Be a booster; bury the hammer. By united effort we can make Concrete one of the best towns in the county. Try it.

# THE CONCRETE HERALD

The upper Skagit valley is the land of opportunity. Its resources are unlimited, but publicity and development are needed.

Formerly the Hamilton Herald, Established Nov. 23, 1901. Oldest Paper in the Upper Skagit

VOLUME XXIV | CONCRETE, SKAGIT COUNTY, WASHINGTON, THURSDAY, SEPTEMBER 24, 1925 | NUMBER 42

## CONTRACT LET FOR CITY HALL BUILDING ON MONDAY NIGHT

**"SCOTTY" PAKE OFFERS TO ERECT HALL FOR $2,400 AND BID IS ACCEPTED—WORK TO BE STARTED AT ONCE.**

The main feature of the council meeting last Monday night was the opening of bids for the construction of the new city hall, and contrary to general expectations a bid was accepted and the hall will be built this year. There were four bids filed, as follows: Leonard R. Everett, $3485.85; Chas. L. Stewart, $3,339.84; H. E. Wilder, $2,900; James Pake, $2,400. On motion of Mr. McDonald, seconded by Mr. Gardinier, the bid of James Pake was accepted and he was awarded the contract, conditioned on his filing of a proper bond within ten days. The certified checks of Everett and Stewart were ordered returned, and the check of H. E. Wilder will be retained until the bond is filed and contract signed up. It is expected that Mr. Pake will file his bond before the end of the week, and he agrees to have the building completed within 30 days after he starts work. He is ready to start work as soon as the preliminary details are out of the way, so it is likely that the building will be ready about November 1.

A special committee, to be known as the building committee, was named to have charge of the construction and equipment of the new building. Councilman McGovern will be chairman, with Ritchie and Ireton as his assistants. This committee will name the inspector and have full charge of all details connected with with the construction work.

The meeting was called to order at the usual hour by Mayor Nelson, and roll call showed all councilmen present except McGovern, and he dropped in shortly afterwards. The minutes were read and approved, and some of the committees made short routine reports.

It was reported that the Puget Sound Power & Light company had a permit from the county for its railroad under the Baker river bridge, and that the company desired a similar permit from the town. As the road was already in use, and there being no reason why the permit should not be granted, the mayor and clerk were authorized to draft and sign a permit to cross under the bridge identical with the one granted by the county.

Fire hydrants in front of the new Everett building on Baker street, and in front of the Phillips & Maney garage, were ordered moved to the street corners, and a telephone pole on C street was ordered moved off the sidewalk line.

The city hall proposition was then brought up and settled, after which some time was spent in discussing needed street improvements, with the street committee authorized to look afer any repairs that needed attention. The council then adjourned until October 5.

## HAMILTON-CONCRETE ROAD IS NOW BEING IMPROVED

The highway between Concrete and Hamilton, which has been severely criticized during the past few months, is now being improved and is rapidly being put into good condition. The road between this city and the rock cut is said to be in fine shape just now, the Pressentin hill being about as good as at any time since the road was built. The road crews are now working on the rock cut hill and between the cut and Birdsview, and every day is showing a big improvement. If the present rate of progress continues, the road will be in excellent condition by the time the rainy season starts. Commissioner Clark and Supervisor Davis are to be commended for the work that has already been done, and it is hoped that they will not stop until the entire road has been given an overhauling.

## PRESBYTERIAN PASTOR TENDERS RESIGNATION

Rev. Hugh Armstrong, pastor of the Presbyterian church in this city, surprised his congregation last Sunday evening by tendering his resignation from the pastorate, to take effect on September 30. Rev. Mr. Armstrong will preach his farewell sermon to the local congregation next Sunday, and in the near future will leave for Vashon island, where he will serve as pastor of the Presbyterian church at Vashon. He will preach his first sermon there on October 4. His sermon next Sunday completes his 17th year in the ministry, as he preached his first sermon on the first Sunday in October, 1908.

Mr. Armstrong has served the local field for almost seven years. He came to Concrete on April 26, 1919, and preached his first sermon at the Mt. Baker Presbyterian church on the following day. During the years of his ministry here, this church has prospered in all departments. The Sunday school now has the largest attendance in its history; attendance at church services is uniformly good, and the church property is in an excellent condition. About a year ago a new manse was completed and is a credit to the community. About four years ago Mr. Armstrong organized the first patrol of Boy Scouts in the city, and has served as scoutmaster since that time, and has had as high as 34 boys under his care in this work.

Rev. and Mrs. Armstrong have made many warm friends in Concrete and the upper Skagti valley during their residence here, and there is general regret that they are leaving the city. However, all join in wishing them success and prosperity in their new field.

## LADIES' AUXILIARY WILL MEET NEXT THURSDAY

The Ladies' Auxiliary of the Presbyterian church will hold its next regular meeting Thursday afternoon, October 1, at the church parlors. The plans will be made for fall work and several important business matters are to come up for consideration, so all members are urged to turn out. A luncheon will be served after the close of the business session.

## ALTAR SOCIETY TO GIVE CARD PARTY NEXT MONDAY

The Altar Society of the Concrete Catholic church will entertain with a card party at the I. O. O. F. hall next Monday evening. The evening will close with a fine supper served by the ladies of the Society.

## VAN HORN FARMER LOSES ENTIRE CROP OF PRUNES

A week ago Lars Moen, who has a fine farm at Van Horn, had a splendid crop of prunes that was just about ready for picking. Wednesday he went to pick some of them to fill some orders and found that he did not have a lard pail full left. His orchard is located about a half mile from the house and is out of sight from the main farm, and some time during the past week some miscreant had visited the orchard and stripped every prune tree. Indications are that the visitors had camped in the orchard over night and had taken plenty of time for picking the ton or more of prunes on the place, and had taken them away in a boat on the Skagit. It is believed that some moonshiner in the upper valley carried away the prunes and that they are now being used for mash. Mr. Moen is doing some sleuthing, and if he locates the thieves, they are likely to find that they have secured some expensive prunes.

## CONCRETE MAN MARRIED TO GIRL FROM EVERETT

Kenneth Blackburn, who is employed as an electrician with the Stone & Webster company here, was united in marriage yesterday in Mt. Vernon to Miss Olga Dahl, a charming young lady from Everett. They were accompanied by Mr. and Mrs. H. B. Blackburn of this city. The newly wedded people returned to Concrete yesterday evening and will make their home here until the construction job is finished.

## BAPTIST LADIES TO HOLD MEETING NEXT TUESDAY

The next regular meeting of the Ladies' Aid of the Baptist church will be held at the church on Tuesday afternoon, September 29. The usual business session will come first, after which will be a social meeting, during which refreshments will be served. All members are urged to attend.

### HAMILTON MAN HELD

A. B. Taylor, 83 years old and an old resident of the Hamilton neighborhood, was arested last Friday on a charge of assault and has been bound over for trial before the superior court. Taylor is charged with attempting to shoot James Pape with a shotgun during a quarrel over some timber. Taylor has been ferryman at Hamilton for the past few years.

## CONCERT COMPANY COMES TO THEATER SATURDAY

The Concrete theater offers a special attraction Saturday evening when the Hollinger trio will be here for a concert of instrumental selections, including both classical and popular numbers. This trio consists of three Seattle high school girls, residents of the Queen Anne district, who have played together for years and who have recently proved highly popular as a radio feature. There are three sisters, Edith, who plays the 'cello; Helen, who is a violinist, and Dorothy, a pianist. In addition to the concert a splendid picture will be shown, George Beban, one of the greatest character actors, being featured in "The Greatest Love of All," a human interest drama of New York's East Side. This ranks as about the best picture Beban has ever made.

Sunday and Monday nights the attraction will be the Maurice Tourneur production, "The White Moth," a story of the French stage life with plenty of thrills and some wonderful theatrical scores. There is a big cast headed by Barbara LaMarr and Conway Tearle.

Tuesday and Wednesday nights Bryant Washburn returns in "Try and Get It," a comedy-drama of rural life that was made for laughing purposes only. It is a rapid-fire picture with something doing every minute, and the plot is good enough to hold the attention to the last scene. Thursday and Friday nights comes another comedy, Reginald Denny in "California Straight Ahead." There are many unusual stunts in this photoplay, and it ends up with a whirlwind auto race. Denny's pictures have always proved popular here, and this one will add to his reputation.

## WILL HOLD CAR SALE AT NEW EVERETT BUILDING

Dale Tresner of Sedro-Woolley has rented Leonard Everett's new building on Baker street and is going to pull off a ten days' sale of used automobiles, the sale to start next Monday. Mr. Tresner is bringing a flock of second-hand cars to this city and figures that he has placed the price low enough to dispose of the entire lot to residents of Concrete and the upper valley.

### NO DANCE FRIDAY

Owing to an unexpected difficulty in securing an orchestra, the regular Moose dance for tomorrow night has been cancelled. The series of dances will be resumed the following Friday, October 4, when the Davis orchestra will play.

## HUNTING SEASON TO START ON THURSDAY IN SKAGIT COUNTY

**ONLY FIVE DAYS THIS YEAR FOR UPLAND BIRDS—FIFTEEN DAYS ALLOWED TO KILL ONE BUCK DEER.**

The annual hunting season, which is growing gradually shorter year by year, will start next Thursday, October 1, and local sportsmen are already making plans for the opening date. Each hunter is allowed one buck deer for the season, and there are a number of parties who are going to start out on Wednesday afternoon in an effort to get their limit on the opening day. The open season on deer closes at midnight on October 14, and it is not anticipated that there will be any great mortality among the deer during the fifteen days that hunting is allowed.

On upland birds the season has been shortened to five days, from October 1 to 5, both inclusive, with the season closed entirely on quail and native pheasants. The bag limit is two Chinese pheasants or two blue grouse a day, or a mixed bag of "chinks" and blue grouse of three birds a day. The limit on Hungarian partridges is five birds a day, or a total mixed day of eight birds, of which the combined total of Chinese pheasants and blue grouse shall not be more than three.

Bear hunters have the whole month, from October 1 to October 31, in which to kill the limit of one bear. On elk, moose, caribou and mountain goat the entire state is closed indefinitely. The killing of wild pigeons is also prohibited during the entire year.

The season on waterfowl, of which there are very few in this end of the county, opens on October 1 and ends on January 15. The limit on wild geese is eight in one day or a total of 30 in any one week. On wild ducks, plover or snipe, the limit is 20 in one day or 30 in one week, the week to be considered as starting at midnight on Saturday night.

One of the first requisites on starting on a hunting or fishing trip is a license, which will cost $1.50 for the county and $7.50 for the state. If the game warden catches you hunting or fishing without the license it will cost you many times this amount. The law also says that you must take your license along on your trip if you wish to stay out of trouble. Aliens must secure a permit to carry firearms as well as a hunting license before starting on a hunting trip.

## FOOT COMFORT EXPERT WILL BE HERE THURSDAY

An expert on the care and cure of every form of foot trouble will be at the Eagle Shoe store next Thursday, October 1, to give a free demonstration of foot comfort methods. He represents the Dr. Scholl line of foot comfort appliances, and he wants every person suffering from foot trouble to call and find out what can be done to alleviate the trouble. He will tell you the true condition of your feet and tell you what causes the aches and pains. There is no charge for this service, and no one is under any obligation to buy anything.

## BANDSTAND IS TORN DOWN TO MAKE ROOM FOR HALL

The old bandstand, which has been located on the east end of Main street for the past few years, is no more. The bandstand occupied the ground to be used as a site for the new city hall and had to give way. It was at first planned to move it to some other location, but it was found that the foundations had rotted and that it could not be moved, so it was decided to tear it down. The work was started Tuesday morning and the last of the lumber is now being removed.

## CONCRETE SCHOOL LOSES FIRST GAME TO SEDRO-WOOLLEY

**BOYS PUT UP HARD FIGHT AGAINST LARGER SCHOOL—FINAL SCORE IS 33 TO 6 IN FAVOR OF VISITORS.**

The Concrete high school football team played its opening game of the season last Saturday afternoon, and while the boys lost the game, they made a better showing than was expected. The game was scheduled with the Sedro-Woolley second team, there were enough Sedro-Woolley players on hand to make three teams, including a number from the first team, while Coach Wiseman had only three substitutes, and they were all green men. The Sedro-Woolley team had a week more of practice and also outweighed the local boys, so the Concrete boys were not considered as having an outside chance to win, and the score is entirely satisfactory to the team and to the coach, as they really expected to lose by a wider margin.

The Concrete boys started the game with some "stage fright" and lost the ball several times on fumbles in the first quarter, the result being two touchdowns for the visitors, the quarter ending with the score 14 to 0 in favor of Sedro-Woolley. In the second quarter the local boys held and outplayed the down river lads, Concrete scoring 6 points on a long run by Victor Hawkings and the visitors not being able to tally, the score at the end of the half being 14 to 6. At the start of the second half the Sedro-Woolley team ran in a number of fresh men, and they scored three touchdowns during this quarter, but in the final quarter the Concrete boys, although tired out, held the heavy Sedro-Woolley line even, and no scoring was done in this quarter, the game ending with the visitors ahead, 33 to 6. The Concrete boys started an aerial attack in the last few minutes of play that brought the ball down the field about 60 yards, but the whistle blew before the goal was reached.

The Concrete team plays a return game with Sedro-Woolley at Sedro-Woolley next Saturday, and the following Saturday, October 3, will play Blaine here. They also have two games, home and home, scheduled with Mount Vernon and Hamilton, for the remainder of the season, and have three open dates during the season.

## YOUNG PEOPLES' UNION WAS ORGANIZED SUNDAY

A Baptist Young Peoples' Union was organized by the young folks of the city at an interesting meeting held at the Baptist church Sunday evening. There was a good attendance, and all were in favor of forming the union. Organization was perfected by the election of officers, adoption of a constitution and by-laws and the naming of standing committees. The officers named were: President, Miss Hazel Norval; vice president, Miss Bessie Keli; secretary-treasurer, Miss Lillian Carlson. The society will meet every Sunday evening at the Baptist church.

## GRADE FOOTBALL TEAM DEFEATS VAN HORN BOYS

The boys of the Concrete grade school met the Van Horn school boys in an exciting football game yesterday afternoon, and after the smoke of battle had cleared away it was found that the Concrete boys were leading by the narrow margin of one point, the score being 19-18. Each team made three touchdowns, but the local lads managed to convert one try for point out of three attempts while Van Horn failed on all three. The teams were well matched and the game was close all the way. It is likely that the teams will meet again before the season is over.

## ROCKPORT

J. M. Thompson was fatally injured Monday afternoon when a log rolled over him while he was working for the Erickson & Fuhrman Logging company at Marblemount. He was taken to Rockport and Dr. E. F. Mertz was called from Concrete. It was found that he had been injured internally, and he died that evening. Little is known about Mr. Thompson here. He came here from Aloha, Wash., a short time ago, and his body was sent there for burial.

Thomas Thompson of Marblemount was transacting business and greeting old friends here Tuesday.

Epp Shular and Neil McLeod left Monday for a short business visit in Seattle.

Ray Cronkhite of Yakima is spending a few days as a guest at the home of Mr. and Mrs. E. W. Cronkhite.

Hubert McLean left Wednesday for a few days' business visit in Seattle.

Neil McLeod drove to Concrete Wednesday for a short business visit.

Bernard Porter, little son of Mr. and Mrs. William Porter, who broke his leg a few weeks ago, has recovered sufficiently to leave the hospital and is now at his home here.

Walter Rhode was transacting business and greeting old friends in Sedro-Woolley Thursday.

Jerry Hanby was visiting with old friends in Sauk Thursday.

Duncan McKay of Big Lake, county fire warden, was looking after business matters in town Wednesday.

Carl Olson was in Concrete for a short business visit Wednesday.

Ed Cronkhite, bookkeeper for the Jennings & Nestos Logging company, left Wednesday for a short business visit in Concrete.

Mrs. Harry Swettenam of Hamilton is spending a few days with relatives and friends in town.

Mrs. M. M. Rose left Thursday for a few days' visit with friends in Seattle.

Miss Ebba Natterlund of Concrete spent the week-end here as a guest at the home of Miss Bessie Stafford.

Gid Clark, county commissioner, and "Shorty" Davis, road supervisor, were looking over road conditions in this end of the county last Saturday.

Earl Olson and Earl Jarvis of Mount Vernon were fishing in the streams in this vicinity for a few days the first of the week.

Mr. and Mrs. Jack Snyder of Bellingham were visiting with relatives and old friends here over the week-end.

Miss Stewart and Miss Gilbert, teachers in the Mount Vernon schools, spent the week-end here as guests at the home of Mrs. Ira Jewett.

Miss Iola Barrett has returned from Sedro-Woolley, where she has been nursing her brother William, who has been seriously ill for several weeks, and will rest up for a few weeks. Mr. Barrett is much improved and expects to return home soon.

E. Heaton of Bellingham was visiting relatives here for a few days the first of the week.

### LOCAL ITEMS

Miss Anna Johnson, who has been taking medical treatment in a Seattle hospital for the past few weeks, returned to her home here Saturday.

Mrs. E. J. O'Brien, who has been ill in the Burlington hospital for some weeks, returned to her home in town the first of the week. She is considerably improved in health, but is still pretty weak.

Miss Rosamond Good, who has been seriously ill with pneumonia for the past week, is reported to be slowly improving.

Miss Frances Bailey, who has been employed as waitress in the Concrete cafe for the past few months, left Monday for her home in Oregon.

Mr. and Mrs. E. L. Bolton and Mrs. F. H. Roller hiked to the Puget Sound camp Sunday. They had all the walking they wanted, but report an enjoyable trip.

C. A. Bloom, a farmer from Birdsview, was transacting business here Monday.

## *Bring Home the Game*

The hunting season will be open in a few weeks, and now is the time to prepare for your hunting trips.

For asuccessful hunt, whether for birds or for big game, the first essential is a good gun and plenty of good ammunition. We can fit you out.

### Guns

We carry a nice assortment of rifles and shotguns, in all the popular calibers, and suitable for the game you are going after.

### *Ammunition*

For shotguns, rifles and revolvers in nearly every size and either light or heavy loads. We have one of the best brands of ammunition on the market and the kind that gets results.

See us about Fishing Tackle and Sporting Goods of any kind.
