## THIS & THAT

BY H. L. D.

Who has more trouble than people? This week has been another hectic one at the Herald office, what with politics getting its last fling before next Tuesday's voting. We had a 14-page paper laid out and by Wednesday night had eight of them off the press. Today I woke up with one of my headaches and had to stay home most of the day. In the meantime one of our big ads failed to arrive, leaving us with only 13 pages and running out of time.

The solution was that Ed Monrad consented to skip his usual ad and trust that folks would know he still has a list of hot prices for this week end. Several other regular ads were also dropped to bring the load within the twelve pages you have in your hand. It isn't the way we wanted it, but with the mechanical force cut in half there just wasn't enough hours left in the remaining day.

### WEDDING ANNOUNCED

Friends here have received the announcement of the marriage of Miss Marie Love Weiser of Everett to Dr. Fred Darwin Grewe of Detroit, Michigan. The ceremony was performed in Detroit on October 3rd. Marie is the daughter of Mr. and Mrs. Alfred Anderson of Everett, and attended school here while her parents operated Weisers Cafe here for a number of years.

Mr. and Mrs. Don Ross entertained cats, harem girls, Mexicans, explorers, butterfly catchers, flappers from the roaring '20's and sweater-girl men, plus many other costumed creatures Tuesday night when the high school teachers gathered at their home for a gala "dress-up" party.

Appropriate Hallowe'en games were played with prizes for everyone and delicious refreshments. Jack 'o' Lanterns, pumpkins and black cats were used extensively outside and inside for a spooky atmosphere.

**Mrs. Vernon Buchanan Honored**  
A very lovely bridal shower was held at the home of Mrs. Lois Witham on Wednesday evening, October 24th, when Mrs. Benfield, Mrs. Len Scott and Mrs. Lois Witham were co-hostesses in honor of Mrs. Vernon Buchanan (nee Darlene Rowland).

The rooms were beautifully decorated with chrysanthemums and pink candles for the occasion.

Corsages of pink rosebuds and mauve chrysanthemums were presented by Mrs. Witham to the bride, her mother, Mrs. Ivan Rowland, and to her grandmother, Mrs. Edith Sloan.

Everyone present enjoyed the delicious refreshments and then the bride cut the lovely four tiered wedding cake which had been made and decorated by Mrs. Jack Wortendyke.

After luncheon was served Miss Helen Pressentin of Concrete, Miss Erva Vae Scott and Miss Linette Gifford assisted the bride in opening and displaying her many lovely and useful gifts.

Mrs. Jack Wortendyke received the door prize and during the evening Mrs. Janice Rowland, Concrete, took flash pictures of the bride and her guests for remembrance.

**Vashti Hooper Honored At Luncheon**  
A farewell luncheon and birthday party was held at the home of Mrs. Fred Trudell, Friday noon, October 26th honoring Mrs. Vashti Hooper, who has recently moved to Burlington after living in this district for so many years.

The guests were those who belonged to a sewing club several years ago.

The beautifully arranged table was decorated with chrysanthemums and pastel colored candles and centered with a lovely three tiered cake, made and daintily decorated by the hostess.

Invited guests were Mesdames Ozena Morehouse, Myrtle Shular, Lois Witham, Edith Sloan, Laura Johnson, Dorothy Lindall, Iras Wortendyke, Pauline Hunziker, P. Heingardner, Jessie Wenrich, Martha Graham.

After luncheon the honor guest was presented with a lovely purse as a farewell gift.

## TWO ONE-CAR WRECKS DURING WEEK END

Two auto accidents figured in the news during the past week in the upper valley. On Friday Mrs. Alfred W. McCann of Newhalem was injured slightly when her car went off the highway on 17-A near the Whatcom county line. In the other wreck Robert Greene dislocated a shoulder as he drove his pickup off the road near Hamilton.

Mrs. McCann was coming toward Marblemount about 8:30 in the morning when she lost control of her car on a curve. The 1951 sedan plunged into Damnation Creek and overturned. The car was completely wrecked. Mrs. McCann was treated for small cuts and an injured ankle.

Green was driving his pickup on 17-A about three miles east of Hamilton about 3 a.m. when the car left the road and overturned. The new pickup was damaged to the extent of about \$1,000.

## BAKER DAM WORK IS PROGRESSING SLOWLY

Progress on the new Baker dam is slowing down a bit these days.

Tuesday—Baked beans, carrot and the battling of occasional snow flurries, but the employment lists show 540 men now at work on the project and most of them expected to be kept busy all winter long.

At present the most pressing job is to get the camp up and ready to house the crew this winter. All clearing and grading is almost complete at the site and some foundations have been poured. The bunk houses and other buildings will be of a semi-prefabricated construction so should rise rapidly once the actual work gets under way during the next two weeks.

Some work will be done on the dam this winter. Mixer plants are to be set up and other equipment set in place ready to start moving toward construction early next spring. First plans call for building of the tailrace, for which the river channel will be lowered some 25 feet.

The Stone & Webster men report they hope to start on the cofferdam and temporary by-pass of the river some time in December.

With housing still a problem it is reported that a trailer camp may also be erected near the camp with room for up to 100 family men. At present some trailers are parked at Boulder Creek camp grounds.

### Gym Being Painted

In the past two weeks the gym has been undergoing a new paint job. The new lines on the floor are to make it right for the 12 ft. railing in basketball. The keys are painted purple and a circle in the middle is also painted purple with a gold "C" in the center. There are different yellow lines, so they won't have to mark the gym floor every time they play badminton, volley-ball, volley ball tennis, etc.

### Activity Pictures

Wednesday everyone was at their best in smiling! Activity pictures were taken for the annual. The pictures were taken by a professional company.

### Student Council Receives Pins

The members of the student council received pins this week. The pins are sterling silver with "Student Council" on the face. The guard has 57 on it.

### Hallowe'en Party

A belated Hallowe'en party will be held this Friday night after the LaConner game. The student council is decorating the cafeteria and arranging for entertainment. The American Legion is donating the hot dogs and cider. Admission is free.

### We Meet LaConner

Friday night the CHS Lions meet the LHS Braves on the Concrete field. Last year the Braves defeated the Lions with the score 40-20. But this year we are hoping that things will be going our way. Let's everyone go to the game and root for the Lions.

## NEXT TUESDAY, NOVEMBER 6TH WILL BE ELECTION DAY

Voting starts at 8:00 a. m. and you can cast your ballot anytime until 8:00 in the evening. Polling places are the same as for the primary election—

## CUB SCOUTS CEREMONY HONORS NEW RECRUITS

A special Cub Scout program was held Tuesday evening at the grade school in which the parents witnessed the impressive candle-light induction ceremony of new Cub Scouts.

Those receiving their Bob Cat awards were Edward George, Jeffrey Komar, Roger Gregory, Scott Thompson, Gordon Graham, Mickey Carpenter, Dickie Craven, Michael Myer, Jerry Olson, Larry Olson, Clarence Dickinson and Frank Thomas.

Other awards were given to Larry Cook, Frank Ross, Paul Thompson, Gene Joes, Randy Reynolds and Bobby Gramann.

A Den Chief's cord was presented to Scout Stanley Lynch.

Marian Dickinson and Virginia Graham, new den mothers, were introduced and Den No. 3 was announced as winner of the honor flag for having the most parents present at the program.

Joe Finden, Cubmaster, awarded Cub Scout graduation certificates to Wayne Hicks and Roger Nelles. Roger was presented with his Webelos award—the highest award that can be given a Cub Scout and the only award that can be worn on the Boy Scout uniform. He also received a special plaque with molded heads of Wolf, Bear and Lion on it.

Entertainment included a skit on "Get Out and Vote" by Den No. 5. Roberta Scott's den gave the closing ceremony and all the boys sang "America."

## Car Rolls Off Baker Lake Highway; Nobody Hurt

Bruce Wright of Seattle, while deer hunting in the Baker Lake district, had the misfortune to turn his car over. He was avoiding a chuck-hole and the soft shoulder gave way at the edge of the road.

His car landed right-side up after turning over and had to be hauled out by the local wrecker, but was able to proceed under its own power after reaching the road.

The accident took place in the vicinity of Komo Kulshan in Whatcom county Saturday at 12:30. The car rolled down twenty-five or thirty feet from the road.

## Shower Held For Bride-To-Be At Spargo Home

Miss Doris Dunham of Lynden, who will become the bride of Martin Spargo, Jr. on November 19th, was the honor guest at a shower last Thursday at the home of the groom's mother, Mrs. Martin Spargo, Sr.

Guests at the lovely affair were Mesdames Lyle Buchanan, H. A. Bronson, Floyd Roller, John Smith, Fred Crinklaw, E. L. Boyd, H. Holyfield, Johnnie Phillips and the future brides mother, Mrs. G. Dunham of Lynden.

## LICENSE EXAMINER

The State Highway Patrol License examiner will be in Concrete at City hall to issue and renew driver's licenses on Wednesday, Nov. 14th and Wednesday, Nov. 28th. Hours are from 12 noon to 5:00 p. m.

## Fire Chief Suggests A Pre-Winter Check Up

With cold weather apparently to be with us very soon, Captain Bob Ross of the local Volunteer Fire Dept. has issued a list of "do's" for home owners if they wish to be extra safe this winter.

He urges that each one check their heating systems before putting them up to maximum capacity; clean out chimneys; get rid of rubbish around furnaces and basements; clean spider webs out of attics; check and clean out the carburetors on oil heaters; and clean out lint that has accumulated around and under oil stoves.

All these precautions will help prevent receiving a call from the fire department to put out an unnecessary fire.

Only fire call the past week was a short run by Bob Ross and Fred Bianchini with a CO2 bottle to the Pemmant home to quench a fire in the motor scooter of young Master Pemmant.

Also in the line of duty the two made an inspection of the heating system at the Presbyterian church to determine it's complete safety.

## Lions Win At Sultan

The Concrete Lions moved into the win column again last Friday night at Sultan, when a stormy evening failed to slow them down on the gridiron. The final score was Concrete 28, Sultan 6.

Pressentin opened the scoring by crossing the goal line just a few minutes after the game started and after that the outcome was never in doubt. Weckerly pushed over for the second score and a pass from Boury to Dale Jonson added a third before half time came around. Floyd Batt had a perfect night with his kicking, adding all extra points.

In the second half the going was a bit slower, with Concrete hammering out short gains and then turning the ball over to Sultan for their four downs. After taking the ball on the 26 yard line after a penalty and a bad punt had put Concrete in the hole, Sultan made their lone drive. They banged the ball to the three yard line in two series of plays, then went over for six points. The conversion failed.

In the fourth quarter a sustained drive by Concrete brought the ball again within scoring range and it was Pressentin who finally carried the pigskin the final distance.

### LaConner Here Friday

This week end it will be another home game with LaConner as the opponent. LaConner, rather weak this year, was tromped 34 to 12 at Oak Harbor last week, the Braves scoring in the final quarter against the Wildcat reserves.

With the team beginning to click and most players in top condition, Coach Thompson expects to rack up another win.

### Arthur Olds Passes

Arthur E. Olds, 72, a brother of Dr. Charles Olds, former dentist in Concrete, died last Sunday at his home on Whidbey Island. He was a former resident of Bellingham where he operated a grocery business for 40 years.

### CAMP FIRE CEREMONIAL

The Camp Fire group will hold a ceremonial Saturday night at the Odd Fellows Hall, starting at 8:00 p. m. Everyone welcome. Refreshments will be served.

## Costume Prize Winners At Hallowe'en Party

Wednesday evening's Hallowe'en parties turned out to be very successful, with good attendance at both the grade school party and the Teen Age Center social.

The main feature of the grade school program was the parade of costumes. Judges found their job as difficult as ever, but came up with the following awards:

Witches: 1st—Vickie Payne; 2nd—Tracy Ross; 3rd—Catherine Graham.

Ghosts and Spooky: 1st—Rusty Lund; 2nd—Beth Olson; 3rd—Robert Gregory.

Funny: 1st—Susan Gillis; 2nd—Michael Shular; 3rd—Dan Hornbeck.

Story Book: 1st—Linda and Sheila Buchanan; 2nd—Pat McIntire, Maryann McIntire and Jerrie Kay McIntire; 3rd—Kenny Lund.

Clothes: 1st—Marcia Clay; 2nd—Dudley's Ross' three girls; 3rd—Linda Gustafson, Linda Styles.

Animal Class: 1st—Terry Thosath; 2nd—Clarence Dickinson; 3rd—Kim Boury.

Miscellaneous: 1st—Jim Kinley; 2nd—Glenda Clements; 3rd—Tom Finden, David Schmeller.

Largest: Tom Finden; Smallest—Rebecca Hornbeck, Paul Dean.

## HERMIE HOLLISTER REPORTS—

## Lots Of "Doings" In Spite Of A Stormy October

Another month has gone by and though we've had very little of the "October's bright blue weather" about which the poets like to write, we've certainly had a variety. The weatherman has been quite considerate in one way, sending us most of our rain during the night.

The hard frost Saturday night played havoc with our flower gardens, and if the geese know anything about it, winter is near. Huge V's of them have been going over.

The Misses Gwen and Kathleen Boulton were home for the weekend. On Sunday Gwen returned to Sumas and Mr. and Mrs. Howard Boulton drove Kathleen back to school at Seattle.

The Jet Cadets under the leadership of Mrs. Grant Nelles and Mrs. Dick Gardiner enjoyed a Hallowe'en costume party in the basement of the Community Bible Church on Tuesday evening.

Sunday dinner guests at the home of Mr. and Mrs. George Quiggle were their son Gene and family of Bellingham, and Mr. and Mrs. S. F. Quiggle and Mr. and Mrs. H. E. Danielson and family of Vancouver, B. C.

A family dinner was held Sunday at the home of Mr. and Mrs. Marion Stone. Those present were Mr. and Mrs. David Stone and family of Seattle, June Stone of Everett, Mr. and Mrs. Harold Trueman and family of Lyman, and Mr. and Mrs. Charles Stone and family. The dinner honored the birthdays of Debbie Stone, daughter of Mr. and Mrs. Marion Stone, who was 4; and Rickie, son of Mr. and Mrs. David Stone, who was five years old.

Mrs. Schoenblom, mother of Mrs. Jerry Martin, returned on Saturday to her home in Vancouver, Wn. after a month's visit here.

The Mariners met Wednesday night at the Richard Riffle home for a time of fellowship. Mrs. W. H. Wallace was presented with a "pot-o-gold" going-away gift.

A week end guest at the home of Pastor and Mrs. Riffle was Rev. Merle Watkins, who is on furlough from his missionary post in French Equatorial Africa. He works in the same district as Mrs. Riffle's sister, who will be here later this month.

Mrs. Neal Williams has returned home from the Rowley Hospital in Mount Vernon where she underwent emergency surgery last Thursday night.

Mrs. C. S. Phillips' brother, Wendell LeCroy of Seattle, and Jerry Carson and Victor Vieg came up Saturday for a hunting trip. They visited at the Phillips home and stayed the night with Mr. and Mrs. Joe Ash and family.

Mr. and Mrs. George Guiggle were dinner guests last Thursday at the home of their son and family in Bellingham.

Joe Ash and Roy Manes spent two days over the week end at Omak trying to bag a deer, but had no luck.

Mr. and Mrs. Lee Bundy of Mt. Vernon had dinner Saturday evening with Mrs. Bundy's parents, Mr. and Mrs. C. S. Phillips.

Mrs. George Ely returned Saturday after a week's visit with her daughter and family. Mr. and Mrs. Gail Hoback of Seattle. While there Mrs. Ely helped her young grandson, John, celebrate his birthday on the 21st, and then they in turn observed hers which fell on the 26th.

Miss Mary Fannie Dillard, who serves as a missionary in Japan, is in the Presbyterian hospital in Kobe, where she will undergo a throat operation November 6th.

Dave O'Conner returned home on Wednesday after a five-day stay in the Memorial hospital.

After three weeks, Donald Payne is just beginning to get around again, though still suffering considerable from that sprained ankle.

Mr. and Mrs. Robert Burnett of Sedro-Woolley were Sunday guests of Mrs. Maude LaFleur. Robert is her foster son. Mrs. LaFleur hasn't recovered fully from that ear accident in September, and has had the flu besides, so is keeping rather quiet these days.

Brenda Williams of Marblemount was a weekend guest of Mary Hicks while her mother, Mrs. Elmer Williams and Berle Olson of Rockport went to the Homecoming celebration at Ellensburg. Hal Williams and Frank Olson are attending school there.

Larry Montgomery, son of Mr. and Mrs. Walter Montgomery, is still in the Bellingham hospital. His condition remains much the same and his parents are staying there with him, though Mr. Montgomery made a trip home Monday to check on their house.

Mrs. Roy Peterson and daughter of Bonner's Ferry, Idaho, has been visiting relatives and friends here the past few days. She is the former Edith Jensen of Concrete. Her husband plans on driving here this week end to take his family home.

Mrs. Jack Solomon, Mrs. Irene Smith and Mrs. Keith Hicks represented the Rebekah Lodge at the funeral of Mrs. Mary Ticknor in Bellingham last Wednesday.

Mr. and Mrs. Warren Dexter and family of Seattle spent last week visiting with Warren's father at Birdview.

Miss Joanna Stadlman and classmate, Miss Jerry Ann Sichel, were guests at the John Stadlman home over the week end.

Advice at election time can be had for the asking at any street corner, much in the manner of the race track tip. We only wish there were someone today like Shakespeare who might give a modern-day Polonius words with which he might advise a son planning to vote for the first time: "And these few precepts in thy memory. Look thou character. Give thy thoughts no tongue. The friend thou hast and their adoption tried, grapple them to thy soul with hoops of steel; but do not dull thy palm with entertainment of each new, hatch'd, unflieg'd comrade. Beware of entrance to a quarrel, but, being in it—bear't that the opposed may beware of thee; give every man thine ear, but few thy voice . . . shun rogues who find a name more thy judgement . . . shun rogues who find a name more worthy than a deed; or those whose fair countenance belies a thieving hand. Judge not quickly how he doth strut his part upon the stage, but how well he played life to himself. Guard well the little freedoms lest you lose the great . . . and this above all: to thine own self be true, and it follows, as the night the day, thou can'st be false to any man."

We hear rumors of local police patrolling of our new highway for speeders. Here is a misapplication of effort if we ever saw one. With all the traffic violations daily within the three blocks of uptown Main street, there is no need to drive any distance to find motorists who need education.

Once again the cry is raised for a county curfew law. The kids who will bring about this law, and the ones who will abide by it are two different groups. And the latter will be the only ones inconvenienced.

In this issue you see the words "Vote For" on every page. That's the big idea—Vote for Somebody!

### Use Of School Busses As Defined By The Laws

We have been asked why the local students can not be taken to out of town football and basketball games in rooter's busses furnished by the school. Following are two legal opinions on the subject, one written by the Attorney General of the State of Washington for his column "In Our Opinion" and one by the now County Prosecutor, Walter Deierlein, Jr. in answer to a letter from Mr. McIntire on the subject.

#### IN OUR OPINION

BY THE ATTORNEY GENERAL  
State Of Washington

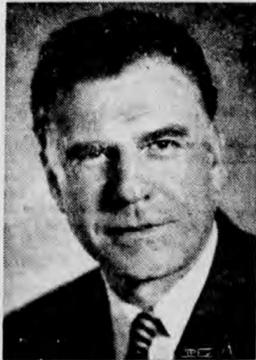

School bus usage is a matter to be determined by each local school board, not the state board of education, we ruled recently.

Last summer, the state board put

into effect a set of regulations covering the use of school busses. A provision banning the use of school busses to haul band members to parades—on the basis this was a pleasure trip—caused considerable debate in several sections of the state.

We concluded that the state board lacks the authority to adopt rules having the force and effect of regulations on school bus usage and they should be regarded as advisory only.

Transportation needs of individual districts are infinitely varied. We don't feel the Legislature ever intended to give to the state board authority to prescribe detailed rules for use of school busses applicable to every district of the state.

We offer these suggestions to the local boards:

School busses may not be leased or loaned to individuals or organizations, nor may any charge be made of the passengers.

Trips outside of the district may be specifically authorized by the local board. The students to be transported must participate in a school activity which is a definite part of the curriculum or educational program.

Local boards should adopt written rules for their own districts which define the school transportation program.

By way of illustration, a board may determine that all league football and basketball games are an integral part of the physical education program and that participation of the school band in a Memorial Day parade and at a community festival in the neighboring towns is a recognized part of the music curriculum.

We are confident that the primary consideration of school directors has been and will continue to be the best interest of the school children.

#### Ruling By County Prosecutor

Mr. Gordon McIntire, Supt. Upper Skagit Valley Schools Concrete School District No. 102 Concrete, Washington

Re: Use of School Busses

Dear sir:

We have received your request for this information concerning the scope of permissible use of school busses. Specifically, you inquire about the use of rooter busses, which we take to mean school busses used to transport school children as spectators to athletic contests outside of the City of Concrete.

We have given this question careful consideration, being fully aware that our conclusion may conflict with what is considered common practice within some of the school systems of this state. The only statutory authority for the purchase and use of school busses is found in RRS 4776, which reads as follows, in part:

"Every board of directors, unless otherwise specially provided by law, shall have power and it shall be its duty:— to provide and pay for transportation of children to and from school, whether

such children live within or without the district when in their judgment the best interests of the district will be subserved thereby."

Strictly construed, this statute would limit the use of school busses solely to the transportation to and from school. We are in accord however, with the more liberal interpretation put on it by the Attorney General in Opinion 1939 1940, page 51. In that Opinion transportation of students is authorized when it is in connection with functions for which classroom credit in certain courses of study may be awarded, the theory being that class work can be often carried on at other points than the school house proper, and that transportation to such points would be transportation to or from school under the statute.

On the basis of the foregoing, we feel that transportation of an athletic team to an inter-school athletic contest would perhaps have some remote connection with the physical education curriculum which would authorize the use of school transportation.

We do feel that the transportation of students as spectators to athletic contests has no connection whatsoever with the school curriculum, and it would, therefore, be our opinion that the use of the school transportation equipment for this purpose would not be proper.

Very truly yours,

#### Fastest "News Service" in Town!

Had a fringe wife from Washington yesterday—saying that the local Congressman was making a surprise visit and a short speech. Could I get the word around fast?

No time for a special edition of the *Clarion*, so I turned to the fastest "news service" in town... Windy Taylor. He spent an hour mobilizing his Lodge and Court House cronies—all pretty fair talkers—and the rest is history. Biggest turnout ever.

As a newspaperman, I hate to admit it—but facts are facts. The Windys of this world aren't only quicker news spreaders

than our paper... they've even got better circulation.

From where I sit, some of us would rather talk than eat, while others are close-mouthed... just as some of us like coffee and others prefer a glass of beer. There's a lot to be said for both attitudes. But if you go in for gab—don't talk against someone just because you don't happen to agree with him on some question of personal choice. Use your own "good censorship."

CONGRESSMAN JACK

**WESTLAND**

WILL CONTINUE TO WORK FOR YOU!

#### What they say:

"No man has worked harder for the people of his own District than Congressman Jack Westland of Washington!"

"Congressman Westland has always voted for what he believes best—never for political expediency!"

"One of the best liked men in Congress. Westland always lets you know just where he stands! His liberal, progressive voting record has brought his plaudits from members of both major political parties!"

#### WESTLAND'S WORK GETS RESULTS!

Since Congressman Westland was first elected four years ago, more has been done for the improvement of the Second Congressional District than ever before! Congressman Westland has proven himself to be the friend of every citizen in his District—regardless of party affiliations, he has worked for the best interests of all!

Major harbor improvements, flood control project, navigational surveys, aid for roads, recreation improvements in national forests, work to bring in new industries for the Second District are only a few of the things creating a better District, more jobs, more payrolls!

The Westland dairy self-help bill, now supported by Midwestern dairy groups, is attaining national importance. Westland has worked for increased agricultural research funds, now included in the budget. He has asked increased funds for children's care and medical research in the State of Washington, promoted increases in hot lunch federal contribution, backed more milk for school lunches and helped relieve dairy surpluses. He is personally responsible for the bill allowing single elderly people in federal housing projects.

**Paul Luvera**

A LEGISLATOR WITH A GOOD RECORD!

\* \* \*

OBJECTIVES TO BE CARRIED OUT IN THE NEXT FOUR YEARS:

Reduce the Unemployment Insurance minimum annual earnings from \$800 to \$600, where it was, to enable more seasonal workers to qualify.

Work for the extension of the Mine to Market Roads in Upper Skagit County.

Eliminate the present "LIEN LAW" from our Statutes... it's a vicious piece of Legislation.

Continue to fight for adequate support of our schools.

Introduce legislation to guarantee San Juan county representation in state government.

Request funds for a survey and construction of a complete four lane highway from Anacortes to Highway 99.

Work for the realization of the North Cross State Highway, the "Cascade Pass Highway."

Will fight for improved Medical care of our Senior Citizens.

Senator Paul N. Luvera was the only Senator present to speak on behalf of the North Cross-State Highway, at the Washington Good Roads Convention at Spokane last week. Senator Luvera requested the Resolution Committee to place on their agenda, this much needed Highway across the Cascades. The Resolution passed.

## Elect EMMETT ANDERSON GOVERNOR

When You Vote  
For Governor—  
Remember . . . .

A man does not change when he becomes Governor. Whatever he has been up to that time, is precisely the kind of Governor he will be. If he has been responsible throughout his career—he will be responsible as Governor. If he has been dependable and honest with other people throughout his life, he will take these characteristics with him into office. Responsibility, dependability and integrity are not automatically attained when a man is elected. If we are to have these qualities in a Governor, he must bring them with him into office.

**New Dental Materials**

When your dentist selects a filling material for the cavity in your tooth he must answer a number of questions in his own mind:

Will the material shrink or expand afterwards? Will it be dissolved by mouth fluids? Will it resist the forces of chewing? Will it resist the wearing action of opposing teeth? Is it susceptible to fracture? Is it injurious to tissues? Can the material be carved? Is it pleasing in appearance?

Dentistry has not yet found the ideal restorative material that fulfills all these requisites, but it is getting closer.

Porcelain, a modification of high grade china, is one of the most

beautiful dental materials. It can be blended with pigments that imitate natural tooth colors. But porcelain is fragile and therefore its use is limited largely to front teeth where qualities of color and appearance are important.

Silver amalgam is the most commonly used filling material. It is an alloy consisting of about 50 per cent mercury, 35 per cent silver and 15 per cent other materials.

Gold is the workhorse of dentistry. It qualifies in every way except in esthetics. It has strength, affords accuracy in restoration and is durable. It does not expand or shrink significantly. It resists wear. The gold inlay is especially popular. This filling is made in the laboratory after a wax pattern is molded. Thus, the patient's time in the chair is lessened.

For the last several years, acrylic resins, plastics used to make bomber noses and furniture, have been increasingly used in dentistry. While still too new to determine its ultimate place in dentistry plastic material has many advantages.

It can be blended into almost any color. It can be molded into any shape or form. It is not fragile. It is esthetically pleasing.

Unanswered questions on acrylic resins are how to control their high expansion when heated by hot foods and drinks, (the resins expand 7 or 8 times as much as the tooth) how well they withstand wear and how long will they maintain their color after they have been formed.

(This column is only meant to inform—editor)

**CONFLICT OF LAWS**

There are 48 different states in our federal union, each state having its own laws under which its citizens live. As long as the citizens stay in their respective states and deal with people in their own state no conflict of laws ordinarily arises.

However, when people of different states begin dealing with each other, the parties many times will find that the laws of one state are in conflict with or are different from the laws of the other state. The question arises as to what law governs.

This conflict can arise in almost any field of the law. For example a contract may be made in one state and performed in another; a will may be made in one state and probated in another state. Is property located in one state subject to tax in another? What law governs? Many times the answer is a difficult one to determine.

In addition, the federal government has its own set of laws on some subjects.

One example of the conflict of laws may arise in an automobile collision. John Brown, a resident of Washington, while driving in Idaho, may be struck by another car owned and operated by Ted Smith, also a resident of Washington. John Brown sues Ted Smith in the Superior Court in Washington. The law of what state determines whether there was negligence on the part of Ted Smith? It is the law of Idaho, even though both parties are residents of Washington and are trying their case in a Washington court.

The confusion resulting from the conflict of laws is recognized as a real problem and one on which serious thought and attention are being centered.

**4-H ACHIEVEMENT DAY**

Nearly 500 members will receive pins at the Annual County 4-H Achievement Day, Saturday, November 3rd. Lee Wessen, county President, will open the program at 1:15 p. m. in the Sedro-Woolley High School, with the "Pledge of Allegiance."

Thirteen awards will be made to the outstanding clubs of the county. Individual awards and trophies total 33. Bob Crim, Skagit County Key Banker, will present Achievement pins to 473 members of 4-H—exactly the same number as last year. This record speaks well of the work of the volunteer 4-H leaders in the county.

This year, for the first time, the club with the most parents in attendance will receive a trophy. It is called the "Mom and Dad

Helped" award and is being presented by the county Extension agents. Dan Shane Insurance is presenting a new trophy to the top 4-H Agricultural demonstration. The Skagit Oil Co-Operative is the new sponsor of the Junior Fitting and Showmanship awards.

The Cedar Crest Grange is presenting a new trophy in honor of Mrs. Julia Tewalt for her long service to 4-H and the community. It will go to the most outstanding 4-H'er in the county each year.

One of the highlights of the meeting will be a brief talk by Glen Tenneson, this year's National Trip winner. He will show colored slides of the National 4-H Club Camp in Washington, D. C. Glen was one of four to go from the state this year. John Tenneson attended last year.

Beware of the man who talks about what he did instead of what he's doing.

**BALLOT MEASURES BOILED DOWN TO SIMPLE TERMS FOR STUDY BEFORE TUESDAY DECISIONS**

The first problem to plague the voter on next Tuesday's ballot will be the eight boxes at the top of the sheet. These are the initiative measures and amendments to the constitution as proposed by the state legislature. As too few people take the trouble to read the measures in detail, we are covering the main points in brief in the following explanations:

**INITIATIVE NO. 198**

This initiative measure, sponsored by the Washington Right to Work Committee, would make it illegal to require membership or nonmembership in a labor organization, or payment of dues or fees to such an organization, as a condition of employment.

Also persons illegally deprived of employment by such conditions could recover wage and other losses and costs of court action, and could obtain injunctions against any violator. The act would apply to labor-management contract signed after it becomes effective and to renewals and extensions of contracts.

**INITIATIVE NO. 199**

A measure sponsored by the League of Women Voters to reapportion the state legislature for the first time since 1930. The state constitution mandates the Legislature to reapportion itself after every census. The 1930 reapportionment was also forced by initiative.

The reapportionment would give more equal representation on the basis of population. Districts which have grown fast the past few years

would get more of the state's 99 seats in the House of Representatives and the change would also add three more senators to the legislature.

The measure is non-partisan. Its weak point is that it changes the present districts without regard to geographical barriers. In this district (the 40th) a new district would be formed from the eastern portions of Whatcom, Skagit and Snohomish counties, cutting the upper Skagit valley off from the rest of Skagit county.

**SENATE RESOLUTION No. 3**

This measure was placed on the ballot by the last session of the legislature to amend a section of the state constitution which now prohibits an increase in salary or pension for a public official during his term in office, or an increase in pensions after retirement.

The idea is to remove constitutional doubts about legality of pension increases such as have been provided teachers and other employees after their retirement, but a flaw in the measure would also permit the Legislature to increase or decrease pensions of public officials while holding office.

**SENATE RESOLUTION No. 4**

A measure to raise the number of required signatures for initiatives to 8 per cent of the total number of votes cast for governor in the preceding general election, and the number for a referendum to 4 per cent of the most recent gubernatorial vote. Based on the 1952 election it would mean that 86,000 signatures would be required for an initiative instead of 50,000; and 43,000 instead of 30,000 in the case of a referendum.

**SENATE RESOLUTION No. 6**

This provides for removal of a clause preventing state treasurers from serving two or more successive terms. The limitation has been in the constitution since the state was formed.

A two-term limit applying to county treasurers and other county officials was removed by a vote of the people in 1948.

**SENATE RESOLUTION No. 14**

This measure would change the present method of filling vacancies in the legislature occasioned by death or resignation. At present the vacancies are filled by appointment of county commissioners of the counties in which the vacancies occur. They may appoint anyone they please without regard to party.

Under the proposed new law the commissioners would make their choice from lists of nominees certified by the county central committee of the party of the legislator who vacated the position.

**SALE OF FIRECRACKERS**

The eighth box at the head of the ballot is a referral by the county commissioners to the people for a decision on whether or not Skagit county should prohibit the sale of fireworks. Voters will make their yes or no choice and the commissioners will follow that decision.

**SAUK NEWS ITEMS**

Robert Whipple and girls were supper guests of Mrs. Verna Coone Friday evening.

Mrs. E. J. Hornbeck and her sister and husband, Mr. and Mrs. H. Baker of California, who recently returned from Saudi Arabia, visited Saturday morning with the Rawson Hornbecks.

A birthday dinner was held at the home of Ben Tingley on Sunday in his honor. Those present were Mr. and Mrs. John Unger and daughters, Mrs. Verna Coone, Miss Lenora Helgesen, Jack and Annette Tingley and Grant Robbins of Rockport.

**NEWHALEM ITEMS**

Mrs. F. Stout of Seattle spent several days here with her daughter and family, Mr. and Mrs. Fred Densen.

Mr. and Mrs. Johnny Weir and daughters of Day Creek, Billie Weir of Seattle and Mr. and Mrs. Bernith Weir and family were Sunday guests at the Ben Weir home.

Mr. and Mrs. W. H. Wallace, who have resided in Concrete for many years, moved this week to a new home in Kirkland, where they will be closer to their daughters.

"Passage of Initiative 198 will create a chaotic condition in the labor force in the State of Washington. Labor organizations assure the people using the labor force in this State of skilled and competent help, in sending men out for a specific job. Initiative 198 will wreck labor organizations and make it virtually impossible for any one buying labor to have any idea of the final cost of a given product. Today a contractor in this State can figure a standardize labor charge in determining the amount of a bid for any specific project, this condition would not be possible if labor organizations no longer exists. I believe this is a bad Initiative and urge all people in the State of Washington to vote against Initiative 198. I am opposed to Initiative 198."

"Take Your Choice, Mr. Voter" has been presented to you during the past few weeks to emphasize vital issues affecting our Skagit County government. Questions asked of various candidates have been reprinted, and answers made publically have been retold to assist you as a voter when you got to the polls Nov. 6.

**BERT L. HEGGEN**

Your Democratic nominee for County Commissioner First District, has given you plain, honest, forthright answers to each and every question. He has a platform for the best interests of Skagit county, and Bert L. Heggen is proud of it! He believes you, too, would support the same issues!

BERT L. HEGGEN'S opponent, in almost every instance, has given the same reply:

"I AM IN NO POSITION TO ANSWER"

BERT L. HEGGEN believes that it is to the best interest of Skagit county's progress to elect BERT L. HEGGEN to the County Commissioner post, to replace a man, who after 22 years of Commissioner experience, always finds himself "IN NO POSITION TO ANSWER" questions of vital importance to Skagit County progress.

## Use Of Hospital Bed Local Auxiliary To Get

The local American Legion Auxiliary will receive a hospital bed and mattress this year from the proceeds of a sales campaign to be carried on by the Golden Star Unit, American Legion, in Mount Vernon. Their drive is put on each year to purchase hospital equipment for use in private homes in the county free of charge.

Equipment purchased in the past includes a neophore, polio pack, two oxygen tents, a number of beds, crutches, wheel chairs and an invalid walker. Use of the equipment can be arranged by calling Mrs. Art Lovelace at Garfield 4-9241, Mt. Vernon. At present there is one hospital bed and one wheelchair available for use.

# Proposed Amendment to the State Constitution TO BE VOTED ON NOVEMBER 6, 1956

STATE OF WASHINGTON,  
OFFICE OF EARL COE, SECRETARY OF STATE.

### To Whom It May Concern:

In obedience to the State Constitution, and the Joint Resolution of the State Legislature hereinafter referred to, there is hereby published for the consideration of the voters of the State of Washington, the proposed amendment to the constitution of the said state, as follows:

### OFFICIAL BALLOT TITLE

**Senate Joint Resolution No. 6**  
**SUCCESSIVE TERMS FOR STATE TREASURER**  
Shall Article III, Section 25, of the Constitution be amended to remove the present restriction prohibiting the state treasurer from being elected for more than one successive term?

Be It Resolved, By the Senate and the House of Representatives of the State of Washington in legislative session assembled:

That, At the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1956, there shall be submitted to the qualified voters of this state for their approval and ratification, or rejection, an amendment to Article III, section 25, of the Constitution of the State of Washington, to read as follows:

Article III, section 25. No person, except a citizen of the United States and a qualified elector of this state, shall be eligible to hold any state office. The compensation for state officers shall not be increased or diminished during the term for which they shall have been elected. The legislature may in its discretion abolish the offices of the lieutenant governor, auditor and commissioner of public lands.

And Be It Further Resolved, That the Secretary of State shall cause the foregoing amendment to be published for at least three months next preceding the election in a weekly newspaper in every county wherein a newspaper is published throughout the state.

Passed the Senate January 26, 1956.  
EMMETT T. ANDERSON,  
President of the Senate.

Passed the House February 23, 1955.  
JOHN L. O'BRIEN,  
Speaker of the House.

STATE OF WASHINGTON,  
OFFICE OF EARL COE, SECRETARY OF STATE.

I, Earl Coe, Secretary of State of the State of Washington, hereby certify that the above and foregoing contains a full, true and correct copy of Senate Joint Resolution No. 6, passed by the Legislature of the State of Washington at its Thirty-fourth Session, as appears from the original of said Joint Resolution now on file in my office.

Witness My Hand and the Seal of the State of Washington this 31st day of July, 1956.

EARL COE,  
Secretary of State.

"I am for 198—  
I believe that  
unions will be better  
led if membership  
is voluntary!"

—DAN HOUSE, Seattle, member for 17 years of the International Carpenters & Joiners Union, now proprietor of a wood-working shop.

THE whole idea of labor unions is to serve their members. But how can a man trust his servant, the union, when it becomes his master?

Initiative 198 protects the right of every person to decide for himself whether to join or not to join a union. It prevents a union boss from saying, "You must join and pay dues to this organization, or your employer will be forced to fire you."

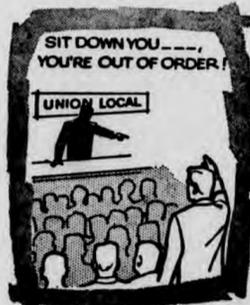

Read the text of Initiative 198 in your Voter's Pamphlet. Section 1 says simply, "The right of a person to seek, obtain or retain employment shall not be denied or abridged because of membership or non-membership in any labor organization."

When membership is voluntary, union

leaders have to sell members on the benefits of belonging. They have to deliver value received for dues and assessments, like any other private organization. They have to earn their money by satisfying their members. When membership is compulsory, the smart union official takes care of himself.

Compulsory membership protects union bosses from protests; free membership protects members from union bosses. Is that why so many union officials have brought so much pressure and spent so much of their members' money to fight Initiative 198?

Washington Right to Work Committee, 601 Northern Life Tower, Seattle 1, Wash., David Pollock, co-chairman.

Why should any union member have to take abusive or sarcastic treatment, like that handed out to a group of Teamster members who tried unsuccessfully for 12 years to get an accounting of the local's funds? 198 will restore members' rights!

Think twice — and you'll  
vote for 198!

## Batting Average — .019

Fifty-four times at bat—  
one hit.

That's the record of Congressman-at-Large Don Magnuson. Out of fifty-four wildly assorted bills submitted by Representative Magnuson, only one bill was ever passed into law. A "batting average" of .019 is just as bad in Congress as it is in baseball.

Why such a poor average? Did Don Magnuson submit his bills for political reasons in a cynical effort to please the home folks? Or, is it just that Congressman Don Magnuson is almost totally ineffective in Congress?

The records show .019.

Washington's 2½ million people have only seven Representatives battling for them in Congress. Congressmen Holmes, Moran, Mack, Pelly, Tollefson and Westland could carry Don. But why not field a full team this year and add a man with a strong bat?

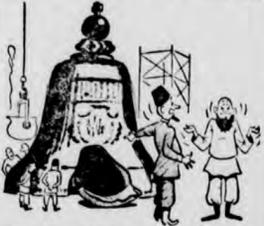

Ask these other Congressmen if they wouldn't prefer a strong Congressman-at-Large. Ask them if they wouldn't prefer Philip Evans.

THE alarm clock, with its strident call to work, pales into insignificance when contrasted to the great bell of Moscow, largest in the world. The bell weighs 198 tons and was cast in 1733. It is cracked (although probably not by an irate workingman) and now stands on a pedestal within the

Kremlin. Another Moscow bell, said to be the largest in use and weighing 128 tons, was given to a cathedral by Czar Godunov. The world's finest collection of bells—743 of them—is said to be that at the Mission Inn, Riverside, California.

If you are a gourmand, you probably know this Camembert village, in northwest France, is noted for its redolent cream cheese, which was first made in that town about 1761 by a woman named Marie Harel.

The people who continue to wear caps as headgear, and there are quite a few of them, probably don't know that the Greeks and Romans used caps for special purposes. For example, the Romans gave the cap of liberty to emancipated slaves. Today the cap is generally worn as part of a uniform, or by sportsmen, or by laborers, such as miners and railroad workers.

## Let's Go Ahead With JOY BUSHA

As County Commissioner

WE THE PEOPLE OF SKAGIT COUNTY, WILL HAVE TO WAKE UP ONE OF THESE DAYS AND FACE THE FACTS!

Industry has moved in!  
Our population has increased by leaps and bounds!

We have more tax money to work with from each new home owner!  
Our schools are bulging at the seams!

Our Courthouse HAS bulged!  
Our lakes and beaches are being polluted!

Side roads and rivers being littered with garbage!

Our Juvenile facilities are badly in need of improvement!

These are but a few of the problems that face us and I believe I have enough knowledge of County business, having studied it for several years to help find a solution to these conditions. I have owned and operated a successful business for 32 years. I fully realize the pattern of the budget—that one cannot spend more than one dollar for every tax dollar taken in. I will not make a lot of rash promises that I cannot possibly fulfill but I certainly would like the opportunity as your commissioner to prove that some of these conditions could be remedied. Another thing to set the record straight—I have not been associated with any movement at all to move the courthouse, nor have expressed any desire so to do. YOU, THE VOTERS MAKE THOSE DECISIONS. If elected, I will work with YOU, the people of Skagit County and let no problem be too small.

**NOTICE OF SALE OF TIMBER ON STATE FOREST BOARD LAND**

Notice is hereby given that on Tuesday, the 4th day of December, 1956, commencing at ten o'clock in the forenoon of said day, in front of the main entrance door to the county court house in the City of Mount Vernon, County of Skagit, State of Washington, by the County Auditor of said county, the timber on the following described state land will be sold at public auction to the highest bidder therefor, to-wit:

**APPLICATION No. F-4361**  
The old growth timber only on the S<sup>1</sup>/<sub>2</sub> NW<sup>1</sup>/<sub>4</sub> NE<sup>1</sup>/<sub>4</sub> NE<sup>1</sup>/<sub>4</sub>, and S<sup>1</sup>/<sub>2</sub> NE<sup>1</sup>/<sub>4</sub> NE<sup>1</sup>/<sub>4</sub>, section 10, township 35 north, range 11 east, W. M., containing 25.00 acres, more or less, according to the government survey thereof, appraised at \$5,711.00.

Access right of way will automatically be granted at a location to be approved by the District Forest Warden. The timber on the right of way is to be sealed by the State and paid for at the bid rate. All snags 15' in height and over must be felled.

Slash disposal as directed by the State Forest Warden.

No logging will be permitted in the solid second growth stands. Any timber cut or damaged that is not included in this sale will be charged for at the rate of \$50.00 per thousand. Any necessary damage will be charged for at the rate of \$15.00 per thousand, the State to be the sole judge of such damage. The purchaser must notify the District Forest Warden before logging operations are started and upon completion.

Adjacent State Forest Board land will provide ample seed source. Time for removal will be 2 years. Bond required to guarantee compliance with sale terms is \$1,000.00.

According to the State's cruise there are approximately 206,000 feet of yellow fir, 10,000 feet dead standing and down yellow fir, 102,000 feet hemlock and 5,000 feet white pine.

**APPLICATION No. F-4449**  
The trees marked with yellow paint located on the W<sup>1</sup>/<sub>2</sub> NW<sup>1</sup>/<sub>4</sub> NE<sup>1</sup>/<sub>4</sub> SE<sup>1</sup>/<sub>4</sub>, S<sup>1</sup>/<sub>2</sub> S<sup>1</sup>/<sub>2</sub> SW<sup>1</sup>/<sub>4</sub> NE<sup>1</sup>/<sub>4</sub>, and NE<sup>1</sup>/<sub>4</sub> NW<sup>1</sup>/<sub>4</sub> NW<sup>1</sup>/<sub>4</sub> SE<sup>1</sup>/<sub>4</sub>, and the timber within a boundary marked with "Seed Area" boundary tags in the S<sup>1</sup>/<sub>2</sub> NE<sup>1</sup>/<sub>4</sub> SE<sup>1</sup>/<sub>4</sub> and N<sup>1</sup>/<sub>2</sub> SE<sup>1</sup>/<sub>4</sub> SE<sup>1</sup>/<sub>4</sub>, all in section 14, township 33 north, range 10 east, W. M., appraised at \$19,103.00.

The above appraisal also includes the salvage pulp material in the logged area which lies in the E<sup>1</sup>/<sub>2</sub> NW<sup>1</sup>/<sub>4</sub> SE<sup>1</sup>/<sub>4</sub> of said section 10.

The marked trees are to be felled into the old logged areas and these trees, together with the pulp

materials, must be removed to the State's satisfaction before the logging in the E<sup>1</sup>/<sub>2</sub> SE<sup>1</sup>/<sub>4</sub> may be begun. Clear cut the area within the marked boundary line.

Any timber cut or unnecessarily damaged that is not included in this sale must be paid for at the rate of \$80.00 per thousand. Necessary damage will be charged for at the rate of \$15.00 per thousand after the timber so damaged has been marked and sealed by State personnel.

Right of way over existing roads over Forest Board lands will be included in the terms of the sale.

The purchaser is to notify the State Forest Warden at the start of logging operations.

Slash disposal as directed by the State Forest Warden.

Adjacent State Forest Board land will provide adequate seed source. Time for removal will be 3 years.

Bond required to guarantee compliance with sale terms is \$2,000.00.

According to the State's cruise there are approximately 212,000 feet yellow fir, 84,000 feet dead standing and down yellow fir, 3,000 feet sapling fir, 58,000 feet Douglas fir pulp, 239,000 feet cedar, 61,000 feet dead standing and down cedar, 137,000 feet hemlock, 9,000 feet dead standing and down hemlock and 18,000 feet pulp hemlock.

The purchaser of the above described timber, his heirs and assigns, do hereby agree to comply strictly with all the applicable provisions of Title 76, Revised Code of Washington, in conducting their operations on the lands described, and do further agree to assume all liability of whatsoever kind and nature arising out of their operations and agree to hold the state harmless therefor, and agree to reimburse the state or any duly authorized forest fire protective organization, including the United States Forest Service, for any and all fire fighting costs reasonable made necessary as a result of their operations on said lands, and in particular where they have failed to abate a fire hazard as required and as referred to in said Title 76, Revised Code of Washington. Said parties agree to reimburse the state for all expenses reasonably incurred by the state as a result of a breach by them of any provision herein set forth. The purchaser, his heirs and assigns, agree to assume responsibility for all acts and operations of their employees, agents and contractors to insure compliance with the provisions above recited.

The purchasers of state timber are required to run out the lines and are responsible for trespass in case timber is cut on adjacent state owned land.

The bill of sale to be issued will give the holder the right to construct logging roads across the above described tract for the removal of said timber, but will not give him any exclusive jurisdiction over the tract. The state reserves the right to grant rights of way for logging roads or for any other purpose over and across the above described tracts at any time and neither the state nor the grantee shall be liable to the holder of the bill of sale for any damage caused thereby.

The successful bidder will be required to post a bond to guarantee full compliance with the terms of the sale contract. The amount of the bond shall be as designated in the Notice of Sale. The arrangements for the bond will be made with the State Forest Board at the time the bill of sale is sent in for entry and execution.

Said timber on said land will be sold for not less than the appraised value, as appraised by the Commissioner of Public Lands in the manner provided by law, a statement of which is now on file in the office of the Auditor of said county.

Terms of sale are: Cash to be paid on day of sale.

 The answers to everyday insurance problems\*  
 By W. D. Ross, Jr.

QUESTION: In case of a fire loss, if the insured person and the company just can't agree on a settlement, what happens?  
 ANSWER: The insured person and the company each appoints an appraiser. The appraisers agree on a third party to act as an umpire. These three then work out a settlement.

Non-Partisan Ballot, Nov. 6

# The Facts About The School District Bond Election...

On Tuesday, November 6th, at the polls, you will receive a special ballot carrying two propositions submitted to you by the Board of Directors of Concrete School District No. 102. These propositions, we believe, are of vital importance to the growth of our upper Skagit Valley School. Proposition No. 1 calls for a \$200,000 bond issue for new buildings and additions to present buildings to make room for increased enrollment. Proposition No. 2 asks for a special levy of 5 mills for one year only to provide funds for the purchase of additional school busses. All proposed expenditures can only be made by the voting of extra school funds.

## PROPOSITION NO. 1

### NEW BUILDING AND ADDITIONS AT THE HIGH SCHOOL

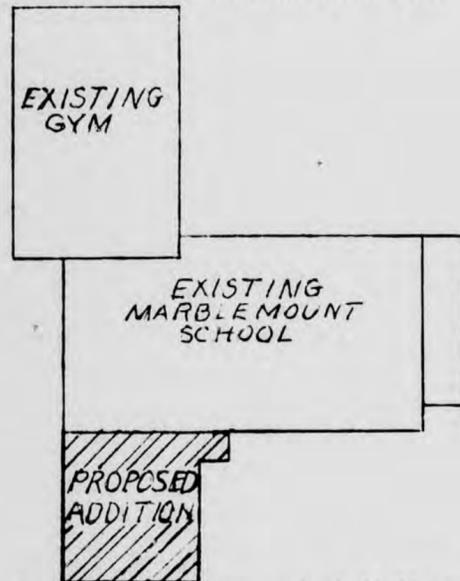

A new building for use as bus garage at Concrete high school grounds. Only facilities at present are small building in business district up-town. Repair and maintenance will be made easier and more storage space will be available. Estimated cost \$19,600.

Additional shop space for classes in metal and machine work. Cost of this program estimated to be about \$64,500.

Four new class rooms as an addition to the present high school building on the west end. To cost approximately \$66,000. Toilet and storage facilities expected to run \$13,500 for an over-all total of \$79,500.

### NEW CLASSROOM AT MARBLEMOUNT

An addition to the Marblemount grade school building as drawn above, plus storage facilities and an addition to the heating plant. Estimated cost \$33,230.

## PROPOSITION NO. 2

There are now 432 students riding to school on our busses. In 1956 there were just 293. This means that additional busses will be required to transport them economically. The most serious need is for a new 73 passenger bus for the Rockport-Concrete run. A smaller bus is needed for Burpee Hill. A five mill levy for one year would provide the \$25,900 estimated as adequate to cover the costs.

## Please Remember:

1. ALL THE PREVIOUS BUILDING DEBTS HAVE BEEN PAID OFF IN FULL.
2. ALL AVAILABLE CLASSROOM SPACE IS NOW BEING USED, YET WE HAVE NEW STUDENTS COMING IN EVERY DAY.
3. TAXES WILL GO BACK TO THE 1955 LEVEL—NOT TO THE 1948 LEVEL.

In 1955 it was only 6 mills for bonds. In 1948 there was an additional tax of 30 MILLS, plus the 6 mills for bonds!

Based on your 1956 tax in Concrete of 49.61 total mills, your 1958 tax increase for BONDS will raise your tax total to 50.94 mills. If you paid \$10 in 1956, your 1958 tax would be only \$10.27. If you paid \$100 it would increase to \$102.70.

In view of the above, we are asking that each voter give serious consideration to the needs of their schools and support both propositions so that our program of education can continue to fulfill the demands placed upon it.
