior company for hauling rock and clay, and the Puget Sound camp for hauling logs, was permanently closed at 6 o'clock Tuesday morning, when the rails and ties opposite the Stone & Webster dam were torn out and the right-of-way blasted away to clear the ground for pouring cement over the track in the construction of the dam. The Superior rock train made its last run over the old route Monday afternoon with a load of cement for the dam, and the final run over the railroad for its full length was made by the Puget Sound speeder on Monday night. The track on each side of the dam will be used for some time, the upper portion being used while the high bridge across the Baker is being wrecked and the track is being torn out, and the lower end will be used as far as the clay pit for a month or so until the new clay quarry east of the Baker is in operation.

The big dam is now nearing completion, and in a few days there will be solid concrete to a depth of 20 feet or more over the former railway track. The dam is over 40 feet above the railroad grade at the center of the dam, and is considerably above the track level on the east side. At the present rate of progess the dam will be entirely completed before the end of the month. The power house is also going up rapidly, and present indications are that the huge power plant will be in operation long before November 1, which was originally set as the date of completion.

The Superior company has already completed plans for the elimination of the railroad by the construction of its bucket tram line, which was placed in operation about a month ago. The Puget Sound Sawmills & Shingle company is building a new railroad from Van Horn to the camp, and this will be ready for use within a few weeks. The grading contract, which was in charge of Parker & Schram, has been fully completed and the track is now being laid. Nearly all the bridges along the new route have been finished, and as soon as the ties and rails are on the ground, the road will be quickly completed. There is a crew of almost 100 men working on this job now and it is expected that trains will be running over the new railroad in a few weeks. The camp, which has been closed down since last spring, is expected to resume operations soon after the new railroad is completed.

HARVEY VAN CLEAVE HAS FEET PAINFULLY BURNED

Harvey Van Cleave, son of Mr. and Mrs. Walter Van Cleave, of Crofoot's addition, had his feet severely burned last Friday when he stepped into a hole where a stump had been burned out on the A. M. Glitz place and landed with both feet in a mass of hot ashes and coals. He was basefooted at the time and was taking a short cut through the slashings. He was taken to Dr. Mertz for examination, where it was found that his burns were not serious, although hey were very painful.

BENEFIT BALL GAME FOR BOY SCOUTS ON MONDAY

A benefit baseball game for the camping fund of the Concrete Boy Scouts will be played on the east side grounds next Monday evening, starting at 6 o'clock, with the Scouts playing the Concrete Braves, a team now being lined up by Brown Wiseman. It is hoped that there will be a good crowd out to help the boys and to enjoy an interesting game.

EVERETT GOATS ARE QUICKLY TAMED BY CONCRETE PLAYERS

VISITORS ARE SHUT OUT BY A SCORE OF 16 TO 0—LEE WISEMAN'S WORK IN BOX IS FEATURE OF GAME.

The Great Northern Goats of Everett have beaten some good teams this season, and came here with quite a rep as ball players, but they failed to show any great knowledge of the game on the local diamond last Sunday. The Concrete gang "got their goat" in the first two innings, and the Goats were unable to butt their way into the score column at any time during the afternoon. Concrete put the game on ice by scoring nine runs in the first two innings, through heavy hitting and taking advantage of the visitor's errors. After that the Goats settled down and played pretty good baseball, but they were thoroughly tamed and were never dangerous. The score was 16 to 0, being the first shut-out game played on the local field this season.

The Concrete gang took the field with a patched up team, several of the regulars being away fighting fire, and with the regular pitcher failing to show up. Bolstad went in at short in place of Brown; Wiseman went behind the bat in place of Stafford, and Lee Wiseman, who had never pitched a game in his life, was tried out on the mound. All made good, the feature of the game being Wiseman's pitching. He showed a variety of curves and almost perfect control. The Goats are rated as a fair hitting team, but he held them to four hits, two real ones and two of the scratch variety. He had ten strikeouts to his credit, and only one walk. He has considerable to learn about the technique of pitching but he showed enough skill to justify regular practice for the position. For the Goats, Erickson, the catcher, was easily the star, playing almost the entire game for his team during the first few innings, and showing a deadly peg to bases, cathing three Concrete baserunners asleep in one inning.

The batteries—Everett Goats: Linden, Cole and Erickson; Concrete: L. Wiseman and Brown Wiseman.

The management of the Concrete team has decided not to schedule any regular game for next Sunday afternoon, to give the team and the fans a rest. Several of the regular players are with the firefighting forces in the upper valley, and the fans are not anxious to turn out during the smoky weather. Some good games are being lined up for the remainder of the season, and as the team is now playing real baseball, it is hoped that the attendance will improve.

BOY'S FALL FROM SWING RESULTS IN HIS DEATH

Little Adrian Vlist, whose right leg was broken in the hip when he fell from a swing on Sunday, July 26, passed away at the Sedro-Woolley hospital last Saturday evening as the result of his injury. The bone failed to knit and last Friday an operation was decided on to bind the ends of the broken bone together. The little lad apparently came through the operation nicely, but the shock was apparently too much for his strength, and Saturday he began to sink rapidly and passed away about 7 o'clock that evening.

Funeral services were held at the Presbyterian church in this city Tuesday afternoon with Rev. Hugh Armstrong in charge. Music was furnished by a local choir and four former playmates acted as pallbearers. The flowers contributed for the funeral were many and beautiful. After the services, burial was made in the Forest Park cemetery at Grasmere.

Adrian was the only son of Mr. and Mrs. Harry Vlist of this city and was born in Concrete on October 23, 1920. He was a likeable little lad and was a general favorite in his home neighborhood. His parents have the sympathy of the community in their bereavement.

ORDINANCE NO. 90

AN ORDINANCE vacating all that part and portion of the old county road known as the Cape Horn and Baker River Road No. CXXIV. lying East of the Baker river in the Town of Concrete and hereafter more particularly described.

WHEREAS, the Puget Sound Power & Light Company heretofore filed its petition with the Clerk of the Town of Concrete praying that that portion of the old County Road lying East of the Baker River and hereafter fully described be vacated, and

WHEREAS, after the filing of said Petition as aforesaid a resolution was duly passed by the Council of the Town of Concrete and signed by the Mayor fixing a time and place for the hearing of said petition and directing notice to be given of the time and place so fixed in said Resolution for such hearing, and

WHEREAS, due and legal notice has been given of said hearing, and

WHEREAS, The Town Council has determined to grant the prayer of said petition and vacate said street, Therefore,

BE IT ORDAINED BY THE COUNCIL OF THE TOWN OF CONCRETE:

Section 1. That all that portion of the old county road lying East of Baker River in the Town of Concrete, Skagit County, State of Washington, and described as follows, to-wit:

All that portion of the old county road known on the official records of Skagit County, Washington, as the "Cape Horn and Baker River Road No. CXXIV" lying east of the Baker River and lying between the said Baker River and the new county highway known as the East Side Boulevard which county road or street desired to be vacated is described as follows:

Beginning at the point of intersection of the East line of Section 10, Township 35 North, Range 8 East and the center line of Limestone Street in the Town of Concrete, Skagit County, Washington, then extending North easterly across the Baker River to its intersection with the present county highway known as the East side Boulevard, be and the same is hereby vacated and the said street hereby vacated shall belong to the abutting property owners or owner.

Section 2. That this ordinance shall take effect and be in force from and after its passage and publication.

Passed by the Town Council this 3rd day of August, 1925.

Approved this 3rd day of August, 1925.

R. IRETON, Mayor Pro Tem.
Attest: G. L. LEONARD, Clerk.

CALL FOR BIDS

Sealed bids will be received by the undersigned up to 6 o'clock p. m. on Monday, August 17, 1925, for the erection of a reinforced concrete municipal building for the Town of Concrete, according to plans and specifications on file in the office of the town clerk; cement, sand, gravel, lumber and windows to be furnished by the city. Plans are open to inspection at any time during office hours.

Each bid must be accompanied by a certified check payable to the Town Treasurer, Town of Concrete, in the amount of 5% of the amount of bid, and must be sealed in an envelope and marked "Bid for Erection of Municipal Building," and filed with the town clerk within the time specified. Checks of unsuccessful bidders will be immediately returned.

The Town Council reserves the right to reject any and all bids.

By order of the Town Council.

Aug. 6-13 G. L. LEONARD,
Town Clerk.

TRAINING FOR GUARANTEED JOB

If you are over 21 and now employed.

If you can furnish two character references.

If you will devote at least six hours per week to home study with practical work.

Welts, her Attorney of record at his office in the Stevenson Building, Mount Vernon, Washington, that being the place of business of said estate and to file the same with the Clerk of this Court, together with proof of such service within six months after the date of the first publication of this notice, exclusive of the date of said first publication or the same will be barred.

FREDEREKA WOLFE, Executrix
R. V. Welts, Stevenson Building, Mt. Vernon, Washington, Attorney for said Estate. Aug. 6-20

PERMANENT ROADS ARE A GOOD INVESTMENT —NOT AN EXPENSE

NOW IS THE IDEAL TIME TO BUILD MORE PAVED HIGH-WAYS

There is not a single community in the United States that does not need a greater mileage of permanently paved roads.

16,000,000 motor vehicles are now using our highways for business and pleasure. They are packing the paved roads in already congested areas, as well as over-running regions until recently considered remote. And they are pounding to pieces all but permanent roads.

Even though a number states have made good progress in building Concrete Roads, their present permanently improved mileage is entirely inadequate, as every motorist knows.

Meantime, while the building of permanent highways lags, the production of motor vehicles is increasing the present total at the rate of 4,000,000 a year!

Sooner or later this gap must be closed. Why wait?

Not in a long time have general conditions been so favorable for carrying on such public works as permanent highway building, thus assuring tax-payers more for their money.

Now is the ideal time to extend both street and road programs!

CARD OF THANKS

We wish in this way to thank our many friends and neighbors for the kindness, sympathy and assistance extended to us following the injury and death of our little son, Adrian; also for the many beautiful floral offerings contributed for the funeral. The thoughtfulness of our friends has helped much to lighten our burden of sorrow.

MR. AND MRS. HARRY VLIST.

At night after the evening meal is the "Wright hour". Then read aloud to the family

Harold Bell Wright's

latest and best story, "A Son of His Father". Several hundred thousand families are doing this within a week after publication. Be one of them. $2.00 a copy at all booksellers. D. Appleton & Company, Publishers, 35 West 32nd Street, New York.

Clyde Ridgeway, chef at the Puget Sound camp, paid a visit to this city Tuesday evening and took in the big picture show. He was accompanied by several young ladies but we have been unable to learn their names.

Third Sunday, Mass at 11 a. m.

MOUNT BAKER PRESBYTERIAN
Rev. Hugh Armstrong, Pastor
Services held every Sunday.
Sunday school at 10 o'clock.
Evening service at 7:30 o'clock.
Ladies' Auxiliary meets on first and third Thursdays of each month.
All are cordially invited to attend these services. Strangers in town always welcome.

NOTICE!

The Concrete Department Store was taken over by a corporation of the same name last week and is now under new management. All bills owing to the store prior to the date of incorporation are payable to the undersigned, as the book accounts were not turned over to the new firm.

As I am anxious to get my business affairs here closed up to take up outside work, I would like to have these accounts paid as soon as possible. If all persons indebted to the Concrete Department Store will come in and pay up their accounts within the next few weeks, it will be greatly appreciated. MAX DAVIS.
