NUMBER 20

Teachers Elected By School Board For Coming Year

Only Two Changes Are Made In Teaching Force—Local Boy Is Elected To Teach In High School.

The Concrete school board met on Monday to consider the election of teachers for the coming year, and at the end of the discussion, eight of the present faculty had been re-elected for the next year. Two of the high school teachers, Miss Elsie Chandler and Miss Opal Orr, were not tendered contracts for the next term. There was no change made in the grade school personnel.

Hill To Be Principal

The elections made were as follows: Harold M. Hill, who will be high school principal in place of Miss Chandler, who has held that position for many years, and who will also teach in the high school; Miss Anna Borgeson and Miss Myrtle Moe. In the grade school the following teachers were re-elected: Mrs. Selma V. Lindbeck, Miss Mary Park, Miss Myra Huestis, Miss Annice M. Lang and Brown Wiseman, the latter also being athletic coach for the high school. Mrs. Lindbeck has been grade school principal for a number of years and will likely continue in that position.

The new teachers elected to fill the vacancies are Miss Helen Ogilvy of Seattle and Bertram Kauffman of Concrete. Miss Ogilvy will succeed Miss Chandler as teacher of English and will also have charge of the school library. She is a graduate of the University of Washington and has had some experience as a teacher in the Seattle schools. Mr. Kauffman is a son of Mr. and Mrs. Geo. Kauffman of this city, is a graduate of the University of Washington. He has had no teaching experience, outside of practice classes, but has all the qualifications to make a successful teacher.

Salaries Are Reduced

The board decided to make a flat cut of 10 per cent from the present salary schedule, with no allowance for the usual \$5 a month raise for teachers who were under the maximum on salary schedule. Geo. Thompson was re-elected as janitor for the coming year, taking the same salary cut as the teachers.

The election of the superintendent was not definitely settled, owing to the two-year contract held by Supt. Bolton, but the selection of a new superintendent has been practically decided. It is expected that the question will be definitely ironed out within another week.

The only other matter taken up at the meeting was the condition of the library building. It was reported that the sills and foundations were rotted and should be replaced. It was ordered that this work be done at once, and Mr. Hutchinson was named as a committee of one to supervise the job.

School Boards Hold Meeting At Van Horn

Directors representing various districts of the upper Skagit valley held a meeting at Van Horn last Friday afternoon, and outside of the business transacted, the meeting helped greatly in smoothing out the friction between the various schools in this end of the county, and as the directors voted to continue the organization, meeting once a year or oftener, the new organization is likely to prove of much benefit to all schools in this end of the county.

The districts represented were Birdview, Grasmere, Concrete, Van Horn and Sauk. The directors from Rockport, Rocky creek and Marblemount, had been invited to attend, but failed to appear. E. W. Arlin was the only member of the Concrete board who was able to attend, but the other districts had almost their whole boards present. Organization was perfected by the election of Richard Thompson of Grasmere as president and E. W. Arlin of Concrete as secretary.

The first matter to be taken up was the matter of salaries, and this was discussed at some length. It was shown that there had been a general cut of about 20 per cent during the past year. Transportation was then taken up, with the Birdview board reporting that the district owned its own bus and paid a driver; the up-

(Continued on page 2)

Wiseman Chosen To Act For Team At League Parley

Fans Are In Favor Of League Ball—Organization Is Laid Over Until After Meeting Of League.

There was a small attendance at the baseball meeting held in the city hall last night and very little business was transacted. All present were in favor of continuing the county league and the matter of electing a manager and other details were postponed until definite information on the league organization is available.

The meeting was called to order by Brown Wiseman, manager last year, who stated the purpose of the meeting, made some comment on the team which represented the city last year, and gave a few details regarding finances, showing that in spite of the depression, the team paid its way, ending the season with a debt of only \$7.00. This is a remarkable showing, as it was not unusual in former years for the team to finish the season several hundred dollars in the red.

The baseball situation in the community for the coming year was then briefly discussed, and when it was found that no steps had been taken towards organizing the county league for the season, it was thought best to let the election of a manager and the other details go over until after the league meeting. Mr. Wiseman was given the authority to represent the Concrete team at any and all meetings held to form a county baseball league, with power to enter Concrete as a member of the league. He said he thought it likely that a meeting of the league representatives would be called for next week, and that as soon as he had anything definite to report, he would call another meeting, when plans for the season would be made and organization perfected.

Wm. Cupples Injures Foot While Working On Engine

William Cupples, who operates a dairy farm at Grasmere, had his right foot badly mashed on Tuesday afternoon while working around a dookey engine, which was being used in the clearing of a tract of land on the farm. As the engine was started, his foot was caught in the machinery, and if he had not been wearing heavy-soled logger shoes, he would have lost the entire foot. His big toe was so badly crushed that amputation is likely necessary, and the rest of the foot was bruised.

Concrete Seniors To Present Play Friday

The senior play, an annual event of the senior class of the Concrete high school, will be presented next Friday evening, April 21, in the high school gymnasium. The play chosen by the class of 1933 is a three-act comedy, "The Ghost Parade," which has just enough of a plot to keep the audience interested, and has enough funny situations to keep them all laughing from the start to the final curtain.

The cast is exceptionally large, including about fifteen characters, most of whom have prominent parts. The students have been practicing regularly for over a month under the direction of Miss Elsie Chandler, English teacher in the high school, who is in charge of the production, and they will be ready to put on a finished performance by next Friday. The show will start promptly at eight o'clock. The proceeds will be used to defray some of the expenses of commencement week activities.

Annual Clean Up Drive Is Now Well Under Way

This is the annual Clean-Up week for the town of Concrete, and while the work for the first few days was handicapped by stormy weather, much headway has been made, and indications are that a thorough job will have been done by the end of the week.

The city dump truck is being used to haul the refuse and garbage to the city dump, and for the past few days it has been kept busy. The city is doing the hauling free of charge where the refuse is properly boxed or packed and placed adjacent to an open street or alley, the only exception being ash piles. The Clean-Up campaign includes all this week, and those who have delayed cleaning up their premises still have a few days in which to join the general public in cleaning up the city.

Sunrise Service To Be Held Next Here Sunday Morning

Rev. Jesse Griffiths, pastor of the Mt. Baker Presbyterian church, has arranged for a sunrise Easter service to next Sunday morning—Easter Sunday. The service will be held in Owen park, at the city hall, at 6:00, Sunday morning, and will include a short song service, followed by a brief Easter message by Mr. Griffiths. The first sunrise service in this city was held last year and was well attended, and it is hoped there will be even a larger attendance this year. In case of inclement weather, the morning service will not be held.

Forestation Army To Be Recruited From Relief Lists

This State To Provide About 2,500 Men—Single Men From 18 to 25 Are Being Chosen First.

The reforestation work, considered by Pres. Roosevelt as an important factor in his unemployment relief program, and which was authorized by Congress some weeks ago, is now beginning to become of local interest as plans are going ahead for the establishing of camps in this state. Under the act of Congress, the men to be employed in the national forests will be paid \$1 a day and board, with free medical attention and partial outfitting with clothing where necessary.

Must Be Registered

According to all information available here at this time, there will be between 2,500 and 3,000 men selected in the state of Washington for this work; these men must be registered with the local or county welfare boards on the list of unemployed, and names of those desiring to "enlist" will be checked against these lists. So far only single men between the ages of 18 and 25 are being selected, with those having dependents to whom they are willing to allot a part of their pay, being given the preference. The plan being followed is to take the men selected to a camp, where they will be given about two weeks of physical training before being sent into the woods. The first selections were made last week in Eastern cities, where the first contingent of 25,000 men was selected, but applications are now being received in the West.

No Information Here

Jos. J. McDonald, who is in charge of local relief work, has received no definite information on the matter, but will be ready to help all local applicants for this work as soon as he has the required data. The matter will likely be handled through the county board, and all Concrete registrations are on file with W. R. Morgan, who is chairman of the relief program in Skagit county, and local registrants will have the same chance as those from other parts of the county. There are about 75 registered here, only a small part of whom are between the ages of 18 and 25. It is reported that 22 camps will be established in the national forests of this state, using from 100 to 200 men each, the men being employed on reforestation, fire protection, trail building, and other work.

BIRDSVIEW FOLKS TO GIVE MEDICINE SHOW

All the lights in Birdview will be glittering on Friday evening, preparatory to the opening of the Medicine Show, a home talent production for the purpose of raising money to buy equipment for the Birdview gym. The show will be given two nights, Friday and Saturday, April 14 and 15, with a complete change of program each performance.

Vaudeville acts and plays, interspersed with the customary bally-ho and livened up by a six-piece Medicine Show orchestra consisting of harmonicas, violins, mandolin and banjo. The cast of nearly 30 characters have been working on the show for two months and all are ready to give the audience their best.

Instead of the customary box of herbs sold at most medicine shows, the bally-ho artists are going to sell a certain soap which merits introduction. Prizes will be given in connection with the soap sales. All are invited to attend.

Bridge Party Given

An enjoyable bridge party was held at the home of Mrs. R. M. Miller on Tuesday evening in honor of Mrs. S. S. Gay of Everett, who is spending the week with relatives here. Three tables were in play, with Mrs. Walter Ross winning the honors for the high score and Mrs. G. A. Thompson taking the consolation. The guest prize was awarded to Mrs. Gay.

Fifteen Years Ago In Concrete

Concrete Herald, April 13, 1918

The first class to complete a four-year high school course in Concrete will be presented with diplomas on May 24, when commencement exercises will be held for the first time in the local school. There are four students in the graduating class, being Mae Elkins, Maida Bride, Emma Williams and Wesley Howard.

The Concrete district was given a quota of \$9,100 in the Liberty loan drive, which started Monday. When the bank closed yesterday the total subscriptions were more than \$16,000, with indications that the \$20,000 mark would be reached early next week. An effort will now be made to treble the quota before the end of the drive. Hamilton, with a quota of \$4,900, also more than doubled its quota during the first week of the campaign.

The Skagit county draft board has issued a new call under the selective

service act, the men drafted to report in Mount Vernon on April 28 for service. The county is to furnish 39 men under this call. The list of names includes George Pressentin and Fred Kester among those called, these being the only ones from this end of the county.

Mr. and Mrs. Fred Kenoyer have leased the storeroom adjoining the Concrete Theater and are preparing to open a restaurant. Furniture and equipment are now being installed.

William Baldrige, one of the first settlers of the town of Hamilton, died in the Sedro-Woolley hospital last Saturday. He was 76 years old and had made his home in Hamilton for the past 32 years. He is survived by his wife and nine children.

Brown Wiseman, who has been teaching in the Rockport school for the past few years, left this week for Seattle to enter the government custom service.

Entered at Concrete Postoffice as Second Class Mail Matter

The Mount Vernon Daily Herald is fine paper, and to prove it yesterday they scooped the Concrete Herald on an article that should be read by all residents of Concrete. Under the signatur of "Subscriber" and dated at Concrete, someone makes a few remarks on the school situation here and presents once more the old hackneyed pre-election and post-election anti-Bolton propaganda, taking time out in his introduction to inform everybody in particular that the editor of this paper is so prejudiced that true facts cannot be presented in the Concrete Herald. This is news to us! We have always kept the news matter presented to our readers as free from personal opinion as is humanly possible—only the editorial matter being the personal opinion of the editor and this, we believe, is still legal even in Concrete. What causes us the most grief is that although we spent some time looking up old copies of the Herald and furnished our files for data in Mr. Subscriber's article, he was so unkind as to not even give us a chance to publish his literary effort. So far we have never refused to print any article presented to us for publication on such matters. So if will pardon the editor for having a mind of his own, I think Mr. Subscriber is the one who is prejudiced—and against the Herald and we are willing to print up to one column of his reply.

You still have a few days left to spend in cleaning up your city, don't waste them.

The State Game Commission goes political! And to think that the fish haven't even a vote.

School Boards Hold Joint Meeting At Van Horn Friday

(Continued from page one)

river districts had private contracts, a separate contracts being made with each district; that the service was very satisfactory and that all districts represented expected to continue the service through the coming year.

The matter of the county health officer was then discussed. It was agreed that one physician in Mount Vernon was not satisfactory, and it was believed that there should be a county health officer in each town large enough to justify the appointment, the salary to be pro rated according to the amount of work likely to be required, with the sentiment of the meeting that one health officer should be at Concrete to handle all the county work in this end of the county. A committee consisting of Richard Thompson, Grasmere; Carl Russell, Birdview; Elmer Larsen, Van Horn and Victor Nelson, Sauk, was named to take up this matter with the county commissioners.

Says Her Husband Lost 16 Pounds In 4 Weeks

"I have never found a medicine that 'peps' you up like Kruschen Salts and better still, leaves you 'pepped up.' I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 4 weeks." Mrs. E. A. Ferris, Washington, D. C. (December 29, 1932.)

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at any drugstore in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

Concrete High School Given Special Honor In Rating

At the annual meeting of the Inland Empire Teacher's meeting, held in Spokane on April 4, the Concrete high school was elected to membership and accreditation in the Northwest association of secondary and higher schools, the recommendation being made by L. O. Swanson, state high school supervisor.

The Northwest association is made up of a few selected high schools and colleges in the Western states, and the association will accept only the best of the schools for membership. Ratings are based on efficient management and high standards in regard to teachers, buildings, equipment and library, and it is considered an honor to be admitted to membership in the association.

Train Service Is Increased Here By Fifty Per Cent

Without advance notice, the train service on the local branch of the Great Northern was increased by fifty per cent Monday, now being three trains a week, instead of two as formerly. Under the new schedule the train runs on Mondays, Wednesdays and Fridays, the train still being a combination freight and passenger.

A corresponding change will be made in the mail schedule, as the train now carries the mail on Monday, Wednesday and Friday, with the stage bringing the mail on the other three days of the week. No change has been made in the time of arrival or departure of either the train or stage mail.

Discussion Club Meets

A regular meeting of the Men's Discussion club was held Tuesday evening at the home of Harry A. Ambler with eleven members present. The host read an interesting article on "The New Capitalism", which was closely followed and later discussed at some length.

Birdview News

Grace Beck and Hazel Smith were shopping in Mount Vernon Saturday.

Mrs. Joe Gilmore visited several days last week with relatives and friends in Everett.

Mr. and Mrs. Alred Gorton spent the week end with Mrs. Gorton's parents at Burlington.

The school board, Emil Balzar, Sam Beck and Carl Russell attended a special meeting at Van Horn Saturday.

Raymond and Nora Stephens, Billy King and Alice Fredrickson motored to Sedro-Woolley Sunday evening to a show.

Mr. and Mrs. Max Kell, Mr. and Mrs. Jack Rowe and children of Lyman were guests of Mr. and Mrs. S. Beck Sunday.

Clayton Wilson of Samish spent Sunday with his parents, Mr. and Mrs. Tom Wilson.

Mrs. Ira Savage underwent a major operation Thursday morning at the Swedish Hospital in Seattle. She is getting along fine.

It was a surprise to the community here when they heard that Marguerite Bates was married to Willis Parker of Rockport last week.

Mr. and Mrs. Herbert Bloom and daughter accompanied by Mildred Watson and Hazel Bloom visited with friends in Bellingham Sunday.

The Junior 4-H girls met with Mary Louise Rhodes Saturday for an afternoon of sewing. All members and the leader, Mrs. Floyd Smith, were present.

The Progressive Farmers held a picnic at the Emil Balzar farm Sunday. There were thirty present, and there was lots to eat and all enjoyed a pleasant outing.

The school children enjoyed a three day spring vacation last week. Mrs. Zola Jordan, primary teacher, went to her home in Samish valley, and Mr. Jacobus went to his home in Anacortes.

The Boosters 4-H girls met with Nora Stephens Saturday with all of the members present and Mrs. Lottie Fredrickson acting as leader. The afternoon was spent in sewing and enjoying the lunch served at the close of the meeting.

Mrs. John Gowan awoke early on Thursday morning to see her brooder house was on fire. Quick work of the neighbors saved other buildings from catching on fire, but the feed house and brooder with a number of little chicks were burned. It is believed it started from the dutch oven, they had in the brooder house.

The W.C.T.U. held their annual institute at the home of Mr. B. D. Savage all day Thursday with a pot luck dinner at noon. The meeting was conducted by Lottie J. Sahlbom, the county president and Ella Gallagher, county treasurer. Other guests were Rev. and Mrs. Swanson, Lorene Holtum and Mrs. Tucker of Mt. Vernon, and Mrs. Vesper of Clear Lake. There were thirty in the unity circle and three white ribbon recruits who are, Ardis Ann Bust, Fern Morine Davidson, and Dorothy Rathvon. In the afternoon the five L.T.L. girls and their leader, Mrs. Ray Jordan joined the group.

CHURCH ANNOUNCEMENTS

MOUNT BAKER PRESBYTERIAN
Jesse K. Griffiths, Minister

At our evening service an appropriate Easter reading entitled "The Terrible Meek" will be given accompanied by piano music. We invite all of you to be present to catch the inspiration and significance of this memorable day.

The Sunday school offering will be their gift to the work of foreign missions.

Weekly thought: "Christ walked radiant, clear eyed, through the dawn."

FORFEITURE NOTICE

Seattle, Washington, January 3, 1933

To John M. McMillan, his heirs, administrators and assigns;
B. C. Ferguson, his heirs, administrators and assigns;
William Mitchell, his heirs, administrators and assigns;
John Seigfried, his heirs, administrators and assigns;
Lucy Seigfried, her heirs, administrators and assigns;
Charles H. Gerhart, his heirs, administrators and assigns;
Genevieve S. Gerhart, her heirs, administrators and assigns;
and W. A. McGillvray, his heirs, administrators and assigns;
and To All Whom It May Concern:

YOU ARE HEREBY NOTIFIED that I have expended \$1100.00 in labor and improvements upon the Marcella Association Placer Mining Claim, situated at the junction of the Skagit River and Ruby Creek in the Skagit Creek Mining District in Whatcom County, Washington, located September 2nd, 1917, the Location Certificate of which is recorded in Book 13 of Mining Claims, page 596, Auditor's File No. 203,653, in the office of the Auditor of said County, in order to hold said claim under the provisions of Section 2324 of the Revised Statutes of the United States, and the amendment thereto approved January 22, 1880, concerning annual labor upon mining claims, being \$100.00 per year, the amount required to hold said placer mining claim for the years ending December 31st, 1921, and December 31st, 1922, and December 31st, 1923, and December 31st, 1924, and December 31st, 1925, and December 31st, 1926, and December 31st, 1927, and December 31st, 1928, and December 31st, 1929, and December 31st, 1930, and December 31st, 1931.

And if, within ninety days after the publication of this notice, you fail or refuse to contribute your portion, (\$965.58 being \$87.78 for each of said years, each co-owner's portion of said \$965.58 being \$134.42, being \$12.22 for each of said co-owners for each of said years), your interest in said claim by the terms of said statute will become the property of the subscriber, your co-owner, who has made the required expenditure.

EMLINA McMILLAN GARRETT, Co-owner.

Address: 401 Title & Trust Bldg., Seattle, Washington.

A party of young people motored to Mount Vernon on Tuesday evening to attend a district rally of the Christian Endeavor society. Those who made the trip were Miss Helen Green, Miss Annis Hornbeck, Miss Alta Hornbeck, Leslie Larsen, Bruce McPhaden and Billy Gregory.

ORDINANCE NO. 101

AN ORDINANCE relating to the sale, disposition of, or possession of, of alcoholic beverages in the Town of Concrete, Washington; licensing and regulating the sale of certain malt and vinous beverages and providing penalties for the violation of this ordinance.

BE IT ORDAINED BY THE COUNCIL OF THE TOWN OF CONCRETE:

Section 1: Whenever used in this ordinance, the term "licensed beverages" shall mean any beers, ales, porters, wines, or any similar malt or vinous liquor or fruit juice containing more than one-half of one per cent. of alcohol, by volume, and not more than three and two-tenths (3.2) per cent of alcohol by weight.

"Beverage dispensary" or "dispensary" shall mean any place that has been licensed for the sale of "licensed beverages", either for sale for consumption on the premises or in sealed bottles or containers, by whole or broken carton or cases, for consumption off the premises; "dispenser" or "seller" shall mean any person licensed to sell licensed beverages; and "person" shall be construed to mean any person, firm or co-partnership or corporation, and may be either singular or plural.

Sec. 2: It shall be unlawful to sell, barter, exchange or distribute, or possess with intent to sell or otherwise dispose of, any alcoholic beverage as defined in Section 1 of this ordinance, within the corporate limits of the Town of Concrete without having first secured a license so to do, as hereinafter provided.

Sec. 3: It shall be unlawful to sell, barter, exchange or distribute, or possess with intent to sell or otherwise dispose of, any alcoholic liquor or beverage containing more than 3.2 per cent of alcohol by weight, except by druggists on proper prescriptions from physicians or surgeons, or as may otherwise be permitted or prescribed under the laws and regulations of the United States of America.

Sec. 4: It shall be unlawful to sell, give, or otherwise deliver to any person under the age of twenty-one (21) years, or to any person who is intoxicated, any liquor or licensed beverage mentioned in Sec. 1 of this ordinance, or any of the liquors prohibited under Sec. 3 hereof; it shall be unlawful for any person to drink any of said licensed beverages in or about any public dance hall, or at any party held in a public hall, or upon any of the streets or alleys of the said town.

Sec. 5: It shall be unlawful to employ any person under the age of twenty-one years in any dispensary where licensed beverages are sold for consumption on the premises; or to employ any female in any dispensary where licensed beverages are sold for consumption on the premises, other than a cafe, restaurant, hotel or soda fountain.

Sec. 6: It shall be unlawful for any seller or dispenser to sell or serve any licensed beverages in any closed screened or curtained booth or room, except by hotels and rooming houses to bona fide guests in their rooms. That the front windows in licensed dispensaries shall be open to the street, and no frosted, curtained, screened, or obstructed windows will be permitted.

Sec. 7: That licenses for the sale of licensed beverages shall be in four classes, being classed and licensed as follows:

CLASS I: Covering grocery stores and other mercantile establishments selling licensed beverages to regular customers only, in original containers of sealed bottles, by the case, carton, or broken case or carton, not to be opened or consumed on the premises, the license fee shall be Fifteen Dollars (\$15.00) per year, payable annually in advance. Any license under this classification who maintains a regular delivery service, shall be permitted to deliver licensed beverages to the home or domicile of any customer of such establishment; but the solicitation of orders for such licensed beverages will not be permitted, and such solicitation shall be a cause for revocation of his license.

CLASS II: Covering cafes, restaurants, and hotels and rooming houses, selling licensed beverages to regular patrons only, with meals, either from bottles or by draught, but not catering to the general public, the license fee shall be Thirty Dollars per year, payable annually in advance. Licenses under this classification shall be permitted to serve licensed beverages to bona fide guests in their rooms where a hotel or rooming house is operated in connection with the licensed dispensary.

CLASS III: All other establishments desiring to dispense licensed beverages by the drink to the general public, either from bottles or by the bottle, either from draught, and not covered under Class IV of this section, shall pay a license fee of Sixty Dollars (\$60.00) per year, payable annually in advance.

CLASS IV: Covering any place which is maintained and operated for the sole purpose of the sale of licensed beverages to the general public, in a public place with tables kept and maintained for the service of such beverages, which shall be considered as a "Beverage Dispensary," and any such place shall pay a license fee of One Hundred and Fifty Dollars (\$150) per year, payable in advance.

Provided that any person making application for a license under any of the classifications above mentioned during the month of April, 1933, may take out said license for a period of three months, or until July 1, 1933, by paying one-fourth of the annual license for the classification applied for; said license to expire on July 1,

1933, and that thereafter no application will be considered unless for a term of one year.

Sec. 8: That it shall be unlawful for any person to sell or dispose of any licensed beverages in the Town of Concrete except as provided in Sec. 7 hereof, except by wholesalers or distributors selling to licensed dispensaries only. The sale of licensed beverages by hawking or peddling, or from house to house, or the solicitation of orders for future delivery to any person not a licensed dispenser, is hereby expressly prohibited.

Sec. 9: That it shall be unlawful for any dispensary licensed under this ordinance to sell or serve any licensed beverage between the hours of twelve o'clock, midnight, and seven o'clock A. M.; or to sell or serve any licensed beverage between the hours of twelve o'clock, midnight on Saturday night and seven o'clock, A. M. on the following Monday.

Sec. 10: Any person desiring a license to sell or serve licensed beverages under the provisions of this ordinance shall make and verify under oath an application upon a form to be provided by the Town Clerk, and shall pay to the Town Treasurer the license fee for the class of license desired, taking from the treasurer an original and duplicate receipt therefor; the duplicate shall accompany the application, which shall be submitted to the Town Council at its next regular meeting; no application shall be considered unless accompanied by the receipt showing that the license fee has been paid. If the application is denied, the license fee shall be returned to the applicant. If the application is granted, a license shall be issued, signed by the Mayor and Clerk, which license shall at all times be publicly displayed in the dispensary where such beverages are to be sold.

Sec. 11: No license shall be issued for any place not established when this ordinance goes into effect, or unless the applicant has been a bona fide resident of the Town of Concrete for at least six months immediately preceding the date of the application. No license shall be granted for any place located more than one block from Main Street in the Town of Concrete. The Council may reject the application of any person whom it does not deem a fit person to receive a license; if the location is not deemed fit or suitable for the sale of licensed beverages, or for any other reason considered sufficient by the Town Council. Licenses shall be valid only for location therein mentioned, and shall not be assignable; and may only be transferred in case of a bona fide sale of the establishment covered by the license, in which case it may be transferred with the consent of the Town Council.

Sec. 12: That in the event the United States government, or any department thereof having jurisdiction over the sale of licensed beverages as defined herein, or the State of Washington, shall pass, issue or promulgate any law, ruling or regulation limiting or restricting the sale of such licensed beverages so as to prohibit or limit the rights of sale granted to licensees under this ordinance, all licenses issued hereunder shall be construed as permitting only such sale or disposition as is permitted under such federal or state law, rule or regulation; and that in such event, the holder of any license under this ordinance may, at his option, surrender the same to the Town Council and receive a refund of the unexpired portion of his license, computed by full months only, no refund being made for a partial month.

Sec. 13: The Town Marshal shall report to the Town Council all facts coming to his attention indicating that any licensed dispensary is being conducted in an unlawful or improper manner, and on a showing that said dispensary has been improperly or unlawfully conducted, or improper or unlawful practices permitted, the council may immediately cancel and revoke such license and the unexpired portion of said license shall be forfeited. Any person licensed under this ordinance who shall be convicted in ordinance of operating or conducting a disorderly house, or who shall be convicted of violating any of the provisions of this ordinance, shall have his license immediately cancelled and the unexpired portion of his license shall be forfeited to the Town of Concrete.

Sec. 14: It shall be the duty of the Town Marshal to file with the Police Judge a complaint in the case of any violation of any of the provisions of this ordinance; and against any person who shall sell any licensed beverages without a license or after the expiration or revocation of his license.

Sec. 15: This ordinance shall not apply to any drug store selling alcoholic liquors or beverages by prescription from a physician in any case where such sale is permitted under the laws of the United States.

Sec. 16: Any person violating any of the provisions of this ordinance shall be fined in any sum not less than Ten Dollars and not more than One Hundred Dollars, or by imprisonment in the town jail for not more than thirty days, or by both such fine and imprisonment.

Sec. 17: This ordinance shall be in full force and effect from and after its passage, approval and publication. Passed by the Town Council this 3rd day of April, 1933.

Approved by the Mayor this 3rd day of April, 1933.

J. J. McDONALD, Mayor
Attest: G. L. LEONARD, Town Clerk.
(First Publication April 6th, 1933)

Marblemount Items

Fred Berry was visiting in Sedro-Woolley Monday.

Eric Nestos was a business visitor in Concrete Tuesday.

Al Johnson of Concrete was in this vicinity on business Thursday.

Roy and George Hunziker were business visitors in Lyman Monday.

Mr. and Mrs. Will Parker spent several days last week with relatives at Birdview.

Fred DeSylvia was transacting business in Sedro-Woolley Monday.

Mrs. P. McGee and children of Rockport spent Thursday visiting old friends here.

Mrs. Roy Curnutt visited with relatives and friends in Rockport Thursday afternoon.

George DeLapp and daughter Eula were visiting with friends in Hamilton on Tuesday.

Mr. and Mrs. Otto Peterson had as their week end guests, Mr. and Mrs. Smith of Seattle.

Misses Ariel Custer and Anna Johnson spent Friday afternoon visiting Rocky creek school.

Miss Margie Major spent Friday evening visiting with Miss Aileen Gustafson of Rockport.

Mrs. A. P. Warnock of Marblemount spent Friday afternoon visiting with relatives in Rockport.

Mr. and Mrs. Jack Custer and daughter Ariel drove to Sedro-Woolley Monday to do some shopping.

Karl Hunziker was looking after business interests and visiting friends in Sedro-Woolley on Thursday.

Howard, Hugh and Roy Hunziker spent Friday visiting with Mr. and Mrs. A. H. Maxwell of Sedro-Woolley.

Mrs. Thomas Thompson and daughter Vera of Sedro-Woolley spent several days last week at their home here.

Ellsworth Buchanan of Concrete spent several days last week visiting at the home of Mr. and Mrs. George Sloan.

Mrs. L. Wright was shopping and visiting friends in Sedro-Woolley on Monday.

Week end guests of Betty and Lucille McLeod were Muriel Barnhart and Kathryn Crawford of Newhalem.

Mr. and Mrs. George Hunziker and Mrs. George Morehouse of Rockport were shopping in Sedro-Woolley on Monday.

Mr. and Mrs. Fred DeSylvia, who have been here for the past two years moved into the Earl DeLapp cottage last week.

Mr. and Mrs. John Christney and small daughter of Van Horn, were guests at the H. Hooper home on Wednesday.

Miss Virginia Berry, Hubert and Fred Berry and Ted Butcher were visiting with friends in Sedro-Woolley one day last week.

Mrs. G. L. Leonard and children and Mrs. Brown of Concrete were Monday visitors at the home of Mrs. E. L. Gardner.

One inch of snow whitened fields and houses Monday morning but by 10 o'clock had all melted away leaving a fine spring day.

Mr. and Mrs. Delias Hooper, who were recently married, moved last week into one of the cottages owned by Mrs. L. Wright. They intend to live there during the summer.

Mrs. Mary Hooper of Seattle was visiting at the home of Mr. and Mrs. W. A. Hooper on Thursday. She was accompanied home by Miss Vernice Hooper who has been visiting here.

David Hawkins, who underwent an operation in Portland recently recovered sufficiently to return to his home here last Saturday. He was accompanied by his mother, Mrs. Hawkins, who will return to Portland in a few days.

Mr. and Mrs. O. S. Witham entertained about twenty friends at their home last Monday evening. The occasion was Mrs. Witham's birthday anniversary. Cards and dancing furnished entertainment for the affair, after which a lunch was served by the honor guest.

The Old Time Dance club and their friends met Saturday evening in a newly erected building on the Glacier View farm of Mr. and Mrs. Richard Buller. The room amply accommodated six sets of dancers. Music was furnished by members of the crowd, and the evening was concluded with a pot luck supper, served to about 200.

Mr. and Mrs. A. E. Dunn and daughter Kathryn and Mrs. C. K. Hatcher returned Tuesday evening from a motor trip to Los Angeles and other Southern California cities.

WHEN IS A "TAX" NOT A TAX?

—when it is a
Service Charge
for using Public Highways

DID you ever consider how useless your automobile would be if there were no roads to run it on? The very existence of automobiles depends on places to use them. Roads and streets are as necessary to cars as are the wheels.

With such dependence of cars on roads it is only reasonable that the motorist should pay for these highways in the proportion in which he uses them. Were it not for practical difficulties, the motorist could be charged according to speedometer readings or tire wear. As such measures are out of the question, the so-called "gasoline tax" was devised as the fairest yardstick of road service charges.

This commonly called "Tax" really is not a tax but a SERVICE CHARGE like a telephone toll or electric bill.

You pay this gasoline service charge only when you use your car. Anyone is privileged to travel by other means of transportation and save the gasoline charge. This so-called State tax is not like most other taxes which all must pay regardless of direct benefit.

So, Washington motorists pay for their State highways in proportion as they use them. This is one reason why they are willing to pay a few cents more for gasoline when they know these extra funds are going into better highways and that roads paved with PORTLAND CEMENT CONCRETE are saving them more than the cost in the operation of their cars.

CONCRETE provides the permanent, economical highway that also gives thousands of Washington workmen useful employment in the building. Insist that public officials spend your gasoline service charges for CONCRETE highways.

HAPPY BREW YEAR, FOLKS!
WE'RE GLAD YOU LIKED THE
NEW BEER—

We mean the sample bottle.

It took us years to make brew legal
—now we have to wait while brewers
make legal brew.

An engineer, surveying the right of
way for the proposed railroad, was
talking to a farmer.

"Yes," he said, "the line will run
right through your barnyard."

"Well", answered the farmer, "ye
can do it, if ye went, but I'll be jiggered
if I'll git up in the night just to
open the gate every time a train
comes through."

ONE THING THAT COMES TO
THE MAN WHO WAITS, IS A FINE
CROP OF WHISKERS.

Doctor: "Before I make an examin-
ation, do you drink?"

Patient: "Yes, sir; thank you, sir.
Make mine a Scotch highball."

"Henry!" said his nagging wife as
she prepared to retire, "is everything
shut up for the night?"

"That depends on you," muttered
Henry. "Everything else is."

Someone has volunteered the
information that Dr. L. King has
become a veterinary, specializing
in rabbits.

Teacher (warning her pupils about
catching cold): "I had a little brother
seven years old and one day he took
his sled out in the snow. He caught
pneumonia, and three days later he
died."

Silence for ten seconds.
Then a voice from the rear piped:
"Where's his sled?"

Customer: "Are you the man who
cut my hair last time?"
Martin, the barber: "I couldn't be,
sir, I've only been here five years."

....As some near-philosopher has...
...put it, "Life is just a succession...
...of things to be enjoyed, endured...
...or licked."

Local News

H. E. D. Brown, forest ranger, was
a business visitor in town Saturday.

Gladys Griffiths returned home Fri-
day from a week's visit with relatives
in Lyman.

John Lorentzen was visiting rela-
tives and friends in Everett over Sat-
urday and Sunday.

Mrs. Thomas Clifford and children
are spending a few weeks with rela-
tives in California.

Alice Peck of Sedro-Woolley spent
the week end in town as the guest of
her father, W. J. Peck.

Andy Lorentzen returned home on
Sunday after a few days' business
visit in Seattle and Everett.

Misses Billy and Mary Jackson of
Stanwood spent the week end in town
as the guests of Mrs. Anna Young.

Mr. and Mrs. Archie Griffiths and
children were visiting with relatives
in Lyman last Wednesday evening.

Mr. and Mrs. Chas. L. Woodard of
Mount Vernon were in the city Tues-
day, visiting at the H. Cooper home.

Mr. and Mrs. J. B. Green of Seattle
were over-Sunday guests at the home
of Mr. Green's brother, Dudley Green.

Mr. and Mrs. Ordle Nutley were
visiting relatives and friends in Sea-
ttle for several days the latter part of
last week.

Miss Mary Fannie Dillard returned
home Friday from a week's visit with
Rev. and Mrs. L. H. Pedersen in
Bellingham.

Mr. and Mrs. Frank Wilson of Bell-
ingham spent the week end here as
guests at the home of Mrs. Wilson's
brother, Walter G. Mann.

Thomas Thompson of Marblemount
was in town Monday, attending to bus-
iness matters and visiting with his
brother, Richard Thompson.

William Jennings of Seattle was in
town over the week end. Mr. Jenn-
ings was formerly general superin-
tendent of the Superior plant.

Mr. and Mrs. Wallace Young and
son Lyle and Mr. Shevlin of Seattle
were guests at the home of Mrs. Car-
rie A. Feazel for a few days the first
of the week.

Roy Sampson, superintendent of the
Skagit county district for the Puget
Sound Power & Light company, was
attending to official business matters
in the city Tuesday.

Lloyd Hetherington left Saturday
for Pullman to resume his studies at
the state college, after spending a
week's vacation with his parents, Mr.
and Mrs. C. T. Hetherington.

Mr. and Mrs. Karl Wolfe of Seattle
were in town on Wednesday of last
week, visiting with Mrs. Frederika
Wolfe and with old friends here. Mr.
Wolfe made his home here for some
years.

Charles, the little son of Mr. and
Mrs. Chas. H. McGovern, fell while at
play Friday and dislocated his right
elbow. His injury was quite painful
for several days, but he will soon be
able to use the arm again.

Donald Anderson, who has been
spending the past year in the Middle
west returned to town last Thursday,
spending a few days with his sister,
Mrs. Ted White, and then leaving Sat-
urday for Baker lake to visit over the
week end with his father, Geo. Ander-
son.

Miss Doris Van Cleave was visiting
relatives and friends in Seattle over
the week end.

N. F. Bates, operator of the Vogler
Lake Fur Farm, was in the city yes-
terday on business.

returned Thursday from a visit with
relatives at Blaine.

Mr. and Mrs. G. L. Leonard and
family motored to Sedro-Woolley on
Sunday for a short visit.

Mrs. Chas. M. Dwelley and son Ar-
thur returned Sunday from a week's
visit with relatives in Seattle.

John West was down from the Sauk
ranger station Wednesday to attend
to some business affairs in the city.

Mr. and Mrs. Jesse Middleton motored
to Seattle Heights Saturday to
spend the week end with relatives.

Herbert Hansen, superintendent of
the Orting school, was attending to
business matters in town Monday eve-
ning.

Mr. and Mrs. George A. Campbell
were looking after business matters
and visiting friends in Mount Vernon
yesterday.

Miss Lorna Middleton, of Port An-
geles, is spending a vacation of two
weeks in town, staying with her par-
ents, Mr. and Mrs. Jesse Middleton.

Ed Anderson, a member of the Uni-
versity of Washington boat crews of
a few years ago, spent the week end
in town as the guest of Bertram Kauf-
man.

Mr. and Mrs. Walter Ross and Mrs.
Leonard Everett spent Sunday in vis-
iting with friends in Sedro-Woolley.
While there Walter tried his skill at
fishing and landed a beautiful steel-
head.

Mr. and Mrs. Edwin L. Bolton and
daughter Dorothy returned home Sat-
urday from a week's vacation trip,
spent in visiting relatives in Seattle
and Portland and in attending a meet-
ing of the Inland Empire Educational
association in Spokane.

C. K. Hatcher drove to North Bend
Monday to attend the funeral of Mrs.
Hatcher's mother, Mrs. Louise Gard-
nier, who died last Friday. Mrs. Hat-
cher was visiting relatives in South-
ern California and was unable to re-
turn in time for the funeral services.

Mr. and Mrs. Harold E. Thompson
and children returned on Sunday from
a few days' visit with relatives in

Everett. They were accompanied
home by Mrs. Thompson's mother,
Mrs. S. S. Gay, who will spend the
week here.

Mrs. J. E. St. John and Mrs. Frank
Wetzel motored to Everett yesterday
and spent the day as guests of Mr.
and Mrs. Fred Hutchison.

About fifteen students from the
Stanwood high school, accompanied
by their teacher, Mrs. Alice Davidson,
and a few parents, spent Tuesday on
a visit to the Baker river dam and
power house. They were shown all
places of interest around the plant by
the operating force at the power
house, and found their visit both in-
teresting and instructive.

TIME WAS WHEN THE OLD WOOD STOVE WAS NEW!

—and Dad
brought the victuals
up from the cooler
in the cellar.

**BUT NOW—
THE ELECTRIC KITCHEN**

Our Electricity is so cheap that it cooks
dinner at 1 cent or less per person. The
operation of the Electric Refrigerator
represents only a small fraction of the
cost of the food it conserves and keeps
wholesome, safeguarding the health of
the entire family.

Um—Um-m-m! It was a glorious feast in those days
of kindling-splitting and fire-cooking. While the table
groaned under its abundant load of good things,
mother's knees creaked and her back ached from
strenuous watching of the oven's performance, stuff-
ing in wood, and from countless other chores which
she alone could do.

Dad's feet cried out for mercy and his head reeled
when the trap door to the dim and musty cellar
whamed him just as he reached the floor level with
a pan of cream and a roll of butter.

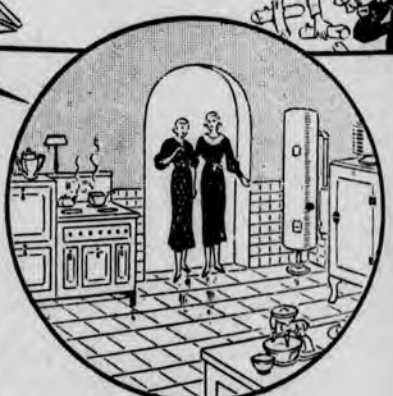

When that old wood stove was new, it was con-
sidered a work of art!

How changed is the kitchen of today! There stands
the electric range—a gleaming picture of efficiency
and economy—self-contained, and so easily operat-

ed—no kneeling or back-bending—yet what delicious
meals come from its fast-heating elements.

Then there's the electric refrigerator, constantly
providing cool, refreshing salads, desserts and drinks.
Electric mixer and whipper, percolator and waffle
iron, toaster and chafing dish—all ready instantly to
do one's bidding at the press of a button.

It's interesting to revert to those olden days,
but who would ask them back in place of the
cleanliness, economy and ease of the modern
electrical age?
