NUMBER 18

Supt. E. L. Bolton Offered Contract By School Board

Renewal For Two Years Tended At Meeting Monday—Miss Weisberg Resigns—All Other Teachers Re-Elected.

The board of directors of the Concrete school met Monday afternoon to organize for the year, and after re-electing Geo. W. White as chairman and Geo. A. Campbell as clerk, the board held a regular business meeting.

The most important item of business was the selection of a superintendent of the school for the next year, Supt. Edwin L. Bolton's contract expiring at the end of the present term. The board was unanimously of the opinion that Mr. Bolton should be retained, and when he was tendered a new contract for two years at a substantial increase of salary, Mr. Bolton expressed his appreciation of the action of the board, but stated that he desired to get into a larger school and asked for a little time to think the matter over.

The Concrete school has made wonderful progress under Supt. Bolton's management, and his work has been generally satisfactory to all the patrons of the school. He has the respect and admiration of the students, the co-operation of the teachers and has very few complaints from the parents. The high school has been growing steadily and he is still needed here. The people of the district are hoping that he will decide to remain here for two more years.

Miss Hildegard Weisberg, teacher in the high school, notified the board that she did not wish to be considered as an applicant for re-election, and tendered her resignation, effective at the end of the present school year. Her work has been very satisfactory during the two years she has taught here, and the directors regret her decision not to remain here.

All the other teachers were re-elected for the next year and tendered contracts with salary increases according to the board schedule. Although all the contracts have not been signed, it is believed that all will be back when school opens next September. The patrons of the school will be glad to have them all remain, as the present corps of teachers is considered one of the strongest in the history of the school.

Improvements Discussed

Several prospective school improvements were talked over, including a proposition to build an addition to the high school building, as present building is too small for the needs of the high school. The matter of building a central heating plant for all three buildings was also brought up. Action on both matters was laid over until some future meeting, as further data was needed before any final action could be taken.

Load Limit Placed On County Paved Roads

The county commissioners at the meeting held last Saturday, passed a resolution placing a load limit on all trucks using the county highways. The new load limit goes into effect on April 1 and provides that the county roads are to be entirely closed to all loads in excess of ten tons, weight of vehicle and load combined, on any two axles, and that in no case shall the weight on any one wheel of said vehicle exceed 7,000 pounds. It is also provided that in case any two axles of any vehicle or combination of vehicles shall be less than six feet from center to center of axles, the total weight on any one wheel shall not exceed 4,000 pounds.

The new order applies to practically every paved road in the county, except the Pacific highway. The movement from Hamilton to Sedro-Woolley, the Clear Lake road and the hook road are among the highways that come under the restriction. The resolution states that the heavy loads are breaking up the pavements and unless a limit is made and enforced, the roads will soon have to be rebuilt at tremendous expense.

Early Birds

Class Play Selected By Concrete Seniors

The seniors of the Concrete high school have finally decided on the play to be presented by the class this year. They have chosen "Time of His Life", a three-act comedy packed with laughs from start to finish. It has a clear and easily followed plot, in which, after the hostess has dismissed her servants for the day, she received a delayed message informing her that she will have company for dinner. As the expected guests are important personages, it is necessary to serve the dinner correctly. Accordingly her brother masquerades as the colored servant. The situation becomes more difficult as the play progresses, only to terminate in a hilarious climax.

Miss Elsie Chandler, teacher of English, will advise and direct the play as usual, and although the definite date has not been set, she hopes to have it ready for presentation by April 25. The cast has been selected and is now hard at work.

COURT OF HONOR HELD BY CONCRETE SCOUTS

A Court of Honor was held by the Concrete troop of Boy Scouts in the Scout hall last Thursday evening, conducted by Capt. S. H. Vine of Belingham, Scout executive for the Mt. Baker area. After examinations for promotion, Tenderfoot Allen Arlin, Franklin Barta and Donald Leonard were made second class scouts; Edgar Monrad was promoted to first class scout, and Edgar Mosher to Star scout. Marshall Arlin was awarded the bronze palm for merit badges after attaining the rank of Eagle scout. The following merit badges were awarded: Edgar Monrad, Andy Pedersen, Lyle Buchanan and Jean Mitchell in firemanship; Ellsworth Buchanan in pathfinding; Henry Zongrone in first aid to animals.

Autos Damaged In A Collision On Road

Chas. H. Plummer, of Hardin, Ill., who is visiting relatives here, had the misfortune to get his new Ford coupe badly smashed up in an accident near the Jos. Fessler farm at Moss Hill the first of the week. Mr. Plummer was driving towards Hamilton when he met a car driven by Mrs. Jack Davis of Hamilton on a narrow part of the road. The point of meeting was on a curve and neither driver saw the other in time to avert a collision. Mrs. Davis' car struck the coupe near the front wheel demolishing the wheel, fender and running board and causing "internal injuries," while her car was only a little damaged. Fortunately no one was injured.

Highway Patrolmen Conduct Safety Rally At Gymnasium

A safety rally arranged and conducted by member of the state highway patrol and under the auspices of Superior Portland Cement, Inc., was held in the high school gymnasium Tuesday evening. There was a large attendance and all present received plenty of entertainment and instruction on safety.

The patrolmen were late in reaching the city, so request was sent to the Mt. Shuksan band, rehearsing in the Boynton building, to come over and help entertain the crowd until the patrol gang showed up. The band obliged, though hardly dressed for a public appearance, and opened the program for the evening with a number of fine selections. Then came several songs by the audience, led by Rev. L. H. Pedersen, and Harold M. Hill was helping out with a vocal solo when the three members of the highway patrol finally arrived. It was reported that they had been delayed by a wreck in Sedro-Woolley.

The visitors then took charge of the rally, with Harry A. Ambler, general superintendent of Superior Portland Cement, Inc., acting as chairman of the meeting.

Turning Back The Pages Of Time; News As Written Many Years Ago

Concrete, Saturday, March 28, 1914

Headline—Court Decision Will Not Affect Building of Baker Power Dam. The Skagit county superior court is reversed by the state supreme court in a decision affecting the right of the Western Washington Power Company to exercise the power of eminent domain. The decision will in no way affect the building of the proposed dam and power development on Baker River.

Three inches of snow helped make conversation Wednesday, when after many bright days, the fleecy, feathery, chilly stuff paid us a visit.

Snow helped some, but hurt other business. Some say it helped and some say it didn't, but fortunately it didn't last long enough to do any serious damage. E. R. Boynton had to take off his coat and put on a double shift, Johnny Leggett, the plumber, had work enough or four men, the hardware business was stimulated and Tom Lucas reports extra good sales of the hard stuff, with the demand still holding up fairly well.

Coming up town Thursday morning the editor was hoping that for once he wouldn't find Dudley Green slushing off his sidewalk, but his prayers weren't answered. Although wearing big galoshes and mittens and bundled up in an overcoat, Dudley had the hose

man of the meeting. Those who took part in the program were Officers Jones, West and Peterson, the fourth member, Officer Coughlin, being unable to come to Concrete. Patrolmen West and Peterson sang several solos apiece, then two duets, after which Mr. Jones made the address of the evening.

He devoted most of his time to the subject of safe driving and walking on the highways, telling how nearly all accidents were due to carelessness of some kind. He advised the children against playing in the streets and cautioned them to always look out for cars when crossing streets. He then gave the adults some pointers on what to do and what not to do when driving. He also had some advice for pedestrians, stating that often accidents were caused by reckless walking as well as by reckless driving. The rally closed with several more songs by Mr. West and Mr. Peterson.

This meeting was one of a series being given by the highway patrol in the various cities of the state in a campaign to educate the public in highway safety.

playing as usual. It must be a habit—like saying business is rotten with one hand and raking in the dollars with the other.

Among those who attended the 14th birthday party of Ruby Vier were, Goldie Lawson, Esther Lawson, Lovicia Cupples, Helen Potratz, Eva Beloit, Erla Biggerstaff, May Elkins, Pearl Vier and Lucile McKinney.

The school board placed an order yesterday for a big flying swing and a set of rings for the boys side of the school ground. The girls will get a merry-go-round and two swings.

All brands of bottled beer, three quarts 50c, all brands of whiskies at \$3 a gallon, up. Bottled wines and liquors of all kinds at popular prices. THE PIONEER, Sedro-Woolley.

Karl Monrad, formerly an employee of the W. P. C. Co., returned to the city this week from an extended stay in Alaska. Mr. Monrad plans to remain in Concrete for some time.

Geo. Nick's shoe shop caught fire Sunday morning, and the stock of shoes was badly damaged. The fire was brought under control before the building or machinery could be irretrievably damaged.

BIDS ARE CALLED BY BOARD ON VAN HORN ROAD PROJECT

Long Awaited Action Is Finally Taken By Commissioners—Bids Will Be Opened By Board At Special Meeting To Be Held On April 18—Total Cost of Improvement To Be Over \$100,000.

Aged Woman Is Struck By Auto; Seriously Injured

Mrs. A. C. Moore was critically injured Tuesday evening when she was struck by an auto driven by Tony Ursini, a fourteen year old school-boy, on Main street at the B street crossing. Mrs. Moore had both legs and one arm broken, the right leg being broken twice below the knee, the left leg broken just above the ankle, and her right arm broken above the elbow. She was also badly bruised and received a number of small cuts about the face. She was given first aid treatment here by Dr. E. F. Mertz and then rushed to the Burlington hospital. Reports this forenoon were that she was resting as easily as could be expected, but the real extent of her injuries would not be known for several days. Owing to her advanced age, she is 61, it is feared she may not be able to withstand the shock.

Mrs. Moore had started to the safety rally at the school gym, accompanied by her grandchildren, Virginia and Frank Saltzman, from her home on B street. When nearing the street intersection she sent Virginia back to the house for an umbrella and she and Frank started across Main street. The Ursini car, driven by Tony and with his two smaller sisters as passengers, came up the side street from the G. Frank residence, and struck Mrs. Moore just before she reached the walk on the south side of the street. An investigation Marshal Bagnell indicates that she was carried on the bumper of the car for almost forty feet and that apparently the wheels passed over her legs after she dropped off.

Tony claims he was driving about fifteen miles an hour and that he did not see Mrs. Moore until he struck her, the crossing being rather dark from the point he was coming and as she was wearing dark clothes. Others who were on the ground immediately after the accident say there was ample light and she should have been plainly visible for some distance. Mrs. Moore says she first saw the car when it was almost upon her and that she ran for the walk, but failed to make it. It is expected the sheriff and the prosecutor will make an investigation to determine whether the accident was due to reckless driving.

ALUMNI BANQUET GIVEN BY CONCRETE STUDENTS

The annual banquet given by the students of the high school in honor of former graduates, was held in the basement of the Presbyterian church last Friday evening. The attendance was not so large as had been expected, as many of the old grads were unable to attend on account of duties elsewhere, but there were about fifty seated at the table when dinner was served, including the members of the class of 1930. A delicious dinner was served by the junior class, followed by a number of short talks by teachers, graduates and seniors, with Robert Leonard as toastmaster.

GIRL SCOUT TROOP MAY BE ORGANIZED IN CITY

All mothers who are interested in having a Girl Scout troop organized in Concrete are requested to accompany their daughters to the rooms of the Women's Community club in the Library building on Wednesday evening, April 2, at 7 o'clock, sharp.

The work of the organization will be explained and a tentative program outlined. Girls between the ages of ten and eighteen are eligible to membership. The Women's Community club is sponsoring the troop, if formed, and Mrs. John W. Applegren will act as captain.

A short special session held by the board of county commissioners last Saturday proved to be one of the most important meetings of the year for the residents of the upper Skagit valley. At this session the board passed a resolution stating that "the Board feels that it is to the best interest of Skagit county and the people living therein that the construction of Permanent Highway No. 16 should be completed as soon as possible," and the county auditor was directed to immediately publish a call for bids for the construction of this road, "Permanent Highway No. 16" happens to be the official designation of the proposed Van Horn road. The bids will be opened in Mount Vernon at a special meeting of the commissioners to be held on Friday, April 18, at 2:30 in the afternoon.

Preliminary Details Delay

Van Horn project has been under way for over a year, the delay being due to the fact that many preliminary matters had to be satisfactorily completed before the work could be started. First came the matter of financing and Commissioner Bauman is entitled to much credit for his work in convincing the other commissioners that this project was of sufficient importance to the county to justify the diversion of the large sum needed to complete the work. Then came the engineering work, laying out the route of the road and preparing plans and specifications for the construction, mapping out a detour for use when needed, and the hundreds of other details that go into a job of this magnitude. A small amount of right-of-way had to be secured, and finally several months were required to work out an agreement with the Great Northern for financial assistance on the big fill east of town.

While there was nothing to show that the officials were going ahead with the project, the commissioners and the engineer have been devoting considerable time each month towards getting final arrangements completed, and the issuing of the call for bids this week indicates that all preliminary detail is now out of the way, and that dirt will soon be moving.

To Cost Nearly \$150,000

The total cost of the improvements is estimated as being between \$100,000 and \$150,000. About \$20,000 of this will be paid by the Great Northern as its share of the cost of a rock wall to protect the road and the railroad from the Skagit river at the long trestle just east of the city limits. It is understood that the wall will be built outside of the trestle and a huge fill made to carry both the highway and the railroad tracks.

The new road will start at the pavement on the east side, near the D. I. Green residence and will follow along the north side of the Great Northern track from this point to Van Horn. The road will be built on the same level as the railroad, thus eliminating the heavy grades of the present road, and will also make a straight highway in place of the present assortment of curves of all kinds. It is hoped that a contract for the improvement will be let on April 18, and that actual work on the job will be under way by May 1.

BASEBALL MEETING

A meeting of all the baseball enthusiasts of the city and vicinity has been called for next Monday evening, March 31, to organize a baseball club, elect a manager, and make plans for the coming season. The meeting will be held in the city hall and will open at 8 o'clock. All persons who are interested in having a baseball team in Concrete this season are asked to be present to express their views. With Andy Lorentzen and Ed Collins both A. W. O. L., the fans and players will have to line up a new manager before Monday night.

Entered at Concrete Postoffice as Second Class Mail Matter

The Washington State Chamber of Commerce has issued the new Poster Stamps, telling the world about our state and they can now be obtained for distribution. As many of them are boosting for our own Skagit County, it would be a great thing if the local people would all send their dollar in for a sheet of them for use on all mail going out of the state. It pays to advertise.

The call for bids on the Van Horn Hill Project is a welcome bit of news. A job of that kind takes a lot of time and money and will mean a lot business for Concrete while work is going ahead on it, and even more when it is completed.

Spring weather is great. We like the sample.

BRIEF NEWS

A. T. Jefferies of Burlington was transacting business and greeting old friends in town Friday.

Jos. Kemmerich drove up from Birdsview Tuesday afternoon to look after some business in town.

Mrs. E. L. Gardner returned Tuesday from a week's visit with relatives at Marblemount and Rockport.

Miss Marguerite Wainright was calling on friends in Concrete last Saturday evening.

Joseph Belfrey was calling on old friends in Concrete for a day the first of the week.

Earl Olson and Lewis Buchanan was greeting old friends in Concrete and Hamilton Saturday evening.

Henry Gay spent the week end in Bellingham, attending to business matters and visiting with relatives.

Miss Edna Buchanan is spending the week at the home of her parents, Mr. and Mrs. Leonard Buchanan, at Marblemount.

M. and Mrs. William Morehouse motored to Marblemount Sunday to spend the day at the home of Mr. and Mrs. Dolph Clark.

Mr. and Mrs. Louis Hunziker and Mr. and Mrs. George Hunziker were visiting with friends at Darrington Saturday and Sunday.

Olin Stafford, who is working at Scott Bros. logging camp near Van Horn, spent the week with relatives and friends here.

Mr. and Mrs. Chas. Wiseman and son Raleigh of Concrete spent Saturday evening with relatives and friends here.

Mr. and Mrs. W. C. Snyder of Tacoma spent Monday and Tuesday in town as guests at the home of Mrs. Snyders parents, Mr. and Mrs. Abb Clark.

Among the Rockport people who took in the show at the Concrete theatre Sunday evening were Mr. and Mrs. Harry Wainright and sons Harry and Roy, Mr. and Mrs. George Hunziker, Mr. and Mrs. George Morehouse, Mr. and Mrs. Louis Hunziker, Miss Edna Buchanan, Clarence Christney and Roy Hollingsworth.

An enjoyable shower was given last Thursday afternoon by Mrs. Harry Wainright at her home in honor of Mrs. Clinton Dolph. Many useful and handsome gifts were presented to Mrs. Dolph, and after these had been opened and admired, the afternoon was spent in social conversation, followed by a delightful luncheon served by the hostess. Those in attendance were Mesdames Edward Hunt, Philip McGary, William Pressentin, Abb Clark, Thomas Grimm, Otis Banner, George Morehouse, William Morehouse, George Hunziker, Louis Hunziker, Chas. Hansen, Roy Cornutt, Richard Buller, Walter Clark, Elaine Buehner, Miss Ruth Hansen, Miss Marguerite Wainright, the honor guest and the hostess.

Sigurd Steen, a University student, is spending the week at the home of his parents, Mr. and Mrs. N. Steen.

NOTICE FOR PUBLICATION

Department of Interior
U. S. Land Office at Spokane, Wash.
March 22, 1930.

Notice is hereby given that Adeline Janet Smith, whose post-office address is 311 South King St., Centralia, Washington, did, on the 18th day of September, 1929, file in this office Sworn Statement and Application, No. 016753, to purchase the North Half of the South West Quarter, Section 4, Township 36 N., Range 8 E., Willamette Meridian, and the timber thereon, under the provisions of the act of June 3, 1878, and acts amendatory, known as the "Timber and Stone Law," at such value as might be fixed by appraisal, and that, pursuant to such application, the land and timber thereon have been appraised, as per regulations, the timber estimated 250 M. board feet at \$1.00 per M, no valuable stone on tract, and the land of no value; that said applicant will offer final proof in support of his application and sworn statement on the 10th day of June, 1930, before John Benedict, Notary Public, at Centralia, Washington.

Any person is at liberty to protest this purchase before entry, or initiate a contest at any time before patent issues, by filing a corroborated affidavit in this office, alleging facts which would defeat the entry.

Birdsview News

C. A. Bloom and son Wesley were Concrete visitors Thursday.

Joe Kemmerich and Carl Russell were business visitors in Mount Vernon Saturday.

Miss Elizabeth Johnson of Bellingham was a week end guest of her parents here.

Hubert Wilson, who is attending the University of Washington, spent the week end here with his father.

Mrs. G. R. Beaver and two granddaughters of Sedro-Woolley were the guests of Mrs. Carl King and Mrs. Ray Jordan Saturday evening.

Mr. and Mrs. Tom Wilson and children and Mr. and Mrs. Herbert Bloom and daughter visited Mrs. D. Watson at the Mount Vernon hospital Sunday.

Mr. and Mrs. A. Gentry and daughter and Mr. and Mrs. F. Hollingsworth attended the dance given by the Vagabond Boys Orchestra at Concrete Saturday evening.

Reverend Axel Anderson of Seattle preached here Sunday morning and evening to a large crowd. The Christian Endeavor also had a large attendance. Miss Ruth Johnson was leader.

The young ladies H. H. Club met Wednesday afternoon. The entertainment committee had a nice program prepared. The next meeting will be held March 25 and at this time the young ladies will take up a sewing class that their director has planned.

The Sewing Club met with Mrs. A. Gentry Friday afternoon. There were fifteen members present. A shower for Mrs. William Ackerman, one of the members, was the main feature of the afternoon. After the gifts had been opened and admired, the hostess served her guests with a delicious lunch.

Mrs. Bert Savage entertained the W.C.T.U. Thursday afternoon. There were eleven members and three visitors. The topic for the afternoon was "Laws and Parliamentary Uses." The members sent Mrs. D. Watson who is ill in the Mount Vernon hospital, a pot of pink Spring tulips. Mrs. Savage assisted by her daughter Dorothy and Altha served refreshments at four o'clock.

SEALED BIDS

Notice is hereby given that the undersigned will receive at his office in Mount Vernon, Washington, sealed bids for the construction of Permanent Highway No. 16 in Skagit County, Washington, more particularly described as follows to-wit:

Beginning at a point on the present paved highway described as "County Road" on the plat of Everett's Add. to Concrete, records of Skagit County, Wash., said point being 540 feet northwesterly from the northwesterly corner of Lot 1 in said Everett's First Add. to Concrete; thence from this point southeasterly along the north side of the Great Northern Railway, 2028 feet to the east corporate limits of the Town of Concrete thence continuing along the northerly side of the Great Northern Railway to a point approximately 50 feet north of the north line of the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Sec. 13 Twp. 35 N. R. 8 E. W. M.

Work to be done in accordance to the plans and specifications on file at the office of the County Engineer at Mount Vernon, Washington.

No bid will be considered unless accompanied by cash or a certified check in an amount equal to 5% of the amount stated in the bid.

The board of County Commissioners reserve the right to reject any or all bids.

Bids will be received by the County Auditor up till 2:30 o'clock P. M. Friday the 18th day of April, 1930.

F. E. BERTRAND
Skagit County Auditor
