CONCRETE, SKAGIT COUNTY, WASHINGTON, THURSDAY, JULY 15, 1937.

NUMBER 34

SEEN AND HEARD ON MAIN STREET

No man's opinion is entirely worthless. Even a wrist watch doesn't run is right twice a day.

Definition

OLD TIMER: One who can remember when they would wrap only the reins around a post, instead of the whole vehicle.

Definition

A Dogie, says the Denver Post, is a calf that its mother died and its father ran off with another cow.

Definition

CIVIC PRIDE: That something which makes us call an institution for the demented, a state hospital, if it is in our town, and an insane asylum, if it isn't.

The farmer had given permission to an Irishman to sleep in the barn. That night the farmer went around to the barn, to see that the man was comfortable, and found him lying on a heap of straw, with a drainpipe for a pillow.

"Don't you find that pipe hard?" asked the farmer.

"No," said Pat. "I've filled it with straw."

And everyone but the finance man has come to stay.

"I was born an Englishman, I have lived an Englishman, and I shall die an Englishman."

Scotty: "Mon, hae ye no ambition?"

Fable

Once upon a time there was a rosy bird that wasn't named Chickie.

"It's no use talking," as the fat lady said when she found she couldn't squeeze into the telephone booth.

Definition

AVERAGE WIFE: One who loves and respects her husband, but who still has a feeling she might have done better.

One of the problems of modern parents is how to set a good example, and still have a good time.

"I didn't either say you looked like the devil," declared Percy Whittefree. "Gosh, I've never even seen the devil."

They called Lena Genster "Spearmint." She was kinda wiggly, and was always after meals.

Most married men never take trouble home with them from their work. Usually it's already there.

POEM

You should sow wild oats, my son said father with a sigh.
Be careful that the kind you sow are not mixed with rye.

Mussolini is a man of peace who gets along with the other statesman by shaking the olive branch in a most threatening manner.

Definition

PEDESTRIAN: A man whose son comes from college.

Murphy: "What's that in your pocket?"
Pat (in whisper): "Dynamite. I'm waiting for Casey. Every time he meets me he slaps me on the chest, and breaks me pipe. Next time he does it, he'll blow his hand off."

The last word in airplanes is—BUMP!

1937 Farewell—Step on it, kid!

Game Dept. Sets Longer Hunting Season On Deer

Hunting Dates and Limits Set At Recent Meeting—Many Changes.

Twenty-five days of buck deer hunting and eight "jump dates" for shooting quail, Chinese pheasants and Hungarian partridges feature the 1937 open seasons announced this week by the state game commission.

The deer season is the earliest and longest ever set by the state and will open September 26 and close on October 20th. The "jump dates" for quail, huns and chinks are October 24, 25, 27, 30, 31 and November 3, 6, and 7. The only other upland bird season opened is on blue grouse, from September 26 to 30, inclusive.

Elk hunters will get eight days of hunting in six eastern Washington counties and in western Jefferson Co. on the peninsula, where both cows and bulls will be eligible.

Deer of both the male and female species will be legal game on Shaw, Orcas and Whidby Islands, where their damage to crops has become a problem.

Bag Limits

Following is a summary of the important seasons and bag limits:

Chinese Pheasants—October 24, 25, 27, 30, 31 and November 3, 6, 7. Bag limit: Three birds per day to include not more than one hen. Possession limit, six birds with not more than two hens.

Hungarians: Not open in this district.

Quail—Open on Whidby Island. Bag limit: Eight quail per day with a possession limit of eight birds.

Blue Grouse—September 26 to 30. Bag limit: Two birds per day or a total of two birds in possession at any one time. Closed in some counties.

Total mixed bag limit: Not to exceed eight upland game birds per day which shall not include more than the total maximum daily bag limit of any species. Possession limit: Not to exceed fifteen birds or possession limit on any one species.

Deer—September 26 to October 20. Closed on Bainbridge Island; lawful to hunt deer of both sexes on Shaw, Orcas and Whidby islands. Bag limit: One buck deer with branched antlers, the head of which shall remain with the carcass thereof while in transportation.

Elk—October 24 to 31 in certain counties. Bag limit: One male elk with branched antlers.

Bear—September 26 to October 20. Bag limit: one bear. Longer season in some counties.

Rabbit (cottontail and snowshoe)—October 24 to February 28. Bag limit: Five rabbits per day or in possession.

Squirrels—October 1 to 31. Bag limit: Five per day or in possession.

In districts where cow elk or doe deer may be hunted, these animals must be tagged by a game protector before being removed from the district.

Indians Search For Body Of Fisherman In Suittale

The body of Isaac A. McVay of Seattle is being sought for in the Suittale river, northeast of Darrington this week. McVay fell into the river while fishing about twenty miles from the Sauk ranger station Saturday.

Indians were doing the searching as, according to the rangers, they were most familiar with the district and had the best chance of finding the body.

When You Lose A Plate

If you lose a license plate from your car, report immediately to the local marshals or the state patrolmen. Numbers of missing plates are circulated to all police departments in the state and are often quickly recovered and returned to their owners. It may save you the price of a new plate.

Will He Ever Get It?

New Teachers Signed For Coming Term

Four new members of the faculty will start with the opening of school here on August 30th. These teachers were picked from a large number of applicants, after a thorough investigation of their training and the work that they were doing where previously employed. Recommendations were obtained from superintendents familiar with their work and all have the very highest recommendations.

The new group includes Mr. O. W. Kinnaman, who will teach science and French. He comes from the Hoover-Finley high school in eastern Washington where he has been for the past seven years.

Miss Ursula Martin, who has been an assistant in the department of Home Economics at the University, will have charge of the Home Economics department.

Miss Alice Bassett will teach English and Latin. She comes from the Hamilton high school. The 3rd grade vacancy has been filled by the election of Miss Gwendolyn Simmonds, who has been teaching at Belfast.

Sharp Promoted

C. E. Sharp, history and mathematics instructor in the high school, has been named as high school principal for the coming term. Mr. Sharp has taught here for the past two years and his appointment comes as an earned promotion.

Miss Thelma Evensen underwent an appendicitis operation in the Rowley hospital in Mount Vernon on Saturday.

COUPLE HURT IN AUTO WRECK SATURDAY

Mr. and Mrs. Robert Roeder of this city narrowly escaped death Saturday night when their car was hit by a truck on the main highway near Marblemount. The Roeder car and the truck were both badly smashed. Mrs. Roeder received a broken leg and severe bruises. Mr. Roeder a broken ankle, but the driver of the truck escaped without injury.

The wreck occurred when the Roeders were returning from the dance at Buller's. They turned onto the main highway from Buller's road into the path of the oncoming truck. The car was thrown about 60 feet by the crash and almost completely wrecked. The load of pulpwood on the truck was strewn all over the highway as the front end of the truck was driven back under the cab.

Highway patrolmen were called to investigate the wreck and the injured persons were given first aid here and then rushed to the hospital.

The name of the driver of the truck seems to be in doubt, but the highway patrolmen say it was a young man named Johnson. The truck is owned by Edgar Starford of Rockport and is usually driven on the night shift by his brother, Talmadge.

Benefit Dance

A baseball benefit dance scheduled for next Friday evening, July 23rd will bring Al Widekamp and his gang to the Legion Hall here. Regular admission prices will prevail and all profits will go into the ball club treasury.

Funeral For Ambler Largest Held Here

A fitting tribute to the memory of Harry A. Ambler, who died here last Wednesday evening, was the funeral service held in the Mt. Baker Presbyterian church on Monday. All business houses were closed during the services and the entire cement plant ceased operations so that all employees could pay their last respects to their superintendent and friend.

The altar of the church, where the casket was laid, was a mass of floral pieces and bouquets almost covered the walls. Shortly before time for the services the church was filled to capacity and a large number were unable to find room within the doors.

Following solos by Carl Heritage, accompanied by Miss Christine Lindbeck, Rev. Snowden gave a brief sermon, touching a common chord when he told of Mr. Ambler's interest in his fellow men and his ability to make a friend of everyone he met.

Besides Mrs. Ambler and daughter Nancy Ann, surviving relatives attending the services were Cleason Ambler of California and Edwin Ambler of St. Louis, brothers of the deceased and Mrs. Stone of California, a sister. Two other brothers were unable to attend.

Following the services at the church the body was taken to Mt. Vernon where American Legion services were held. Mr. Ambler held the rank of captain in the United States army.

Pall bearers were Walter Ross, C. L. Wagner, Harold Thompson, and Wm. Hooton of this city and Gordon Tongue and N. H. Nelson of Seattle.

Friends Celebrate DeSalvo- Larsen Wedding Tuesday

Friends of Miss Margaret DeSalvo and Chester Larsen, who last Saturday became Mr. and Mrs. Larsen, celebrated the event Tuesday evening with a big charivari at the home of the bride's father, Tony DeSalvo, and followed the visit with a party in Bud Thompson's new dining room.

About thirty guests enjoyed an evening of dancing and the treats of the bride and groom.

Attends School Conference

Herbert Hansen, Supt. of the local schools, attended a curriculum conference at the University of Washington on Tuesday. Prominent educators from California and the east were in attendance and discussed the latest trends in re-organization of courses of study, and other allied school topics.

Ball Team Wins First Game Of Year Sunday

6-2 Victory Follows Great Exhibition of Ball Playing By Home Team.

Concrete's ball team crashed into the win column for the first time this year when they defeated the Burlington team, 6 to 2 on the local field Sunday. The Burlington nine was another aggregation of young players and were about the right speed for the local kids, who have been playing out of their class all year—doing a good job but not good enough to win.

Concrete had the edge over the down river team on the pitching. Young Johnson struck out the first six men to walk to the plate, with only two of them even touching their bat to the ball. From then on he allowed a hit now and then but continued to pitch a strike out once in a while.

The Burlington pitcher, Jarvis, had a bit more trouble keeping the batters from connecting with the ball but was given fine support by his team mates, who several times pulled grandstand plays to save what should have been sure hits.

Homer For Thompson

When it was found the only way Concrete could get a hit was to put them over the fence or out of the fielder's reach, the boys started to lean on them. Nice hits were made by Johnson, Whitehair and others but the star hit of the day was a home run by Thompson.

This is the first home run hit on the local field in a regular game for some time. It came with bases empty, as Thompson stepped to the plate and hit a line drive to the edge of the road in left field, the ball staying hit just long enough for Tommy to round third base and beat the throw home.

The local kids played fine ball, making no serious errors and looking great on every play. Burlington let in one run on an "bonehead" error but otherwise made it a fine game.

Greenwood Team Here

This Sunday Concrete will entertain the Greenwood Ramblers, one of the Seattle City League teams. The Greenwood boys are leading their league and should give the local team a sample of how baseball is played in the big city.

The following Sunday another Seattle team, The Sawmill & Timber Workers, will be here.

TWO DEER KILLED ON BIRDSVIEW ROAD

Deer seem to be plentiful around Birdsview, as over the week end two were killed when they got in the way of automobiles.

Sunday morning while on their way to church, John Beck and his sister Nadine of Birdsview ran into a large doe on the old road above the Cape Horn hill. The deer jumped from the side of the road directly in front of their car and was instantly killed by the impact. Miss Beck was thrown against the windshield and badly cut.

Sunday evening another accident occurred almost in the same place when Joe Baxter of this city, ran into a group of three deer and killed a small fawn.

The two deer were turned over to State Game Protector Splane, who gave the meat to hospitals.

Interesting Sermon Topic At Presbyterian Sunday

One of big problems that confronts the world today "What is wrong with man's belief in God", will be the sermon topic Sunday evening at the Mt. Baker Presbyterian church. Rev. Snowden has given the subject much thought and believes his conclusions will interest all who attend.

Special music will be provided during the services.

Frank Saltsman, Jimmy Solomon, Ray Barta and Lowell Peterson of Marblemount are on a motor trip to Eastern Washington, Idaho and Montana.

Fifteen Years Ago In Concrete

Concrete Herald, July 15, 1922

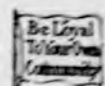

The people of the Concrete school district turned down a proposition for the betterment of the school for the first time in the history of the city last Saturday when the school bonding proposition failed to carry by a margin of only one vote. The patrons of the school endorsed the purchase of the Washington Portland office building by a majority of 24, but three-fifths majority was needed to carry the bond issue, and the total vote for the bonds lacked only one vote of being enough.

Two serious forest fires broke out in this end of the valley this week and are not yet under control. One of these is burning be-

tween Grasmere and the Skagit river, near the Forest Park cemetery and is spreading over the hill towards the Baker river. The fire is already uncomfortably close to the residence of Mr. and Mrs. J. P. Brooks and if it continues along the hill other property will be endangered. The other fire is near the Moen farm at Faber and started from a slashing. It is spreading rapidly towards the timber and although a large crew of men is fighting the fire, so far they have not been able to check it.

George Marmalich, a driller at the quarry of the Superior Portland Cement company, north of town, was instantly killed Wednesday forenoon when he was struck

Entered at Concrete Postoffice as Second Class Mail Matter

This week end a group of Cascade Boosters from this city will visit Cascade Boosters at the other end of the proposed road, traveling some 300 miles to reach a point less than 100 miles away. The purpose of the trip is to invite them over to our Cascade Days celebration. We hope the result will be real friendship as the sooner both sides of the mountain start pulling for the same thing at the same time, something down in Olympia is bound to give.

CIO continues its campaign for control of the working man and industry even though progress is slower than before. From now on predictions are that battle will not be against industry but to see who is going to be boss among organized laborers. Business and industry will be the innocent bystanders who get punishment from both sides.

Accidents continue. So far this community has been very fortunate in avoiding fatalities in numerous wrecks and minor collisions. The big trouble is that sooner or later someone is going to be the first victim and it might be you or someone in your family. Keep your fenders free of dents and you will have little trouble avoiding the big accidents.

What a flock of morals Arthur Brisbane could have gathered together from the Russian flyers sailing so easily over the great distance to this country. Can't you just hear the bombs dropping?

Mount Baker is again the "location" for a movie outfit, again portraying the snowy Alaskan region. It is hoped that all this doesn't lead folks to believe this section is all ice, snow and scenery.

A longer deer hunting season this year. If the fellows have more time maybe there won't be so much shooting at red hats. They'll have time to see if a deer is wearing it.

Less than a month to advertise Cascade Days! Talk it.

LOCALS

Mr. and Mrs. Leroy Junghorn were Sunday guests of Mr. and Mrs. Charles Bagnell at Baker Lake.

Mrs. Carroll Adams of Mount Vernon spent several days this week with her parents, Mr. and Mrs. Guy D'Amico.

Mr. and Mrs. Frank Ritchie, Mrs. Josephine McKinney, Mrs. John Anderson and Miss Ruth Bergman picniced at Baker Lake Sunday.

Mrs. Georgiana Trudeau of Clear Lake spent several days last week at the home of Mr. and Mrs. R. C. Reynolds.

Mr. and Mrs. S. T. Ragan, Mr. and Mrs. Ray Miller and family. Mr. and Mrs. George Thompson and family attended the Sunday school picnic at Birdsview Sunday.

Ernest Kauffman of Portland, Ore., spent the week end with his parents, Mr. and Mrs. Geo. Kauffman. Mrs. E. Kauffman and two daughters, who have been visiting here for the past month, returned to Portland with him.

Skagit River May Be Signed For Movie Role

The Skagit river has been discovered again, this time by movie scouts who believe they have the makings of a Yukon river in the lower part of the stream.

In connection with the film "The Barrier" now being made at Mount Baker, two scouts spent some time this week studying the Skagit for a "Yukon river" location. They found what they believe a suitable scene down the river from Mount Vernon. It is also possible that the "Skagit Chief" the river freight boat, will be signed for a part in the picture.

The Word "Comet"

The word "comet" comes from the Latin through the Greek comes, a word meaning long hair. It is a characteristic of the vagaries of English pronunciation that we pronounce the "o" in comet quite differently from the "o" in come.

Smead, an English Name

The name Smead is an English family name derived from a locality and means a smooth or level place.

FIFTEEN YEARS AGO IN CONCRETE

(Continued from page 1)

on the head by a large rock. Marmalich was operating a drill at the base of the quarry when a rock about two feet in diameter fell from the face of the quarry a distance of about 200 feet and struck him on the head, killing him instantly. Several men a short distance away saw the rock falling and shouted to him to get out of the way but he was unable to hear on account of the noise of the drill. Marmalich had been a resident of Concrete for about 14 years. He is survived by a wife and three children in Austria.

Work was started recently on the erection of large annex to the Superior Hotel in Central Concrete, and the new building is now well under way. The annex is being built immediately west of the hotel, covering the entire lot between the hotel and A street. The annex will be used to provide additional sleeping rooms for employees of the Superior Portland Cement company.

A new gymnasium and community hall will be built in the near future at Rockport by the Rockport school district. The new building will be 40x70 feet and will provide a gymnasium for the school children and a place for holding community gatherings.

Mr. and Mrs. William B. Mitchell and children moved the first of the week from Garden addition to one of the new Superior cottages.

Fred Perry of this city was seriously injured when his motorcycle collided with a Ford car at the end of the Main street pavement Wednesday evening. Mr. Perry was coming home from his work on the county road near Hamilton and in making the turn near the Biddlecome corner, saw the Ford coming right toward him. He turned to the right side of the road and the driver of the car became confused and turned in the same direction. Mr. Perry was thrown to the ground and badly bruised about the head and body, receiving many small cuts, but it is not believed that any bones were broken.

Those who stayed away from the baseball game last Sunday missed the best game of the season. The fast Meadows bunch from Mount Vernon furnished the opposition and although they put up a fight that kept the local players on their toes for the full nine innings, they lost by the score of 6 to 2. Concrete won the game in the sixth inning when hits by Maris, McDaniels, Washington, Wiseman and Lishness drove in five runs.

CASCADE QUEEN IS GOAL FOR FIVE GIRLS

The Cascade Queen contest took on new life this week with the addition of new candidates to the list. Five girls are now out after the honor and prize money, each being backed by some group or organization here.

Lorraine Briggs is the Puget Sound P. & L. entry, Fern Gregory will be boosted by the employees of the cement plant, Jean McPhaden is the quarry candidate, Eleanor Reynolds the Firemen's and Arabella Solomon, the choice of the Eagles.

From now on the race will begin to create interest and by Cascade Day should prove very interesting.

Birdsview News

Archie Thomas returned this week from a trip to Oregon to his home here.

Mr. and Mrs. J. A. Cary of Anacortes were Sunday guests of Mr. and Mrs. Leslie Dunn.

Donald Strom of Seattle is working at the fish hatchery for the summer.

Mr. and Mrs. Sam Beck and family enjoyed a trip to Mt. Baker on Sunday.

Mr. and Mrs. George Savage visited Mr. John Fisher at the Memorial hospital Sunday.

Leslie Harkus, an employee at the fish hatchery, spent the week end with his parents in Seattle.

Mr. and Mrs. Ralph Howard, Mr. and Mrs. J. W. Porter were shopping in Sedro-Woolley Friday afternoon.

About sixty children of this community joined the swimming class sponsored by the Red Cross at Lake Samish.

Several Birdsview residents went to Sedro-Woolley Sunday to see the House of David baseball team play the Sedro-Woolley team.

Mr. Wm. Nye of Sacramento, Cal. was instantly killed at Camp 2 of the Puget Sound Pulp & Timber Co. Saturday morning when he was hit by a cable.

Mr. and Mrs. J. H. Bloom and family, Mrs. Virgil Wilson and daughter Lois of Birdsview and Miss Margaret Sparks of Lyman spent the week end at Sunrise Beach.

Mrs. Margie Peterson and children left Saturday for Bow where they will make an indefinite visit at the home of Mr. and Mrs. Peter Peterson.

Mr. and Mrs. Alfred Gentry visited last week at the home of Mr. and Mrs. Elmer Wood at Quilcene. Mr. Gentry went on business for the hatchery.

Birdsview Sunday school motored to Hamilton Sunday to attend the rally there. A picnic lunch was enjoyed at noon after which Rev. C. Snowden preached. The Lyman Mission sang several songs and Rev. Beckman of Sedro-Woolley also gave a message.

Cole Slaw

Cole slaw is a transliteration of kohl salat, a German term that is salad. Cole is pronounced exactly like kohl; and slaw closely approximates salat. The American home of cole slaw is among the Pennsylvania Germans.

WATER POEMS

An episode in an amateur photographer's picture Odyssey of the travels of water. Exposure f.22 at 1/25 second.

THE moods of water, tumbling, bubbling, gushing, spouting, dashing, splashing, trickling, rolling, rippling, dripping, glad, angry, smooth, rough, serene, peaceful, make adjectives for poets. For the amateur photographer with any poetry in his soul whatever, they make themes for beautiful pictures and the subject of a delightful picture hobby.

We know of one amateur photographer who used his camera to picture the grand circle water makes in its journey from land to sea to the clouds and back to the land again. This picture epic of water began with a photograph of a tiny woodland spring, then pictures of a rivulet, a brook, a river, a mightier river with its waterfalls and cataracts, the bay through which it flowed into the ocean, the ocean itself, a cloud and sunbeam picture over the ocean, thus picturing water being caught up for its return journey, and finally rain.

This idea far from exhausts the possibilities of poetic water pictures, especially when human interest is added. The majestic sweep of water over Niagara Falls is a poem in itself but a honeymooning pair in the foreground adds romance. A fair swimmer in clear water on which sunshine is shimmering creates a poetic pattern of life and light. A pseudo-moonlight picture over a placid lake of a youth and a maid in a canoe (a shot into the setting sun with a small lens opening) gives a poetic mood to "the

waters stilled at even." Foam at the prow of a careening yacht or its churning wake over the stern depicts the poetry of motion.

Verses may be illustrated. "Where the breaking waves dash high on a stern and rockbound coast" is a place for photographs of one of water's most inspiring moods, and then, from the hilltops "there is not in the wide world a valley so sweet, as that vale in whose bosom the bright waters meet."

Endless are your opportunities for making delightful photographs of water scenes. But there's a trick to successful water photography. It's largely a matter of shooting so that the pictured water has the right "feel" or texture.

For example, it's possible to shoot spray too fast, so that it has a hard, brittle look, thereby losing its essential sense of movement. On the other hand, rippling water should be shot fast enough so that the ripples are distinct, each with its own highlights.

Another point is lighting. Choose the angle that gives you the maximum "texture," the characteristic interplay of light and shade. No one can tell you exactly how to go about this; a little experimenting will tell you better than volumes of words. But keep this in mind. Any fair-sized body of water reflects a lot of light. Your exposures, therefore, can be faster or, preferably, your "stop" smaller than for a comparable summer landscape.

John van Gool

Marblemount News

Mr. and Mrs. Fred Shular of Rockport visited here Monday.

Miss Doris Johnson had as her guests Sunday, Bobbie and Dolores Shipp.

Mr. and Mrs. Jack Custer were attending to business interests in Concrete Wednesday.

Mr. and Mrs. Thompson had as their Saturday night guest, Walt Rhode of Diablo.

Mr. and Mrs. Gray and son of Everett were attending to business interests here Tuesday.

Mr. and Mrs. Ersel Watson are owners of a used sedan purchased recently.

Mr. and Mrs. Gasper Petta purchased a used Chevrolet sedan last week.

Hubert Berry is stationed near Hart's Pass as a lookout for the forest service.

Mr. and Mrs. W. Joslin, who spent the past 10 days at the home of Mr. and Mrs. A. R. Wilson, returned to Tacoma Thursday.

Mr. and Mrs. Jack Custer and grandson Gerry, Mr. and Mrs. C. Shipp spent Sunday at Marble creek park.

New steel and ties and being laid between Newhalem and Diablo so that the track will be ready and in perfect condition to haul the heavy machinery for the Ruby project.

Mr. and Mrs. Jack Custer had as their Friday night guests their daughter and family, Mr. and Mrs. Len Scott and son of Mount Vernon.

Miss Bernice Bebee, who is staying with her father at Granite creek, 14 miles above Diablo Dam, is spending a week with relatives and friends in Seattle.

Mr. and Mrs. Carl Wilrich and family returned Friday from a week's motor trip into Oregon with their new Ford V-8. They drove over 1000 miles on the trip.

After a shut down of two weeks for repair work on machinery, Gus

Peterson, manager of the Gold Hill Mine and Mr. Williams, cook, returned to the mine from Seattle.

Mrs. C. W. Howlett, proprietor and owner of the Ruby Inn for the past 20 years, moved to Seattle where she has a permanent residence. The Ruby Inn property was purchased by the City of Seattle.

Jim Glover and a crew of men who are installing the 26,000 volt transmission line which will supply power for the Ruby project from Diablo, are progressing rapidly. The material and supplies are moved by a skyline.

Mr. and Mrs. Otto Peterson had as their guests several days last week, Mrs. Peterson's folks, Mr. and Mrs. Hatcher of Omak, Wash. Lowell Peterson accompanied his grandparents on their return for a visit.

The Pacific Construction company of Seattle is stationed at Rip Raps camp with about 30 men. They are clearing the dam site with a skyline rig and piling the debris for burning later. The clearing is progressing rapidly.

Men Working On Gorge Power Dam On Skagit

Tenfel and Carlson of Seattle received the contract for remodeling the intake at the head of Gorge Dam. This wooden structure is being replaced with concrete. About 20 men are employed here and are living in tents. R. C. Scone, who is manager of the Diablo power house, reports that it is carrying its full capacity to supply Seattle with power, as the Gorge power house is closed for repairs.

Auto Licenses Set New Record in This County

All county records in the number of automobile licenses for pleasure cars have been broken this year so far, reports Auditor Klokke. "If truck are included in the 1937 figures, Skagit has already passed the 10,000 mark for 1937," he said. To date 1,988 trucks have been licensed, bringing the total number of licenses up to 11,399.

The saddest sign
on road or street—
"Concrete Ends—400 ft."

For Safety's sake
PAVE THE GAPS WITH
Concrete

WHY do state highway departments warn the public: "Concrete Pavement Ends"?

Because it is universally accepted that speeds which are reasonable and safe on concrete become dangerous on other surfaces.

To save lives to prevent accidents... demand concrete all the way.

True and even, it has no high crown—is usable to its full width. Brakes are at their best on its gritty, non-skid surface. Its light gray color and sharply defined edges give visibility at night. Any car is a better car on concrete.

And concrete saves money for motorists and for taxpayers. Insist on concrete for your roads.

Concrete's Resistance to Spring
"Break-Ups" Worth Millions
to Taxpayers Every Year

When the frost comes out or the rain pours down, concrete pavements "can take it." They're always ready to get you through with safety. Even after the terrible punishment of this winter, routine, inexpensive maintenance will quickly put concrete in condition for heavy summer traffic. Aggravating detours and costly delays are avoided.

Planning Council Asked
For Water Supply Survey

The state planning council will make a survey of water resources in Skagit county. It was announced last week in Olympia. The request for the survey was made by the county commissioners, who feel the problem of municipal and industrial water supply is becoming more acute each year.

Surveys are already in progress on water supplies in King, Pierce and Snohomish counties. No field crews will be necessary here as all information on available water is already compiled by the U. S. Geological survey and the state division of hydraulics.

DANCE EVERY SATURDAY NIGHT At GLACIERVIEW HALL 6 miles east of Rockport.

Well folks, here we are again—another Saturday here. Did we have a good time last Saturday? Lots of the old gang back, just like old times. Many thanks for your presence. Let's make this Saturday another real old time gathering of the gang.

R. BULLER

Cathedral at Burgos

The cathedral at Burgos, begun in the Thirteenth century by a Frenchman and under a German in the Fifteenth, was not completed until 1507.

Beard Sign of Grief

In old Roman times, a long beard was a sign of grief, worn by men in mourning.

In the Superior Court of the State of Washington for Skagit County

SUMMONS BY PUBLICATION No.

ESTHER N. SHELTON, Plaintiff

vs.

ELMO R. SHELTON, Defendant

THE STATE OF WASHINGTON

To the Said—

ELMO R. SHELTON, Defendant

You are hereby summoned to appear within sixty days after the date of the first publication of this summons to wit: within sixty days after the 24th day of June, 1937, and defend the above entitled action in the above entitled Court and answer the complaint of the plaintiff and serve a copy of your answer upon the undersigned attorney for the plaintiff at his office below stated; and in case of your failure so to do judgement will be rendered against you according to the demand of the complaint which has been filed with the Clerk of the above entitled Court.

The object of this action is to secure an absolute divorce from you on the grounds of more than five consecutive years separation from you and to have the care, custody and control of the minor child awarded to the plaintiff herein together with such other and further relief as may seem just and equitable to the Court.

JOHN W. BRISKY, Attorney for Plaintiff.

203 Pioneer Building, Mount Vernon, Washington (Date of 1st publication, June 24) (Last publication, July 29th, 1937)
