VOLUME XXIV | CONCRETE, SKAGIT COUNTY, WASHINGTON, THURSDAY, NOVEMBER 19, 1925. | NUMBER 50

LOCAL SCHOOL TEAM LOSES TO HAMILTON IN FOOTBALL GAME

GAME IS CLOSE AND EXCITING FOR FIRST THREE QUARTERS —SAME TEAMS WILL MEET THANKSGIVING DAY.

The contest between the Hamilton and Concrete high school football teams, played on the local grounds last Friday afternoon, was probably the most interesting football game ever played in the city. The teams were well matched and for the first three quarters the teams were on an even basis and the final result in doubt. Hamilton made victory sure in the last quarter, but even then there were many who claimed that Concrete had the better team.

At the start of the game it looked as if Concrete would have an easy time and would run up a big score, for Gates went over for a touchdown in the first few minutes of play. Concrete then kicked off and held Hamilton for downs and were in a good position to score another touchdown when Ollie Cooper, the star of the Hamilton team, intercepted a forward pass and ran over 60 yards for a touchdown, making the score six apiece. Concrete then went out and bucked the line for another touchdown, and again failed on the try for point. In the closing minutes of the first quarter Cooper intercepted another pass and while he did not get over the line he brought the ball so close that Hamilton went over on two short line plays. Hamilton converted the point, making the score at the quarter 13 to 12 in favor of Hamilton. In the second and third quarters there was no scoring, but Concrete was in a position to score several times, but was unable to put the ball over. In the final quarter, with darkness beginning to fall, Hamilton scored twice, both touchdowns being made on long forward passes from Cooper to Hovey. Cooper was the bright star of the Hamilton aggregation, and Mathany made the best showing for Concrete, but he was ably assisted by the entire Concrete team.

The same teams will meet again on Thanksgiving day on the Hamilton field. It promises to be a real game, and Concrete stands an excellent chance to win. The game scheduled with the Mount Vernon team for this week has been called off, so the only remaining game for the team is the holiday contest at Hamilton.

FAREWELL PARTY GIVEN FOR MR. AND. MRS. BROWN

Mr. and Mrs. W. F. Brown, who have been making their home here since the Stone & Webster construction work first started, were honor guests at a delightful farewell party given at the home of Mr. and Mrs. G. P. Jessup last Sunday evening. The evening was spent in the enjoyment of music, games and social conversation. Mr. and Mrs. Brown left Monday for their former home in Yarmouth, Me.

Mr. Brown, who has been assistant superintendent of construction on the work here, was given a pleasant surprise at the camp last Friday when all his foremen called on him and made him a present of a fine Howard watch. Mr. Brown highly appreciated the gift from his men, but was too surprised to make any extended speech of acceptance.

RECORD CROWD ATTENDS REBEKAH CARD PARTY

The card party given by the Concrete Rebekahs last Friday evening was attended by a crowd that filled the Odd Fellows' hall to capacity, and at times there were some who were unable to get in. During the first of the evening there were 33 tables in play,, and later, after dancing started, there were many more who came in. The Rebekahs sold 230 tickets during the evening, and every person who was there reported a fine time.

Thanksgiving

TOWN BASKETBALL TEAM WINS TWO DURING WEEK

The recently organzed Concrete basketball team opened its season at Edison last Saturday night in a game with the Edison town team, and started off right by winning an easy victory, the final score being 39 to 23. The Edison boys held the local players to an even score for the first half, but in the second half the Concrete five found the range and piled up a big lead.

On Monday night Concrete team played the Van Horn team at the high school gym here, and continued its winning streak by taking the big end of a 38-15 score. The game was fast and exciting and the Concrete gang had to work hard to win. Lyle Schoeneman showed some fine basket shooting, scoring over half the points made by the local five. As a curtain raiser the Van Horn and Concrete girls mixed in a fast contest, the up-river girls wining, 41 to 29, with Myrtle Wiseman making nearly all the points for the winners.

Tomorrow night the Concrete team goes to LaConner for a game with the town team there, and although LaConner boasts a fast team, the boys expect to bring home the bacon.

SPLENDID PICTURES ARE ON PROGRAM NEXT WEEK

The Concrete theater program for the coming week offers a wide variety of entertainment, some splendid features being on the list. On Saturday night the attraction will be "$20 a Week," a strong drama of industrial life with an interesting plot and plenty of action. The cast is headed by George Arliss, Taylor Holmes and Edith Roberts.

On Sunday and Monday nights Corrinne Griffith and Milton Sills are featured in "Single Wives," a story of married life that deals with the condition that confronts many wives when the husbands are required to devote practically their whole time to business affairs. This is a picture that is well worth seeing.

On Tuesday and Wednesday nights Evelyn Brent heads an all star cast in "Midnight Molly," a crook story that has an unusual plot and a lot of thrills. The story is one that holds the interest and that will keep the theater patrons guessing until the final scene.

On Thursday and Friday nights Art Acord will be seen in "The Call of Courage," an exciting drama of the western cattle ranges that is certain to please those who want excitement and a lot of action. There is plenty of hard riding and hard fighting mixed in with a pleasing love story.

FOXES ARE RECEIVED FOR VOGLER LAKE FUR FARM

A shipment of three pairs of foxes for the fur farm at Vogler lake, was received here the first of the week and the foxes were taken out to the lake yesterday morning. The shipment consists of four silver foxes and two blue foxes. The silvers are of the famous Prince Edward Island stock and the blue foxes were shipped here direct from Alaska. The animals are valued at about $1,000 each.

The fur farm, which is owned by John Gailey, Robert Oliver and Carl Monrad, is rapidly developing into a real industry. The owners are now raising foxes, Chinchilla rabbits, marten and mink, and have also stocked the lake with a shipment of trout. There is now about $20,000 invested in the farm, and as there is always a good market for furs of all kinds, the owners expect to realize a nice profit on their investment when they stop buying and start selling.

GEORGE ROSS KEPT BUSY WITH REAL ESTATE DEALS

George W. Ross has been keeping rather busy this week in buying and selling real estate. He started out by buying a tract of improved land in Garden addition, near the Baker river, from Skagit county as an investment.

His next deal was the sale of his building on Baker street, occupied by Mason's tailor shop and the American Transfer Office, to C. M. Mason. Mr. Mason, who has been in the tailoring business here for the past year, has built up a fine business and having decided that Concrete was a good town in which to invest his money, he thought he might as well own the building in which his business was located, so made the deal with Mr. Ross. The deal includes the building and a tract of ground, 20 x 75 feet.

Then to round out the week, Mr. Ross closed a deal with Albert K. Lisherness for the lot adjoining the bank building on the west. This was purchased as an investment, but Mr. Ross is already considering putting up a building on the property.

LOCAL ITEMS

Lee Henry and Bud Bedont were among the performers at the smoker in Sedro-Woolley. Reports are that Bedont won his match, but that Henry lost the decision to his opponent.

Mr. and Mrs. John P. Olson drove up from Brdsview Monday for a short business visit in the city.

Olof Karlssen, of Van Horn, was visiting friends and transacting business in town Saturday.

Miss Jean Anderson spent Sunday wth relatives and friends in Sedro-Woolley.

PLANS FOR COMMUNITY CHRISTMAS TREE MADE

That Concrete will have a comunity Christmas tree and entertainment this year was made certain last Thursday night, when a second meeting of the representatives of the various organizations of the city was held in the I. O. O. F. hall. Practically all fraternal and religious bodies of the city were represented and the sentiment was unanimous for going ahead with the plans for the community tree. A Finance committee consisting of Mrs. R. R. Nestos, E. L. Bolton and Hazen Willett, was named to handle the financial end of the entertainment.

It was estimated that it would require abou $400 to handle the affair properly, each organization to contribute what it can towards the fund. The Eagles are giving a masquerade dance November 27, the proceeds of which will go into a fund; a benefit show will be given at the Concrete theater on December 9, for the tree, and various of the fraternal orders are planning on card parties and other entertainments to help raise the amount needed. It is expected that the money needed will be raised within the next few weeks.

BAPTIST LADIES' AID TO HOLD BAZAAR SATURDAY

The Ladies' Aid of the Baptist church will hold a bazaar and food sale at the church on next Saturday afternoon, November 21. The usual assortment of hand made sewing and fancy work of al kinds will be offered for sale. As nearly all these articles are suitable for Christmas gifts, and all are for practical use, it is expected they will be quickly sold. There will also be a fine display of home cooked foods and candy. Light refreshments will be served during the afternoon.

NOMINATING CAUCUS TO BE HELD NOVEMBER 30

In response to various inquiries Mayor Ole Nelson has announced that he will call a caucus for Monday evening, November 30, for the purpose of nominating a ticket for the municipal election of December 8. As there is much interest in the coming election, it is expected there will be a record attendance at the caucus, and in order to acommodate the crowd the caucus will be held in the Legion hall. It is practically certain that at least two caucuses will be held this year, but if the usual custom prevails, the one called by the mayor will be the first one held.

FIRST POWER FROM BAKER RIVER PLANT TURNED OUT TODAY

ONE UNIT IS NOW IN ACTUAL OPERATION AND SECOND WILL BE STARTED EARLY NEXT WEEK—DAM ALMOST FULL.

The first electric power generated at the Baker river plant of the Puget Sound Power & Light company was carried over the transmission lines from the plant to the substation at Sedro-Woolley today. Unit No. 1 is now in actual operation and is working as smoothly as an old and tested machine. It is generating 14,000 horsepower of electricity, and after this goes through the transformers at the plant here, 110,000 volts are sent over the wires to Sedro-Woolley. When Unit No. 2 was started it was found that some small adjustments were needed, and it is expected that these will be made and this unit placed in operation early next week. Unless unforeseen troubles develop the plant will hereafter be in continuous operation,, and power troubles of the company in this section of the state will be a thing of the past.

The water n Lake Shannon reached the intake of the tunnel last Saturday and then the water was turned into the tunnel and the machinery turned over for the first time Sunday afternoon. The first few days of the week were spent in making final adjustments and it was not until today that everything was ready to start manufacturing power.

The water in the dam is still steadily rising and it is now within about 35 feet of the top. The water is now spreading over such a large area that it only rises a few inches a day, even though the heavy rains of the past week have raised the water in the river. With the plant in operation and using the water, the dam will fill more slowly and it is not likely that the water will flow over the top for some months, unless there is a real flood in the river.

Although the plant is finally in operation, it does not mean that the Stone & Webster construction work is finished. There are still several hundred men on the job, finishing up odd jobs, tearing down construction buildings, housing, packing machinery, and clearing up the rubbish left during the time of construction. The crews are being gradually reduced and in a short time there wil only be a small crew here as compared with the maximum of 1300 men a few months ago.

ALTAR SOCIETY TO GIVE TREE FUND CARD PARTY

The Altar society of the Catholic church will give a card party in the I. O. Q. F. hall next Monday night. the entire proceeds to go to the Community Christmas tree fund. Progressive whist will be played from 8 to 10, and then the balance of the evening will be spent in dancing, and in enjoying the fine supper served by the ladies. Another record crowd is expected.

CONCRETE EAGLES WILL GIVE MASQUERADE DANCE

The Concrete aerie of Eagles has arranged to give a big masquerade dance in the Legion hall next Friday evening, November 27, for the benefit of the community Christmas tree fund. Every cent taken in at the dance outside of the actual expenses will be turned into the fund. Shrewsbury's orchestra will furnish the music. The dance supper will be served by the women of the city, and it is hoped to have all the eats donated, so that the gross receipts of the supper can be turned over to the Chrismas tree committee. The women in charge of the supper are Mesdames E. M. Buchanan, H. C. Lisherness, Nell Wheelock and I. B. Evensen.

COUNCILMEN HOLD REGULAR MEETING ON MONDAY NIGHT

DO NOT FIND MUCH WORK AT MID-MONTH SESSION — ELECTION BOARD IS NAMED FOR MUNICIPAL ELECTION.

The regular mid-month session of the town council was held Monday night and the councilmen found very few matters requiring their attention. Mayor Nelson presided at the meeting, with all councilmen present except McDonald.

The Street and Alley committee reported on street work now under way, and mentioned several places that needed repairs and which would be given attention within a few days. The light and water committee reported that the fire hydrant ordered insalled on West Main street was not in place yet, and the residents of that neighborhood were getting impatient, as there are about 15 houses in that district that are entirely without fire protecton at present. The clerk was directed to write a letter to the water company, asking that the hydrant be installed at once.

A communication from Sheriff Conn to the effect that J. D. Owen and Harry Cooper had been relieved from duty as deputy sheriffs, was read and placed on file.

An ordinance granting a permit to the Puget Sound Power & Light company for a railroad under the Thompson bridge, was read and passed second reading.

The plat of Sunrise Addition, a new plat lying south of the Superior plant and being partly within and partly outside the city, was approved as to the part inside the city limits, on motion of Gardinier, seconded by Ireton.

The matter of naming an election board to serve at the municipal election of December 8, was brought up. On account of the exceptionally large registration and the likelihood that a record vote would be cast, it was decided that the usual board of three members would be unable to handle the work, and it was ordered that two clerks be added to the board. The following were then named as the election board: Inspector, E. R. Boynton; judges, Fredereka, Wolfe and Etta Brunnell; clerks, Mary Evensen and Helen Wetzel. The public library room in the old school house was officially designated as the polling place.

After a short discussion off various matters in regard to the new city hall, the council adjourned.

RECEPTION TO BE GIVEN PRESBYTERIAN PASTOR

A reception will be held in the parlors of the Mt. Baker Presbyterian church next Tuesday evening to give the people of Concrete an opportunity to meet, and become acquainted with Rev. W. S. Thorndike, the new pastor of the church, and his family. Every person in the community is invited to attend, and it is hoped that there will be a large attendance. A short program has been arranged by the ladies of the church, but most of the evening will be devoted to a social gathering of the people of Concrete and vicinity. Light refreshments will be served during the evening.

REGISTRATION SETS NEW A NEW RECORD FOR CITY

The registration books of the town of Concrete closed Wednesday night for the municipal election of December 8, and when the total was checked up, it was found that all previous registration records had been broken. The total registration now on the books is 586. As there are about 60 who have moved away, the total number actually entitled to vote at the city election is about 525, and present indications are that nearly all will cast a ballot on December 8.

"America"

Produced by

D. W. Griffith

from the story by Robt. W. Chambers

A romantic story of the American Revolution that is inspiring, thrilling beyond description and is hhistorically correct.

A typical criticism of this picture, from the Motion Picture World, reads as follows:

AMERICA (12 reels) Griffith prod. I have been wrong not to send reports and I would be twice wrong if I did not say this one, "America", must be the classic of the screen; it is the duty of every exhibitor to show it, not only for the box office, but for the prestige of his theater and the humgoring of his public. This is one of th best pages of American history. The picture should never die. If any picture can be called super-special, or any other superlative, this is one. C. Morel, Star Theatre.

We would like to have every man, woman and child in Concrete see this great photoplay.

Word has been received here of the marriage of Miss Arlene Hooper to Frederick Iverson, of Los Angeles. The marriage took place in Seattle on Wednesday, November 11. Miss Hooper is the daughter of Mr. and Mrs. W. A. Hooper, who are old time residents of this community. She was a very popular member of the younge rset in Rockport and has a host of friends here. Mr. Iverson was recently employed on the Stone Webster construction& work at Concrete.

PERMANENT ROADS ARE A GOOD INVESTMENT —NOT AN EXPENSE

90 PER CENT OF WORLD'S MOTOR CARS ON OUR HIGHWAYS

There are 16,000,000 motor vehicles in the United State—approximately 90 per cent of all in the world.

This total is being increased at the rate of 4,000,000 a year.

What is the saturation point?

Ask any one of the 16,000,000 motorists trying to make headway through the countless traffic jams on some of our concrete highways. He will tell you, from the standpoint of comfort and safety in driving, the saturation point is already in sight.

Not a very encouraging outlook, is it, for the man about to buy his first automobile?

So you see car owners and prospective car owners are both interested—and have an immediate task confronting them.

What are you going to do about it? Even now you are curtailing the use of your car because you do not want to endure the discomfort, inconvenience and danger of traveling on congested, narrow highways.

Your highway officials need your support. They can't do much unless you stand squarely behind them.

To delay building more highways wide enough and strong enough to meet all the requirements of modern traffic will cost you more money than will an adequate system of Concrete Roads and Streets.

GRADE SCHOOL NOTES

HELEN V. GREEN, Editor

Emma Norton, who has been attending the seventh grade, has withdrawn from school, as her parents have left the city.

Zena Clinchard, Edne Carson, Doris Van Cleave and Kenneth Fry each made a grade of 100 in a spelling test in the fifth grade last Friday.

Nickie Radisich, who has been attending the fifth grade, left school recently, as the family is moving to New York City.

Virginia Roller, of the fifth grade, was absent from school for a few days the latter part of last week.

June Sidebotham, who has been a pupil in the first grade room, withdrew from school the first of this week, as her parents are moving out of the city.

The arithmetic class in the fifth grade has just started the study of fractons. They are finding the work a little harder than they have been used to doing.

Every child in the first grade received a white card from the county school nurse following her recent examination. A white card indicates that the pupil is not underweight.
