SEEN AND HEARD ON MAIN STREET

Definition
SELLING SHORT: Buying something you can't get, with money you haven't got, and then later selling what you never had and did not pay for at more than its costs.

And Wealth is a curse...when the other fellow has it.

Who, asks Dad Gummit, is so quickly forgotten as a defeated candidate for vice president?

Then there was the Scotchman who went to the dog races, and bet on the rabbit.

Percy Whiffletree is the height of politeness. When he sees an empty seat in the trolley, he always points it out to a lady and then races her for it.

Panhandler: "Lady, I've asked for money, begged for money, and cried for money—"

Lady: "Did you ever try working for money?"

Panhandler: "No, ma'am. I'm doing the alphabet and I ain't come to 'W' yet."

Definition
BANK! A place where people put their money so it will be handy when other people want it.

Women used cosmetics in the Middle Ages, a historian announces. And they still use it in the middle ages.

Satsop Sadie is now getting a man's wages. She got married.

Dad Gummit says his wife is so argumentative that she won't even eat anything she agrees with her.

"Am I get so hungry," says Oscar Hasenpfeffer, "that I would eat anything that agrees with her, first?"

GO-GETTER: A fellow who sells a garage to a man who has just bought a chance on an automobile.

Percy Whiffletree had only one fault...he is impossible.

"If you had your life to live over again would you profit by your mistakes?"

"I'll say! I'd get twice as much for some of them."

Dad Gummit's grandfather lived to be nearly ninety, and never used glasses. But then there are a number of people who prefer to drink out of the bottle.

"My girl has remarkable talents." "Yes? Well, my girl isn't the handsomest in the world, either."

Adv. in theatrical paper: "Engagements wanted—Small part, such as dead body or outside shouts."

Satsop Charlie spent so much on Lena Genster that he finally married her...for his money.

Oscar Hasenpfeffer expects to be clothed in shining raiment when he dies. In other words, in his old blue serge suit.

Money goes further now than it used to, says Roger Babson. And it also seems to stay away longer.

The height of unemployment: A veterinarian in Detroit.

A FOOL AND HIS MONEY ARE SOON PARTED, BUT THE REAL PUZZLE IS, HOW THEY EVER GOT TOGETHER.

Store Detective: "I'm suspicious of that woman. She seems furtive." Floor Walker: "Well, keep your eye on the furs, then."

Lena Genster was the kind of girl you could give your name to, but not your right name.

Gym Plans To Include Pool For Swimming

To Revise Plans And Include Pool—Voters Must Pass Bond Issue.

At a special meeting of the local school board Tuesday evening definite plans for action on the construction of a gymnasium and swimming tank were put under way. The plan has been under consideration for several years, but has been actively planned for the last three months. Unanimous approval was given to the project and Supt. Bacher was authorized to request the architect to review his plans for the gymnasium, submit suggestions for location and revise the figures to include the swimming tank.

As soon as revised plans are received the proposition will be put up to the voters, who must approve a special levy for construction. The board has already reserved \$6,000 of the recent school budget for the building fund.

School Lunches Possible

The board also further discussed and took action on preliminary arrangements for a W.P.A. lunch program in the schools. The old grade school building will be remodeled to make a kitchen, serving room and dining room, and the same will be equipped as soon as some organization designates its intention to sponsor a school lunch project. The project must be sponsored by some outside organization, such as P.T.A. or Lion's Club. The need is great and there is little doubt that some organization will sponsor it.

Manual Training Teacher

Frank L. Hatley of Everson was elected Tuesday evening to succeed Bert Kauffman as manual training instructor. Mr. Hatley is a former instructor at Mt. Baker High and Grandview High and is a regional education director in the C.C.C. He comes well recommended.

As final business for the evening the board authorized purchase of supplies and books for the coming term and all plans for school will be complete by opening day, September 3rd.

LOCAL WOMAN FINDS LONG LOST SISTER

Drama, although unknown to the crowd, was injected into the celebration Friday afternoon when a call was sent out over the loud speaker for Mrs. Clare Parker.

She arrived at the sound truck to be confronted by a woman who seemed a total stranger, and it was only after an explanation that she realized that it was her sister, who she had not seen for over 40 years. The family of eight children were adopted out from a home many years ago and had been searching for each other many years.

Through her newly found sister, Mrs. John Shields of Conrad, Montana, Mrs. Parker learned of the whereabouts of the rest of her brothers and sisters for the first time.

The two sisters are now visiting with an aunt in Orting, awaiting the arrival of another sister from the east, who took a plane when notified of the reunion.

American Legion Elects New Officers For 1940-41

At the American Legion meeting held last evening, newly elected officers of the post took over their posts for the coming year.

New Commander is Hugh A. Ritter, popular Sauk Forest Ranger. W. J. Peck is Vice Commander; C. R. Olds, adjutant and Harold E. Thompson, finance officer.

HETHERINGTON STRICKEN

C. T. "Tracy" Hetherington, employee of Puget Sound Power & Light Co. here, was stricken early today with a paralysis attack affecting one eye and the side of his face. He was rushed to the Everett hospital and latest reports this evening are that he has lapsed into unconsciousness.

Longer Season For Duck Hunters

Duck hunters of the upper valley can look forward to a longer season this year. Fifteen days have been added to the usual 45 days allowed, so that two full months of the sport will be enjoyed. The season will open October 16th and close December 14th.

Another break is that daily shooting hours for water fowl and coot hunters will be from sunrise until 4 p. m., instead of from seven a. m. to 4 p. m. Jack Snipes may be taken from sunrise to sunset.

The daily bag limit on geese has been reduced again, this time to three. The bag limit on duck remains the same and the possession limit is two day's bag or 20 ducks. A new rule makes it possible to store the legal limit for 20 days after the season closes.

Protection for canvasbacks, redheads, buffleheads and ruddy duck is afforded by a bag limit of three of any of these types in one day. The season is closed on wood duck, Ross' geese and swan.

The three-shell limit remains in force on repeating guns, and nothing larger than 10-gauge may be used. Bow and arrow can be used by archery enthusiasts. Feeding or live decoy regulations also remain in effect.

Duck Stamps will be on sale next month at post-offices throughout the state. Every hunter over 16 years of age must have a stamp in addition to license.

Long Distance Visitor

Among the visitors in town for Cascade Days, was one man who has apparently set the record for coming a long way to attend the celebration. He is Curt Z. Kell of Atlanta, Georgia. His sister, Mrs. George Ely, happened to send him a paper containing an ad about Cascade Days and he drove out to take it in, and incidentally visit with relatives in this vicinity.

He states it was well worth the trip and hopes to return again next year.

Football Schedule Is Announced

Tentative schedule for the football season of Concrete high was announced this week with nine games to be played, five of them on the home field. The season will open September 14th.

Schedule as announced reads: Sept. 14—Anacortes at Anacortes. Sept. 21—Darrington here. Sept. 27—Meridian at Meridian. Oct. 5—Burlington here. Oct. 12—Mt. Vernon at Mt. Vernon. Oct. 19—Langley here. Oct. 25—Blaine at Blaine. Nov. 2—Vancouver, B. C., here. Nov. 8—Sedro-Woolley here.

Football plans are under way by the new coach, Frank Schwartz, and a pre-season meeting of all boys interested in football has been called for Tuesday, August 20th at the high school, at 2:00 p. m.

With few lettermen back and a light group of reserves from last year, an early start and much hard work will be needed this season.

QUEEN CONTEST IS ENDED IN CLOSE RACE

In a very close race, Miss Emily Wolbert of this city was chosen as Cascade Queen for 1940 following the vote count last Thursday evening. As a result Miss Wolbert was crowned with appropriate ceremonies at the Queen's Ball Friday evening at the Legion hall, and rode in the Saturday parade on the most beautiful Queen's float yet to be exhibited here.

Miss Wolbert received an award of \$60.00 as first prize in the Queen contest, Miss Marie Johnson receiving the \$25.00 second prize and Miss Madrene Buller, third of \$15.00. In addition each girl was given a \$5.00 bonus, and Frances Mericle, who did not place in the money, was awarded a big box of candy.

Official vote tabulations were: Emily Wolbert 109,250 Marie Johnson 93,750 Madrene Buller 54,850 Drawing of ticket stubs on Saturday found Wm. Meurer winner of the bed room set and Clifford White winner of the I.E.S. lamp. The entire contest was sponsored by the Concrete Volunteer Fire Dept.

Rep. Fred Martin

After deciding definitely against a third term, Fred Martin of Rockport has been drafted by his friends to again seek his post as Representative at Olympia from this district.

Filings Close; Martin To Run

Filings for the September primaries closed on Saturday of last week with a last minute rush of candidates for the various offices. Of importance here is the filing of Fred Martin of Rockport for another term. His former running mate, Pat Hurley, sprung a surprise by filing for Congress from the 2nd District.

Mr. Martin had decided not to make the race this year, but after receiving letters, phone calls and visits from scores of friends in the valley and throughout the state, he changed his mind and agreed to make the race again.

On the Republican ticket, Grant Sisson and Mrs. M. E. Norris also made a last minute entry into the legislative race. Sisson is a former legislator, while Mrs. Norris is in the race for the first time.

All Offices Well Contested

With the filings over the various offices and their candidates stand as follows:

Republican	Democrat
Congress, 2nd District	
John F. Keeran	Pat Hurley
Livona Bergesell	Frank Hatley
Payson Peterson	H. Bargeen
S. Frank Spencer	H. M. Jackson
J. P. McGlinn	Ralph Van Dyke

(Continued on page 2)

WILD MAN WITH GUN UPSETS UPPER SKAGIT

A one-man reign of terror was staged in the upper valley last evening when a slightly-built fellow in cords, white shirt and straw hat went on a rampage and began holding up cars near Sauk and continued on his way brandishing a gun until finally captured near Marblemount early this morning.

He first started his gun flourishing near the Faber ferry where he flagged down a car and forced the driver to take him as far as the Sauk store. There the driver managed to escape on an excuse of stopping for gas. Next victim was a motorcyclist who drove to Rockport with a gun in his back.

At Rockport the man ordered a drink at Bensons and waved a gun in lieu of payment, going from there to the restaurant across the street where he terrorized more of the Rockport population.

Meanwhile, the Concrete police force was summoned and arrived in time to find the wild man in the road seeking a ride to Marblemount. Waving his gun he made them drive almost to Marblemount before he jumped off in the brush and disappeared. He was traced to a farm-house where he stopped for a drink, then disappeared again.

About 2:30 in the morning he was heard to fire four shots and shortly afterward was captured walking down the road, having thrown his weapon away.

Evidently insane or under the influence of dope, he gave no coherent story and his name could not be learned. Officers from the county sheriff's office were called to take him to Mount Vernon for observation this morning.

Only due to his identity was a few papers of S. W. Brantner, in his bill fold. He had some money, but no positive identification.

CASCADE DAYS SET NEW RECORD FOR CROWD - FUN

Fine Comments Show Celebration The Best Given Here.

Concrete's 4th annual Cascade Day program passed into history early Sunday morning when the last celebrant turned in after two full days of fun and entertainment put on by the Concrete Boosters to remind the world that the Cascade highway is still uncompleted.

The celebration itself went off perfectly and with exception of a delay before Friday's ball game, every event went on as scheduled. All events found plenty of entries and all proved so interesting that a record crowd followed faithfully every number on the program.

On the financial side, the Booster Club reports all receipts reaching estimates and the budget being carefully followed with the result that all bills are paid and the club will have a nice nest egg for next year stored away.

Good Crowd Friday

Friday's program, while not expected to rival Saturday, drew a large crowd from the time the Kiddies parade started until the truck driving contests were over. Sports for the youngsters on the school field during the morning were also well attended and much merriment was occasioned by the various races, flour money scramble and the pie eating contest.

Following the kid's parade the Concrete Hardware held a salmon tackle casting contest in which Doc Arnold won first for the men and Harold Gregory first for the boys. Each received a star-drag reel as their award.

Due to a break-down the Bellingham team was a half-hour late in arriving, but when the game got under way the crowd was treated to a fine game, ending 5 to 3 in favor of Concrete.

After the game the crowd moved across the street to see the boys log rolling contest. Competing were Dick Wood, Ben Hutchinson, Jack

Cascade Parades Win Applause

Cascade Day parades, which grow bigger year by year, proved no exception this year when Saturday's parade filled main street from one end to the other and taxed the procession had to double back.

A number of fine floats and decorated cars, many novelty entries, the most beautiful queen's float yet to be shown here, lots of horses and the music and drills of the Bothell and Sedro-Woolley bands, added much to the celebration by making the parade a highlight.

Prizes for the parade were awarded as follows by judges Rev. Davis, Mrs. I. B. Evensen and Mrs. Harry Kress:

- Best Local Entry—Superior Quarry, "Preparedness".
- 2nd prize—School Float
- 3rd Prize—Yeager's Pack Train.
- Best Outside Entry—Women of the Moose, Mt. Vernon.
- 2nd—Sedro-Woolley Car.
- 3rd—Anacortes car.
- Best Comic Entry—Blackberry Pickers, Mrs. Heritage and family.
- 2nd—Land of Plenty Group.
- 3rd—Old Prospector.
- Best Juvenile Entry—Girl Scout Troop.
- 2nd—Gone With the Wind couple.
- Doll Buggy in Blue—Barbara Thurston.
- Best Decorated Cars—Carl Monrad's Grocery.
- 2nd—American Legion
- 3rd—Moen's Dairy.

Kiddies Parade Clever

The Kiddies parade, held Friday morning proved another treat, and will probably become a regular feature of the celebrations. A large number of clever entries made the judges task a difficult one, though the final results showed:

- Best Decorated Bicycles—Norma Holyfield, Claude Parker.
- Best Comic Entry—Joy McKinney and Joe Jensen, 1st; Robert Pressentin, second.
- Best Fishing Entry—Dick McGovern.
- Best Decorated Doll Buggy—Barbara Thurston, Patsy Wiley.
- Best Decorated Tricycle—Janet

(Continued on page 2)

Hoover, Herb Larsen, Russell Jewett of this community, and Robert and Ralph McClanahan of Quilcene.

After the elimination Dick Wood and Robert McClanahan rolled to determine the winners, McClanahan winning first and Wood taking second.

Logger's Contests Please

In the Truck Driving event the huge trucks, loaded with prize logs were wheeled out on the field and their drivers demonstrated their skill. The trucks started facing the finish point, made a wide turn and then backed their trailers to go between two stakes.

Record time and winner was by Ed Dahlgren, 58 seconds. Second best time was by Jack Thurston, 1 minute, 3 seconds.

Saturday's program started at 10:30 with the logging contests on the school field and a record crowd was on hand from the beginning. Dick Poldervart, winner of last year's event, again won the chopping contest in 2 minutes, 9 seconds, or 21 seconds better than his time in 1939. Bert Wilson placed second with 2:44½.

In the pole peeling event only two teams showed up, Theel and Strong winning in 4 minutes flat, with Olson and Weir second with 4:2 as their mark.

Log Bucking drew the most interest and the most contestants with ten entries. Harry Simonson of Ferndale set a new record for the event by sawing a 30 inch log in 1 minute, 33 seconds. Second best time was by Charlie Gardner of Sedro-Woolley with 1:46½. Bert Kauffman was third with 1:58½.

The big feature of the morning, however, was the falling contest. In this event three 30 inch logs were used, six teams of loggers competing. The teams had to cut their board hole, set springboards, under-cut and saw the top block.

The teams worked three at a time with the best record being set by Gardner and Moen with 4 minutes 33 seconds. Second place went to Nickleson and Loy, 4:35.

Two teams competed in the cable splicing event with Wilson and Hasselberg winning in 12 minutes, 23 seconds. Fox and Polson of Woolley started well but failed to keep up the pace.

A shingle bank was set up for the packing contest and the crowd enjoyed watching a number of the top "weavers" in action. This event was won by Weaver of Phillips mill in 2 minutes, 18½ seconds. Henry Montua of Concrete was second with 2 minutes, 19 seconds.

In all logging contests Wm. Galbraith, Fred Russell and Claude Leavitt, well known up-river logging men, acted as judges. Timers were Dick Dubig and Bert Kauffman.

Log Rolling Hilarious

Lack of practiced log rollers was noticeable during the big feature of Saturday's program when the boom men and amateurs of this valley vied for honors on the fast log in the pool. Winners of the event proved to be Homer Scales, Jack Scales coming second and Prater and Woods, third. All took a ducking, the winner being determined by who went in last.

Special events included a contest between the Olson sisters, another between Eric Elmgren and son, Lloyd, Eric winning two out of three, and some no-contests in which the entrants failed to get two men on the log at one time.

A comedy event, "two girls from LaConner and Stanwood" turned out to be Bill Jones and Bud Melvin, dressed as women. Bud made the length of the log just once, Bill managed to get in and out of the water several times.

The event ended with half the fire-department, contest manager Bill Meurer and nearly everyone connected with the event all taking a ducking for the merriment of the crowd.

The field events concluded with a ball game between Concrete and the Northern State Hospital and a drill by the Concrete Fire Dept. The ball game proved a rout for Sedro-Woolley when the local boys blew sky high in the seventh inning to let in eight runs on five errors. Final score was 16 to 4 for the hospital team.

Registration Books Open

Registration books will close on August 24th for the primaries. Mrs. Alice B. Leonard, clerk, reports that she will be at the city hall the evenings of Aug. 23 and 24 to register any who are not on the books.

Sauk Man Shoots Cougar On Suiattle River Road

Finding a huge cougar staring into the lights of your car would probably be very disconcerting to most people, but not so to George Enick of Sauk. He was driving along the Suiattle river road last Tuesday, August 6th, when his car lights flashed on a big cat in the center of the road. He left the car lights on, jumped out and shot the animal with a .22 he had in the car.

He reported his kill to the Sauk Ranger station. The stomach of the animal will be sent in to the federal laboratories for research work of feeding habits of predators.

PARADE PRIZES

(Continued from page 1)

Lewis, Donna Jean Rhodes.
Best Costume for Girls—The Gold Dust Twins, Carol McGovern and Jimmy Bonnet, Joe Jensen, 2nd.
Best Animal Representation—Jimmy Coonc on his polo pony, 2nd Shirley Beard on her horse.

Best Decorated Wagon—Martin Spargo, Vern Emmerton.
Best Costume for Boys—Arthur Dwelley, "Hitler", George Livie.
Best Clown Entry—Mason boy.
Best Cascade Highway Stunt—Orrin Haight.

Two prize winners failed to sign up after the parade, so are not in those listed above.

CHURCH NOTICES

Mt. Baker Presbyterian Church
"A House of Prayer"

Rev. and Mrs. C. Snowden will return to Concrete Sunday to take charge of the Sunday evening services.

There will be no church services Sunday morning, but Sunday school and Christian Endeavor will be held as usual.

Wins Ton Of Coal

Guesses on the weight of a jar full of coal brought in money for the Lion's Club during the celebration, and when weighed up was found to be 4 pounds, 4 ounces.

Hobart Holyfield made the best guess with 4 lbs. 3 1/2 ounces, and is hereby notified that he has part of his winter coal paid for.

Republican Women Pknic

The Mount Vernon Womens' Republican Club is having a picnic at La Conner Sunday, August 18. Coffee and sugar will be furnished and hamburgers can be bought if you would rather not bring a basket lunch. All Republican candidates have been invited to speak and everyone is welcome.

Week end guests at the Eric Elmgren home were Mr. and Mrs. Ivar Thomas and son Bob, Miss Betty Rainy and George Elmgren of Seattle. Mrs. A. Smith and children Bernice and John Gilbert of Bellingham spent Sunday at the Elmgren's all enjoying a picnic at Marble Creek on the Cascade Sunday.

NOTICE OF CLOSING OF REGISTRATION FILES

NOTICE IS HEREBY GIVEN that all registration files of the Town of Concrete, wherein electors may register for the coming Primary Election to be held on Tuesday, September 10, 1940, will be closed to original registration beginning Saturday evening, August 24th, 1940, and until after said election. Anyone desiring to vote at said election must be registered in his or her precinct prior to the above named period.

Notice given in obedience to Chapter 1 of Laws of Washington, 1933.

In Concrete Eleven Years Ago This Week

Concrete Herald, August 15, 1929

The first aid team of Superior Portland Cement, Inc., will compete with first aid teams from other parts of the state at Renton, Saturday. Those who will make the trip are Fred Baker, who is coach and manager; Howard Carleton, captain; Alex Patterson, Oscar Haussler, Jas. Jungblom, Walter Jungblom, Robt. Lang and John Bitonti.

Dr. E. F. Mertz, city health officer, received a report from the state board of health that the samples of Concrete water submitted for analysis had been thoroughly tested and found to be all right in every respect. The report shows that the water can be used for drinking and domestic purposes without any fear of any illness being caused by its use.

The forest fire menace in Skagit county has been growing steadily worse for the past few weeks, and now there is a real danger in all parts of the county, not only in the woods, but in the underbrush and even in the grass along the highways. The worst fire in this vicinity broke out Monday on the logged-off lands of the Lyman Timber company north of Birdview. For several days this blaze threatened to spread to green timber near Grandy Lake, but is now said to be pretty well under control.

Mr. and Mrs. Robert Muller returned to Concrete after a four-months' visit with relatives and friends at their old home in Berlin, Germany. They state that Germany is still suffering from war conditions. Taxes are extremely high, and living costs are much higher than before the war. Mr. and Mrs. Muller report very pleasant journeys both ways, but are very glad to get back to the United States, and to Concrete.

Mrs. I. B. Evensen was lucky at the drawing for prizes given away at the Skagit county fair last Saturday, winning the Hotpoint range donated by the Puget Sound Power & Light company.

Contracts were let last week by the Hamilton school board for the construction of a new gymnasium building and also for a new heating plant to supply heat to the high school and grade buildings as well as the gymnasium. When the new building is completed, Hamilton will have the finest school gym in the Skagit valley and one that would be a credit to a much larger city.

Marshal J. D. Owen left Sunday for Seattle to visit his daughter, Mrs. Jessie Doyle, who is ill in a Seattle hospital, and from there planned to go to Index for a short visit with another daughter, Mrs. John Kosa. Joe McDonald is acting marshal while James is away.

Mrs. C. W. Baxter, who has been staying with relatives at Edison during the summer, is spending the week at her home here.

The baseball game here Sunday between the teams of Hamilton and Concrete was one of those games that the fans enjoy. There were a lot of errors on each side, and there was plenty of hitting, and some fine baseball mixed in, but it was one of those games that are not over until the last man is out. The score at the end of the game stood at 16 to 9, in favor of the local boys.

Mrs. Garnet Thompson of Sauk entertained the members of the Concrete Bridge club last Thursday with a splendid dinner at The Shell, on Chuckanut drive, followed by a theater party in Bellingham. Those who enjoyed her hospitality were Mrs. Harold E. Thompson, Mrs. Walter Ross, Mrs. Bess

M. Brown, Mrs. Gordon McGovern, Mr. E. C. Schoeneman, Mrs. R. M. Miller, Mrs. Leonard R. Everett, Mrs. W. E. Sullivan, and Mrs. H. Bailey of this city and Mrs. Mount of Bellingham.

NO HOUSE IS IMPOSSIBLE...

REPAIRS AND REMODELING ARE EASY AND INEXPENSIVE

HOUSES, LIKE PEOPLE, are as old as they look.

There is no reason why an 1898 house should still look like the "Bustle" period.

Architectural styles change frequently, conveniences are improved constantly, but the well-built old house need not bear the stamp of age.

Modernization, as we conceive this important activity, can make your house look like a 1940 home, no matter when it was built.

Costs are low too... and terms easy. Monthly payments you'll never miss can make your house look like a brand new home with all new-home conveniences.

See us today.

AT YOUR SERVICE, UNCLE SAM

Fifteen hydro-electric and steam generating plants, and more than 10,000 miles of transmission and distribution lines, make up the well-integrated, efficient Puget Power system serving 200,000 customers in Western and Central Washington

THESE TIMES DEMAND STRONG MEN AND STOUT HEARTS—intelligent leadership—constructive effort. A gigantic task confronts us in providing a mental, spiritual and physical program that will preserve American ideals, institutions and ways of living. If free enterprise is destroyed and human rights are sacrificed, there will be no firm foundation on which to build a better America.

Too long the "A-B-C's" of Americanism have been submerged by a neglect of fundamentals. The present crisis demands "horse sense" and putting our shoulders to the "wheel of cooperation." We've got to face the facts—not from a selfish viewpoint but in the light of the bigger picture. We can't sell America short!

This is NO time to fuss about the color of kilowatts. This IS the time to recognize that our flag is red, white and blue, a symbol of the "Land of the Free and the Home of the Brave." The big issue is not saving a few cents on an electric bill—the big issue is the saving of Democracy. We've got the electric power, the man power and the raw materials; let's utilize them to the maximum in protecting our country and developing a greater State and Nation.

In building an adequate defense we of PUGET POWER are ready, anxious and willing to do our part. As Americans first we believe in an

appeal based on logic and reason, not on passion and prejudice. We are not "pin-headed" or "big-headed." We don't claim—nor do we for a minute agree with those who claim—that electric power as such is the salvation of America. IN TIMES LIKE THESE THERE ARE NO SUBSTITUTES FOR AIRPLANES, WARSHIPS, GUNS AND SIMILAR EQUIPMENT. But we know that "power" is essential to the production of armaments and instruments of defense; that our closely knit, efficiently operated, integrated system is an important factor, and therefore should be preserved.

This is the time to coordinate facilities—not break them up. We are not ready for the graveyard by any means. We live to please, but we don't want to die to satisfy—who does? All we ask in this time of need is to be allowed to exist as good citizens and patriots. We are geared to the high spirit of service that these times demand.

PUGET POWER IS A PRODUCT OF AMERICAN FREEDOM OF ENTERPRISE AND IS DEDICATED TO THE DEFENSE OF AMERICAN IDEALS. As the pioneers banded together to establish America, we who cherish our heritage band together to preserve America!

Marblemount News

Mrs. Len Scott spent the week-end with relatives in Concrete and Birdview.

Billie and Jack Murtha of Rockport spent the week end at the home of Mr. and Mrs. Neil McLeod.

Mr. and Mrs. C. Boone announce the arrival of a son Monday at the hospital.

Ray Parker spent Monday attending to business interests in Saxon.

Charles McCord returned the middle of the week from a business trip to Seattle.

Howard Morgan who has been training at Fort Lewis, spent the week end at the home of his parents, Mr. and Mrs. Walt Morgan.

Mrs. C. Morgan and daughter of Marysville left Tuesday for her home after spending four days as guest of Mr. and Mrs. Walt Morgan.

Mr. and Mrs. Harry Hastings and children and Mrs. Bessie Pugh, all of Seattle, spent four days over the week end as guests of Mr. and Mrs. A. R. Wilson.

Mrs. Neil McLeod entertained with a birthday party Friday for her daughter Shirley. Nine of Shirley's young friends were present and enjoyed the afternoon's games and refreshments.

Harlin Blankenship spent the week end in Randle. Miss Lucille McLeod, who has spent the past few weeks visiting her parents, Mr. and Mrs. Neil McLeod, returned with him.

Mr. and Mrs. W. McCord had as their week end guest, their daughter, Alice Knox and grandson, Robert McCord, Jr. of Monroe. Barbara Knox, who spent the past month with her grandparents, returned with her mother.

John Dayo and W. McCord, who have been working on the Cascade trail above Gilbert's cabin, spent the week end at their homes here. They were sent out again with several other men to fight a fire on Thunder Creek that has been burning for some time.

Maryanne Rieble and Wallace

Meade, who has spent the past two weeks visiting at the home of Mr. and Mrs. Wade LeRoy, returned to their homes at Randle, Wednesday. Mary Lois LeRoy accompanied them to Auburn where she will visit this week.

Returning Wednesday evening from a three-day camping and fishing trip above Mineral Park were Mrs. Dona Thompson, Mrs. Nita McGovern, Mrs. Harriett Pressentin and Mrs. Nettie McKinney, all of Concrete. Mrs. Ariel Scott and Mrs. Lenora Wilson of Marblemount. The party was packed in by Rocky Wilson and Albert. On Tuesday Mr. and Mrs. Wilson, Mrs. Thompson and Mrs. Pressentin spent the day at the Cascade Pass. Excellent fishing was reported by those who fished.

MUSIC IS EXCELLENT

Music for the celebration was furnished for the most part by the Sedro-Woolley Grade School Band, under direction of Max Ford. These youngsters have been coming here regularly every year for both days of the celebration and are used all through the program to provide pep and music in the dull spots.

This year the band led the kid's parade in addition to other duties and received many fine comments on their work and appearance.

Bothell Band Big Hit

The Bothell High School Band, secured at the last moment, proved the hit of the show, however. This band, which has won prizes all over the state, proved their ability by thrilling the crowd with intricate marching drills on the school field and in the big parade. Bright red and blue uniforms, a group of pretty and clever drum majorettes and the national champion drum major, made their appearance the highlight of the day.

Incidental songs over the loud speaker during the day were by a local songstress, Cleona Price.

CARD OF THANKS

I wish to thank all my friends who voted for me during the Cascade Queen contest and whose votes enabled me to become Cascade Queen for 1940.

MISS EMILY WOLBERT

Birdsview News

Mr. and Mrs. Bert Wilson are enjoying a new Pontiac sedan.

The local W. C. T. U. held their annual picnic at the Savage park Thursday.

Mr. and Mrs. Floyd Smith spent three days last week with relatives at Sunnyside, Washington.

Mr. and Mrs. Charles Blackburn were business visitors at Anacortes Wednesday.

George Savage and sons Philip and Joe enjoyed a three day fishing trip to the Nooksack last week.

Mr. W. M. Hall, 4-H leader, took his club boys on a camping trip to Blue Lake Monday.

Betty Brayton is spending two weeks with Faye Russel at Port Angeles.

Mr. and Mrs. N. E. Stephens and family and Mr. and Mrs. Sid Stephens and family enjoyed the Missouri picnic at Ferndale Sunday.

Mr. and Mrs. G. L. Savage and Mrs. Robert Garland attended services at the Pentecostal Mission at Marblemount Sunday evening.

Mr. and Mrs. M. J. King and Mr. and Mrs. Glen Bust and daughters were dinner guests Sunday of Mr. and Mrs. W. L. King.

Mr. and Mrs. Walter Hall recently motored to Detroit, Michigan, and returned with a new 1940 Plymouth car.

Mr. and Mrs. Bill King have moved into one of Carl Bloom's cottages. Bill has taken the job as ferryman at the Pressentin ferry.

Mr. and Mrs. Wynn Benedict and four children of Cathcart were week end guests of Mr. and Mrs. Bert Savage.

Ethel Mae Rathvon returned to her home from Kent Friday. She had been employed in the cherry harvest.

Mrs. Rena B. King returned to her home Wednesday from Los Angeles where she visited her daughter, Mrs. Peter Ryan.

M. J. King returned home Wednesday from a business trip to Washington D. C. He also visited relatives at Grand Rapids, Michigan.

Mesdames Hall, Bertha Rhodes, Hazel Brayton and Eva Gilmore attended the Federation annual salmon bake at Sneesh Beach Thursday.

Mr. and Mrs. Ray Stephens were business visitors in Anacortes Saturday and were over night guests of Mr. and Mrs. Ed Moore of Sedro-Woolley.

Mesdames Nona Johnson, Lena Scales, Virgie Wilson, Pearl Stephens, Mae Richmeyer, Eva Gilmore and Ruth Stephens attended a shower for Mrs. Lois Luton at the home of Mrs. Bess Luton of Hamilton Friday.

Mac Johnson of Birdsview and Eunice Younger of Mount Vernon were married Friday at the Presbyterian parsonage at Mount Vernon. They were attended by Mr. and Mrs. Robert Johnson of Birdsview. The bride was gown in peach lace and her bridesmaid wore pale rose. The young couple will live at Burlington.

The Sunday School of the Wildwood church held their annual picnic Saturday at the B. D. Savage park. The children all enjoyed swimming until noon when every one had a bountiful dinner after which games and stunts were enjoyed by all. Mesdames Brayton, Fredrickson Joy and Rathvon had charge of the program.

THE STOP & SAVE
WHERE EVERY DAY IS BARGAIN DAY

The saddest sign on road or street—
"Concrete Ends—400 ft."

**For Safety's sake
PAVE THE GAPS WITH
Concrete**

WHY do state highway departments warn the public: "Concrete Pavement Ends"?
Because it is universally accepted that speeds which are reasonable and safe on concrete become dangerous on other surfaces.
To save lives to prevent accidents...demand concrete all the way.
True and even, it has no high crown—is usable to its full width. Brakes are at their best on its gritty, non-skid surface. Its light gray color and sharply defined edges give visibility at night. Any car is a better car on concrete.
And concrete saves money for motorists and for taxpayers. Insist on concrete for your roads.

**Concrete's Resistance to Spring
"Break-Ups" Worth Millions
to Taxpayers Every Year**
When the frost comes out or the rain pours down, concrete pavements "can take it." They're always ready to get you through with safety. Even after the terrible punishment of this winter, routine, inexpensive maintenance will quickly put concrete in condition for heavy summer traffic. Aggravating detours and costly delays are avoided.

**SUPERIOR PORTLAND
CEMENT, Inc.**

Mrs. S. Wiseman underwent a major operation at the Burlington hospital Monday morning. She is getting along as well as can be expected.

Mr. and Mrs. Walter Darsch and family returned from Idaho Wednesday where they were visiting relatives. Ralph Darsch stayed with relatives and will attend school there this fall.

HUGE LOGS THRILL CASCADE VISITORS

In order to give the visitors an idea of the type of logs taken out of the forests around Concrete, prizes are given each year for the best logs entered in the parade. A fine response was received this year with seven huge logs being entered.

In the judging, first prize went to Wm. Forsythe's Camp, on a big fir trucked in by Glenn Parish. The second and third awards were won by the Lake Shannon Shingle Co., trucked by Al Theel and W. A. Preston.

First prize was \$25.00, second \$15.00 and third \$10.00. The judges had to deliberate quite a while to pick the winners.

In addition to the fir logs, F. E. Foss and Sons brought down a fine specimen of cedar, the most valuable log in the group. For this entry a special \$15.00 prize was awarded.

THE MEN RESPONSIBLE FOR A SUCCESSFUL CELEBRATION!

Booster Club President and General Chairman—H. C. Lisherness. Finance Committee—Walter Ross and J. E. St. John.

Advertising Committee—Harry Kress, C. E. White, Chas. Dwelley. Bands—Brown Wiseman. Carnival—American Legion. Parade—Lions Clubs, Joe Baxter, Chairman.
