NUMBER 33

Caravan To See Constitution Sunday, July 23

Effort To Be Made To Give Children A Chance To Historic Vessel While In County.

The frigate Constitution, better known as "Old Ironsides," will be at Anacortes from Thursday, July 20, to Monday, July 24, both days, and every resident of the county who has not already visited the historic vessel, should make a special effort to go to Anacortes during these four days. Sunday, July 23, has been designated as Upper Valley day for visiting the ship, and a move is now being started to get the people of the upper valley to Anacortes in force on that day. Plans are now being made for an upper valley caravan, to include people from Marblemount and all intermediate points to Sedro-Woolley, to give a body to Anacortes on that day, and with some music, plenty of food, and a few appropriate banners.

Cars For Children Wanted

A few years ago, when children were being asked for penny contributions for rebuilding of Old Ironsides, the children of the upper Skagit valley ranked high in the nation for per capita contributions to this fund. As a reward it is desired that every child of school age in the upper valley be given a chance to visit this ship. In concrete, the Boy Scouts have started a movement to provide transportation for all children whose parents are unable to make the trip. At Rockport and Marblemount civic organizations have a like move under way, and it is likely that Birdsview, Hamilton and Lyman will join in the movement.

A number of local citizens are sponsoring a movement that has the objective of giving every citizen of Concrete, adult or child who wants to see the Constitution, a chance to do so. This can be done by each person owning a car making the trip on Sunday, July 23, and where he has room for additional passengers, take a neighbor's family along, or if this is not convenient, take one or two youngsters along who would not otherwise have a chance to make the trip. The caravan idea is being sponsored by the Boy Scouts; if you have room for some additional people, notify Earl Smith, Scoutmaster, or Geo. A. Campbell or C. L. Wagner, of the Scout executive committee.

Watch Next Week's Paper

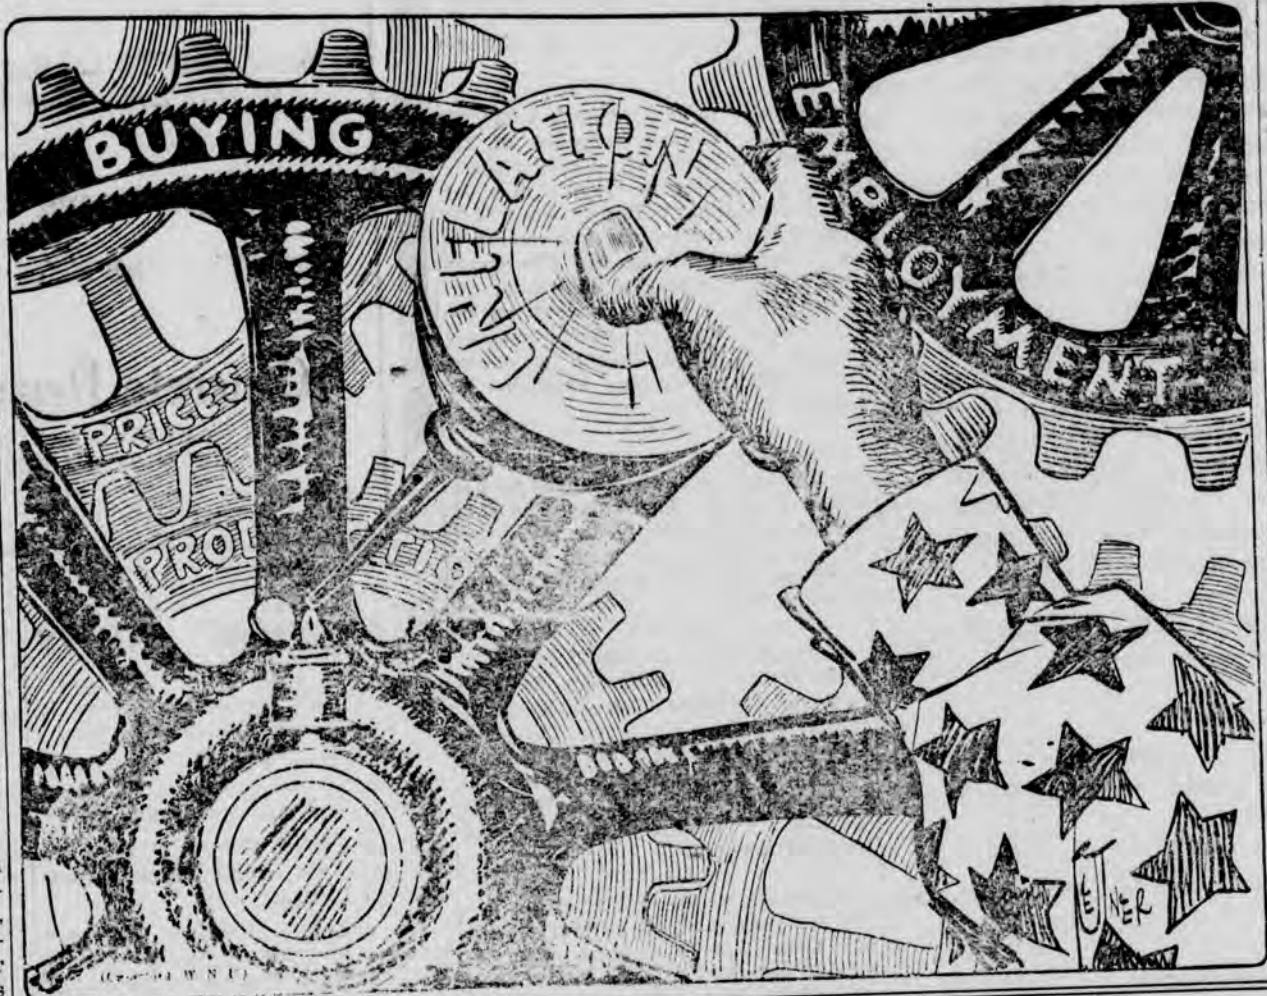

The caravan plan is going through, the people of Concrete, as well as those from the upper valley communities, are strong for it. Marblemount will start out, others will join at Rockport and Sauk, and there should be over fifty cars when they reach Concrete. With those that join here, at Birdsview, Hamilton and Lyman there should be well over an hundred cars when the procession reaches Sedro-Woolley. Next week a definite announcement will be made as to when the procession will leave Concrete, and as to where children having no means of travel, shall report for a ride to Anacortes. Every person having a car should report to one of the members of the committee as soon as possible.

Surprise Boating Party Held To Honor Birthday

Miss Edna Gardiner, clerk in the Concrete Drug store, was lured to Lake Shanon Tuesday evening and found about a dozen friends gathered to honor her with a party in celebration of her birthday. The party was a real surprise to Edna, and also nearly a great surprise to some of the guests.

The evening was spent in boating, playing games and having a good time, with a supper of fried chicken to end the festivities. The party closed with an argument between W. A. Gardiner and Mollie Mount as to which ate the most chicken. Al claims that Mollie ate seven chicken while he had only a small piece, while Mollie says Gardiner had a stack of bones in front of his plate that he could not see over, while all that he, Mollie, had was one wing. The others present were refusing to become involved in the controversy.

Lubrication

Marblemount Child Is Buried Here Sunday

Virginia May Wilson, the little daughter of Mr. and Mrs. Ernest Wilson of Marblemount, died Thursday at the Sedro-Woolley Memorial hospital, her death coming as a shock to her relatives and friends in the upper valley. Virginia was taken ill last Tuesday with throat trouble and as she steadily seemed to grow worse, she was rushed to the hospital Thursday morning, and died a few minutes after reaching there.

Funeral services were held at the family home at Marblemount Sunday afternoon, the residence being crowded by neighbors and friends who came to pay their last respects, and there was a mass of floral tributes. The service was conducted by Rev. Jesse K. Griffiths of Concrete, with music furnished by a local choir. Burial was made in the Forest Park cemetery at Grasmere.

Virginia was born at Marblemount five years ago. She is survived by her parents and her half-brothers and sisters, Mrs. Etta Archer, Lulu, Luella, Irma, Buddy and Victor Wilson. The family has the sympathy of the community in their bereavement.

Skagit County Will Have Exhibit At Chicago Fair

Following an earnest appeal by W. W. Connor of Seattle for prompt action, the Skagit County Chamber of Commerce voted Tuesday night to prepare an exhibit of Skagit county products and rush the display to the Century of Progress exposition at Chicago. Arrangements were made to raise a fund of \$300 to defray the expense, and a committee was named to handle the work. Those named were Carl Nelson, Mount Vernon, chairman; Howard Sackett, Anacortes; I. Alexander, LaConner; Harry Devin, Sedro-Woolley; Archie Dingwall, Burlington, and Jim Squires, Edison.

Other business transacted at the July meeting, held in Anacortes, was the election of officers for the coming year, being Carl Moen, Burlington, president; Ed Schwartz, Anacortes, first vice president; Charles McGovern, Concrete, second vice president; and Coy Kern, LaConner, secretary and treasurer. The new officers will be installed at the August meeting, which will be held in Concrete.

ENTERTAINS AT BRIDGE

Mrs. Harold E. Thompson entertained with an enjoyable bridge party at her home in West Concrete Tuesday evening with three tables in play. The evening with high score were won by Mrs. R. M. Miller, with Mrs. Frank McGovern receiving the consolation award.

Register Now To Vote On Repeal Election Aug. 29

All Who Registered Last Year Can Vote—Others Must Sign Books Before August 9th.

While this is an off year for elections, there will be one important election this year, the legislature having fixed Tuesday, August 29, as the date for electing delegates to a convention to decide whether or not the State of Washington is to ratify the constitutional amendment providing for the repeal of the Eighteenth amendment, or national prohibition. The legislature fixed the membership at the convention as the same as the state house of representatives, which gives three delegates to the legislative district comprising Skagit and San Juan counties. So far there have been no filings for office of delegate from this district, but there will likely be a number of candidates in the field before the filings close.

Registration Now Open

All electors who registered for the presidential election last year are qualified to vote without further registration. Those who did not vote at that election, or who have moved to a new precinct since that time, will have to register in order to be qualified to vote at the prohibition repeal election. In the two Concrete precincts, the books are now open, and all who want to register can do so. The books will close on August 9th, twenty days before the election.

The county commissioners are making effort to get election boards who will serve without pay for this election, in order to reduce the expense to the taxpayers. The cost of the election was not provided for in the 1933 budget, and with two elections coming up next year, the commissioners do not like to add a deficit from this election as an additional expense for next year. The election boards have been serving regularly for many years, with only such changes as are incurred by moving from the precinct or by death, and a hint has been given out that those who do not care to contribute their services for this election will not be considered for future boards.

Brown Wiseman and Harold McMackin returned Friday from a motor trip to the Century of Progress exposition in Chicago. They spent about a week at the fair and visited many places of interest along the way, including a week's visit to Yellowstone national park on the return trip. They report a very enjoyable vacation and are devoting much of their time to telling of their experiences.

Local Forest Ranger Is Married At Monroe

Harold E. D. Brown, forest ranger for the Baker river district, was married in Monroe last Thursday to Miss Margaret H. Chapin of that city. The wedding was held at the Congregational church in Monroe Thursday afternoon with Rev. Jesse K. Griffiths of this city reading the service. The bride was attended by her sister Edith as bridesmaid, while the groom was supported by William Huff, forest ranger at Darrington. Following the wedding, a reception was held on the lawn at the home of Mr. and Mrs. W. H. Clark in Monroe, after which Mr. and Mrs. Brown left on a short wedding trip, returning to Concrete Sunday. They will make their home at the Koma Kulshan ranger station, where Mr. Brown is stationed.

Mr. Brown has been in charge of the forestry work in the Baker river district and is well known here. His bride is not known in Concrete, but will be given a royal welcome by the many friends her husband has made during his stay in Concrete and in the Baker river valley.

CONCRETE WILL RETURN TO STANDARD TIME MONDAY

In accordance with the change from Daylight Saving time to Standard time, which will be county wide starting next week, Mayor Joe McDonald of Concrete asks that all residents of this community make the change also. Clocks will be set at Standard time after midnight Sunday evening, so that Concrete will start Monday morning in step with the lower valley.

As no official action was taken at the time Daylight Saving time was adopted there can be no official action to repeal it.

Grasmere Plays Tie Game With Lyman C.C.C. Team

An interesting twilight baseball game was played on the local field last Friday evening between the Lyman C. C. C. camp and Grasmere. The teams were fairly well matched and after letting Grasmere have a slight lead the C. C. C. boys tied up the game and kept it that way until the game was called on account of darkness with the count standing 10 to 10. A play off of the tie is expected soon. Last night a bunch of Concrete boys journeyed to Darrington for a game against the boys of the C. C. C. camp there, and were beaten by 12 to 3. An effort is being made to get a return game here next week. Patsy Frank, who is now managing the Concrete twilight team, is also trying to line up a series of games with the camps at Lyman and Bacon creek.

Burlington Takes Two Games From Concrete Sunday

Sixth Inning Rally In Each Game Beats Local Nine—Final League Games To Be At Anacortes Sunday.

Had there been no sixth inning in the two games played last Sunday, the local ball tossers would have won both contests, but, unfortunately, there was a sixth inning in each game and during those innings Burlington staged rallies that netted five runs in each instance, which were enough to win both games. Outside of the fatal sixth innings, Burlington scored but one lone tally in the two games. The result of the games was to push Concrete farther into the cellar and give the Burlington nine a fighting chance to in the second half pennant.

Burlington 6; Concrete 3

The first game was a real battle for five innings, with Brayton and Kaufman keeping the hits well scattered. Concrete scored first by tallying two in the second. Chapin was hit by the pitcher, and scored on Couture's long double. Couture advanced to third on Brayton's out at first and scored on Nick Snyder's single. Burlington tallied one in the fifth when Dave Vroman was safe on Nick Snyder's error, advanced on an infield out and came home on Davis' long single.

Then came the sixth—with the score 2-1 in favor of Concrete. Mart Littlefield opened with a clean single. Chase attempted to sacrifice, and was given a hit when the Concrete infield forgot what to do with the ball; Lawrence Littlefield filled the bases when his bunt went as a hit. Then Robertson and D. Vroman singled and five runs had tallied when the final out was made. Concrete got one back in the eighth when N. Snyder singled, stole second, went to third on a passed ball and scored on an infield out. Ora Snyder doubled to start the ninth, but Kaufman choked off the rally by fine pitching. Brayton held the visitors to one hit and no runs after the sixth.

Summary	R	H	E
Burlington	6	9	0
Concrete	3	8	3

Batteries: Kaufman and L. Littlefield; Brayton and Klaus.

Burlington 5; Concrete 2

The feature of the second game was a repetition of the disastrous sixth inning rally by Burlington. After Concrete had been in scoring position in each of the first three innings, the team broke through to score two in the fourth. McMackin was safe on Mackawa's error; Nick Snyder walked; and then both came home on Ora Snyder's long two-baser. Klaus had held Burlington to two hits and no runs up to the sixth. Babe Vroman opened with a single. M. Littlefield was safe when N. Snyder let his grounder roll past him; Robertson bunted, and Frank held the ball until all were safe; L. Littlefield grounded to short, and Snyder threw the ball over McMackin's head. Hanstead forced Mart Littlefield at home, but Dave Vroman tripled to clear the bases and scored the fifth run of the inning when Mackawa doubled. Concrete made three errors in this game and all three were on successive plays in this inning.

Summary	R	H	E
Burlington	5	5	2
Concrete	2	6	3

Batteries: Hanstead and L. Littlefield; Klaus and P. Frank.

Play At Anacortes Sunday

The Concrete team will go to Anacortes Sunday for the closing games of the league season. Last Sunday Anacortes broke even with Oak Harbor while Sedro-Woolley took two from Mount Vernon. Burlington has two postponed games to play with Mt. Vernon. Burlington can win the second half pennant by taking two from Sedro-Woolley Sunday and winning the two postponed games from Mount Vernon. IF—Concrete wins two from Anacortes, Sedro-Woolley can win by taking both from Burlington—so Anacortes has no cinch, but has a big advantage for the pennant. Anacortes won the first half, so if they win again, no play-off will be needed.

Next Sunday's games will close the league season and it is expected that the town team will then disband.

TAKE YOUR TIME!

Another noble experiment fails. After getting used to getting up an hour early, having an extra hour of daylight in the evening and being able to travel and still keep some sort of an idea about the time of day we are now going to go back to the time of our grandfathers—dear old Standard. To the delight of those who didn't like Daylight Saving time the clocks will be reset Sunday evening and we'll start the new week on the old schedule. Personally we liked the idea, because, like all modern ideas, it added a little spice to life—a change from the routine. Modern ideas may be impractical but they are never dull.

Every child in the upper valley should have a chance to visit "Old Ironsides". All of us remember saving pennies for rebuilding the ship, and after this trip to the West coast it is likely that it will never again visit this section. The chance of a life-time to bring the pages of a history book into reality for school children here. See what you can do to help.

Skagit county is to have an exhibit at the Chicago Exposition. Great! We hope it goes over bigger than the two school teacher exhibits we sent back.

"Pussyfoot" Johnson has decided to stop trying to make people be good. He decided after a speaking tour of the Northwest. The West—still wild and untamed!

Gov. Martin is going to cut our light bill and telephone bill. All the time we thought it was going to be taxes.

Anyway, the sun shines above the clouds.

Rockport Items

Mr. and Mrs. Les Olson spent Saturday in Sedro-Woolley shopping.

Jake Stafford spent Sunday in Avon visiting with relatives and friends.

Miss Marguerite Wainright and Estes Payette were greeting friends in Concrete Monday.

Mrs. Geo. Grimm returned to her home here Friday after a few days visit with relatives in Anacortes.

A. B. Wiseman of Concrete was in town Monday evening for a short visit with relatives.

Mr. and Mrs. Harry Wainright, and Mr. and Mrs. George Morehouse were visiting friends in Concrete Saturday.

W. C. Snyder and Abb Clark left

Sunday for a few days business trip to Seattle.

Joe Sands and Frank Olson are spending this week at Ruby creek, looking after business interests.

John Lurch of Mount Vernon was looking after business matters in town Tuesday.

Mr. and Mrs. Dana Currier and daughter of Newhalem spent Sunday in Sedro-Woolley visiting friends.

Mr. and Mrs. Ed Clark spent the week end at Marblemount visiting at the home of Mr. and Mrs. Abb Clark.

Mr. and Mrs. Delbert Morehouse of Seattle were visiting relatives in town on Sunday.

Mr. and Mrs. Edward Merwin, who have spent the past six months residing in Mount Vernon, moved to town the first of the week.

Mrs. Epp Shular, who has been visiting in California for the past two weeks, returned to her home here last week.

Mrs. Carl Olson and Miss Beryle Johnson spent Thursday in Mount Vernon shopping and calling on old friends.

Mr. and Mrs. George Morehouse spent Saturday in Burlington visiting with Mr. and Mrs. Edward Gallagher.

Mrs. O. L. Ness is spending this week in Seattle, visiting with Mr. and Mrs. Iver Dolva.

A new Women's Confederate club was organized on Wednesday afternoon, July 5th, at the home of Mrs. Ozena Morehouse. Mrs. Carroll Biggerstaff was appointed president, Mrs. Fred Shular, vice president and Mrs. Darrell Chase, secretary and treasurer. At the close of the afternoon a delicious lunch was served by the hostess.

Fifteen Years Ago In Concrete

Concrete Herald, July 13, 1918

The government food administration issued new orders this week in regard to the sale of sugar. Sales are now limited to two pounds at a time, and families are limited to three pounds per person a month. The only exception is that a total of 25 pounds can be bought for canning purposes. All merchants are required to file itemized reports of all sales of sugar each week.

In order to raise enough money to pay the running expenses of the county next year, the county commissioners, meeting as a board of equalization, ordered a flat increase of 30 per cent in the assessed valuations on all property in the county. The county is limited to a levy of 8 mills for current expenses, and this levy on the valuations turned in by the assessor would lack about \$30,000 of raising the estimated current expenses for 1919.

The Northern Pacific depot in Sedro-Woolley was badly damaged by fire about midnight Wednesday. The shed for freight was totally destroyed, but the office rooms were saved with only slight damage. The origin of the fire is unknown.

A small cabin in Crofoot's addition, used by Gordon McGovern for the developing and printing of pictures, caught fire from an overheated stove Monday night and was totally destroyed. All his photographic supplies and equipment and some household goods were burned, the only article saved being his camera.

E. Harris of Sedro-Woolley, owner of the Concrete steam laundry, which has been idle for several years, is moving the machinery to Sedro-Woolley, where part will be installed in the laundry there and the remainder sold.

The contract for the construction of a new school house at Marblemount was awarded last week to Harry Griffin of Sedro-Woolley. Work has already started and the building is to be completed before school opens.

S. A. Nichols, who recently operated a livery stable here, died at his home near Mount Vernon last week, after an illness of several months. He is survived by his wife and six grown children.

The official statement of the State Bank of Concrete, published this week, shows that the bank had on deposit the sum of \$95,661.30 at the close of business on June 29.

Junior Hanstead, who is spending the summer with relatives at Avon, spent Sunday in the city. He was accompanied by his father, Sivert Hanstead.

Jean McCabe was the honor guest at a party at the home of her grandmother, Mrs. A. Wright, Friday afternoon. Games were played and refreshments were served to Helen and Meridian McDonald, Dorothy and Kenneth Reece, Iola Hatt, Shirley Minkler, Mervin Peterson, Betty Hours and Melvin McLeod.

WHEN IS A "TAX" NOT A TAX?

—when it is a
Service Charge
for using Public Highways

DID you ever consider how useless your automobile would be if there were no roads to run it on? The very existence of automobiles depends on places to use them. Roads and streets are as necessary to cars as are the wheels.

With such dependence of cars on roads it is only reasonable that the motorist should pay for these highways in the proportion in which he uses them. Were it not for practical difficulties, the motorist could be charged according to speedometer readings or tire wear. As such measures are out of the question, the so-called "gasoline tax" was devised as the fairest yardstick of road service charges.

This commonly called "Tax" really is not a tax but a SERVICE CHARGE like a telephone toll or electric bill.

You pay this gasoline service charge only when you use your car. Anyone is privileged to travel by other means of transportation and save the gasoline charge. This so-called State tax is not like most other taxes which all must pay regardless of direct benefit.

So, Washington motorists pay for their State highways in proportion as they use them. This is one reason why they are willing to pay a few cents more for gasoline when they know these extra funds are going into better highways and that roads paved with PORTLAND CEMENT CONCRETE are saving them more than the cost in the operation of their cars.

CONCRETE provides the permanent, economical highway that also gives thousands of Washington workmen useful employment in the building. Insist that public officials spend your gasoline service charges for CONCRETE highways.

SEEN & HEARD ON MAIN STREET

IT HAS BEEN RUMORED THAT WALT MERRYWEATHER HAS AT LAST PICKED A WINNER IN A PRIZE FIGHT.

She: "Haven't I always been fair to you?"

He: "Yes, but I want you to be fair and warmer."

She called him "Theory" because he worked so seldom.

THE ITALIAN WHO INVENTED THE POST CARD HAS GONE TO HIS REWARD. WHILE WE HOPE HE IS HAVING A FINE TIME, WE ARE GLAD WE ARE NOT THERE.

Why Boys Leave Home

Leroy Brown, back from a long stay in California and other points, arrived in town. Swinging his suitcase he at once wandered into the drug store expecting a royal welcome. No one seemed much excited. Then he strolled over to the post office and banged down his luggage with enough noise to cause it to be noticed. Brownie: "Hello, Manfred." Manfred (looking up): "Hello, ol' kid. Leaving town?"

They're picking up his pieces. With a dust pan and a rake, Because he grabbed a silken knee. When he should have grabbed the brake.

Alarmed wife (whose husband had gone to bed first, but whom she did not find abed when she got there): "Bill, where are you?"

Drowsy Bill: "Aw, come on to bed. I've been asleep hours."

Mrs. Bill: "But you aren't in bed."

Bill: "Thunder I'm not. I'm where the bed is anyway."

Mrs. Bill: "No darling. You are where the bed used to be. I changed things around today and you must be sleeping in the cedar chest."

The less you have to do with some people, the less you are worse off.

10c a roll.

Have you received your NR "Checkerboard" Puzzle?

Concrete Drug Co.

Dudley I. Green, Prop.

Phone Main 26

about two months ago to take the body of her mother, Mrs. Carrie A. Feazel, to Rhinelander, Wis., for burial, returned to her home here Tuesday. After visiting with relatives in Rhinelander, she took in the Chicago fair, and then visited with relatives in Los Angeles and San Francisco on the return trip.

A party of about a dozen Boy Scouts from Bellingham, Lynden and eastern Skagit county passed through on Friday on a hike over Cascade Pass for a two weeks' outing on Lake Chelan. Jean Mitchell, of the Concrete troop, joined the party here and will accompany them on the rest of the trip. Several other local Scouts had made plans for this trip, but were unable to get away.

Helen Green Honor Guest At Merry Surprise Party

Miss Helen Green was the surprised honor guest at an elaborate party in her honor Friday evening, in celebration of her birthday. Helen had first been surprised by the arrival of a few friends from out of town, and had settled down to spend the evening in playing bridge with her guests when the doorbell rang, and when she answered, found a crowd of young people gathered to give her a real party. The home being too small to accommodate the crowd, the young folks went to the Green Lantern Cabaret, where the evening was spent in dancing to music by the Jazzmanians. A splen-

did luncheon, with the huge birthday cake as a main feature, was an important event of the evening. There were about 75 young people present, including the following out-of-town guests: Misses Betty and Virginia Fellows of Lyman; Miss Helen Law of Seattle, and John Guddall, Mullen and Frank Johnson to Sedro-Woolley.
