## SEEN AND HEARD ON MAIN STREET

Elections may come and elections may go, but candidates placards remain on fence posts and trees forever!

Those who didn't vote Tuesday might as well be in Russia, Germany or Italy. They don't vote there, either.

Movie comedians get more money than our politicians, but don't get the idea they are any funnier.

Old Pete Sludge was the laziest man in Wheeler county. When the Armistice Day parade went by he was lying out in the hammock. Afterward, when the women folk were enthusiastically describing the parade, Old Pete yawned and said peevishly:

"Drat it. Just my luck to be turned the other way."

Recruiting officer: "You say you were born in Georgia?"

Colored Applicant: "Yassah."

Recruiting officer: "And were you raised there?"

Colored Applicant: "Well, dey done tried to raise me once, but de rope broke."

Youth is a wonderful thing, says Dad Gummit, but what a shame to waste it on children, who don't appreciate it.

Mrs. Whiffletree sent her husband to the hospital because of his knee. His secretary was on it when she dropped in.

The boa constrictor, having eaten a rabbit, needed a chaser so he ate a dog too.

"If you spend so much time playing golf, you won't have anything laid up for a rainy day?"

"Wont I? My desk is piled high with work laid up for a rainy day."

When a man starts praising you, start wondering how much he is going to touch you for.

Teacher: "What is it that binds us together, sustains us, and makes us even better than nature intended?"

Tommy: "Girdles."

### WE SEE BY THE PAPERS—

WANTED: A place to show her wares by an antique lady with a Spanish chest and other odd things.—Cold Springs (Ga.) Herald.

Both girls riding in the machine which overturned were injured. Miss — was cut about the face and hands and Miss — in the back seat.—Raymond (Wash.) Herald.

His face was a striking one, and even without his clothes people would have turned to look at him.—London (Eng.) Times.

Alice — has been engaged as stewardess and social hostess aboard the S. S. Alexandria, which sails tomorrow. Before leaving port she will have her barnacles scraped.—East Coast Shipping Record.

WANTED: A salesgirl; must be respectable till after Christmas.—Belen (N.M.) News.

FOR SALE: A violin, by a young man in good condition, except for a loose peg in the head.—Wabasha (Minn.) Herald.

The marriage of Miss Anna — and Willis —, which was announced in this paper a few weeks ago, was a mistake and we wish to correct it.—Golden (Col.) Paper.

The victim said that when he left the cafe with his two pretty companions he had \$60 on him besides several pockets full of loose change. But after being hit on the head he said he woke up without a dime.—Painter (Okla.) Recorder.

## Concrete Splits Tickets In Big Election Vote

Voters Choose Freely From  
Both Tickets Where Fav-  
orites Are Concerned.

Concrete's voting followed closely the accepted pattern Tuesday as the community voted for Roosevelt on the Democratic side, Langlie on the Republican side, then moved down to vote heavily for the two local men, Wiseman for commissioner (R) and Martin for state representative (D).

Balance of the voting continued with Democratic candidates taking the edge generally.

The community was strong for Initiative No. 139 and No. 141, as they were for Referendum No. 5, but voted with the state against the two-term amendment and the legislators salary amendment.

Concrete voted very close to the registration totals, the east precinct voting 290 and west, 372.

Counting of the ballots took a great deal of time this year and it was late in the morning of Wednesday before the election crews were through with their work.

**Birdsview Grange Elects  
Officers For Coming Year**

Birdsview Grange met at Hamilton Monday evening with forty members present. The business of importance was the election of officers as follows: Master, Lance Crow; overseer, Walter Hall; secretary, Hazel Smith; treasurer, Sam Beck; lecturer, Zola Jordan; chaplain, Nettie Dexter; steward, Walter Gilmore; assistant steward, O. J. Mast; lady assistant steward, Frances Good.

## Proclamation By The Governor

November 11, always memorable in the history of the State of Washington, this year holds a three-fold significance for our citizens, and deserves more than ordinary recognition and observance.

Fifty-one years ago our state was born—Washington joining the cavalcade of American states on November 11, 1889, thus giving to the pioneers of our land the right of sovereign government and the inspiration to build a great commonwealth.

Twenty-two years ago, at 11 o'clock on the morning of November 11, 1918, the guns of war ceased killing and threatening on the battlefields of the World War, ending years of destruction and suffering; leaving America free to enjoy liberty and other human benefits of Democracy.

This year, November 11 finds the young men of Washington and the United States again responding to the call to arms. Our young men are responding willingly and cheerfully—training and preparing to defend our shores, and to make certain that we shall retain the privileges and blessings of our freedom and our kind of Democracy.

THEREFORE, I, Clarence D. Martin, Governor of Washington, by virtue of authority in me vested, do hereby proclaim and declare Monday, November 11, 1940, to be ARMISTICE AND STATEHOOD DAY, and on this day all public offices will remain closed; flags above all buildings will be at half mast from sunrise to sunset; and there shall be a period of silence throughout the state for one minute at the hour of eleven A. M. on November 11, 1940, as a tribute to those who were faithful unto death.

Moreover, I call upon those engaged in every kind of public and private business to lay aside their usual activities and to join in a full observance of this three-fold occasion. This year all the people and not only a part of them should participate in appropriate and inspirational exercises. I urge total observance of this year's Armistice and Statehood Day not only as a token of respect to all who took part in the World War and a tribute to the birthday of our State, but also as a compliment and an inspiration to the young men of today who are responding so readily and loyally to the defense of our Nation and its ideals.

CLARENCE D. MARTIN

GOVERNOR OF WASHINGTON

## Hallowe'en Party Is Huge Success

For the first time in many years the town of Concrete awoke the morning after Hallowe'en and went about its business without having to clear away the wreckage, clean windows and generally mop up after the evil spirits that roamed the town the night before.

Credited with this remarkable state of tranquility is the Hallowe'en party put on for the youngsters under sponsorship of the Lions, Booster Club, American Legion and School District. Nearly every youngster in the community attended the party and all showed their appreciation of the good time by refraining from the usual pranks and window soaping.

The Hallowe'en party, which is to become an annual affair, was a huge success from start to finish. Due to rain, the scheduled parade of costumes was held inside the theatre, starting at 6:30. Prizes donated by local merchants were awarded to the best entries as follows:

Virginia Lee Thompson and Jim Spargo—Tom Thumb and wife.  
Joanne Hawkins—Pete the tramp  
Elaine Turner—Japanese girl.  
Jimmie Smiley—Little girl.  
Joy Ann Haight—Bunny  
Kenneth Wood—Indian.  
Verne Emmerton—Pumpkin  
Marilyn Kerkendall—Scarecrow.  
Claude Parker—Dopey.  
Lois Jean Miller—Jimmy Cricket.  
Monroe Mason—Gypsy.  
Eddie Hawkins—Chinaman.  
Bruce Ritter—Hitler  
Louise Harris—Witch.  
Arthur Dwelley—Pumpkinhead.  
Jimmie Elkins—Pirate.  
Rosemary Elkins—Fairy.

Following the awarding of prizes the theatre full of children were treated to a double-feature show, "Tailspin Tommy" and "Grand Old Opry."

After the show the guests were invited to the Legion hall where cider and doughnuts were served and the older folks enjoyed a few hours of dancing.

The committee in charge of the party give the kids full credit for 100 per cent cooperation and promise an even better time next year. All local merchants are also thanked for their donation of prizes, and the theatre for its part on the program.

### NARROWS BRIDGE FALLS

The Narrows Bridge near Tacoma, a \$6,400,000 project just completed in July, collapsed this morning during a strong wind. It was the third largest suspension bridge in the world. Two towers remain standing.

## Leroy Jungblom Dies In Accident

Leroy Jungblom, 21, son of Mr. and Mrs. Art Jungblom of this city, died in a Spokane hospital Tuesday morning from injuries received in an auto accident last Sunday.

Leroy was riding with Harry Splane, a friend, on a duck hunting trip early Sunday morning when their car crashed into the rear of a lumber truck stopped on the highway without lights. The load of lumber came through the windshield, catching Leroy on the jaw and nose, and causing concussion on the lower half of his skull. His partner escaped serious injury by ducking under the timbers.

Rushed to a hospital, Mr. Jungblom never regained consciousness and passed away at 1:30 a.m. on Tuesday. His parents were with him when he passed away, as were Mr. and Mrs. Chas. Bagnell, parents of his wife.

Leroy Jungblom attended and graduated from the local schools. Before leaving to take a job with the Safeway stores in Spokane a few years ago, he married Miss Virginia Bagnell, also of this city. At the time of his death he was Safeway's youngest market manager and a very popular employee.

Funeral services are being held today in Spokane, followed by cremation.

Besides his wife, Virginia, Mr. Jungblom is survived one child, a daughter, aged 3.

## SERDO CUBS HERE FOR FINAL GAME

The Sedro-Woolley Cubs, strongest football team in the county, will invade Concrete tomorrow afternoon for the final game of the year for the much-pounded Lions. Definitely a "breather" for the Cubs, the game tomorrow will be an up-hill battle all the way for Concrete. The boys are determined to make a good showing, but have little hopes of victory.

Last Saturday the local team met the Everett "B" team and came out on the zero end of a 19-0 score. Lacking many of the regular players, the local team looked very ragged against their numerous opponents (three full teams).

Everett was on the goal line for another score as the game ended, the whistle blowing as a play ended just one foot short of a score.

Most thrilling plays of the day were a 80 yard runback of a kick off by an Everett back, and a 50 yard return on a kick off by Fred Martin. Dud Ross also turned in some smashing runs for Concrete.

## P. T. A. To Hold "Back To School Night" Nov. 12

The Concrete P. T. A. will observe National Education Week (Nov. 10th to 16th) with a "Back to School Night" on Tuesday evening of next week. Many schools throughout the nation are observing education week in this manner.

The feature of the program is that the parents visiting the school on that evening will in a series of short periods, follow their child's schedule of classes for the day. In this way the parent will have an opportunity to see the conditions under which a child works, and learn something of what the school is trying to accomplish.

The P. T. A. invites all parents to take advantage of "Back to School Night" and attend.

## Tuberculosis League Plans Annual Essay Contest

Announcement of the second Skagit county essay contest for students of the seventh and eighth grades was made this week by the Skagit County Tuberculosis League. The contest will be a preliminary to the seal campaign which opens November 25th.

Prizes of \$5, \$3 and \$2 are being offered in the Junior division and prizes of \$10 and \$5 for the best entries submitted by high school students. Prize winners will also have an opportunity to place in a state contest.

"What Should I Do Were I To Catch Tuberculosis" is the topic for the Junior division and "What Can I Do to Help Control Tuberculosis in My Community" is the high school subject. The contest closes November 20th.

## Closest Battle In Years For State Posts

Absentee Ballots Will Make  
Final Decision On Several  
Positions.

As the smoke clears away from most hotly contested general election in many years, the count is so close on many positions that it will be next week, when the absentee ballots are counted, before the exact results will be known.

As it now stands the big question is the governorship of the state with Arthur Langlie leading C. C. Dill by a narrow margin as final precincts come in. This vote is close enough to be swung by the absentee vote.

In this district the legislative race also hangs in doubt with all precincts in and nothing but the absentee ballots to tally. Final returns this afternoon give:

Martin	9474
Boede	8885
Sisson	8626
Cayou	8583
Vaux	8337
Norris	8337

There are approximately 600 absentee ballots.

### Egbert Apparent Victor

Among the apparent winners is Emmet Egbert, who closed the final count with 9076 votes to 8567 for his opponent, L. L. Todd.

Others far in the lead and almost assured of victory in the county are the two Republican candidates for county commissioner in the 1st and 2nd districts, Arnold Nelson and James Ovensell, and E. C. Carr of the 3rd district, who has a lead of 8974 to 6854 over A. B. Wiseman of this city.

### State Winners

Apparent and sure winners for the state include:

Mon Wallgren—U. S. Senator  
Henry Jackson—Congressman  
Victor Meyers—Lieutenant Gov.  
Belle Reeves—Sec. of State.  
Otto Case—State Treasurer  
Cliff Yelle—State Auditor  
Jack Taylor—Com. of Pub. Land.  
Wm. Sullivan—Insurance Com.  
Pearl Wanamaker—State Supt. of Schools.

On the initiative measures, No. 139, the P. U. D. Bond issue, was voted down; No. 141, the old age pension law, was approved. Referendum No. 5 (40-mill tax limit) carried once more by a big majority.

The amendment to repeal the two-year term law for county officers was voted down. Amendment to release state banks from double liability was approved and the amendment allowing the legislators to raise their salaries was again voted down.

## Red Cross Roll Call Drive Will Start Armistice Day

Beginning Armistice Day, Monday, Nov. 11th, the annual American Red Cross Roll Call drive will be in full swing throughout the country. By proclamation of Mayor Wiseman, Concrete joins in the movement to raise the huge sum needed to carry on the work of the Red Cross for the coming year.

It is a known fact that no section of the United States is free from the threat of natural catastrophe such as fire, flood, hurricane, epidemic or famine. Also the unprecedented peace time expansion of army and navy and the increasing needs of victims of the European war predict a mounting need of some organization ready and equipped to provide aid. The Red Cross is the only such organization in the country and carries on an unceasing campaign of assistance and mercy.

In view of the expected call for increased duties, the Red Cross is asking every person to support the Roll Call drive this year and give generously.

The Concrete Lions club, under direction of J. W. Mulson, will conduct the local drive.

### JUKE BOX DANCE

The American Legion will give another recorded music dance at the Legion Hall, Saturday, Nov. 9. These low-priced dances are proving very popular with the young folks. Amplified recordings by famous bands furnish the music.

## In Concrete Eleven Years Ago This Week

Concrete Herald, Nov. 7, 1929

B. H. Solomon, operator of the Concrete-Sedro-Woolley stage line, has arranged to open a new passenger and express service between Concrete and Rockport. The new service will start next Friday, November 15th, and will include three stages each way daily. The new stage service is expected to prove a great convenience to the residents of the upper valley, and with the opening of the new camp at Rockport the stages should have plenty of passengers.

Next Monday is Armistice day and a legal holiday in this state for everybody but the school children, who will have to attend school as usual. No program or special celebration has been planned for this city except the high school will have appropriate exercises in an assembly in the forenoon. The American Legion posts in the county usually hold joint celebration in some city with various posts joining in the program. This year the celebration will be held in Anacortes with the Mount Vernon posts working together in preparing the program for the day.

The McMarrs Stores, a national chain grocery organization, will open a branch store in the Argerin building on main street within the next few weeks. The store will occupy the room just vacated by the Concrete Market and Grocery and painters are now busy kalsomining the room. While no definite information is available it is understood that equipment and stock for the new store will begin coming in as soon as the painters are through.

Halloween, formerly the dread of peace officers and property owners, is becoming tamer each year, at least in Concrete. This year the customary pranks were played, but so far as was learned no property was destroyed or was badly damaged, and the bands of boys and girls also, who roamed the city during the early evening, were generally law abiding and contented themselves with soaping windows and making plenty of noise.

Next Saturday A. B. Wiseman, the athletic coach of the Concrete high school, will give his football squad a real treat by taking them to Seattle to see the football game between the University of Washington and Stanford University. All the lettermen are certain to go and if transportation can be arranged, all the boys who have turned out regularly for football whether they have made the team or not, will be taken along. Mr. Wiseman has made it an annual event to take his team to Seattle for one of the big games, and if the usual program is followed the boys will have choice seats for the game and possibly take in a show before returning home.

The basketball season for 1929-30 will be ushered in tomorrow evening in Concrete with a game between the girls of the Concrete high school and the women's town team of Clear Lake. The Concrete girls have had very little practice this year but are prepared to put up a hard battle against their more experienced opponents. This game is a curtain raiser to the main event of the evening, which will be between the Clear Lake town team and the Concrete town team, being the opening game of the Skagit County Basketball League.

Mrs. I. B. Evensen entertained a number of youngsters at her home on west Main street Tuesday evening in honor of the thirteenth birthday anniversary of her son, Edward. There were 22 boys and girls present and all had a merry time in playing games.

That the surface of the Skagit river is lower by four inches than it has been since 1892, thirty-seven years ago, is the statement made Monday by W. A. Smiley, who states that he has kept an accurate record of the rise and fall of the river on a measuring stick on his place, since 1892. "When the Mount Vernon bridge was built," said Mr. Smiley, "I decided that I would keep my own record of high and low water, and have kept or saw that someone else did, every day for thirty-seven years."

Miss Sadie Saunders, who has been almost a year in the service of Mrs. Waldo at the LaBelle Beauty Shoppe, left last Saturday evening for Auburn, where she will be professionally employed.

The saddest sign

"Concrete Ends—400 ft."

For Safety's sake  
PAVE THE GAPS WITH  
Concrete

WHY do state highway departments warn the public: "Concrete Pavement Ends"?

Because it is universally accepted that speeds which are reasonable and safe on concrete become dangerous on other surfaces.

To save lives to prevent accidents... demand concrete all the way.

True and even, it has no high crown—is usable to its full width. Brakes are at their best on its gritty, non-skid surface. Its light gray color and sharply defined edges give visibility at night. Any car is a better car on concrete.

And concrete saves money for motorists and for taxpayers. Insist on concrete for your roads.

# ARMISTICE DAY

IT WAS NOT A VICTORY PARADE IN DRESSY  
UNIFORMS THE FIRST ARMISTICE DAY!

TWENTY-TWO YEARS AGO—Gongs sounded along the front line. And then silence. It was the Eleventh Hour, the Eleventh Day, the Eleventh Month and the end of the World War. In cities people were jubilant over the news, and danced in the streets and wept for joy. Along the front line it was different. Just a silence. Tired, haggard faced men—fighting men—talked quietly to each other and wondered if it was really over. Then the message spread, officially that shortly before 11 a. m. on that day the Allied battle chiefs had met with those of the German high command and signed the document that meant peace. That was the first Armistice day.

IT IS GOOD TO REMEMBER—That Armistice Day has grown to equal legal stature with other National holidays, through the post-war service of the Americans whose valor created the original Armistice. Their step is heavier, shoulders not quite so straight, their numbers fewer, as they follow the flag down the Main Streets of America each succeeding Armistice Day. But they have "dedicated to the cause of world peace" all our Armistice Days—by their insistence on adequate national defense—their staunch opposition to foreign ideologies—their unswerving loyalty to the Stars and Stripes, to American democracy, and to the Constitution of the United States.

Do Your Rent Dollars Buy Your  
Home . . . For Someone Else?

EACH dollar paid for rent helps pay for the building you are living in . . . yet, all you get is a stack of rent receipts! Rent is an expense . . . why not make an investment instead? A home of your own may cost no more than you are now paying in rent.

You only need 10% as a down payment . . . and a steady income . . . to borrow enough to build. The payments on the loan, including interest, taxes, and fire insurance, can be less than \$1.00 a day.

When you invest in a home of your own, you receive dividends from the investment. When you pay rent, the landlord is the recipient of all profits. Build now, while prices are still low. Call us today for additional information about financing and building a home of your own.
