THE CONCRETE HERALD

Formerly the Hamilton Herald, Established Nov. 23, 1901. Oldest Paper in the Upper Skagit

The upper Skagit valley is the land of opportunity. Its resources are unlimited, but publicity and development are needed.

VOLUME XXV | CONCRETE, SKAGIT COUNTY, WASHINGTON, THURSDAY, DECEMBER 17, 1925 | NUMBER 2

COMMUNITY TREE IS THE BIG EVENT OF CHRISTMAS SEASON

WILL BE HELD IN HIGH SCHOOL GYM NEXT WEDNESDAY EVENING—PLANS ARE ALL COMPLETE FOR EVENT.

The great event of the holiday season this year will undoubtedly be the community Christmas tree and entertainment, which will be held in the high school gymnasium next Wednesday evening, December 23. The various committees who have been working on the program for the evening, have just about completed all the details, and everything is now ready for the big night.

The entertainment will open with a Christmas cantata given by the children of the school. This cantata was given at the school program last year, and the audience, which packed the gym building, voted it the best home talent production ever given in the city, and there have been many requests that it be given again this year. There have been some minor changes in the production, but it will practically be the same performance and with largely the same cast. There will also be several other numbers to give a little variety to the program.

After the entertainment is over Mr. and Mrs. Santa Claus will appear on the scene and distribute gifts to the youngsters present. Provision has been made for 600 children, which is believed to be enough to provide a remembrance for every child in Grasmere, Van Horn and Concrete. Arrangements have been made to care for the children who are unable to come to the tree because of illness or for any other reason, as it is the desire that not a single youngster in the three communities be overlooked.

Community Christmas trees have been successfully held in various communities of late years, but it is certain that in no other community has there ever been such unanimous support, hearty co-operation and liberal financial response. From the day the affair was first mentioned until now the committee has had the support and assistance of every organidation in the city, and the funds asked by the committee have been doubled. The carrying out of the plans for the affair has required much hard work, but the work has been cheerfully done, and with many willing hands it has not placed a heavy burden on any one individual. It promises to be a wonderful success and will undoubtedly be made an annual event.

LOCAL CHURCHES UNITE FOR CHRISTMAS SERVICE

The Presbyterian and Baptist churches of Concrete are joining in a special Christmas service, to be held at the Presbyterian church next Sunday evening, starting at 7:30. The singing of old Christmas hymns and carols by the choir and the congregation will be a feature of the program. Rev. L. L. Dailey, pastor of the Baptist church, and Rev. W. S. Thorndike, pastor of the Presbyterian church, will take part in the service and will help in bringing "good tidings of great joy."

JOE DISANTIS IS GIVEN FIVE YEARS IN PRISON

Joe Disantis, who was convicted of manslaughter during the October term of court for the killing of Earl Brammell in this city last summer, filed a motion for a new trial. The motion was heard the first of this week and was denied by Judge Joiner. Immediately after the denial of the motion, Judge Joiner sentenced Disantis to serve not less than five years and not more than seven and one-half years in the state penitentiary. Disantis still has the chance to appeal to the supreme court, but it is not believed that he will do so.

Good-Will Station—G-I-V-E

MRS. FRANK BITONTI DIES AT FAMILY HOME FRIDAY

Mrs. Raffaela Bitonti, wife of Frank Bitonti, passed away at the family home in this city last Friday morning, and the news of her death came as a shock and a surprise to her many friends in the community. She had been ill with heart trouble for over a year, but had been able to be up and around the most of the time. About 7:30 Thursday evening she was stricken with a heart attack, and although everything possible was done for her relief she gradually sank until death came early Friday morning.

Funeral services were held at the Catholic church in this city Sunday afternoon, the little church being packed by the many friends who came to pay their last respects to the deceased. The many floral tributes gave silent evidence of the esteem in which she was held in the community. After a short and impressive service, conducted by Rev. Father Murtaugh, the body was shipped to Seattle, where a short service was held at Manning's funeral parlors, after which she was laid to rest in the Mt. Calvary cemetery in Seattle.

Mrs. Bitonti was born in St. John de Flores, Italy, on February 25, 1880, where she spent her girlhood. She came to the United States in 1900, and shortly afterwards was married to Frank Bitonti. The family came to Concrete in October, 1907, and since that time have made their home here. She is survived by her husband, four sons, Samuel, John, Buddy and Joseph, and three daughters, Mrs. Rosa Pulice, Mrs. Mary Palella and Julia, all residing in Concrete. She was one of the pioneer residents of Concrete, and was esteemed and respected, not only among the Italian residents, but by all the people who knew her, and this includes all the old-timers of the city. Her sorrowing family have the sympathy of the community in their great bereavement.

ATACORTES MISS WINS IN POPULARITY CONTEST

Miss Loleta Madden of Anacortes was the winner of the popularity contest conducted by the Anacortes lodge of Elks in connection with the "Funtown Festival," which was held last week. As winner, she will be given a trip to Los Angeles and Hollywood with all expenses paid. Miss Myrtle Wiseman of Mount Vernon, a former Concrete girl and who was given strong support here, finished in second place, with Miss Helen Marchand of Anacortes third, and Miss Mary Dean, Anacortes, fourth. Joe Caldwell of Anacortes won the bag of gold that was given away on Saturday evening.

FRANK M'GOVERN NAMED POSTMASTER OF CONCRETE

According to dispatches carried in the daily papers this week, Frank A. McGovern has been appointed as postmaster of Concrete for the next four years, and his appointment has been sent to the senate for confirmation. This is expected to be only a matter of form, and he should receive his commission within the next few weeks.

The only candidates who qualified for the appointment for postmaster here were Mr. McGovern and George W. Ross, and as Mr. McGovern has been acting postmaster here since the death of Postmaster Wolfe, it was believed that he had the inside track for the appointment, and the general opinion was that he would be named. However, he and all his friends are glad that official action has been taken and that he is sure of the job. Frank has been practically postmaster for over a year and has made good on the job, and the appointment is generally satisfactory to all the patrons of the office.

HAMILTON WOMAN DIES AFTER A LONG ILLNESS

Mrs. Jacob Yungbluth, a resident of Hamilton since 1915 and well known in the upper valley, passed away at the family home Tuesday morning after a lingering illness of over a year. Funeral services were held in the Catholic church in Sedro-Woolley Wednesday forenoon, followed by interment in the Sedro-Woolley cemetery.

Anna Healey was born in Minnesota in 1861, and made her home in that state until 1898, when she came to Seattle and was married there in 1901 to A. E. Goodwin, a Civil War veteran. As Anna Goodwin she became prominent throughout the state as a worker and lecturer for woman's suffrage. Mr. Goodwin died in 1912, and in 1915 she moved to Hamilton, where she was married to Mr. Yungbluth in 1916. Since that time she made her home in that city, where she conducted a restaurant and lodging house known as Yungbluth Inn.

LOCAL EAGLES WILL GIVE CHRISTMAS DANCE HERE

The Concrete aerie of Eagles will give a dance on Christmas night for the people of Concrete and vicinity who want to finish up the holiday on the dance floor. The dance will be held in the Legion hall, with Shrewsbury's orchestra of Sedro-Woolley furnishing the music. The Eagles believe in doing everything right, and this dance will be no exception

SENATE PASSES EAGLES' OLD AGE PENSION BILL

The old age pension bill, for which 78,000 Eagles in the state of Washington, led by their president, E. W. Bigelow of Sedro-Woolley, have been working, passed the senate yesterday by a vote of 24 to 15, after a spirited debate which, beginning at noon lasted until nearly 3 o'clock in the afternoon.

The bill would grant county commissioners the authority to provide pension for any person who has attained the age of 65 years, and who has resided in the county for five years immediately preceding his or her application. The pension is not to exceed $25 a month in any case, and specific regulations in respect to the manner of making application for the pension and the continuance of it are included in the bill.

Mr. Bigelow has been at Olympia for the past several days, working for this old age pension bill, which the Fraternal Order of Eagles has been sponsoring for years.

PRACTICE GAMES PLAYED BY BASKETBALL TEAMS

The basketball teams of the Concrete school are getting in all the practice games possible before the opening of the league schedule early next month. Last Friday night the high school boys met the Sedro-Woolley high school boys on the local floor, and although the visiting team ranks as a Class A team with championship ambitions, the local boys held them to a 12 to 8 score, Sedro-Woolley winning. The high school girls played a Van Horn team, strengthened for the occasion, and lost by a close score.

Tomorrow night both the boys' and girls' teams will go to Mount Vernon for a game with the teams of that school. These are only practice games for both schools and will not count in the conference standings.

GRASMERE ASSOCIATION HELD MEETING MONDAY

The Parent-Teacher association of the Grasmere school held its regular meeting at the school house on Monday evening, December 7. The usual business meeting was held, after which a short literary program was given. Later in the evening a delicious lunch was served by the ladies of the association. All present report a most enjoyable meeting. Mrs. A. Applegreen presided at the meeting in the absence of the president, Richard Thompson.

COUNTY CHAMBER TO CONTINUE FIGHT FOR CASCADE HIGHWAY

MANY PRESENT AT MEETING HELD IN SEDRO-WOOLLEY TUESDAY—ROADS AND FISH PROBLEM DISCUSSED.

A number of problems of interest to the county were discussed at the monthly meeting of the Skagit county chamber of commerce, which was held at the Wixson hotel in Sedro-Woolley Tuesday. President Carl Nelson of Mount Vernon presided at the meeting, and most of the towns of county were represented.

The fight for the Cascade highway was the most important question before the meeting. Statements from Senator Harrison and Representative Thompson were read, saying that the legislature had voted against taking up any new highways at this session. However, the chamber decided unanimously to continue the fight to have the road established as a primary highway, and a resolution was passed asking congress for federal aid on that part of the road lying within the forest reserve. The chamber is receiving help from Eastern Washington in its efforts for this road, and it is believed that it will be established within the next few years.

Carl Blade of LaConner made an interesting report on the Baker lake fish hatchery and the condition of the fish since the construction of the power dam in the Baker river. He reported that the Stone & Webster company was now constructing a fish ladder over the dam at a cost of $50,000, and which will be unique in this country. The ladder is now completed to raise the fish about 40 feet, and will then have a car that will carry the fish up about 140 feet and over the top of the dam. Fish coming down the river will go over the top of the dam, as it is said they can do this without injury, and the small fish will probably be brought down in buckets. It is believed that this plan will satisfactorily settle the problem of caring for the fish in the Baker river, and will permit the continued operation of the Baker lake hatchery.

County Engineer Knapp and Commissioners Van Buren, Reay and Clark were made honorary members of the Skagit county chamber of commerce, and all said they were glad to belong and would do all they could to further the work of the organization. The next meeting will be held at Conway in January.

TOWN BASKETBALL TEAM STILL HAS CLEAN SLATE

The Concrete town team has played two games during the past week, and still has a record of having won every game played. Last Friday the Concrete town team met Edison on the local floor and after a close and exciting game finished on the long end of a 41 to 34 score.

Last night the Concrete and LaConner town teams tangled in a return game and Concrete was returned the victor by the score of 70 to 24. This would indicate that the local five had a walk-away, but those who saw the game say that this is far from being the case. The game is said to have been one of the fastest and hardest fought ever played on the local floor, and that LaConner was in the game and fighting hard until the final whistle. Lyle Schoeneman, forward for the Concrete team, was the star of the game, tossing 35 points for his team during the evening..

BURR DOTY PASSES AWAY

Burr Doty, a prominent business man of Mount Vernon and well known throughout Skagit couty, passed away at his farm home at Bay View Sunday after an illness of over a year. Funeral services were held in Mount Vernon Wednesday. Mr. Doty has been in the hardware and the dairy business in and around Mount Vernon for over ten years, and was one of the leading citizens of the county. He was 52 years of age.

CONCRETE STORES ARE DECORATED IN HONOR OF HOLIDAY

BEAUTIFUL DISPLAYS IN WINDOWS AND STORE ROOMS ATTRACT SHOPPERS—IS READY FOR CHRISTMAS SEASON.

During the past week or so all the stores and business houses have donned the holiday attire and now there is hardly a display window in the city that is not now gay with a Christmas tree or other decorations appropriate to the Christmas season. Nor are the decorations confined to the windows, for inside the buildings you will find the holiday attire in evidence, with Christmas goods prominently displayed and holiday decorations on every hand.

The people of Concrete and vicinity are evidently finding that it is better to do their Christmas shopping at home, for the stores have been crowded with holiday shoppers for the past week, and during the six remaining days before Christmas it is expected that the usual last minute rush will be in evidence and a record business is anticipated. All the merchants are reporting that the holiday trade is very satisfactory, and that it is almost as good as last year, when there were very many more people in the city.

The industries of the community are closing down for the holidays to give their employes a chance for a short vacation. The Stone & Webster construction camp will close down next Wednesday, to reopen on January 3. Although the crew has been gradually cut down, there are still several hundred men employed at the camp. The Superior company and the Puget Sound camp will close down for Christmas, but no word has been received as to how long they will remain closed. If the usual plan is followed the Superior plant will resume operations immediately after Christmas and the logging camp will reopen about New Years, unless a heavy snow should fall before then.

The Concrete school will close next Wednesday, December 23, and will reopen Monday, January 4, giving the youngsters a vacation of about ten days. It was first planned to close the school tomorrow and reopen the Monday after Christmas, but owing to the Community Christmas program it was decided to keep the school in session up to that date, so that the school children could take part in the entertainment.

SPLENDID PICTURES ARE COMING HERE NEXT WEEK

The Concrete theater is offering a splendid array of pictures for the holiday week, and any one of them might be featured as a head-liner. On Saturday night Harold Lloyd comes in one of the best of his comedies, "Girl Shy." A number of Lloyd comedies have been shown here during the past few weeks and all have proved popular, and this ranks as one of his best.

For Sunday and Monday nights the feature will be "Boy of Mine," adapted from the story by Booth Tarkington. This is a comedy-drama of boy life that will be interesting to the youngsters, and also to the older ones. The picture was made by an all-star cast headed by Ben Alexander, who has the leading juvenile role, Henry B. Walthall and Irene Rich.

Tuesday and Wednesday nights "Lefty" Flynn is featured in "Speed Wild," a comedy of high-powered automobiles, motorcycle races and other speed stunts that will keep the patrons interested until the last scene.

For Thursday and Friday nights, Christmas eve and Christmas night, the photoplay will be "The Home Maker," adapted from the sensational novel by Dorothy Canfield. It is a drama of married life that will make you think and will arouse considerable discussion as to whether a woman's place is always in the home. The cast is headed by Alice Joyce and Clive Brook.

Mr. and Mrs. Neil McLeod were taking in the sights at Marblemount Sunday afternoon.

GRADE SCHOOL NOTES

HELEN V. GREEN, Editor

Many of the children in the seventh grade have been absent for the past week on account of illness.

Ora Brown, who recently arrived in Concrete from Canada, entered the seventh grade as a new pupil last Monday.

Jean Powell, who attends the fifth grade, has been out of school this week on account of sickness.

Charles Sherman was absent from the fifth grade last week on account of the serious illness of his father.

Cicely Peeples, who has been attending the first grade room here this year, left recently for Seattle, where she will enter school.

Carol Freeman entered the first grade Monday as a new pupil.

Pauline Zongrone, of the fourth grade room, is absent from school this week on account of illness.

The stage in the gymnasium building is being raised this week, so that those attending the Chrstmas program next Wednesday will have a better view of the children taking part. The stage has been so low that persons seated in the back of the room have been unable to see the performers.

Herman Rhode and Robert Hatt of Marblemount were greeting friends here the first of last week.

ORDINANCE NO. 90

AN ORDINANCE granting to Puget Sound Power & Light Company, a corporation, its successors and assigns, the right, privilege and authority to construct, operate and maintain a railroad across and under the so-called County Road, being an extension westerly of the East Side Boulevard, in the Town of Concrete.

Be it Ordained by the Council of the Town of Concrete as follows:

Section 1. That there be and hereby is granted to Puget Sound Power &Light Company, a Massachusetts corporation, authorized to do and doing business in the State of Washington, its successors and assigns, the right, privilege and authority to contruct, operate and maintain a railroad, with the appurtenances, across and under that certain street or highway commonly known as the County Road, being an extension westerly of the East Side Boulevard, in the Town of Concrete, at a point on the east side of the Baker river, under and beneath the concrete arch of the Thompson Bridge across said Baker river at that point. Such railroad to be operated by any motive power selected by said company, its successors or assigns.

Sec. 2 Said Company, its successors and assigns, shall in the construction of said railroad conform to the requirements of said Town, and shall not in any manner injure or damage any portion of said bridge by such construction, nor by the operation or maintenance of said railroad. In the event that any damage does occur to said bridge by reason of such construction, or by reason of the maintenance or operation of said railroad, or by reason of any act or omission on the part of the workmen of said Company, the said Company, its successors and assigns, shall save said Town harmless from such damage. In the event any excavation made by said Company weakens or undermines the supporting pillars of said bridge so that such pillars are found not to rest on solid foundations, said Company, its successors and assigns, shall repair such pillars by pouring concrete under the same so that they will rest on solid foundations.

Sec. 3. The rights, privileges and authority hereby granted shall continue in full force and effect until the use and operation of said railroad shall have been permanently abandoned by said Company, its successors or assigns.

Sec. 4. All of the rights, privileges and authority hereby granted shall cease and terminate unless said Company shall, within thirty (30) days from the date of its passage, file in the office of the Town Clerk of said Town a written acceptance of said ordinance, according to all its terms and conditions.

Sec. 5. This ordinance shall take effect and be in full force from and after five (5) days from its publication.

Introduced at a regular meeting on the 2nd day of November, 1925.

Passed by the Town Council at a regular meeting of the Council held on the 7th day of December, 1925, by the affirmative vote of 4 members; nays, none.

Approved and signed by the Mayor this 7th day of December, 1925.

OLE NELSON, Mayor.

Attest: G. L. LEONARD. Town Clerk.

PERMANENT ROADS ARE A GOOD INVESTMENT —NOT AN EXPENSE

90 PER CENT OF WORLD'S MOTOR CARS ON OUR HIGHWAYS

There are 16,000,000 motor vehicles in the United State—approximately 90 per cent of all in the world.

This total is being increased at the rate of 4,000,000 a year.

What is the saturation point?

Ask any one of the 16,000,000 motorists trying to make headway through the countless traffic jams on some of our concrete highways. He will tell you, from the standpoint of comfort and safety in driving, the saturation point is already in sight.

Not a very encouraging outlook, is it, for the man about to buy his first automobile?

So you see car owners and prospective car owners are both interested—and have an immediate task confronting them.

What are you going to do about it? Even now you are curtailing the use of your car because you do not want to endure the discomfort, inconvenience and danger of traveling on congested, narrow highways.

Your highway officials need your support. They can't do much unless you stand squarely behind them.

To delay building more highways wide enough and strong enough to meet all the requirements of modern traffic will cost you more money than will an adequate system of Concrete Roads and Streets.

NOTICE OF SALE OF STATE LANDS

Notice is hereby given that on Tuesday, the 5th day of January, 1926, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, commencing at ten o'clock in the forenoon of said day, in front of the main entrance door to the County Court House in the city of Mount Vernon, county of Skagit, State of Washington, by the County Auditor of said county, the following described state lands, together with the improvements situated there on, will be sold at public auction to the highest bidder therefor, to-wit:

NOTE.—No one except citizens of the United States, or persons who have declared their intention to become such, can purchase state lands.

Application No. 12595

E½ of NE¼ of section 16, township 35 north, range 7 east, W. M., containing 80 acres, more or less, according to the government survey thereof, appraised at $1200.00.

Subject to an easement for right of way for transmission line granted to the Pacific Northwest Traction Co. over the NE¼ of NE¼.

Said lands will be sold for not less than the appraised value above stated and upon the terms and conditions following:

Not less than one-tenth of the purchase price must be paid at the time of sale. The purchaser, if he be not the owner of the improvements, must forthwith pay to the officer making the sale the full amount of the appraised value of the improvements, as above stated. One-tenth of the purchase price must be paid annually thereafter with interest on all deferred payments at the rate of six per centum per annum: Provided, That any purchaser may make full payment of principal, interest and statutory fees at any time and obtain deed. The purchaser of land containing timber or other valuable materials is prohibited by law from cutting or removing any such timber or materials without first obtaining consent of the Commissioner of Public Lands or the board, until the full amount of the purchase price has been paid and deed issued.

All sales of state lands are made subject to the reservations of oils, gases, coal, ores, minerals and fossils of every name, kind and description, and to the additional terms and conditions prescribed in section 3 of chapter 256 of the Laws of 1907.

Said land will be sold subject to the terms, conditions and reservations of chapter 109 of the Session Laws of 1911, relating to easements for rights-of-way and the carrying of timber, stone, minerals and other products over the same.

CLARK V. SAVIDGE,
Commissioner of Public Lands.
