

# The Concrete Herald

VOLUME XXXVI

CONCRETE, SKAGIT COUNTY, WASHINGTON, THURSDAY, JUNE 24, 1937.

NUMBER 31

## SEEN and HEARD ON MAIN STREET

**Definition**  
SMALL AMERICAN TOWN—where there isn't much to see, but where what you hear makes up for it.

The problems of leisure and population have just about been solved by Americans. They take their cars out on the highways, and kill off either themselves or somebody else.

"Can you tell me the quickest way to Rockport, my boy?" asked the driver of a ramshackle old car.

The boy looked the car over carefully. "Sure," he replied. "Hitch-hike."

"The millennium," offers Moron Maize, "is just like the centennial, except that it has more legs."

A mechanical brain that does everything but think has just been invented by a medical school man. However, says Dad Gummit, that's just what a lot of brains do.

"Can I ask you boys for a dollar until tomorrow?"

"Say, you can ask us until the day after tomorrow and still not get it!"

**Definition**  
FEMININE INTUITION: That something or other that women drivers depend upon when they shoot out of side streets.

Never shift your mouth into high gear, suggests Dad Gummit, until your are certain your brain is turning over.

The honeymoon is over when the groom resumes setting-up exercises—and when he guesses the shirt he has on is clean enough for another day.

"I call this an enthusiastic stew," said Mrs. Whiffletree, "because I put everything I had into it."

Mrs. Whiffletree had also just made a sponge cake. She sponged the eggs from Mrs. Gummit, the flour from Mrs. Hassenpfeffer and the milk from Mrs. Genster.

Little Johnny told his friends his family was going to move soon. He said he had just broken one of the windows, and his mother didn't scold him.

And Oscar Hassenpfeffer's boy was in the second grade for five years, then was kicked out of school because he couldn't keep shaved.

**Definition**  
SYNONYM: The word you use when you can't spell the other one.

"Oh, yes; I married a man in the town fire department."

"A Volunteer?"

"No; Pa made him."

There almost always is a tie between Father and Son—and Son is usually wearing it.

A tourist traveling up the valley stopped in Concrete during one of the pauses in the rain storm that has been going on for the past month. While at a filling station he got to talking with an old settler and his son.

"Looks as though we might have a little sunshine," said the tourist.

"Well, I hope so," replied the settler, "not so much for myself as for my boy here. I've seen sunshine."

## Rain and Words End Ball Game Here On Sunday

Game Runs Into Difficulties  
In Forth Inning—Return  
Game Cancelled.

What started out to be a fine ball game here Sunday ended up in a downpour of rain and a torrent of discussion. The rain came of its own accord but the discussion developed throughout the four innings played when Oak Harbor players chose to argue decisions made by Umpire McDonald up to and including the final decision—calling the game off on account of rain.

The game started off with a bang when Oak Harbor drove in five runs in the first inning. Concrete used their half of the inning to score once. From then on the game was evenly played, Oak Harbor scoring in the third and fourth and Concrete scoring in the fourth to make it 7-2 with the fifth coming up.

With the contest called in the fourth inning the game could not be counted and this brought a storm of protest from the Oak Harbor boys who wanted another inning to make it a legal game.

**To Stay Home Sunday**

As an outcome relations were considerably strained between the two teams and the game scheduled for this Sunday at Oak Harbor was called off and will be forfeited by Concrete.

Instead Concrete will again play on the home field, the opponent being a team from the Bellingham Coal Mines. The miners have played here a number of times in past years, their visits generally being a feature of the Superior picnics. It is reported they have a good team and will make an interesting battle for the local youngsters.

The game will start at the usual time, barring rain, of course.

## Big Time At Sedro-Woolley For Three Days Next Week

Sedro-Woolley will be the scene of the biggest rodeo and celebration on Friday, Saturday and Sunday, July 2, 3 and 4, ever held in Northwest Washington. Scores of the world's best broncho riders and ropers, many of whom compete at Pendleton and Ellensburg, will take part in the rodeo-contests for which \$2,700 in prize money will be given.

In addition to the rodeo, many other attractions and entertainments will be offered. The famous Douglass shows will have eight of their shows and feature rides here, including the big Negro dancing girls' show, "Harlem On Parade." Dozens of side shows and concessions and booths of all kinds will provide amusement for all.

The big parade on Saturday, July 3, at 12:30 p.m., will have many patriotic floats and entries of all kinds. Some \$400 in prizes will be given and a special \$50 cash prize offered by the Skagit Steel & Iron Works for the best entry from out of town.

A free log bucking and chopping contest will be held Saturday at 10 a.m. On Sunday at 10:00 contests will be held on the main street with prizes for all. At the same time the famous Washington Browns Negro baseball team from Mississippi will play the Sedro-Woolley team at the ball grounds.

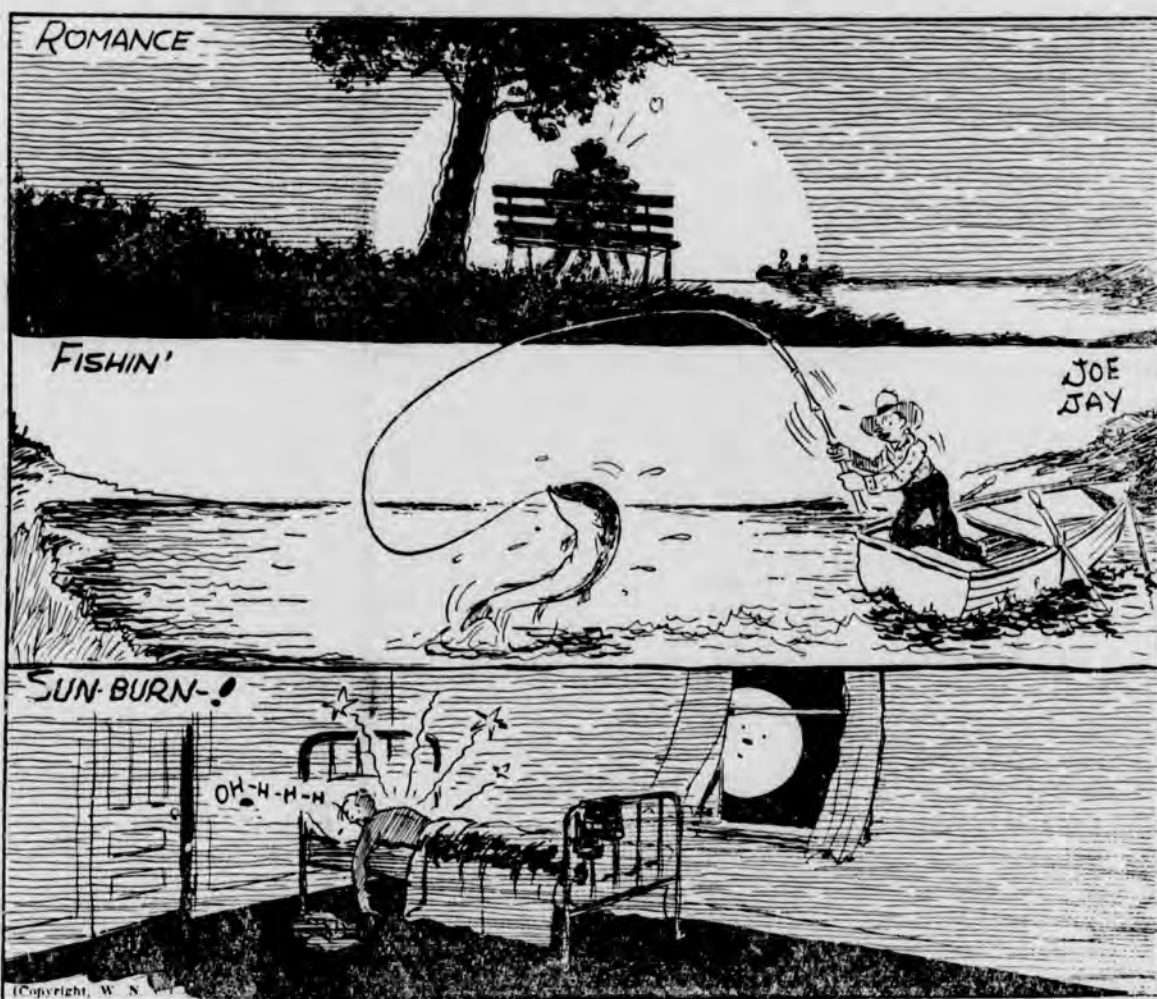

In all the 4th of July celebration will be the best ever offered and record crowds are expected.

## Many Attend Opening of Morgan's Drug Store

The opening of Concrete's new drug store was a huge success, according to Marvel Morgan, proprietor. During the day Saturday ice cream cones were given away to nearly every youngster in town and the supply of over 400 "gifts" for the adults ran out before the afternoon was over and many visitors had to go giftless.

The store has completely won the approval of the community and is already operating like an old established business here.

## In the Good Old Summertime

## New Grocery Store In Odd Fellows Hall

Work was started this week on the lower floor of the Odd Fellows hall, which is to be converted into a grocery store by Bert Ward of Mount Vernon, who is being assisted in the work by his brother-in-law, Louis Drum of this city.

According to their present plans they expect to open the new store for business sometime in the next week or two, depending on the progress made in remodeling of the store and installation of fixtures and stock.

Mr. Ward states that he intends to put in a complete stock of groceries, and fancy fruits and vegetables at "chain store prices."

## C. C. C. Boys From Lyman Held On Car Theft Charge

Two boys from the Lyman C. C. C. camp were picked up in Vancouver, Washington, Monday morning on charges of stealing a car and robbing a service station. The two boys, Darwin Weibe, 19 and John Johnson, 17, will be returned here for questioning.

The car was stolen in Burlington Sunday night and a description immediately broadcast. At Chehalis early Monday two young men in a car of that description held up a service station and took \$8. Portland police were on the look out for the pair and picked them up when they came along.

## CONCRETE TO HAVE BARREL STAVE MILL

An industry new to the upper valley will be in operation in Concrete within the next few weeks when the Drum and Hawkins shingle mill in mill addition will be converted into a barrel stave factory.

The mill buildings were purchased recently by Ralph Rook of Lyman and he is now preparing for installation of machinery to make the new product.

At first white pine will be used in making the staves but later fir will be used also. A number of logs have been purchased to be used in getting the machinery in adjustment. Later a contract will be let for supplying the mill with the wood.

## Logger Burned In Starting Fire With Raw Gasoline

Word was received here the latter part of last week that Frank Scott was severely burned about the face when gasoline which he was using to start a fire in the woods at a logging near Hamilton, suddenly exploded. The camp is operated by Claude Davis and Cleve Scott, the injured man's father.

Frank Scott is well known here and up the valley and is a brother of Mrs. Ed McKinney of this city.

Mr. and Mrs. Jake Lorentzen are owners of a new Plymouth sedan purchased from the McGovern Auto Co.

## Rockport Man Hurt In Van Horn Wreck

A wreck Sunday afternoon above Van Horn placed Louis Van Slatte, 22, of Rockport in the hospital with a broken kneecap, a cut on the nose, a chest injury and severe lacerations about the head and badly bruised his companion, Kenneth Sullivan, also of Rockport.

The accident occurred about 4:00 in the afternoon when Louis Fraggas of Concrete drove out onto the highway from a side road above Van Horn, directly in front of the car driven by Kenneth Sullivan. Mr. Fraggas did not see the other car coming and when he drove into the road it was too late to avoid the crash.

Young Van Slatte was rushed to the Mount Vernon hospital by passing motorists and while Sullivan appeared hurt he stayed with the wrecked car until his father arrived from Rockport. Mr. Fraggas was unhurt.

Both cars were V-8 Fords and were badly smashed up.

This is the third auto accident for this district during the month of June.

## Celebrate Their Fifteenth Wedding Anniversary

Mr. and Mrs. Albert Bianchini celebrated fifteen years of married life last Friday evening with a big wedding dinner at their home. Fifteen relatives and friends were present to help them do honor to the occasion. A feature of the dinner was a large wedding cake.

Later in the evening another big cake was served to an even larger number of guests in honor of Mr. Bianchini's birthday.

An account of Mr. and Mrs. Bianchini's wedding appears in the "15 year ago" column in this paper.

## Want Water For Power And Mining Development

One of the largest water applications filed recently was submitted this week to the State Hydraulics Supervisor by Fred Russell and J. D. Smith of Hamilton, who are seeking to appropriate 125 second feet of water from O'Toole creek, a tributary of the Skagit river.

They plan to spend \$10,000 in developing the project for power, mining and domestic use.

## Charged With Larceny

Don Rohrbaugh, 21, of Sedro-Woolley, was held in the City jail today on a charge of petty larceny. A number of small articles from Hamilton was the loot.

## Cascade Day Plans Moving Along Slowly

Advertising Problems Are  
Settled—Many Features  
Already Arranged.

An extra special meeting of the Booster Club was held Tuesday night at the City Hall with Cascade Day as the principal topic. Details preliminary to the celebration were ironed out and by next week all plans should be ready for action.

The club, which was been operating for the past year without rule or regulation, finally decided to make a business-like organization out of itself and so appointed Chas. Dwyer, Ben Weaver and H. H. Hoover as a committee to prepare and submit a set of by-laws for the club.

## Attractive Posters

Advertising plans were completed during the evening and 200 handsome scenic posters, drawn by George Elmgren, local artist, were ordered for immediate distribution. The posters will be in four or five colors, printed in the new screen-process method.

Other advertising plans include newspaper advertising in all county papers and a Booster Day float in parades at other county celebration before August 13th. A committee is now at work on an attractive float for the Fourth of July parade in Sedro-Woolley.

## Prizes For Parade

For the local parade the Boosters have allotted cash prizes as an inducement to more entries. A \$50 prize will be given to the organization having the largest number in the line of march; a cash prize will be given for the best drill team and smaller prizes will be awarded for various other features of the parade.

The Bellingham Eagles band is already signed for the day and the accordion band from Mount Vernon, which proved so popular last year is expected to again accept the invitation to be present.

## Meeting Again Tuesday

Another meeting of the club will be held Tuesday of next week at which time further reports of the committees will be heard and plans made for raising funds to put on the celebration.

## REV. PEDERSEN WEDS LOCAL YOUNG FOLKS

A very pretty home wedding was solemnized Saturday, June 12th at the home of Mr. and Mrs. E. J. Hornbeck of this city when Miss Annice Hornbeck became the bride of Hubert Wilson of Sauk. The ceremony was performed by Rev. W. H. Pedersen of Bellingham, the double ring services being used. Miss Mary Fannie Dillard of Seattle acted as bridesmaid and Donald Wilson of Birdsview, brother of the groom acted as best man.

The wedding was attended by a number of relatives and friends who remained after the wedding to partake of a delicious luncheon in honor of the bride and groom.

After the luncheon the couple left for Seattle where Mr. Wilson went through the ceremonies attending his graduation from the University of Washington.

The young couple will make their home at Sauk, where Mr. Wilson is employed by the forestry service.

## Plan To Teach Music In Concrete This Summer

Four members of the staff of Smith's School of Music arrived in Concrete this week to install a studio in the Odd Fellows hall and secure students for courses in string instruments.

The studio plans to work in conjunction with the school instructors in developing musical talent here. School band instruction at present is mostly confined to wind instruments.

Mrs. E. R. Anderson of Morris, Illinois is making an extended visit with her sister, Mrs. Ida Wolbert.

Entered at Concrete Postoffice as Second Class Mail Matter

After much delay the president has decided that John L. Lewis can swing more votes than the minority of law-abiding citizens and is backing him against human rights, property rights, American ideals. From now on it makes no difference what any individual desires in the way of freedom to earn a living or engage in business—the word of the labor racketeers, backed by government approval, is going to be what dictates our every move. That is until the true Americans get enough of it and clean out the whole mess by force. No country with any backbone can long endure the insults being thrown at our foundation of government—equal rights protected by law.

Before very long local merchants and business men are going to be asked for a donation for Cascade Day. Some feel that they should not have to pay because they do not benefit directly from the celebration. This is the wrong idea entirely as those who will benefit will pay accordingly while every local booster should be willing to donate with the thought that it is for advertising Concrete—not his special establishment. What good will and advertising the town will receive from a successful celebration on two days out of a year will pay dividends the entire year to every business in town.

An ad in the Herald is getting to be the solution to more sales. It also has the advantage of letting everyone know whose doors are open and who has something to sell. An investment in merchandising personality.

Every week brings more announcements of new businesses or industries for Concrete. What we need most, however, is a building boom to supply more houses for folks who would like to live here.

The share-the-wealth idea won't go far these days. Too many have adopted the idea that as long as the other fellow has anything they must take it all.

Less accidents would occur if someone would only find some way to make pressing the brake pedal more of a thrill.

Some of these 'days in June' could be swapped even for 'September in the rain'.

**Beware of Hatred**  
 Honest indignation which the cause of right demands, can thunder with power and strike with lightning effect. But there is such a thing as allowing this strong moral force to get mastery over the soul that should control it. The old Romans had many terse, pithy sayings that embodied the strong, good sense that led them to the heights of earthly power. One of them was: "Resist beginnings." You cannot curb the power of the river, so choke its source. You cannot arrest the fury of the conflagration, so put out the spark. It is almost impossible to check hatreds that have been allowed free course, so never let them begin.

**A Pleached Walk**  
 Pleached walk is a walk over which intertwined branches form an arbor.

**Largest Canal Locks**  
 The largest locks in the Sault Sainte Marie canal are the third or Davis and the fourth locks, which are 1,350 ft. long, 80 ft. wide and have a minimum depth of 24 to 25 ft. The Davis lock was put in operation in 1914 and the fourth in 1919. The locks of the Panama canal are 1,000 ft. long, 110 ft. wide, and 45 ft. deep. In the new Welland canal the locks are 800 ft. long, 80 ft. wide and 30 ft. deep. The new canal was opened to traffic in 1932. No locks were necessary in the construction of the Suez canal.

**Painting Roman Boats**  
 Pliny states that several kinds of paint mixed with wax were used in painting the ancient Roman vessels. The colors include purple, violet, blue, white, yellow and green. Some of the war vessels were painted to match the color of the waves.

#### FIFTEEN YEARS AGO IN CONCRETE

(Continued from page 1)

The following officers were elected: President, Charles Stewart; vice president, E. R. Boynton; secretary, L. E. Wolfe; treasurer, Joe Kemmerich; executive office, John Galley. A 500-yard range has been secured south of Capitol Hill, and as soon as possible arrangements will be made to secure a requisition for rifles from some federal arsenal.

Mr. and Mrs. H. F. Farlow have purchased the interest of their former partner, Chris Polychronis, in the Olympic cafe and are now the sole owners of this popular eating house.

Miss Theresa Frank and Angelo Bianchini were united in marriage last Sunday afternoon at the home of the bride's parents, Mr. and Mrs. G. Frank, with Rev. Father Murtaugh of Sedro-Woolley reading the service. Mrs. Ross Zongrone acted as bridesmaid and Mr. Zongrone supported the groom. The flower girls were Amelia Frank and Pauline Zongrone. After the wedding ceremony a delicious dinner was served to the many relatives and friends present, after which the huge wedding cake was cut and served with ice cream. In the evening a reception was held in the Italian hall in honor of the bride and groom, at which the bride was presented with a handsome set ring, a gift from the Italian-American club. The bride and groom are both well known young people of this city and will make their home here. They have taken up their residence in the Zongrone cottage on A street.

The Concrete baseball team journeyed to Hamilton last Sunday for a return game with the fast bunch from that city and were treated very unkindly by the Hamilton boys. The down-river sluggers were on a batting rampage and found Lisherness and Hawkins for enough hits to bring in 11 runs. The Concrete batters were also hitting the ball hard, but could not get their hits at the right time, the total score for the game being but three.

#### Identifying Animal Noises

A little practice in the art of listening will enable you to identify the various creatures of the woods without seeing them, writes Archibald Rutledge in Nature Magazine. The wild turkey has the tramp-tramp tread of a man interspersed with a sedulous raking of leaves as he pauses to scratch for food. A deer, despite his size, makes less noise than the turkey. His approach is usually heralded by a subdued stirring, the separate footfalls being hardly distinguishable. Squirrels can always be identified by their habit of frisking around in the leaves and then jumping. He will make a great scurrying and then give a leap.

**First Postoffice in St. Louis**  
 When the first postoffice was established in St. Louis in 1804, it cost 25 cents a sheet for a letter and took two weeks for mail to reach Washington.

#### Rockport Items

J. C. Snyder made a business trip to Seattle and back Friday.

Mrs. L. Foskett of Concrete spent a few days last week visiting with her sister, Mrs. Geo. Morehouse.

Chas. Kinkead, who is employed here, visited over the week end in Seattle.

Hugh Hunziker spent a few days this week visiting with Mr. and Mrs. Bob McCord of Monroe.

Miss Hazel Moen of Van Horn spent several days last week at the home of Mrs. Abb. Clark.

Mrs. Hobart Clark entertained the ladies of the Cascade Club at her home on Thursday afternoon.

Roy Clark is receiving medical attention in the Sedro-Woolley hospital this week.

Estes Payette and Bill Graham were looking after business interests in Seattle Monday.

Chet Schwenk and George Hunziker were business visitors at Darrington on Monday.

Donald Cook of Seattle is spending several days this week with his grandmother, Mrs. E. Shular.

Oscar Johnson and Fred Trudell were looking after business interests in Sedro-Woolley Monday.

G. Martin and son Pete of Seattle were looking after business interests here on Tuesday.

Misses Eileen Gustafson and Eva Prater and Ronald and Hugh LaFleur enjoyed a trip to Mt. Baker Sunday.

Jack Munson and Ernie Tules, who are employed here, visited over the week end with relatives in Seattle.

Mrs. Abb Clark spent Saturday afternoon visiting with Mr. Clark at the Memorial hospital in Sedro-Woolley.

Mr. and Mrs. Ivan Rowland and family and Mrs. Henry Jones and son were shopping in Sedro-Woolley Monday.

Mr. and Mrs. Dana Courier of Newhalem spent a few days last week visiting with friends in Seattle.

Mr. and Mrs. Herbert Thompson of Sauk accompanied the tourist caravan to Newhalem and Diablo over the week end.

Mrs. James Hooper and sons Lloyd and Freddie were visiting with friends in Burlington Wednesday.

Mrs. Woodrow Olson and Mrs. Richard Poldervart were shopping and looking after business interests in Burlington Wednesday.

Mrs. E. V. Dobbs and son of Seattle spent several days this week with her mother Mrs. O. D. Morehouse.

Mrs. William Murtha and children and Mrs. Birch of Seattle spent the week end visiting at Diablo with relatives.

Mr. and Mrs. Andrew Zehnder of Bellingham and Mr. and Mrs. J. Clark and son of Marblemount

**"STOP and GO" driving needs CONCRETE**

**TRAFFIC** on busy streets is measured in millions of car-miles annually—and millions of car stops. Can you make these stops swiftly, surely, with least possible skidding?

You can if your streets are concrete. Concrete's gritty surface grips and holds tires; offers maximum traction in any weather. Its uniform riding surface gives you driving confidence—a further safety aid. And at night concrete's light gray, highly visible color makes your streets safer for motorist and pedestrian alike.

For economy, for good appearance—and for safety—insist on concrete..

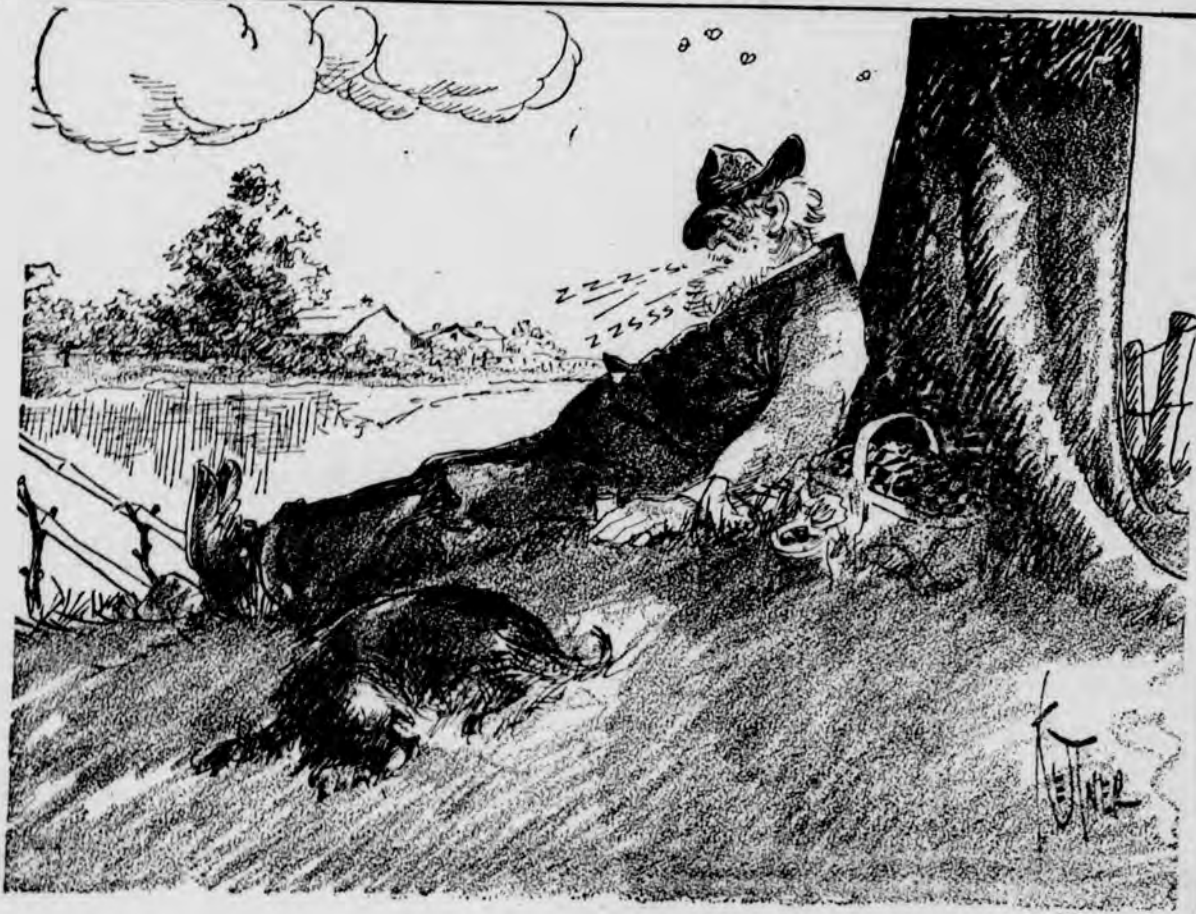

#### Concrete's Resistance to Spring "Break-Ups" Worth Millions to Taxpayers Every Year

When the frost comes out or the rain pours down, concrete pavements "can take it." They're always ready to get you through with safety. Even after the terrible punishment of this winter, routine, inexpensive maintenance will quickly put concrete in condition for heavy summer traffic. Aggravating detours and costly delays are avoided.

NOTICE OF APPLICATION FOR  
UNITED STATES PATENT.  
No. 18031

SURVEY NO. 1229

U. S. LAND OFFICE, Spokane,  
Washington, April 27, 1937.

Notice is hereby given that Skagit, Inc., incorporated, a Washington corporation, whose post office address is Sedro-Woolley, Skagit County, Washington, by J. B. McLean, its president, has made application for a United States patent to the Orn, Beaver, Bobbie Dorse and Lila Dorse lode mining claims, being included in survey No. 1229, and within the boundaries of Section 14, unsurveyed, T. 36 N., R. 11 E., W. 11 E., in the Marblemount Mining District, Skagit County, State of Washington, and described by the official plat and by the field notes on file in the office of the register of the Spokane Land Office, Washington, and each of said mining claims being more particularly and specifically described as follows, to-wit:

**ORN LODE:** Beginning at Corner No. 1 from which the common corner of Sections 10-11-14 and 15 T. 36 N., R. 11 E., W. 11 E. bears N. 78 deg. 41' W. 1500 ft. dist. and running around the exterior boundaries of the claim as follows: S. 78 deg. 41' E. 1500 ft. to corner No. 2. Thence S. 0 deg. 24' E. 327.2 ft. to Witness Corner for Corner No. 2 and 600 ft. to Corner No. 3. Thence N. 78 deg. 41' W. 1500 ft. to Corner No. 4. Thence N. 0 deg. 24' W. 600 ft. to Corner No. 1 and place of beginning. Total area of the Orn Lode is 20.230 acres.

**BEAVER LODE:** Beginning at Corner No. 1 which is identical with the common corner of Sections 10-11-14 & 15 T. 36 N., R. 11 E., W. 11 E. and running therefrom around the exterior boundaries of the claim as follows: S. 78 deg. 41' E. 1500 ft. to corner No. 2. Thence S. 0 deg. 24' E. 327.2 ft. to corner No. 3. Thence N. 78 deg. 41' W. 1500 ft. to corner No. 4. Thence N. 0 deg. 24' W. 600 ft. to corner No. 1 and place of beginning. Containing an area of 20.230 acres.

**BOBBIE DORSE LODE:** Beginning at Corner No. 1 from which the witness corner to the quarter section corner between Sections 14 & 15 T. 36 N., R. 11 E., W. 11 E. bears S.

0 deg. 24' E. 298.3 ft. dist. and running around the exterior boundaries of the claim as follows: N. 0 deg. 24' W. 600 ft. to corner No. 2 which is identical with corner No. 4. Thence S. 78 deg. 41' E. 1500 ft. to corner No. 3 which is identical with corner No. 4. Thence S. 0 deg. 24' E. 426.89 ft. to Witness Corner for Corner No. 4 and 600 ft. to corner No. 4. Thence N. 78 deg. 41' W. 1500 ft. to corner No. 1 and place of beginning, containing an area of 20.230 acres.

**LILA DORSE LODE:** Beginning at Corner No. 1 from which the witness corner for the 1/4 Section Corner between Sections 14 & 15 T. 36 N., R. 11 E., W. 11 E. bears S. 89 deg. 51' W. 1468.75 ft. dist. and running thence around the exterior boundaries of the claim as follows: N. 0 deg. 24' W. 600 ft. to corner No. 2, which is identical with corner No. 4. Thence S. 78 deg. 41' E. 1500 ft. to corner No. 3. Thence S. 0 deg. 24' E. 306.58 ft. to Witness Corner for corner No. 4 and 600 ft. to corner No. 4. Thence N. 78 deg. 41' W. 1500 ft. to corner No. 1 and place of beginning, containing an area of 20.230 acres.

There are no conflicting or adjoining claims.

To the Said—  
ELMO R. SHELDON, Defendant

You are hereby summoned to appear within sixty days after the date of the first publication of this summons to wit: within sixty days after the 24th day of June, 1937 and defend the above entitled action in the above entitled Court and answer the complaint of the plaintiff and serve a copy of your answer upon the undersigned attorney for the plaintiff at his office below stated; and in case of your failure so to do judgement will be rendered against you according to the demand of the complaint which has been filed with the Clerk of the above entitled Court.

The object of this action is to secure an absolute divorce from you on the grounds of more than five consecutive years separation from you and to have the care, custody and control of the minor child awarded to the plaintiff herein together with such other and further relief as may seem just and equitable to the Court.

JOHN W. BRISKY, Attorney  
for Plaintiff.  
203 Pioneer Building,  
Mount Vernon, Washington  
(Date of 1st publication, June 24)  
(Last publication, July 29th, 1937)

sister and family, Mr. and Mrs. W. Richmeyer.

Mrs. Alma Parker spent the past two weeks at the home of her sister, Mrs. Ed Carlson of Mount Vernon, where she also had dental work done.

Clyde Cole, Mr. and Mrs. Len Scott were week end guests of Mr. and Mrs. A. R. Wilson and son at their cabin on the Cascade near Mineral Park.

Otto Peterson, salesman of the Oldsmobile company in Mount Vernon, and son Lowell and friend

Billy, spent the week end at their home here.

The annual fire meeting will be held at Darrington the last three days of this week. Prominent forestry officials of Portland will be among the speakers.

Mrs. H. Walters and son returned with Mr. Walters to their home in Burlington over the week end, but due to illness Mrs. Walters did not return Monday.

Thursday evening dinner guests of Mr. and Mrs. A. R. Wilson were Mr. and Mrs. Jack Custer and

Robert Dunham. Mr. and Mrs. Wilson celebrated their 18th wedding anniversary and Mr. Wilson's birthday.

Mrs. Oscar Hanby was pleasantly surprised at her home Wednesday when a group of friends gathered to help her remember her birthday. The self invited guests served a pot luck luncheon with several fine birthday cakes helping adorn the table. Music and conversation filled the afternoon.

## The Modern Home Maker

Written for Women of the Pacific Northwest

By Aimee M. Lewis

### Vegetable Dinners

The secret of the successful vegetable plate is to have a center piece that gives flavor and substitutes for meat as an appetizer. Stuffed peppers, spaghetti, baked eggs, or similar dishes are equally good. The plates may be prepared in the kitchen, thus simplifying the service.

### A Spring Dinner

Cream of Tomato Soup (canned)  
Cauliflower and Shrimps  
New Carrots New Potatoes  
Spinach  
Date and Nut Torte

Cook cauliflower in large amount of boiling water until just done. Make a rich cream sauce, using 3 tbsp. butter, 2 tbsp. flour and 1 cup milk or cream. Season well, adding a dash of Worcestershire Sauce and a tablespoonful of catsup. Add fresh or canned shrimp and pour over cauliflower when ready to serve.

Cook spinach, taking care to retain the bright green color. Drain and either chop or put thru food grinder. Season well, add 1 tsp. lemon juice and melted butter.

The carrots should be cut in strips, or if small enough, left whole. Cook in waterless cooker or heavy aluminum kettle with little or no water, until tender.

### Date and Nut Torte

1 c. chopped dates  
1 tsp. soda  
1 c. boiling water  
1 tsp. butter  
1 c. sugar  
2 eggs, well beaten  
1 c. flour, sifted  
1 c. nut meats, cut fine  
Add soda to dates, pour over boiling water and let stand one hour. Cream butter, add sugar, add eggs, flour, dates and nut meats. Spread in buttered pan and bake about 40 minutes in a moderate oven. Let cool, cut in squares and serve with whipped cream.

## WHY PAY RENT WHEN THE SAME MONEY WILL BUY A HOME?

It's hard to believe but under the FHA plan you can turn rent money into a permanent investment in a home of your own. A small down payment or even a lot on which to build is all that is necessary to begin building. From then on your rent money makes the payments. Ask us for details.

## Picnic Days Again

—And the time when you need lots of fresh, sliced bread to fill those picnic lunch baskets. This is once when sliced bread really proves its worth—every slice is ready to spread and make into delicious sandwiches. Each loaf is divided into neat even slices with no waste.

And, too, let us take care of your summer baking problems. Cakes, cookies, pies, pastry and all types of bread rolls come out of our oven almost as good as mother makes and will go fine for summer lunches and picnics.
