

VOLUME XXXV

CONCRETE, SKAGIT COUNTY, WASHINGTON, NOVEMBER 7, 1946.

NUMBER 45

## THIS AND THAT

By H. L. D.

**Newhalem Scouts Entertain**  
Boy Scouts of Newhalem were hosts to 23 Seattle Scouts and 11 leaders and dads last week end. Saturday evening the scouts of both troops put on a fine program preceding a costume dance for the grown-ups, with proceeds going for benefit of scout work. After the program the scouts were treated to a "venison roast." Two fires were built, one huge one and one small one to roast their venison steaks. The venison came from a four-point buck killed by Leslie Bell, fourteen years old, on a hunting trip to Trappers Peak the week before.

Sunday morning the scouts, after a breakfast of hunter's hot cakes, were taken by special train to Diablo and then on to Ross Dam. It was a beautiful day and the trip was thoroughly enjoyed by all.

Mr. Peterson, Mount Baker Area Scout Executive, of Bellingham, and Mr. and Mrs. Harold Ely of Sedro-Woolley also were guests.

### Hallowe'en Party

We are never quite sure just who enjoys the annual Hallowe'en parties the most, the children or the grown-ups. This year, as in previous years, the gym was packed with fond parents and spectators laughing at the weird and comical costumes and admiring the care and work that had gone into the elaborate ones.

Witches, ghosts, black cats, vied with Indians, tiny Carmen Mirandas and national costumes of many countries for the approval of the judges who wished there were many more prizes that they might award to make their judging less of a task.

Another highly successful party is over and plans are already being laid for next year's celebration. Rumors are that it will be an entirely new and different type of Hallowe'en party.

### Announce Engagement

Mr. and Mrs. K. T. Yates of Lake Shannon announce the engagement of their daughter, Mearean Florence, to Clarence Leroy Dickinson of Birdsview. The wedding date has been set for November 16.

### Daughter Born

A baby daughter, who has been named Barbara Ann, was born to Mr. and Mrs. Edgar Monrad on election day, November 5th, at the Rowley Hospital at Mount Vernon. The little lady weighed 8 pounds, 1 ounce.

### Professor Bell

Robert Bell of Birdsview has been appointed as Professor of Physical Chemistry at the University of Washington, and is now receiving congratulations on his new post. He has been engaged as bookkeeper for the Van Der Grift Logging Co. with an office in the Gates building while awaiting his appointment.

The professorship is a five-year contract, three years to be spent in Seattle and the other two as exchange professor in Norway. He expects to start teaching in February.

### Too Much News

For news left out because of lack of space see page 2 (The ad for Bert's Mart) and page 6 for new city ordinances.

## PIONEER PASSES

Funeral services were held Saturday afternoon for William Leach, pioneer Marblemount farmer, who passed away at the Memorial hospital in Sedro-Woolley last Thursday. Mr. Leach had been a resident of the upper Skagit since 1884.

Services were conducted at the Lemley Chapel with Rev. Wayne Griffin of the Sedro-Woolley Methodist church in charge. Cremation in Bellingham followed.

Mr. Leach was 82 years of age and his birthplace was Pennsylvania. He is survived by two nephews, Glen Davis of Sedro-Woolley and Frank Davis of Auburn; one niece, Mrs. Dossa Egbert of Wood-entville.

## JIM ZEILOR PASSES FROM HEART ATTACK

James Zeilor, 50, sub station operator at the cement plant, was suddenly taken by death early Monday evening at the Mount Vernon hospital following a heart attack here early that morning. He had been suffering with heart trouble for some time and had a light attack when coming home from work Monday morning. Just by accident Magnus Miller stopped by to get him to accompany him on an ambulance call, so he went along and was taken to the hospital himself.

During the day he was visited by his sister and brother-in-law, Mr. and Mrs. Chas. Burns, who left after supper when he reported feeling much better. A short time later he became unconscious and passed away quickly.

Jim had made his home in this district for the past 16 years. A number of them spent as operator at the Bear Creek Power Station. Ill health forced him to move to town a few years ago and since that time he had been working at the plant substation. He had a great many friends in the community.

He was born June 12, 1896 at Idaho Springs, Colorado. Surviving him are two sisters, Mrs. Charles Burns of Sedro-Woolley and Mrs. Laura Putnam of Los Angeles; a brother, Joshua Zeilor of San Francisco; one nephew, Billy Burns of Sedro-Woolley.

Funeral services will be held in this city Friday at 1:30 from the Mt. Baker Presbyterian Church. Rev. Paul Toms will be in charge and burial will be made in the Sedro-Woolley cemetery by Lemley Mortuary.

## Lose Last Home Game

Mount Vernon 27, Concrete 13. But again it was the old story of too many reserves. For the first half of the game it was all Concrete, with the local team making ten first downs to five for their opponents and scoring the only touchdown, plus a couple of near misses. The Bull dogs came back it up as the quarter ended.

13-6 only to have Concrete tie it up at the quarter ended. In the final period an intercepted pass and a power drive netted Mount Vernon their margin of victory as the Concrete regulars tired under the onslaught of Bulldog repeated substitutions.

Concrete missed a scoring opportunity in the opening minutes when Bob Johnson missed a pass on the goal line. A short time later, however, Rathvon intercepted a Mount Vernon pass in midfield. Warren took a pass for a first down, McLeod and Sullivan made another and then McLeod took off like a bouncing ball through center and kept bouncing until he went over the goal standing up. Armstrong's kick for the extra point was short.

Mount Vernon scored early in third quarter on straight power plays to make it 7-6 and then 13-6. The last was a break when they took a Concrete fumble on their own 15 after Sullivan had made a brilliant 60 yard run to put the ball within scoring distance.

Concrete came right back on the kick off with Sully making the first ten yards then passing to Johnson who broke away from two tacklers to go 30 yards to the goal line. Sully then drove through tackle to tie the score.

Mount Vernon scored the last two in the final quarter, one on power plays after Concrete had been backed against their own goal on a penalty and were forced to kick. The last score came on a pass interception.

Concrete's line did a fine job against their heavier opponents and until they tired, the blocking and tackling was excellent.

**Sedro-Woolley Friday Night**  
Tomorrow night the team will finish up the season with a game under the lights at Sedro-Woolley. This will be another tough battle against a big squad but again Concrete is expected to show up well.

Sedro-Woolley is not up to their usual strength this year as a league contender, but have been improving rapidly.

The game will start at 8:00 p.m.

## RECORD VOTE PUTS IN "NO DUST" PARTY

Close Balloting Shows Up In Election of Council On Dust Control Platform.

In one of the hottest vote battles in many years and one in which very close to 100 per cent of the total registration voted, the Town of Concrete elected all candidates of the Concrete Civic Improvement Ass'n. with their pledged program of elimination of the cement dust.

The vote was very close, yet the low man on the winning side was 9 votes ahead of the high man on the Citizen's Ticket. To take office the first of the year will be V. C. Craft, Tom Wright and Alfred Hodgson for two year terms; and I. B. Gates and Leonard Hornbeck for the one year terms.

Retiring from the council this year are Magnus Miller, Jack Livie, Bert Hanstead, Chris Jensen and Frank Wetzel. Mayor Charles McGovern holds over for another two years.

### Balloting Sets Record

The almost perfect vote brought out by the combined elections was the cause of much comment here. Out of 534 on the books for the residents of the city, 477 went to the polls. Of the 57 not voting, a large majority were either moved away, dead, or in hospitals unable to vote. When checkers quit late in the evening less than 10 known to still reside here had failed to vote. West Concrete voted 208 within the city limits, 289 complete. East Concrete voted 169 inside and 224 complete.

### Town Election Ballots

Following is the unofficial total for the town:

Concrete Civic Improvement Ass'n.	East	West	Total
For council—2 year term			
V. C. Craft	89	93	182
Thos. Wright	98	104	202
Alfred Hodgson	98	91	189
For Councilman—1 year term			
Leonard Hornbeck	97	104	201
Ira B. Gates	96	91	187
Citizen's Ticket			
For council—2 year term			
Chris P. Jensen	65	106	171
William Doyle	60	106	166
John Solomon	56	103	159
For Councilman—1 year term			
J. E. St. John	62	94	156
Ray Prater	58	97	155

## No Pranks On Hallowe'en

The Hallowe'en Party given by the local service clubs and merchants for the youngsters of the town last Thursday evening, proved again the fact that Hallowe'en fun does not have to be destructive.

The youngsters had a fine time at the party and as usual, showed their appreciation by no window-soaping and no pranks.

The big feature of the party was the annual costume parade, which due to wet weather, was held in the gymnasium. Over 125 youngsters were in costume and the judges had a hard time choosing the winners from the many excellent entries. Final choices of the judges were:

Jack-o-lanterns—1st, Lynn Brinson; 2nd, Glenda Parish; 3rd, John Livie.

Funny Costumes—1st, Kenneth Coonc; 2nd, Bruce Van der Grift; 3rd, Douglas Gates.

Ugly Costumes—1st, Richard Gardiner; 2nd, Bobby Sullivan; 3rd, Kathleen Boulton.

Spookiest—1st, Duane Hockett; 2nd, Clyde Young; 3rd, Earl Gates.

Best Hallowe'en—1st, Richard Wegers; 2nd, Ann Roundy; 3rd, Wayne Crinklaw.

Smallest in costume—Shirley Ross.

Largest in costume—Francis King.

In other classifications prizes were won by Robert Smith, Dan Martin, Janet Prater, Darla Wahl, Bobby Nims, Eleanor Ward and Sally Rae Thomas. All those in

Funeral For KENNY WISEMAN MONDAY			
Funeral services for Kenneth Wiseman, who was killed while on army duty in Germany on Sept. 21, will be held next Tuesday afternoon, Nov. 12th, at 1:30 from the Lemley Chapel in Sedro-Woolley.			

Kenneth S. Wiseman is the son of Mrs. Agnes Wiseman of Rockport. He was born May 15, 1928 at Van Horn and spent the first fifteen years of his life at Rockport where he attended school. After leaving school he made his home at Bremerton for three years. He joined the army Dec. 18, 1945 and last August was assigned to duty with the army of occupation in Germany. He died there Sept. 21 from accidental gun wounds and the body was returned to this country for burial by the army.

He is survived by his mother; four sisters, Mrs. George Taylor of Marblemount, Mrs. James Reger of Seattle, Mrs. Edward Max of Philadelphia, Pa. and Miss Joyce Wiseman of Rockport; and two brothers, Raymond of Atlanta, Ga. and Ronald of Rockport.

## Fire Damages Small Home On Limestone Street

Considerable damage was done by fire Saturday evening to the small home of George Harper on west Limestone street. The fire department answered the call and found the interior of the house ablaze. The flames were quickly extinguished, but not before the interior had been badly burned.

Concrete Follows National Pattern As Republican Landslide Voices Protest To Present Administration—Demos Win Lone Congressional Post With Jackson.

## ARMELDA CRAFT WEDS IN PRETTY CEREMONY

The Mount Baker Presbyterian church was the scene of a pretty wedding last Friday evening when Armelda, daughter of Mr. and Mrs. V. C. Craft of this city, exchanged wedding vows with Jack Finney, son of Mr. and Mrs. J. J. Finney of Mount Vernon.

The double ring ceremony was read by Rev. Albert Eisenhart before an altar decorated by white tapers and baskets of chrysanthemums and carnations. Candles lighters were the Misses Connie Leonard and Dolores Police, who were attired for the occasion in floor length blue gowns.

The bride, given in marriage by her father, chose for her marriage a gown of white net and taffeta made with a fitted waist and peplum. She wore a finger-tip veil. Her only jewelry was a string of pearls and she carried a bouquet of white carnations centered with an orchid.

Mrs. Enos Jones attended the bride and wore a gown of blue taffeta with which she carried a bouquet of pink carnations. Kenneth Finney of Mount Vernon acted as his brother's groomsmen. Ushers were Loren Scott and Ted Boyd, brothers-in-law of the bride.

The brides sister, Mrs. Loren Scott, sang two songs, "I Love You Truly" and "Because", accompanied by Mrs. Margaret Davies.

There was a large attendance of relatives and friends for the ceremony and the wedding reception which followed.

## ASK PLANNING GROUP AID ON BAKER LAKE

Active promotion of the Baker Lake area as a recreation spot was urged upon the Skagit County Planning Council last Monday evening by Editor Dwelley of the Concrete Herald, who has again resumed his post as chairman of the council's sub-committee on recreation.

The Baker Lake district holds a wealth of scenic and tourist attractions, equal in possibilities to the Mt. Rainier development, yet while located in Whatcom county, can only be reached through Skagit. Development by Skagit county is the logical move and the planning council accepted this view with a motion to place the project on their approved list of developments.

As outlined, the plan will include a large lodge at the site of the present fish hatchery, new camp grounds at Noisy Creek and near the bridge on the west side; one or two more camps for organized groups; two sites near the lake for leasing grounds to private persons for cabins; and further development of the privately owned camps.

Additional development projects include camps at Park Creek and the Hot Springs. Also eventual extension of the road to Schriber's cabin and Mazama park to open up a ski lodge and the fine skiing terrain on this side of the mountain.

### Seek Timber Cooperation

A big step in maintaining the scenic value of the Baker Lake development lies in seeing that the privately owned timber land is not denuded. Two large blocks remain in the area, owned by the Lyman Timber Co. An effort will be made to persuade this company to duplicate their excellent job of selective logging just completed on the north shore of the lake.

U. M. Dickey and Henry Dennis of Lyman Timber have been high-

(Continued on next page)

Concrete, which has been strongly Democratic for many years but moving slightly toward the Republican column in the past two elections, followed the national and state trend Tuesday with a convincing, but conservative majority for the revived G.O.P. All candidates received a slight margin on the Republican slate, even to Payson Peterson, who lost by a small margin to Henry Jackson, the only Democrat to survive the landslide in this district.

County returns show that every county office has been filled by a Republican, from the hot sheriff race to the county corner. In addition, all legislative candidates of the party were successful in ousting Violet Boede and Emma Ridgway, present legislators up for reelection.

At latest returns the race between Henry Jackson, Democrat, and Payson Peterson, Republican, for Congress was very close but with Jackson having enough of a lead to appear certain for victory. Harry Cain, Republican, for the Senate, led Hugh Mitchell by a comfortable margin.

The two referendum measures proposed by Gov. Wallgren, went down to stinging defeat, as did the Initiative Measure No. 166.

### The Winners

As the last hope of victory faded for the Democrats, the county can look forward to the following men as their officials and representatives for the coming terms:

U. S. Senator ..... Harry Cain  
Congressman ..... Henry Jackson, D  
States Representatives .....  
Grant Sisson, Sverre Omdahl, Ed Schwartz.

County Auditor ..... Ed Danielson  
County Clerk ..... Sam Wilhite  
County Assessor ..... Ray Ropes  
Pros. Attorney, Reuben Youngquist  
County Sheriff ..... H. Hinshaw  
County Treasurer ..... Will Ellis  
County Coroner ..... Aaron Light  
County Commissioner, First District ..... Wallace Sharpe

2nd District ..... Lowell Hughes

The only race on the judicial ticket found Mathew Hill defeating Edward Connolly for the non-partisan post. Vern Leidle also had no opposition for county superintendent of schools.

### Two Close Races

With all returns in this afternoon except absentee ballots, Henry Jackson was leading Payson Peterson for Congress by 681 votes. Totals were Jackson 7297; Peterson 6626.

The only other close race was for county sheriff but final returns give Harold Hinshaw 7530 to 6802 for Welch. The result can not be changed by the number of absentee ballots.

## ORAN CHAMNESS IS TAKEN BY DEATH

Oran C. Chamness, 71 year old veteran employee of Superior Portland Cement, Inc. died last Friday morning at the Sedro-Woolley hospital after a short illness. Mr. Chamness had been an employee of the plant since 1922.

Oran Chamness was born at Silverton, Marion County, Oregon on November 10, 1875. As a young man he made his home in Portland, Oregon, but came to this community in 1922 to take employment with the cement company. He is survived by his wife, Ella May; two sons, Earl and Murray; one daughter, Effie; one sister, Mrs. Maude Mendenhall of San Francisco; and one brother, Ernest Chamness of San Diego.

Funeral services were held here Monday from the Pentecostal Mission with Rev. Ralph Mymyer conducting. Burial was made in the Grasmere cemetery.

Pall bearers were old-time employees of the plant, Ross Zengrone, Charles Burns, Ferd Macklin, Frank Walton, John Whitehair and Ray Miller.

## Marblemount

Mr. and Mrs. Ed Johnson were down river visitors Thursday.

Al Boury of Canada was visiting at his home here during the week end.

Max Scott was visiting his wife and baby son in Seattle over the week end.

Ray Wiseman of Atlanta, Georgia was visiting Mr. and Mrs. George Taylor Monday and Tuesday.

Mr. and Mrs. Ray Osborne have a baby girl, born October 27th in this community.

Reverend Lester Flick and Ed Taylor were business visitors in Mount Vernon Saturday.

George and Phil Taylor were business visitors in Mount Vernon on Friday.

Marilyn Boury was hostess at a Halloween party Saturday evening for ten of her friends.

Arthur Sigfried of Wisconsin spent a few days visiting at the George Sloan home last week.

Bob Chester spent the week end visiting with friends in Albany, Oregon.

Mrs. Ruth DeSilvia visited her mother at the St. Luke's hospital

in Bellingham Monday.

Ing Saimons returned Monday from an elk hunting trip on the Olympic peninsula with an 800 lb. elk.

Saturday the home owners from Marblemount to above Diobsud Creek began slashing the right of way for the new power line.

Mrs. Roy Hagin entertained the Bridge Club Wednesday evening. Guests of the evening were Mrs. McLaine and Mrs. Bob Hagin. High score was held by Barbara Simington and Vashti Hooper had low.

A large group of friends gave a charivari Saturday night for Mr. and Mrs. Mervin Peterson at the Peterson home here. They were married recently at Omak, Washington.

Winston Saimons was an overnight guest of Perry Easterbrooks at Newhalem and attended the Boy Scout meeting and barbecue over the week end. Billy Stickney also attended the meeting and feed.

Among those from Marblemount who attended the dance at Newhalem Saturday night were Mr. and Mrs. Ed Clark, Mr. and Mrs. Bob Wright, Howard Hunziker, Mr. and Mrs. Jim Stickney, Mr. and Mrs. McLaine, Mr. and Mrs. Pat Cole, Mr. and Mrs. Lowell Peterson and Mr. and Mrs. Moyer.

## Approve Planning Project For Baker Lake Area

(Continued from page 1)

ly complimented on this job, completed with cooperation of the U. S. Forest Service, which effectively logged an area in direct view from the lake on which the cutting is hardly noticeable.

The planning council has urged the forest service to continue its cooperation and will work to secure a similar proposal for the remaining timber so that the beauty of the lake will remain intact.

Earl Crinklaw spent Saturday visiting with his mother at the Memorial hospital in Sedro-Woolley.

Mrs. Bill Littlefield of Burlington was visiting at the Herman Jensen home a few days of last week.

Virginia Hayes left Tuesday for Salt Lake City, Utah, where she will make an extended visit with her father.

Mending Holes  
In mending a small hole or tear, ravel yarns from a straight inside seam, because repairs with self-thread are most nearly invisible.

## WANTED AIRPLANE ENGINE MECHANICS

Here's a real opportunity for former members of the air force. If your MOS is 748, 750 or 754, a grand new opportunity awaits you at your nearest army recruiting station. A reenlistment now assures you a lifetime of security, a retirement pension of plenty and a chance for you to practice your trade equipped with the finest of tools every good mechanic loves. Improve your craftsmanship, education and living conditions. Investigate at your nearest army recruiting station today!

From where I sit... by Joe Marsh

## Who Gets Off Easiest—Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very

deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

Joe Marsh

### First U. S. Patent Was Issued 110 Years Ago

Exactly 110 years ago, the United States issued its first numbered patent and it was for a locomotive, the Association of American Railroads reveals.

The patent was "designed to give a multiplied tractive power to the locomotive and to prevent the evil of the sliding of the wheels." It was issued to John Ruggles, a United States senator from Maine, who was largely responsible for the passage of the act of 1836 which set up the present-day American system of granting patents and administering the system properly. Senator Ruggles' invention was a gear-like arrangement for locomotive wheels and railroad rail which would mesh for grades.

The invention which was accorded the honor of Patent No. 1 was outmoded as soon as it was patented. About that same time a locomotive startled the world by pulling a train of cars up a grade without the aid of outside cogs or gears. That rapid progress has continued, until now the average locomotive contains almost 1,000 patented features, the Association of American Railroads said.

#### Freezing Vegetables

Garden freshness of vegetables and rapid preparation for freezer storage or for canning are the key points in turning out a high quality product. Delays between the time the vegetables are gathered and prepared for freezing or canning may cause enough deterioration to make them unfit for storage. To put up high quality vegetables, select vegetables fresh from the garden, preparing them as rapidly as possible after gathering and then canning or freezing promptly to retain quality, flavor and color. Having all equipment and supplies needed for canning or freezing ready for use will help greatly in rapid handling of garden products.

#### Introduced Sheep

About 1625 sheep were introduced into New York from Holland.

## Birdsview

Mr. and Mrs. Vern Daves were shopping in Mount Vernon Monday.

Mr. and Mrs. Glen Bust and Mr. and Mrs. Pete Peterson of Concrete made a business trip to Everett Friday.

Will Bennet of Seattle and

Wayne Bennet of the Panama Canal were Friday evening dinner guests at the Bill King home.

Mr. and Mrs. Vernon Richmyer and children of Seattle spent the week end at the W. J. Richmyer home.

Ed Rathvon returned home Friday from the Veteran's Hospital in Portland after a month's treatment there.

Clifford Dalrymple, who is employed in a logging camp near the Canadian Border, spent the week end with his mother, Mrs. Obra Dalrymple.

Mrs. Clifford Rhodes is spending a few days with her daughter in Mount Vernon. Mrs. Anderson is staying at the Rhodes home in her absence.

Robert Bell and daughter Jean and Mr. Van De Grift and children attended the show in Concrete on Friday evening. Mrs. Bell spent the evening visiting with Mrs. Van De Grift.

Mrs. Bill King and daughter Sharon and Mr. and Mrs. Ray Stephens visited with Bill King at Laurel Beach Saturday. Bill returned

home with them to stay until Tuesday.

Captain Talbot and daughter Susie of Seattle and J. A. Hearley and Mrs. Odom and daughter of Seattle were Sunday callers at the home of Mr. and Mrs. G. V. Hearley.

#### Bulls Treacherous

A bull considered perfectly safe usually injures someone, farmers are warned. It should always be taken for granted that bulls are dangerous. As a calf the animal must be treated kindly, but never petted or teased, and must be trained to being led and tied. When the bull is a year old it's wise to put a ring in its nose as a convenience in handling and as protection in case the bull becomes vicious. Dehorning is also a good practice, and the bull must not be allowed to run loose in the pasture with the herd.

#### Horned Caribou

Unlike other members of the deer tribe, both sexes of the Barren Ground caribou have horns, although the horns of the female are shorter than those of the male.

**Toad Frog Valuable**  
Each common toad frog is said to be worth at least \$7.50 annually to farmers because of the harmful insects it eats.

**Storing Curtains**  
Curtains to be stored for the summer should not be starched, for the starch may attract insects and weaken the curtain fabric.

## At Your Friendly GROCER

WHAT a magic carpet spread with good things from all the world the modern grocery is! There are found the foods to sustain us for the work-a-day world — and viands to add joy and zest to life and entertaining. Among the endless good things at your grocer is cheery, wholesome beer — as much a staple in his stock as milk, eggs and coffee. Convenient for the housewife, she buys it as she shops for her other foods — to have on hand when friends drop in, for Dad's refreshment at the end of the day, and for her G. I. son to serve when his buddies drop around. Good beer — it is a bulwark of moderation and part and parcel of wholesome American living.

**Black Hole of Calcutta**

The black hole of Calcutta refers to the infamous imprisonment of 146 English people in a military jail in Calcutta in 1756. Suraj-ud-Dowlah, 19 years of age, became the Nawab of Bengal and soon after broke with the British authorities. His sack of the town of Calcutta and capture of Fort William is the chief event of the town's history. Most English officials fled, but those remaining were forced to surrender after a brief resistance. The prisoners were forced into a single cell, about 18 feet long and 14 feet, 10 inches wide. The only ventilation came through two small barred windows that opened onto a veranda. It was mid-June when the heat was most oppressive and by morning only 23 of the 146 were alive. One of the survivors, John Holwell, commandant of the fort, gave an account of the agonies endured that night in the "Black Hole." The site now is marked with a black marble slab.

**Vitamin Research**

Recent research at several state experiment stations indicates that loss of vitamin C — one of the most important offerings in fresh fruit—may be avoided if the housewife does not prepare fruit too long in advance and keeps it in the refrigerator while it waits. The New Mexico station found that cut sections of cantaloupe held in the refrigerator 2 to 4 hours lost no vitamin C, but that after 18 to 21 hours the loss amounted to 13 per cent. Co-operative studies at the Georgia, Louisiana and Virginia truck stations showed that sliced tomatoes may be held in the refrigerator for a few hours without loss of vitamin C.

**That's Different**

**WAREHAM, ENGLAND.**—Ninety women veterans of the armed forces, attending a British legion conference, shrieked and leaped onto chairs when a rat strolled into their meeting hall.

**Gee**

**CANNES, FRANCE.**—The atom bathing suit—tiniest in the world—is the latest sensation here. It consists of G-string pants and a halter with two scanty three-inch medallions.

**Grade A Eggs**

When buying, remember that Grade A eggs must be clean, unbroken and normal; well-defined yolks, practically free from defects; clean and firm whites; weight of at least 24 ounces per dozen.

**Rockport**

Miss Lily Olson was shopping in Concrete Saturday afternoon.

Mr. and Mrs. Tai Stafford of Marblemount visited friends here on Friday evening.

Mr. and Mrs. George Hunziker were shopping in Concrete Saturday afternoon.

Mr. and Mrs. Johnny Babarovich spent several days last week hunting east of the mountains.

Mrs. Morgan Adair entertained the ladies of the Cascade Club at her home on Thursday afternoon.

Mrs. Ray Jarmin spent one day last week visiting with relatives in Everett.

Melvin McLeod and Mick Buchanan were visitors in Concrete on Friday evening.

# WHAT IS PORT WINE?

A famous dessert wine of ruby color, produced from grapes

One of the oldest wines known ... served all over the world

A wine grown especially to go with fruit, cheese or cakes

**P**ORT is a rich sweet red wine that goes ideally with desserts or with light refreshments. Port wine is produced from fresh ripe grapes. It is a product of the farm as are all true wines.

To produce Port, the vintner picks his grapes when fully ripe and hence at their greatest sweetness. The stems are taken off and the grapes crushed. But the grape skins are left in the vats during fermentation—that is what gives Port its ruby color.

In order to retain some of the natural grape sweetness in the wine, the vintner adds a small amount of grape brandy to the juice as it is fermenting. This stops the fermentation and leaves the wine with its rich Port flavor. Port is then aged, bottled and finally is ready for you to enjoy. Try serving small glasses of Port next time you have guests at your house. Wine Advisory Board, 717 Market Street, San Francisco.

**HEALTHY HENS  
LOTS OF EGGS****with a  
CONCRETE  
POULTRY HOUSE**

For healthier, more productive flocks, build a concrete poultry house. Concrete has no crevices for lice, mites and other parasites; keeps out rats, weasels and vermin; is easy to keep warm, clean and dry; does away with the need for frequent, costly repairs.

Write for free booklet, "Concrete Poultry Houses," showing layouts of poultry, incubator and brooder houses of various types approved by state agricultural colleges.

Concrete farm jobs  
require only readily  
available materials.

If you need help, get in touch with  
your concrete contractor or building  
material dealer.

## ORDINANCE NO. 122

An Ordinance creating an increase in the compensation of all employees of the Town of Concrete and repealing all other ordinances and parts of ordinances in conflict herewith.

BE IT ORDAINED by the council of the Town of Concrete:

Section 1. That the compensation of all employees of the Town of Concrete, Washington, is hereby increased 20% above their present wage.

Section 2. All ordinances and parts of ordinances in conflict herewith, are hereby repealed.

Section 3. This ordinance shall take effect and be in force immediately after its passage and approval.

Passed by the Town Council this 7th day of October, 1946.

Approved by the Mayor this 7th day of October, 1946.

CHAS. H. MCGOVERN, Mayor  
ALICE B. LEONARD, Clerk.

## ORDINANCE NO. 125

An Ordinance making it unlawful for any person to operate any vehicle upon any public street, alley, or place within the corporate limits of the Town of Concrete, Washington, while under the influence of or affected by the use of intoxicating liquor or of any narcotic drug; and providing penalties.

BE IT ORDAINED BY THE COUNCIL OF THE TOWN OF CONCRETE, WASHINGTON:

Section 1. It shall be unlawful for any person to operate any vehicle upon any public street, alley, or place within the corporate limits of the Town of Concrete, Washington, while under the influence of or affected by the use of intoxicating liquor or of any narcotic drug.

Section 2. Upon the conviction of any person for the violation of any of the provisions of this ordinance the court shall impose a fine of not more than one hundred dollars (\$100.00), or shall impose a sentence of not to exceed thirty (30) days in the town or county jail, or shall impose both such fine and imprisonment, and shall, in addition thereto, revoke the operator's driving license of such person.

Section 3. This ordinance shall take effect and be in force five days from and after its passage, approval and publication.

Passed by the Town Council this 4th day of Nov., 1946.

Approved by the Mayor this 4th day of Nov., 1946.

CHARLES MCGOVERN, Mayor  
Attest:

ALICE B. LEONARD, Town Clerk.

## ORDINANCE NO. 124

An Ordinance relating to the removal of garbage and other waste substances in the Town of Concrete, Washington; providing for the licensing of scavengers and prescribing their powers and duties; and providing penalties.

BE IT ORDAINED BY THE COUNCIL OF THE TOWN OF CONCRETE, WASHINGTON:

Section 1. No person, association of persons, or corporation shall, within the corporate limits of the Town of Concrete, Washington, engage in the business of scavenger, or hauling garbage, refuse, ashes, filth, or other waste substances, for hire, without first obtaining a license therefor from the Council of said town.

Section 2. Every person, association of persons, or corporation desiring to engage in the business of scavenger in said town, for hire, shall make application to the Town Council for a license therefor. If the Council feels that a license should be issued it shall order the Town Clerk to issue a license to the applicant on the payment by the applicant of the sum of five dollars (\$5.00) for a license, valid until revoked by the Council, and upon his filing with the Clerk a good and sufficient bond in the sum of five hundred dollars (\$500), to be approved by the Council, conditioned that said applicant will faithfully comply with the provisions of any and all ordinances of the said town then existing or which may thereafter be enacted touching upon such business, and will also comply with and obey all orders, directions and regulations of the Town Council or Health Officer of said town, which may be made or enacted relating to such

business thereafter, and that said applicant will save said town harmless from all damages that may grow out of any of his acts as scavenger.

Section 3. The Town Council shall have the right to reject any application for any reason deemed sufficient by the Council, and the fact that the Council may feel that the scavenging business is then satisfactorily taken care of by the then present license holder or holders, shall be sufficient reason for denying an application.

Section 4. This ordinance, and the provisions hereof granting to the Town Council the right to limit the number of scavenger licenses in existence at any one time, is necessary to protect the health, safety and welfare of the inhabitants of the Town of Concrete.

Section 5. All rates for hauling by license holders shall be determined on a contract basis between the license holder and person for whom the hauling is done, at uniform rates for all persons in the town, and in case of dispute shall be determined by the Town Council after giving the license holder and the hauling customers a chance to be heard on the question. No license holder shall refuse to haul refuse for any customer in the town willing to pay the established rate for the same.

Section 6. All garbage and other refuse hauled by any license holder shall be deposited at the Town Dump, or at other place designated by the Council, and shall be hauled in such manner that it is not scattered upon the streets of the town.

Section 7. License holders shall haul refuse at regular periodic intervals, and it shall be the duty of every owner or occupant of any premises in said town to have the same cleaned of all garbage or other refuse whenever notified by the Town Health Officer to do so.

Section 8. Any person, association of persons, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine in any amount not exceeding one hundred dollars (\$100.00), or by imprisonment in the town or county jail for a period not exceeding thirty (30) days, or by both such fine and imprisonment.

Section 9. This ordinance shall take effect and be in force five days from and after its passage, approval and publication.

Passed by the Town Council this 4th day of Nov., 1946.

Approved by the Mayor this 4th day of Nov., 1946.

CHARLES MCGOVERN, Mayor

A Forged Deed Caused  
The Gottwigs To  
Lose Their Home

When Mr. and Mrs. Gottwig bought their home for \$2,200 cash, they received a policy of title insurance issued by Washington Title Insurance Company, insuring the title to the full amount of the purchase price.

Four years later, a Mrs. S appeared and told them she held an unpaid mortgage on the home. It was shown in court that recorded instruments purporting to be a deed and release of mortgage were forgeries. The Supreme Court affirmed the claim against the Gottwig home.

Our company paid the Gottwigs the full sum of \$2,200, the amount of their title insurance policy, and also paid all the expenses of the litigation. This title insurance protected them against forgeries, which could not be discovered by examining the records.

This is an example of a type of hazard which cannot be guarded against by the most careful examination of the records. No other form of title evidence affords protection in such cases. Title insurance really insures. It cannot always prevent the loss of title, but in case loss does occur under our policy, we reimburse the insured up to the full amount of the policy.
