

VOLUME XXXIX

CONCRETE, SKAGIT COUNTY, WASHINGTON, MAY 18, 1950.

NUMBER 19

THIS AND THAT

By H. L. D.

Poppy Days Soon

Mrs. Wm. Bailey has been named chairman of the American Legion Auxiliary committee which will again be pinning red crepe-paper poppies on the citizens of the community next Friday and Saturday, May 26th and 27th, in memory of America's war dead.

More than 450,000 poppies will be sold in the state by approximately 3,500 women from over one hundred and fifty Legion Auxiliary units in the state. The Auxiliaries hope to collect \$61,000.

The poppies have been made by hospitalized veterans at Walla Walla and Barnes-Vancouver hospitals.

Camp Fire Girls Entertain

The Iypata Camp Fire Group held a party for their mothers and fathers on Monday, May 15th, in the play room at the grade school building. Mrs. Farr, sponsor of the group, was presented with a small corsage. The girls entertained with a short program and served lunch to their guests.

Honored on Birthday

Little Marilyn Sobek was the honor guest at a birthday party given by her mother, Mrs. Durward Sobek, on Tuesday afternoon at their residence in Mill addition. Twelve little friends attended to help Marilyn celebrate her fourth anniversary and spent the afternoon playing games and having moving pictures taken of their activities. The luncheon table was decorated in pink and blue and there were matching favors. She received many nice gifts in honor of the day.

Graduate from Bible School

Among those graduating from the Practical Bible Training school at Binghamton, N. Y. on May 30th will be Mr. and Mrs. Kenneth Mason and Mr. and Mrs. Orman Mason, who may go into missionary work. The Mason boys are the sons of Mr. and Mrs. C. B. Mason of this city.

Emergency Operation

Little Bette Davis, daughter of Mr. and Mrs. Lonnie Davis, was operated upon for appendicitis at the Memorial hospital yesterday. She became ill at school and after being taken to the doctor was rushed by ambulance to the hospital for an emergency operation.

Water Tank Story

Our Rockport correspondent, Pat Wenrich, came up with an interesting little story this week.

"Sam Burnham was walking down the railroad tracks in Rockport the other day when he came across a man draining the water tank by the tracks.

Asked what he was doing it for, he replied that he was draining the tank to get his glasses. He had dropped them in, he said.

He had taped up a flashlight and lowered it into the tank. He saw the glasses and picked them up with a rake. When the glasses were almost up to the top the rake tipped and down they went into the muddy bottom.

So he figured there was only one way left to get them and that was to drain the tank."

Red Cross Solicitors

Red Cross membership solicitors are still needed to clean up the sections of town not covered in the recent Red Cross Drive. Anyone willing to donate a few hours to the work is asked to contact Lowell Peterson, drive chairman.

Gerry Grove of Toledo is spending the week here visiting with Alvin Crinklaw. Gerry and Alvin went through the entire war together after enlisting on the same day.

Students To Speak

Students from the public speaking class at high school will be on the entertainment program at an open meeting of the local Odd Fellows lodge next Wednesday evening. To speak during the evening will be Dick McGovern, Ray Stow, Orland Howell and Diane Gates.

The Odd Fellows are having a social evening, with the public invited to attend.

TOP STUDENTS NAMED FOR GRADUATION

Winston Saimons Chosen Valedictorian; George Livie Second High.

The boys of the graduating class at Concrete high school took top honors this year with Winston Saimons being chosen as Valedictorian of the class and George Livie winning Salutatorian honors.

This year's Senior class is composed of twenty-three students. They are now completing their studies and will be given their diplomas at the commencement exercises to be held at the school gym on Wednesday evening, May 31st. School will close the following day.

Members of the graduating class include: Mari Lynn Boury, Kenneth Cuthbert, Don Fisher, Diane Gates, Karol Goodwillie, Wesley Haght, Charles Horn, Maxine Howell, Orland Howell, Bill Johnson, George Livie, Ellamae Newby, Jim Parker, Winston Saimons, Joanne Stafford, Lois Stafford, George Theodoratus, Emilie Wenrick, George Williams, Beverly Yarmine.

High Lakes And Streams Open For Trout Sunday

The second opening of fishing season takes place this coming Sunday with high lakes, streams and all other legal waters in the valley opening up for the summer. On the whole, the opening does not mean a great deal, as streams are generally in poor shape due to the flood waters of last winter, and most high lakes are still piled deep with snow.

Hot spots for the day will be Grandy Lake, which was not opened with the low lakes this year in order to give young steelhead a chance to leave the lake before heavy fishing started; and the next popular spot will be Ross Lake, above Ross dam on the upper Skagit. Excellent fishing is expected there, but there will be a shortage of boats and difficulty in transportation to limit the number of fishermen who can reach it the first day. Lake conditions, unpredictable as usual, may make some difference in whether or not limit catches will be made.

'Way Back When

Concrete Herald, May 16, 1935

The Concrete school buildings were the center of interest in the upper valley Wednesday evening as parents and friends of the students flocked here to attend the annual open house. The attendance this year was figured between 650 and 700, or the largest number ever to attend a school affair. As usual the puppet show given by the grade school children drew a big crowd for each performance. Manual training displays were the center of attraction.

Concrete high school's baseball team ended its 1935 season Wednesday by taking the strong Sedro-Woolley team into camp by a score of 5 to 2. This gives them a record of three games won out of five played against other county teams. Last Friday afternoon the local boys played the Mount Vernon team on the school field here. The score was tied up late in the game and in their half of the last inning Mount Vernon pushed over a run to make it 5 to 4 in their favor. Concrete went to bat for the last time and after two out managed to get two men on bases. Johnny Whitehair hit a two bagger and scored both men to win the game.

Under the guidance of president Davis of the Skagit County Sportsman's association the local chapter of the organization was formed on Monday evening. The following were chosen to guide the destiny of the Concrete and upper valley sportsmen: President, Brown Wiseman; vice president, Walter Ross; secretary-treasurer, Chas. Dwelley. The objectives of the local group will be to promote better hunting and fishing in the upper valley.

NAVAL RESERVE UNIT FORMED HERE

Concrete's naval reserve unit, officially designated Bureau of Ships (BUSHIPS) Ship Activation Unit 13-6, has now been organized and is ready to start classes. The meetings are to be held at the high school each Tuesday evening at 8:00 p. m. There will be training films that will be restricted to reservists for security reasons, but at intervals there will be films of general interest that will be shown to the public.

The local unit's mission is primarily to train a crew to commission ships now in the mothball fleet in Bremerton, Astoria and Tacoma. The men trained from this unit will be called in emergency to put these ships in operating condition, but have been assured stateside duty.

Former military service is not necessary for reservists, but all former navy, coast guard or U. S. rates will be restored, as of discharge, for those who have had previous service. Army or Marine applicants will be given a corresponding rating to the rank held in that branch of the service. All may work for advance in rating.

The age limit is from 17 to 35. All reserve training will be credited on retirement benefits.

Bob Price is acting a recruiter for the group.

Arta Hood Dies Monday

Mrs. Arta Hood, former resident of this city, passed away Monday morning at the Mathews hospital in Burlington. Mr. and Mrs. Hood made their home here for several years before moving to Burlington and have a host of friends in this community.

Funeral services for Mrs. Hood will be held Friday afternoon at 2:00 from the Hulbush chapel in Burlington. Members of the Rebekah lodge, of which she was a 29 year member, will take part in the services.

Mrs. Arta Hood was born in Arkansas on November 8, 1876 and was married to Clarence F. Hood at Durango, Colorado on May 8, 1901. She is survived by her husband; one son, Robert Costello of this city; a foster daughter, Alice Paubereck of Marysville; a stepson, Forrest Hood of this city; a niece, Mrs. Raymond Arnold; four grandchildren and five great grandchildren. There are also two brothers, George Nelson of Clear Lake and Oliver Nelson of Portland.

MUSIC FESTIVAL AT GYM FRIDAY NIGHT

The annual Grade School Music Festival will be held at the school gym here tomorrow (Friday) night, starting at 8:00 p. m.

This program is for the children from the first to eighth grades, and will feature their songs and dances and other interesting activities that they have learned during the school year.

All parents and friends are invited to attend. The youngsters have a full program of entertainment prepared for the evening.

NATIONAL FOREST NOTES

By Fritz Moiso

Forest Ranger, Skagit Ranger Dist. Mt. Baker National Forest

Within the last few years many areas have been seriously affected by a water supply shortage. While on the other hand, recurrent floods are being reported elsewhere. It boils down to the fact that we can not get along without water and yet too much at one time causes trouble.

When a watershed is in good condition it operates for all of our benefit by providing a steady fresh flow of water. However, even the best of watersheds fail to control all the water during an extremely heavy rainfall or rapid snow-melt period. But, even under extreme conditions a good watershed slows down and delays the water from reaching the streams.

Most of the water in the Skagit river is produced on the Mt. Baker

Two Hurt In Job Accidents

Accidents hospitalized two more upper Skagit workers this week when Wendell Watson of Diablo and Walter Meins of this city were taken to the hospital after being hurt on their jobs the first of the week.

Watson was riding one of the material-moving cars at the Peter Cuit job above Diablo, when he was thrown off. He suffered a broken arm and a deep puncture of the thigh.

Tuesday Walter Meins, who is logging with Leonard Hornbeck's crew, was badly injured when a log slid endwise, crushing him against another log. He was taken to the hospital in critical condition. It was found that he had suffered a broken pelvis and other internal injuries. He was operated upon Tuesday afternoon by Dr. Rueb and is now reported to be improving.

SIDEWALK TO EAST SIDE IS CLEARED

The sidewalk to East Concrete will soon be clear again after being covered with silt and mud for the past few months after a series of slides caused by winter rains.

Lake Shannon Logging Co. furnished their shovel and trucks to clear away the dirt, ditch the inside of the sidewalks and restore the proper drainage. After completing this work at the large slide, the city prevailed upon them to use an extra day and clean-up the smaller slide opposite the P. S. P. & L. entrance.

With it almost completed a mishap with the shovel ripped out a section of water main, cutting out east side water for a few hours.

The city street department will continue the work of cleaning the sidewalks and restoring them to use. All foot travel to the east end of town for several months has been down the center of the highway.

State Fire Prevention Regulations Listed

Forest fire prevention regulations have been announced by Roy Benham, district forest fire warden for the state at Sedro-Woolley. The regulations will go into effect on June first, which is the opening date of "extreme fire hazard".

All forest operations will be required to meet the following rules:

Trucks hauling forest material must carry an extinguisher, shovel and axe. All exhausts must be pointed up at least 75 degrees. All cats must carry an extinguisher. On logging slides each engine is to be equipped with two large extinguishers, a tool box containing at least three axes, six shovels, six grub hoes, two cross-cut saws and a five gallon pump can. A circle of 35-foot radius around the machines must be cleared of all inflammable material and all snags within 150 feet of each machine must be felled. A watchman is to be on duty two hours after each machine is shut down.

Cooperation of the loggers of the county last year was responsible for an excellent record of only one forest fire.

Harry Thomas Dies In Flames Of Gas Fire

BASEBALL TURNOUT SHOWS PROMISE

Town team baseball turnouts last week end proved very satisfactory. With many new prospects out and a few of the veterans of past years, somewhere between twenty-five and thirty candidates are out for this year's team.

The pitching staff at present is composed of Tommy Siddon, Joe Williams and Gerald Enick, with Bill Sullivan and Dave Wright figuring to fill in a few relief roles.

Receivers at present are George Williams, M. Williams and Harris. Infielders are B. Harris, H. Harris, A. Howell, Bill Sullivan, Dick McGovern, Larry Vier, Teddy Haussler, Pock and Bianchini. Outfielders are O. Howell, M. Howell, Jim Newby, R. Sullivan, Bill Skaggs, K. Godwillie and Valentine, with Dexter and a few others expected out in the near future.

Light workouts were held Saturday with such as limbering up, pepper and batting practice.

Jim Newby appears to be a power hitter this year, hitting a few over the left field fence in batting practice and blasting three solid blows in three trips to the plate in Sunday's intra-squad game.

The regulars won over the reserves 7-6 Sunday. Joe Williams pitched for the regulars, striking out 6 men and allowing but five hits in the seven innings.

Another intra-squad game will be played next Sunday afternoon. No admission charge, but due to the big red financial picture, a hat may be passed for donations.

Tommy Welch is managing the squad this year with JoJo Bitonti as assistant manager. The next workout will be Friday afternoon at 5:30 p. m.

PTA Meets

The Concrete P. T. A. met Tuesday evening of this week with many important reports being made to the membership. The Dentist committee reported receipt of three letters from dentists interested in coming here. They all asked for facts about the town, housing, etc. The committee read a letter they had prepared to answer in full all questions that might be asked.

A report was made by Supt. Prendergast on the new high school. He stated that the school board had received what they believe is the final plan for the new building, and they hope to let the first contract in June.

Mrs. Jean Livie and Mrs. Tomys Ellenberger, who were delegates to the state convention in Tacoma this month, made their reports.

New officers were installed by Mrs. Margaret Stadman. They are Mrs. Jean Livie, president; Mrs. Julia Prater, vice president; Mrs. Lucile Ward, secretary; and Mr. S. Brown, treasurer. The president had her committee appointments ready to fill out the official roster.

The next meeting of the P. T. A. will be held in September at which time a reception for teachers and other school opening activities are planned.

Sidney Shelver Wins In County Talent Show

Sidney Shelver, Concrete's boy soprano, added more honors to his list Tuesday night by taking first place in an all-county talent show held at Mount Vernon. Sidney is the son of Mr. and Mrs. Norton Shelver of Birdsview and is a student at the Concrete school.

As a reward for first place in the show, Sidney and other winners will be taken to Seattle Saturday for a visit about town, at the Bow Lake airport, and for possible appearance on a television show.

John Stahl To Coach At Monroe Next Season

John Stahl, who resigned as basketball and baseball coach at Burlington recently, will be back among old friends of the Class B Tri-county league next year. He will coach football and basketball at Monroe High School.

Tragedy, which has dogged the Harry M. Thomas home here for some time, struck again today—this time ending in the death of Mr. Thomas. He was found burned to death in his garage about 10:00 this morning.

It was just about a month ago that Mr. Thomas was found in the same building with his throat cut from ear to ear after a fall on a power saw. He had just recovered from this and had returned to his home, and was back on his job at the Superior substation.

This morning he went out to his garage, talked with a neighbor on the way and was apparently in fine spirits. A short time later a cloud of smoke from the building attracted the attention of Nels Green at the Clinker Club. He rushed over to investigate and found Mr. Thomas lying on the floor against the door, his body enveloped in flames.

Mr. Green secured a garden hose and started extinguishing the fire on the body. The fire department arrived shortly afterward to put out the blaze which had ignited a woodpile and part of the building. Mr. Thomas was dead when his body could be reached.

The fire apparently started from gasoline from a can that was on a bench in the garage. The only part of the building burned was where the man rolled on the floor and where he was found lying near the door. The fire seemed to have been confined mostly to his clothing.

LIONS CLUB HONORS SCHOOL ATHLETES

The Concrete Lions Club entertained the athletes of Concrete high school at the school cafeteria last night with a banquet in their honor. The tables were filled almost to capacity as the club turned out almost 100% for the occasion.

Lowell Peterson, vice president of the club, acted as toastmaster. Captains of the various teams at school spoke briefly, as did Coach Floyd LeBaron and Coach Tag Christensen. The latter introduced the speaker of the evening, Bill Morris, Freshman basketball coach at the U. of W. Mr. Morris gave an excellent talk about the stars and the games played by his teams at the University.

Following the talk by Mr. Morris the athletes were allowed to leave and the Lions held their regular business meeting.

Newhalem Forms New 4-H Unit For Boys

A 4-H Club for the 5th and 6th grade school boys at Newhalem has been organized by Mrs. C. Rauch. At the first meeting last week officers were elected with Gary DeLisle as president; Eugene Fitch, vice-president; Ronald Kelly, secretary and John Easterbrooks, reporter. Other members of the club are Lawrence Moberly and Larry Rauch.

Mrs. Rauch will act as leader and Mrs. Kelly as assistant. Much discussion was held about the 4-H Club Fair and the group made plans to enter exhibits. The boys will tie flies, wrap fly poles and bake as their hobbies.

The first meeting was attended by John Waters, extension officer from Bellingham, who showed colored slides on the Fair and the Fair at Chicago. Further entertainment was furnished by Edward Wistasi and his guitar.

The second meeting was held at the home of Mrs. Kelly Tuesday of this week. A demonstration of fly-tying was given.

FRANK McCOURT TO TAKE OVER CASCADE

Frank McCourt, formerly service manager at Crafts' Automotive Service, closed a deal this week for the purchase of Cascade Motor Sales, which has been operated here for a number of years by Ralph Lisherness.

Mr. McCourt will take over the control of the business as soon as Mr. Lisherness completes selling out the major portion of his stock of parts and auto supplies.

CARD OF THANKS

I wish to thank my many friends for the beautiful flowers and cards sent to me during by recent stay at the Memorial Hospital.

CASCADE SUPPLY

NOTICE OF SALE OF TIMBER ON STATE FOREST BOARD LAND

Notice is hereby given that on Tuesday, the 6th day of June, 1950, commencing at ten o'clock in the forenoon of said day, in front of the main entrance door to the county court house in the City of Mount Vernon, County of Skagit, State of Washington, by the County Auditor of said county, the timber on the following described state land will be sold at public auction to the highest bidder therefor, to-wit:

APPLICATION No. F-2062
Timber on the NW 1/4 and S 1/4 of Lot 1, Lot 2, S 1/4 of NE 1/4, E 1/4 of E 1/4 of Lot 3, and NE 1/4 of NE 1/4 of SE 1/4 of Section 6, township 35 north, range 9 east, W. M., containing 162.72 acres, more or less, according to the government survey thereof, appraised at \$28,234.00.

The NE 1/4 of Lot 1, containing approximately 8.90 acres, is reserved for seed area and no timber is to be cut or damaged within that area. Any and all timber cut or damaged within the seed area must be paid for at the rate of \$15.00 per thousand and no timber is to be felled into the seed area.

The area is to be clear cut and logged with donkeys.

Burn as directed by the State Fire Warden.

The purchaser will be allowed five years within which to remove the timber from the land.

According to the State's cruise, there are approximately 15,000 feet of yellow fir, 704,000 feet of cedar, 53,000 feet of dead standing and down cedar, 1,572,000 feet hemlock, 2,109,000 feet of white fir.

The purchaser of the above described timber will be required to fall all dead and defective trees on the area and to comply strictly with laws governing slash disposal as found in Title 36, Chapter 1, Remington's Compiled Statutes and laws amendatory thereto.

The purchasers of state timber are required to run out the lines and are responsible for trespass in case timber is cut on adjacent state-owned land.

The bill of sale to be issued will give the holder the right to construct logging roads across the above described tract for the removal of said timber, but will not give him any exclusive jurisdiction over the tract. The State reserves the right to grant rights of way for logging roads or for any other purpose over and across the above described tracts at any time and neither the State or the grantee shall be liable of the holder of the bill of sale for any damage caused thereby.

The successful bidder will be required to post a bond of not less than \$1,000.00 to guarantee slash disposal in accordance with Chapter 207, Laws of 1929. The arrangements for the bond will be made with the Commissioners of Public Lands at the time the bill of sale is sent in for entry and execution. The bidder must agree to comply strictly with the provisions of Chapter 193, Laws of 1945, known as the Forest Practice Act. Any purchaser will be required to pay the state damages for any unnecessary destruction or damage to second growth timber.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided by law, a statement of which is now on file in the office of the Auditor of said county.

Terms of sale are: Cash to be paid on the day of sale.

The purchaser of timber on state lands will have 5 years within which to remove said timber, with the privilege of securing extensions of time under the statutes governing.
