

The Concrete Herald

CONCRETE, SKAGIT COUNTY, WASHINGTON, THURSDAY, APRIL 1, 1937.

NUMBER 19

GREEN AND HEARD ON MAIN STREET

The speed limit in the state of Washington has been increased to 50 miles an hour. The careful drivers will slow down to 60 at crossings or as they pass schoolhouses.

Not all the dangerous curves, says Dad Gummit, are on the ways.

What are you turning around for?" "I just discovered we've come a hundred and ten miles since we left; we'll have to run back to the five-hundred-mile mark and pass the oil."

Definition
MILK: A 24-hour breakfast.

Why Fry, waiting on customer: "It's your radiator cap?" "It's on the front end of the car. And please don't call it a cap."

Why Whiffletree wasn't surprised when his engine started to smoke. He admitted it was enough.

Why in Washington 236 emblems make postage stamps, and a hundred and twenty million of them are out of our tongues at their own cost.

Definition
ANQUET: An affair where a man eats a lot of food he doesn't want, then proceeds to talk about something he doesn't understand to a lot of people who don't want to hear him.

Golden Text
There are only two times in a man's life when he should gamble or speculate, Mark Twain once said: "when he can't afford it, and when he can't lose it."

Why Communist: "Nice weather having." "Yes, I suppose, but the capitalists are having too."

Definition
PHILOSOPHY: Finding out how things are in the world you can't have if you want and don't want if you can't have them.

Why Whiffletree had four children and that will be all, he said. "I just read," he says, "in the almanac that every fifth child born in the world is a Chinaman."

Why: "Why do you always insist on breaking into homes on the second floor?" "That's my story and I'm sticking to it."

Why's better to give than to receive, says Dad Gummit. And in the long run the cost is about the same.

Why a motorist, passing the cabin of a park mountaineer, ran over and killed the mountaineer's favorite dog. He went into the house and told the man's wife what had happened and how sorry he was. The owner of the dog was out in the fields, and the motorist decided to go out and tell him about the dog.

Why better break it to him easy? "I advised the wife. 'First tell her it was one of the kids.'"

Why the new hired man had just cut his finger in the circular saw and was crying with pain.

Why did it happen? "I asked his employer."

Why, I was just doing like this—gosh, there goes another one!"

Booster Club To Aid Ball Team During Season

Concrete Enters Skagit And Island League Again This Year.

Concrete will have another baseball team this year in the Skagit and Island county league. A check of players available shows that a fine team can be gathered together with little trouble and at a meeting of the Booster Club Tuesday night the members voted to back the ball club and appoint a committee to take charge of raising the necessary funds to keep the team in the field for the full season.

Representatives from here attended a meeting in Mount Vernon last night and met with representatives from other towns. The outcome was that a six team league was organized with Anacortes, Mt. Vernon, Stanwood, Langley, Oak Harbor and Concrete competing for the championship.

Another meeting will be held by officers of the group to make up the season's schedule.

To Organize Here

The next step will be toward the formation of the local organization and a meeting will be held tomorrow night (Friday) at the City Hall, for this purpose. All fans and players are asked to attend.

The first official turnout will be held Sunday on the school field and all who intend trying for a position on the team are requested to be on hand to do their stuff.

HIGH SCHOOL BALL TEAM UNDER WAY

In between the showers, the Concrete high school ball team has been getting into shape under the eye of Coach Wiseman and will soon be ready for the season. The team will compete in a six school league, the schedule to open April 16th.

The first game of the season will be played here April 13th, with the local town team as opposition.

The county schedule is as follows:

April 16—Anacortes at Sedro-Woolley, Mount Vernon at Burlington, Hamilton at Concrete.

April 23—Burlington at Anacortes, Sedro-Woolley at Hamilton, Mount Vernon at Concrete.

April 30—Anacortes at Mt. Vernon, Burlington at Hamilton, Concrete at Sedro-Woolley.

May 7—Anacortes at Hamilton, Sedro-Woolley at Mount Vernon, Concrete at Burlington.

May 14—Burlington at Sedro-Woolley, Hamilton at Mount Vernon, Concrete at Anacortes.

Walter Ross Lands Answer To Fisherman's Prayer

In the face of the fact that a 26 pound steelhead was caught in the river near Sedro-Woolley recently, up-river fishermen have been working under difficulty trying to produce a fish that would equal it. Sunday, one of Concrete most enthusiastic steelheaders, Walter Ross, upheld the honor of the town by hauling a 21 pound steelhead out of the river near Birdsview.

While big fish are occasionally caught in the lower river, it is seldom that one of this size is landed up here.

Another Big Mining Job Started On Lake Chelan

Details of a second huge mining development in the Cascade were announced last week when the Guggenheim interests revealed the plans for a three milliom dollar gold, silver, copper and silver ore mine near Lake Chelan.

The company is installing a big gold, silver and copper concentrator on Railroad creek, twelve miles west of Lake Chelan, to grind out ore concentrates. This ore will be shipped to the Tacoma smelter until one is built at Chelan.

Frank Ritchie visited with Mrs. Ritchie in the Rowley hospital in Mount Vernon Tuesday.

All Fools' Day

Concrete Department Store Buys Building

The Concrete Department Store, which has occupied the building next to Cooper & Gailey for the past twenty or so years, this week completed arrangement for the purchase of the Argierin building on the corner of Main and Aldridge street. J. E. St. John, proprietor of the Department Store, purchased the entire building and will remove the wall between the two store-rooms and use the entire space for his store.

According to present plans the stock will be moved in and ready for sale in the new location by the middle of the month.

The Argierin building is exceptionally well built, being of concrete construction with large basement storage space. One side of the building has been unoccupied since the McMarr store moved out about five years ago, but the other side has been occupied by Peck's Radio Service.

SPRING VACATION

A brief vacation before settling down for the final work of the year will be given to the students of the Skagit county schools next week. The schools will close Wednesday, April 7th, at the regular time and will not resume until the following Monday morning.

NOVEL SETTING AT THE MINSTREL SHOW

A nautical minstrel show is the treat offered to entertainment seekers tomorrow night by the school Glee Club. A snappy setting, the deck of a ship, will serve as a back ground for the sailor chorus and the blackface end men: Frankie, Saltsman, Lowell Peterson, Myrna DeBolt and Arabella Solomon as they respond to their interlocutor and ships captain, Stuart Johnston.

Special features include the opening number by "Pete" Peterson and the chorus, the Mason boys, Murray Channess on the banjo, a "Bowery" number by Elaine Smith, songs by Myrna DeBolt, a tumbling act and tap dancing.

The performance will be given in the school gym starting at 8:00 o'clock.

Primary Children's Program

Next Sunday evening at the Mt. Baker Presbyterian Church a short program will be presented by the primary children's class. A large group of young people from Mount Vernon are also expected to assist in the services.

Mr. and Mrs. Earl Brower are parents of a son, born Monday in Everett. Mr. and Mrs. Brower are residents of Everett but are both well known here, Mrs. Brower being the daughter of Mr. and Mrs. Ben N. Weaver.

Mount Vernon Lions Club Visits Town

Fifteen members of the Mount Vernon Lions club, led by President Les Peck and International Representative Claude Cain, held a dinner and meeting at Bud Thompson's Cafe Tuesday evening for the purpose of sponsoring a Lion's Club in Concrete.

Concrete was represented by nine interested citizens, who enjoyed the dinner and accompanying fun. After hearing the testimonials of the Mount Vernon members and the principals of the organization, it was voted that a temporary organization be formed here. H. C. Lisherness was elected president; Chas. M. Dwelley, sec. and J. J. Baxter, "talltwister."

With this temporary group an effort will be made to line up enough members to form a club. Another meeting will be held next Tuesday night at which time more of a turn-out is expected.

EASTER ATTENDANCE SETS CHURCH RECORD

The glad spirit of Easter brought out a large crowd to the Mt. Baker Presbyterian Church Sunday. The Sunday school set a record of 141 and at the evening service chairs from the basement had to be used to accommodate the crowd.

Those attending were treated to splendid music by the choir of 20 voices and special music by Mr. Heritage, Mr. Hoback and Mr. Sharpe. Old familiar hymns were sung with the spirit of Easter.

The sermon by Rev. Snowden was excellently given and helpful to those present.

The church was decorated for the occasion by many flowers and lilies. The pastor has asked that his appreciation be extended to all who took part for their fine work and states that this Easter will be a day long remembered by the church for the wonderful interest shown.

To Attend Meeting

Supt. Herbert Hansen of the local school will attend the meetings of the Inland Empire Educational Ass'n. to be held in Spokane on April 7, 8 and 9. Educators from Washington, Oregon, Montana and Idaho will be in attendance.

The Inland Empire Association meeting is held in Spokane every April and is the largest and best attended of all educational meetings held in the Northwest. Speakers on the program this year include prominent school officials from the east and from California.

Clean-Up Week Announced For Next Ten Days

April 1st to 10th Set For Annual House-Cleaning—Free Hauling By City.

In accordance with the custom established some years ago, Mayor Lisherness of Concrete this week announced that next week will be annual Clean-Up week for the city. He has set the dates from April 1 to April 10th, to give an extra week end before the city trucks start their work.

Following the actual Clean-Up Week, or from April 12th to 17th, the city will furnish men and a truck to pick up all refuse gathered up and placed where they can find it. All clean up work should be done during the next week as the truck will only make the rounds once the following week and if the cleaning job is left until then the truck may miss it.

Very Successful

In the past these Clean-Up week programs have proven very successful, a large amount of unsightly rubbish being removed from vacant lots and premises of residents of the town.

Each resident is expected to take care of his own property, and where it is an adjacent vacant lot that needs cleaning, a neighborhood group should take charge and put it in order.

This is the only clean-up time of the year when the city will provide free hauling. This item alone provides incentive for making a program of this kind successful.

ENTHUSIASM GROWS FOR "CASCADE DAY"

At the meeting of the Booster Club at the city hall Tuesday evening a larger number of members than usually attend were present to enter into the discussion of plans for "Cascade Day" to be held here in August.

Plans are going ahead for another big parade, and an effort will be made to provide prizes for lodges and other organizations making the best appearance. The Eagles have signified their intention of working with the club to bring members of other aeries here for the day, and also to help in other ways.

A number of temporary committees were named by President Tumelson, but these will not be announced until permanently decided upon and accepted by the members named.

Dance April 17th

The first step toward raising the funds necessary for putting on the celebration will be a dance, to be held in the Legion hall on Saturday night, April 17th. Proceeds of the dance will go into the treasury. Following this dance another will be given May 15th.

The next meeting of the club is set for April 13th, and all business men and members of the club are asked to be present.

Birthday Party For Shirley Temple At Theatre

A Shirley Temple birthday party is something for the little girls of the upper valley to look forward to. It will be held Friday, April 23rd at the Concrete Theatre and a number of fine Shirley Temple dolls will be given away as prizes during the evening.

There will be prizes for the oldest doll present, the prettiest doll, the biggest doll, the most ragged, the best dressed and the one with the queerest name. Every girl with a doll is eligible to enter the contest.

Boy Scouts Want Your Old Paper And Magazines

The Boy Scouts of Concrete are having a paper drive this week and next for the purpose of raising funds for their treasury. Any one having old papers or magazines they wish to get rid of are asked to notify any members of the troop.

Entered at Concrete Postoffice as Second Class Mail Matter

The immediate future of Concrete and the upper valley seems to be the popular topic of discussion these days. The view is optimistic, and everywhere you hear plans for improvements, building, buying and planning for a few years of real prosperity. Such a spirit is contagious and is claiming even the most pessimistic observers of things as they are. A steady payroll is the biggest asset any town can have.

In spite of strikes, threats of legislation against business and other hinderances, business is again on the upgrade, preceded by wages and prices. Prices are the real barometer. When prices are high, wages are high and business is good. The real problem is to keep prices from becoming too high. They did that in 1929 and next time recovery is going to take more than boondoggling to cure it.

Next week is Clean-Up Week and your opportunity to have the winter's accumulation of "junk" hauled away free, except for the effort of piling it where the truck can pick it up. Rather than being another disagreeable law, the Clean-Up idea is a genuine service offered to every citizen—one that would cost money to buy. Take advantage of the offer, it only comes once a year.

As plans for a second "Cascade Day" in Concrete progresses, the enthusiasm of the local boosters rises and now it appears that we are going to have to plan for two days instead of one to take care of the crowd and entertainment features. Anyway, it is going to be the biggest thing that has yet been put on here and no effort or expense is to be spared to reach this end. Let's go.

With backing of the Booster Club assured, the local ball club should go well this year. Enough home-town boys are available to fill every position on the team for the first time in many years. With this set-up a successful season is a certainty.

This issue may be dated April 1, but we assure you that getting it out was no joke.

FIFTEEN YEARS AGO IN CONCRETE

(Continued from page 1)

was married in Mount Vernon last Saturday to Josephine M. Olson of that city. Mr. Cowden was formerly connected with the Cowden mill at Sauk and is well known here.

Edwin Carlson, driver of the delivery truck for the Monrad grocery was seriously injured while sawing wood with a circular saw driven by a gas engine at the home of his parents in Grasmere yesterday noon. In some way his glove was caught by the saw and his hand drawn against the saw. The thumb and first two fingers of his right hand were badly cut, and it is likely that part of the first finger will have to be amputated.

Miss Bessie Stafford of Sauk, who has been under doctors care in Seattle for a few weeks, returned

home Saturday evening.

Mr. and Mrs. Thos. Stokes, who have been residing on the Hawkings farm moved to Concrete Monday. Bud Bevard and family moved to the Hawkings place for the summer.

The Mohrad grocery is the owner of a new Ford Truck, purchased from the Lisherness Auto Co.

Clarence Hawkings was badly burned about the face by electricity while working at the Superior plant Sunday evening. While his injury is painful it will not prove serious.

Mr. and Mrs. Oscar Stimmington have a new Ford V-8.

Floyd Gardner made a business trip to Sedro-Woolley Thursday.

Mr. and Mrs. Rawson Hornbeck spent Sunday with relatives in Concrete.

Fred DeSilvia attended to business affairs in Mount Vernon on Thursday.

Mrs. Denny, Mrs. Moses and Mrs. Clyde Shipp, all of the Cascade, were in Mount Vernon Monday.

Neil McLeod, Elias Reece and son Clyde were business visitors in Rockport Friday.

Mrs. Karl Wilrich and Mrs. McGregor shopped in Mount Vernon Monday.

Mr. and Mrs. A. McSpadden returned from a trip to Everett Wednesday.

Ed Taylor left for Montbourne, where he has accepted a position as saw filer.

Raymond Reynolds of Berryville, Arkansas, is a house guest of Mr. and Mrs. Oscar Hanly.

Harley LaPlant of Lyman was a business visitor at the Walters Mill here Tuesday.

Mr. and Mrs. Elias Prestelien visited in Mount Vernon and Stanwood the first of the week.

Miss Pauline Hanby, who has been making an extended visit in Anacortes, returned to her home here this week.

Mr. and Mrs. Fred Berry, Jr., have started work on their new home. Their place joins the Fred Berry, Sr. farm.

Mr. and Mrs. H. Jones and family and Russell Buller motored to Tacoma Saturday. Mr. Buller returned to his home here Sunday.

Mr. and Mrs. I. Simmons and children, Mr. and Mrs. Clyde Shipp and children visited in Concrete on Friday evening.

Mrs. Frank Pressentin spent the past week in Bellingham with relatives, while having dental work done.

Mrs. Ruth DeSilvia, Mrs. Dena Watson, Mrs. Elma Parker spent one day last week in Anacortes and Mount Vernon.

Mr. and Mrs. Edward Carlson and daughter Alice of Mount Vernon spent the week end with relatives here.

Mrs. Mary McDonald and son Earl were business visitors in Mt. Vernon and Sedro-Woolley Thursday.

There was an excellent attendance at the Sunday School Easter program at the school house last Sunday morning.

Mrs. Mary McDonald had as her Sunday guests, Mrs. Dolly McDonald and daughter Blanche Lorraine of Sedro-Woolley.

Mr. and Mrs. Len Scott returned from Mount Vernon Wednesday. Mr. Scott returned to his duties in Mount Vernon Wednesday evening.

Delbert Davis is proud owner of a 3-ton International truck, purchased in Mount Vernon recently.

The truck is used to haul hardwood to Sedro-Woolley.

Bud Buller, Misses Florence and Rosemary Witham visited in Granite Falls recently with Miss Humes father, Ray Humes, who is employed there.

Leavitt and Leathers resumed logging operation on Jordan creek Monday. It will take approximately 2 years to complete this contract. They have been shut down since early last winter.

Mrs. V. Ford of Seattle, who has been visiting at the home of her parents, Mr. and Mrs. Wm. Smullen, returned to her home. Mr. Smullen, who has been ill, remains unchanged.

Mr. and Mrs. A. R. Wilson and son Albert were week end guests of Mrs. Wilson's mother, Mrs. G. Franklin of Mount Vernon. Returning with them to spend Sunday were Miss Lillian Schmidt and Ralph Bauer of Mount Vernon.

About seventy-five people enjoyed the Easter Egg hunt on the Oscar Hanby farm Sunday afternoon. An exceptionally good time was had by young and old and Mrs. E. Bulch, local teacher, found the booby egg. Approximately twenty-five dozen eggs were found. The gate receipts of \$10.05 goes to the building fund of the Union church.

Beware of Hatred

Honest indignation which the cause of right demands, can thunder with power and strike with lightning effect. But there is such a thing as allowing this strong moral force to get mastery over the soul that should control it. The old Romans had many terse, pithy sayings that embodied the strong, good sense that led them to the heights of earthly power. One of them was: "Resist beginnings." You cannot curb the power of the river, so choke its source. You cannot arrest the fury of the conflagration, so put out the spark. It is almost impossible to check hatreds that have been allowed free course, so never let them begin.

Contents of Malleable Iron
Malleable iron contains from 1.5 to 2.0 per cent carbon and is cast iron that has received a heat treatment for a week or more, which changes the form of the carbon, making it tough and capable of withstanding considerable twisting and bending. It can not be welded successfully, but is easily and satisfactorily brazed with torch. It is used extensively in farm equipment as well as for pipe fittings, harness hardware, etc. A broken malleable casting has a smoother appearance than ordinary cast iron and bends before breaking.

Identifying Animal Noises
A little practice in the art of listening will enable you to identify the various creatures of the woods without seeing them, writes Archibald Rutledge in Nature Magazine. The wild turkey has the tramp-tramp tread of a man interspersed with a sedulous raking of leaves as he pauses to scratch for food. A deer, despite his size, makes less noise than the turkey. His approach is usually heralded by a subdued stirring, the separate footfalls being hardly distinguishable. Squirrels can always be identified by their habit of frisking around in the leaves and then jumping. He will make a great scurrying and then give a leap.

Welding Methods
Welding methods are being used to two groups, "cold" pressing and hammering while in a plastic state, and "cohesion of metal" or vapor state. The latter is included in the welding of ylene and electric arc.

The saddest sign on road or street—
"Concrete Ends—400 ft."

**For Safety's sake
PAVE THE GAPS WITH
Concrete**

WHY do state highway departments tell the public: "Concrete Pavement Ends"? Because it is universally accepted that which are reasonable and safe on concrete are dangerous on other surfaces.

To save lives to prevent accidents... concrete all the way.

True and even, it has no high crown—to its full width. Brakes are at their best gritty, non-skid surface. Its light gray color sharply defined edges give visibility at night car is a better car on concrete.

And concrete saves money for motorists for taxpayers. Insist on concrete for your road.

Concrete's Resistance to Spring "Break-Ups" Worth Millions to Taxpayers Every Year

When the frost comes out or the rain pours on concrete pavements "can take it." They're ready to get you through with safety. Even the terrible punishment of this winter, from inexpensive maintenance will quickly put them in condition for heavy summer traffic. Aggressive detours and costly delays are avoided.

And Frozen Salads

The busy hostess who must have her own refreshments and be ready to receive her guests as they arrive, molded and salads will be found a great help. They can be prepared in the morning or even the day before, turned out on crisp lettuce before serving. Either individual large molds may be used, depending on the maker's taste and occasion for which the salad is to be used. The large mold, attractively garnished, is especially for buffet suppers, adding to the appearance of the table. While small molds are useful on any occasion where individual portions are desired.

Sunday night supper, one of the salads, prepared while you work in your kitchen on Monday, will prove a delightful surprise to your family and will relieve you of the necessity of thinking of something to serve and the time of preparing it.

Metal mold chills more quickly than one of enamel or earthenware.

When ready to unmold, dip mold up to the edge in warm, not hot, water. Hold in water just enough to loosen mold, dry edge of mold, loosen one edge with a knife and tap. Then turn out fully on serving plate. If mold sticks, place a cloth, wrung of hot water, on top of mold. Dress prepared gelatin powder, gelatin must always be soaked in cold water before it is dissolved. Cover gelatin with water and let stand for five minutes, before adding the hot water, which will dissolve it.

Added salads will be nicer if the time is allowed to cool before fruits and vegetables are added, they will not then lose their crispness.

Ed Chicken Salad

1 tsp. gelatin
c. cold water
c. cold chicken stock
1 tsp. salt
c. celery, cut fine
c. stuffed olives, sliced
cups cold chicken, cut in cubes
Soak gelatin in the cold water, dissolve in hot chicken stock. Add chicken, celery, olives. Put in molds which have been dipped in cold water. Chill thoroughly and let set. To serve, dip mold in cold water and let stand for 24 hours.
Following dressing:
2 cups mayonnaise, add 1 cup hard cooked egg, 1 tsp. paprika, 1 tsp. chopped onion or India Relish.

Mousse Salad

1 tsp. gelatin
c. cold water
c. hot water
c. cream or evaporated milk
c. minced ham
c. chopped celery
stuffed olives (chopped)
1 tsp. paprika

Soak gelatin in cold water and olive in hot water. Let cool, add ham, olives, and paprika. In stiffly beaten cream. Mold in chill. Serve with Thousand Island dressing:
2 cups mayonnaise
1 cup chili sauce
1 tsp. Worcestershire sauce

Non Loaf or Tuna Fish Loaf

1 tsp. gelatin
c. cold water
1/2 cups of two eggs
1 tsp. salt
1/2 tsp. melted butter
c. milk
1/2 tsp. mild vinegar or lemon juice
c. canned salmon or tuna

1 tsp. mustard, paprika
Soak the gelatin in cold water. Mix the slightly beaten egg yolks with salt, mustard and paprika. Add butter, milk and vinegar. Cook in double boiler, stirring constantly until mixture begins to thicken. Add soaked gelatin and fish, which has been flaked. Turn into wet mold and let set. Serve on lettuce garnished with hard boiled eggs, sliced tomatoes or olives.

Any of these salads attractively garnished and served accompanied by potato chips, hot rolls or biscuits and coffee would make a delicious luncheon plate. Top this off with an attractive dessert and your luncheon will please the most fastidious.

To freeze salads, pack in frozen oiled mold or molds, tightly sealed. Pack in equal parts of salt and ice and let stand about 4 hours, or pack in drawer of electric refrigerator and let stand until frozen. Do not freeze long enough to freeze fruit, as it is then very difficult to eat.

Frozen Pear Salad

Pack a can of Bartlett pears in ice and salt and let stand 4 hours, or remove from can and freeze in electric refrigerator. Slice or cut in squares and serve on lettuce. Garnish with cherries, top with cream cheese and French dressing.

Marshmallow Salad Ring

1 can pineapple
1 can white cherries or 1 pound Malaga grapes
1/2 lb. marshmallows
1/2 c. pecan nut meats or almonds blanched and chopped.
Cut marshmallows into pieces. Drain fruit, cut pineapple in small pieces and stone cherries or skin and seed grapes. Mix all together with the following dressing:

Fruit Salad Dressing with Cream
2 tbsp. lemon juice
2 eggs or 4 yolks, beaten
One-third cup water
One-third cup sugar
1/2 tsp. mustard
1/2 tsp. salt
1/4 tsp. paprika
1 cup cream, whipped
Mix dry ingredients, add eggs, lemon juice and water. Cook over boiling water, stirring until thick. Cool and add whipping cream. Mold the above and let stand for 24 hours.

Serve with Pineapple dressing:
One-third cup pineapple juice
One-third cup lemon juice
One-third cup sugar
1 tsp. cornstarch
Pinch salt
1 egg, beaten
A little cream
Mix dry ingredients, add fruit juices, cook until smooth and pour over well beaten egg. Thin with a little cream.

Jugtown Pottery

Jugtown pottery is an American ware made in North Carolina since about 1750 by descendants of a family of Staffordshire potters which settled there. The wheel-turned bowls, jars and plates of warm orange, gray, green, Persian blue and black hues show Colonial influence.

President Arthur Handsome
President Arthur was tall and well proportioned. He was classed as perhaps the handsomest man who ever filled the office of President. He was faultless in his dress and yet he was not given to the following of any style, but rather that of good taste. He was the first President to have a valet.

Rockport Items

Fred DeSilvia was a business visitor in Concrete on Monday.

Chas. Kinkad spent Monday and Tuesday with relatives in Seattle.

Mrs. Oscar Thoreson of Seattle is spending several days this week with Mr. Thoreson.

Louis Hockmire of Diablo was transacting business here on Saturday.

Mr. and Mrs. Guy Cook left on Sunday for a few days visit with relatives and friends in Seattle.

Mrs. O. D. Morehouse spent the week end in Seattle, visiting with her daughter, Mrs. E. V. Dobbs.

Bill Swettenam of Hamilton visited on Thursday at the home of Mr. and Mrs. Ed Pressentin.

Mr. and Mrs. J. H. Hubbard spent Thursday visiting with relatives and friends in Bellingham.

Epp Shular was looking after business interests in Sedro-Woolley on Tuesday.

E. Hoffman spent the week end in Seattle visiting with relatives and friends.

Mrs. Fred DeSilvia, Mrs. E. R. Watson and Mrs. Madison Parker were visiting friends in Anacortes on Sunday.

Mr. and Mrs. Paul Grubb returned home on Sunday from a several days visit with relatives and old friends in Seattle.

Mr. and Mrs. Louis Hunziker and family and Robert Wright spent Sunday visiting with Mr. and Mrs. Floyd Maxwell of Sedro-Woolley.

Chet Schwenck, who is employed here, visited over the week end with relatives and friends in Seattle.

Mrs. Theodore Buchanan and Mrs. Frank Porter were shopping and visiting in Sedro-Woolley on Tuesday.

Mr. and Mrs. Orville Morgan of Sedro-Woolley were looking after business interests and visiting old friends here Wednesday.

Mrs. Richard Poldervart entertained the ladies of the Cascade Club at her home on Thursday afternoon.

Harry Wainright, Jr., returned on Monday from a two-weeks visit with Mr. and Mrs. L. Foskett of Bellingham.

Norman Pressentin of Seattle spent Easter vacation here with his parents, Mr. and Mrs. Ed Pressentin.

Miss Lorene Courier, who is attending high school in Seattle, visited with her parents at Newhalem over Easter.

Mr. and Mrs. George Hunziker spent the week end in Seattle visiting at the home of Mr. and Mrs. E. R. Gallagher.

Mr. and Mrs. Miles Garratt of Diablo spent several days last week visiting with relatives and friends in Bellingham.

Albert Newby of Bellingham spent a few days last week visiting with his mother, Mrs. William Newby.

Earl Payette, who has spent the past few months visiting here, returned to his work at Sappho on Sunday.

Mr. and Mrs. Hurst Riggs were visiting with relatives and friends in Sedro-Woolley and Concrete one day this week.

Mr. and Mrs. Charles Prater and children Anne and Jane spent the week end in Tacoma, visiting with Mr. and Mrs. C. Biggerstaff.

Mr. and Mrs. Art Morehouse and children spent the week end in Seattle, visiting at the home of Mr. and Mrs. Charles Kinkad.

Mrs. Wm. Pressentin and daughter Myra, Mrs. Abb Clark and Rudolph and Roy Clark spent Sunday in Seattle visiting with Mr. and Mrs. J. C. Snyder.

LOCAL NEWS

Mr. and Mrs. Gus Hockett and family motored to Mount Vernon on Monday.

Mrs. Elmer Larsen of Sauk entertained the ladies quilting party at her home Thursday, March 25th, a feature of the program being a shower for Mrs. Joe Yeager. A pot luck luncheon was served at one o'clock and the dainty gifts opened by Mrs. Yeager. Quilting was done until 4:00 p.m. Those who enjoyed the day were Mrs. John West, Mrs. Olaf Karlsson, Zena Park, Mrs. Ebb Wagoner, Mrs. Charley Coone, Mrs. J. Christney and daughter Margaret, Mrs. E. G. Ellison and daughter Doris, Mrs. Robert Swanson and son Buster, Mrs. Lawrence Chapman and Mrs. M. Matier and son Gerald.

The "Corset Crime"

To Catherine de' Medici has been attributed "the crime" of establishing the corset in its complete form. She abhorred her large waist and contrived a strait jacket to confine it. It extended from throat to waist. Thus she succeeded in reducing her waist to thirteen inches and this remained the standard for a long time.

THE TOWN OF CONCRETE'S OFFICIAL

Clean-Up Week April 1st To 10th

Proclamation: The annual Clean-Up Week has become a custom in Concrete and is a custom that is beneficial in many ways. It improves the appearance of our city, thus enhancing the value of the property; it protects the health of our people through elimination of unsanitary conditions; and it lessens our fire losses by removing hazards about the homes and other buildings.

Following this fine custom, I hereby proclaim the period from April 1st to April 10th as Clean-Up Week for the Town of Concrete. The following week, April 12th to 17th, will be the town's part of the program in which city employees will remove all refuse collected by the citizens of the town during Clean-Up Week.

All residents are asked to place all waste, rubbish and other garbage (excepting ashes) in barrels, boxes or other containers, and have them placed adjacent to the street or traveled alley, so that it may be conveniently picked up by the city truck. The Town of Concrete will provide for the hauling of such rubbish to the dumping ground free of charge.

I ask the hearty co-operation of all our people so that Clean-Up Week may be a success, and at the end of the period, that Concrete will be a healthier, safer and more attractive place in which to live. Let us make our city a source of pride to all.

H. C. LISHNESS, Mayor
