VOLUME FIFTY-NINE — CONCRETE, SKAGIT COUNTY, WASHINGTON, MAY 7, 1959. — NUMBER 19

THIS & THAT

A short report from H. L. D. this week reveals that she is already feeling better after a few days of complete rest. She will be transferred to a treatment ward some time next week, following the usual period of going through the various examinations prior to setting up her treatment program. She has found the doctors and attendants very nice.

● WANT ART EXHIBITS

A special feature of the Upper Skagit Garden Club Flower Show to be held here on Tuesday, May 19th, will be an art exhibit of local talent. Persons interested in displaying their paintings or photography may contact either Mrs. Clifford LaFleur or Mrs. Fred Shular.

● CHILD EXPERT TO SPEAK

Preparations are being made for the P. T. A. program on May 19th at which Dr. Morris Freehill will speak. The title of his talk will be "Emotional Problems of Children" and will cover topics of interest to parents.

● TO HONOR MOTHERS

The Concrete Rebekah lodge will have a special Mother's Day program at their regular meeting next Tuesday night.

BABIES - BABIES - BABIES

Rockport

A son, Charles Anthony, was born to Mr. and Mrs. Harold Vail at St. Luke's hospital in Bellingham on April 28th. He weighed 7¼ pounds.

Marblemount

Mr. and Mrs. Ralph Keller are proud grandparents of a little girl, Kim, born to Mr. and Mrs. Gerald Keller at the Doctor's Hospital in Seattle on April 29th. She weighed nine pounds.

● Girl's Club Tea

The Girl's Club regrets to announce that, due to the increase in enrollment and lack of funds, invitations to the Mother-Daughter Tea, to be held May 13th, will be limited. Each member will be able to invite only one guest and all must present their invitations at the door.

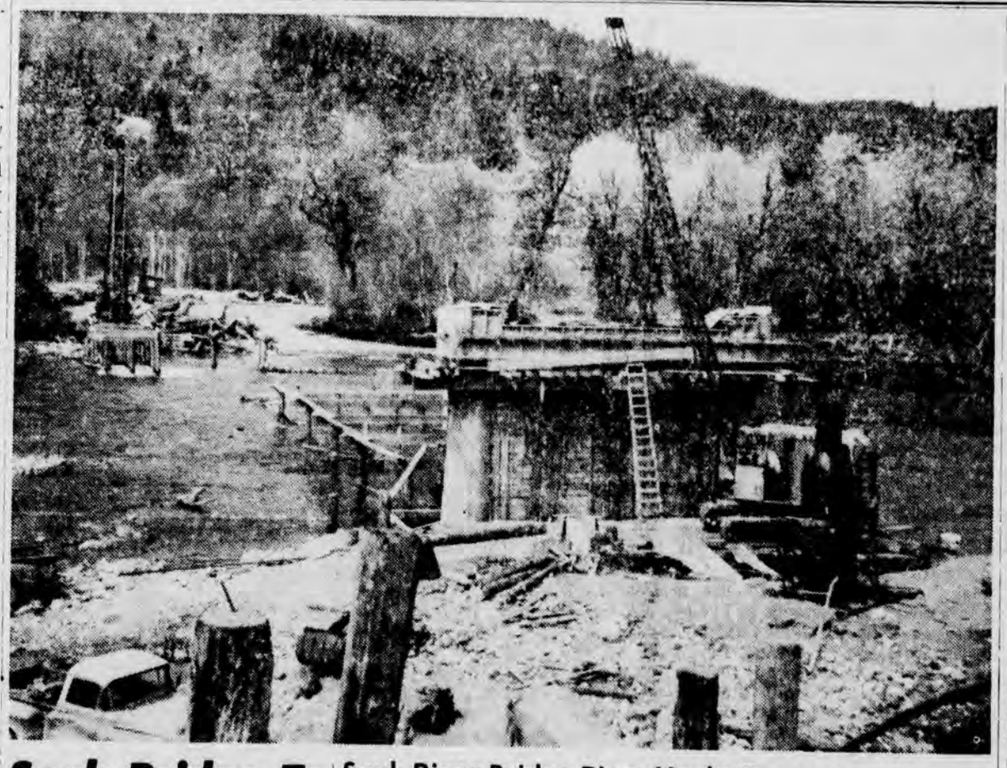
● Place High In Honor Society

Kathleen Gross, William Pryor and Roberta Dods placed among the top ten of the Honor Society students of the Cascade Torch group in recent examinations. The test was taken by all Senior honor society members in the Cascade league group of Arlington, Monroe, Oak Harbor, Twin Cities, Langley, LaConner and Lake Stevens.

The top ten will be interviewed soon and the winners from this elimination will receive $10 and $125 scholarships. The winners are to be announced at a banquet to be held May 12th.

● New Books At Library

Recently thirty-one new books have been added to the public library here. Among them are two humorous books, "Quiet, Yelled Mrs Rabbit" by Hilda Espey, and "House Party" by Patrick Dennis; two books by Russian authors, "Dr. Zhivago" by Borris Pasternak and "Not By Bread Alone, by Valdimer Dudinstev. Another book, "Rally Round the Flag, Boys" by Max Schulman, and "Victorine" by Frances Keyes, are among the best seller numbers received.



Sauk Bridge To Speed Traffic

Work was going ahead at fair speed on the new Sauk bridge until the flood waters came last week. Luckily, the piers on the east side were completed except for stripping of the forms. The river aided with this, apparently, and swept out some of the temporary piling and false-work being readied for erection of the steel, and for the west side piers.

The new bridge will join a new section of road from Bennett's store (about 1½ miles) from the present Darrington road with the recently constructed county road to Rockport. A water-level grade is maintained all the way, completely eliminating the old steep hill from the government bridge to Bennett's store.

Another piece of road on the east side is 4½ miles of new construction by the Bureau of Public Roads to connect the bridge with the Suiattle forest road. This is now well along.

All new roads have been or are being built to high standards as to curves and ballast. There are few curves and practically no grade.

Sauk River Bridge Piers Marks Progress

The first two concrete piers are now completed at the site of the new county bridge across the Sauk river on the new cut-off to Darrington. —And in good time too, as flood waters from last week's heavy rains brought the river up enough to tear out much of the falsework put in as platform for the erection of the steel span. On the west shore, across the river, the piling was just being driven to support equipment for coffer dams for piers on that bank.

Steel Worker Found Dead At Baker Hotel

Henry Wunder Jr., a worker at the Baker Dam, was found dead at the Mt. Baker Hotel here last Tuesday, April 28th. Wunder, 36, had recently undergone heart surgery in Bellingham and had just returned to his work as structural steel worker. Death was due to natural causes, the sheriff's office reported.

He is survived by a former wife, and three children, all of Bellingham.

Lions Trim Arlington In Hard Hitting Attack

Coming from behind on two occasions, the Concrete Lions baseball team chalked up a 5-3 victory over Arlington here Tuesday. The local sluggers rapped out 11 hits while allowing Arlington only 5.

Mike Radich pitched the entire game for Concrete. He struck out 3 and walked only 2.

At bat Ken Scott collected three hits, a double and three singles. Chamness also hit a long ball for his three-bagger. Regan got 2 hits, Hurn 2, R. Frank, Bates, Williams each got singles.

The Lions were behind 2-3 in the fourth inning after tieing it up twice. In the fourth they went ahead 4-3 and added he clincher in the sixth. Regan batted in two of the runs, Hurn, Radich and Williams, one each.

The next game will be on the local field Thursday evening, with Oak Harbor as the opponent.

Little League Meeting Here Tuesday Evening

With the sun appearing now and then and the playfields filled with kids playing ball, Little League time could not be far away. There will be a meeting on Tuesday, May 12th at 7:30 P. M. at which time the upper valley representatives will get together to make plans for another season of organized Little League baseball.

All persons interested in promoting the sport for the youngsters are invited to attend.

The upper league will have three teams from Sedro-Woolley, one from Concrete, one from Newhalem and one from Lyman-Hamilton. A lower league will consist of Clear Lake, Big Lake, Concrete No. 2, and the other three teams from Sedro-Woolley. Both leagues will work on a ten-game schedule, playing two games a week.

Play is to start 4th of July week with play-offs July 14-16 and the championship game July 21st.

● LOSES DRIVER'S LICENSE

Clyde E. Bonney, 36, of Route 1, Concrete was found guilty in a Bellingham court, following his arrest last Thursday on a charge of driving while under the influence of liquor. He plead innocent to the charge, but was fined $100 and his driver's license was lifted for 60 days. A 30-day suspended sentence was an additional penalty.

● THEATRE MANAGERS

Mr. and Mrs. Forrest Hood, who have been local managers of the Concrete Theatre for some time, have relinquished their job to Mr. and Mrs. Dan Parker. The theatre is owned by Art Gollofon of Seattle.

Pick Delegates To State Groups

Candidates for Boy's and Girl's State this year have been selected by the local sponsoring groups. Judy Pennington will be the delegate to Girl's State and Edward Scott and Wayne Crinklaw are the delegates to the boys convention. Sandra Wilson has been chosen as the alternate if Miss Pennington is unable to attend.

The boys are being sponsored by the American Legion and the Concrete Lions Club. The American Legion Auxiliary sponsors one girl this year.

A tea honoring this year's delegate and her mother will be held in Sedro-Woolley on May 13th at the Legion Hall. The convention will start June 22nd.

Rebekahs Hold Annual Roll Call Meeting

The Concrete Rebekah Lodge met Tuesday night of last week for their annual roll call and social meeting. Fifteen visiting members were present from Chilliwack, B. C., among them Mrs. Pauline Haskins, vice president of the Jurisdiction of B. C. Other out of town guests were Mrs. Helen Hulbert and Mrs. Carrie Hawkings of Everett and Mrs. Vina Clinchard of Portland, Oregon.

The Past Noble Grands were honored, each receiving a gift from Noble Grand Alta Ford. Vice Grand Roberta Scott sang a solo "Without A Song." Five members gave an addenda and musician Sigurd Johnson gave the past history of the local lodge.

Mrs. Adrienne Nelles and Mrs. Mildred Crinklaw received 15 year veteran jewels and Mrs. Clinchard received a 30 year jewel. Adrienne Nelles sang a solo, "An Evening Prayer."

The Chilliwack lodge invited the Concrete, Marysville and Everett lodges to the International Goodwill meeting on May 28th.

Following the program all adjourned to the dining room for refreshments. The hall and dining room were beautifully decorated in pink and green with Dodwood as the predominating flower.

● SIGN FOR WASH. STATE

Among the group of 955 students who have been accepted for admission to Washington State College next fall are Barbara Ann Ryan and Allan Clifford Hurn, of the Senior class at Concrete high.

● EPIDEMIC WANING

The illness which has swept the schools the past week was apparently on the way this week. Monday there were 130 absent from grade school, but the number has been decreasing daily since then.

Local Liquor Store Has Management Change

Democratic patronage appointment of a liquor store operator for Concrete came in for an abrupt change this week as former appointee, Dorothy Wolbert of Marblemount was dismissed, and Mrs. Carl Pressentin of Grasmere given the position in her place.

Mrs. Wolbert, precinct committeeman at Marblemount, was quite active in the recent campaigns. No reason was given for her replacement.

Martha Pressentin took over the operation of the agency this week as the new official appointee.

Benton Named Rockport PM

A change in the Rockport postoffice, which has been under the management of Postmaster Ed V. Pressentin for many years, was announced last Thursday by Postal Authorities in Washington, D. C. Postmaster Pressentin, retired, will be replaced by Merle Benton, who will take over as acting postmaster on June 1st. Upon qualification at the regular examination he will be eligible to receive the permanent appointment.

Mr. Benton who, with his wife, operates the Benton Grocery at Rockport, has announced no plans other than to take over the post office duties on the date set. The post office is at present located in the Pressentin store.

Mr. Pressentin has been postmaster at Rockport for the past 35 years. Under civil service regulations retirement is mandatory at the age of 70. Mr. Pressentin will be 70 on May 12th and will be retired on May 31st.

Postmasters are appointed by the president of the United States and must be confirmed by the U. S. Senate. Congressman Jack Westland of this district, makes the nomination for acting postmaster and will submit his choice from those qualifying in the examination for permanent appointment.

Wife Will Serve Term After Husband Gets Out

The Roy Hinds family of Hamilton will have to serve jail terms in succession. Roy Hinds is now serving a 60 day sentence on conviction of burglary. His wife, the mother of three children, was also given a 60 day sentence this week on three counts of unlawfully issuing bank checks. Judge Stafford agreed to let her begin serving her term after her husband is released later this month.

Town Considers Water System

Discussion of the proposed new franchise for the Baker River Water Co. was tabled again last Monday night by the town council —but this time they have a special point to be settled. They want to know if the Lone Star Corporation will sell the system to the town.

After the council had talked over provisions of the franchise and cut the term from 50 to 25 years, they began pointing out complaints due to the system being operated in conjunction with the cement plant instead of as a separate entity. This brought up the much-discussed-in-private idea of the town buying the system as a municipal enterprise.

To clarify the subject, they voted to make a formal inquiry to the Lone Star Corporation and get an answer before going any further with franchise specifications.

Other business of the meeting was mostly routine. The council signed a resolution asking the board of county commissioners to set up a health inspection of restaraunts. The new town map is now on it's way with Engineer Sipe now at work looking up details.

State highway officials have requested a meeting soon with the council on the new 17-A route through town.

Blankenship Wins Bid At Marblemount Sale

In a sale of 1,120,000 board feet of timber on Slide Creek by the Marblemount ranger station last week the high bidder was H. M. Blankenship, who paid $67.60 for the cedar and $18.10 for hemlock. The appraisal price was $26.70 on cedar and $6.95 on hemlock. There were ten bidders seeking the sale.

The C and C Logging Co. of Rockport paid the appraised price on $18.60 per M for 60,000 feet of Douglas fir, $11.95 for 30,000 feet of cedar and $9 for 150,000 feet of hemlock and other species, on a small block of timber in the Skagit district. They were the only bidder.

Files $278,000 Suit On Minkler Auto Accident

Mrs. Roy Beebe of Anacortes, widow of the man killed in the auto accident in which Guy Powell lost his wife and was seriously injured, has filed suit for $278,000 against Stone & Webster Corp. The company was owner of the truck in which driver Frank Miklovik went to sleep and drove into the Powell car.

FIVE GENERATIONS TO OBSERVE MOTHER'S DAY

A perfect "Mother's Day" picture was found in this recent photo showing five generations of the Day family. With Mrs. Maggie Day of Everett are her daughter, Mrs. L. E. Joy of Birdsview; grandson Gordon Hockett of Acme; great grandson Roy Hockett and his daughter, Debbie, of Darrington.

Flood Waters Stop Work On Lower Baker Dam

Work on the foundation for the addition to the powerhouse on the lower Baker dam was unceremoniously stopped last week by high water. The rapid rise made it necessary to open ten gates on the dam—as shown here. Ten gates released an awful lot of water!

Mother's Day often evokes thoughts of the gray haired old lady in lavender and old lace, a sentimental bit of nonsense that would bring a hoot from most mothers today. In our enlightened age of youth and beauty even the grandmothers would fail to qualify to model such a character without costume and studio makeup.

A municipal water system has been something that small towns often find a welcome addition to tax revenues. Over the years various councils have talked about asking to purchase the Concrete system, but no one ever went any further than the suggestion stage. Possibly it can't be done, but there is nothing wrong with a healthy look-see into the idea. It is a thing that promotes development. For instance, it would be almost impossible to finance a town sewer system without having a town water system operating. As we grow, sewers are becoming more of a necessity each year but we are no closer to realizing them. Time to stop talking and start moving.

There's nothing wrong with traveling sixty miles an hour on a good highway—if your brain isn't poking along behind at about twenty-five.

Pity the weatherman, not yourself. All you have to do it live with it—he has to make a living guessing about it one day and alibing the next. And everyone telling him they can do better forecasting by the twinge in their joints.

SHIPMATES HOLD MEMORIAL SERVICE FOR LOCAL BOY ABOARD SHIP AT HONG KONG

Sailors aboard U. S. S. Floyd's Bay Attend Memorial Service In Hong Kong Harbor For Larry Chambers

A memorial service for Larry Chambers, son of Mr. and Mrs. Glen Chambers of Sauk, was held aboard his ship, U. S. S. Floyd's Bay at Hong Kong on April 17th. Larry died suddenly aboard shortly after leaving Pearl Harbor on the Pacific cruise.

Captain P. E. Hartmann, commander of the ship, wrote last week to tell of the services and sent pictures. Canon Donald C. Means, American Protestant Chaplain at Hong Kong came aboard to assist the service men on the ship and on hearing of the loss of their shipmate, planned a memorial service.

The service was held at 11 A.M. on the main deck aft and was attended by the entire ship's company. It was simple and impressive, Captain Hartmann reported, and he added, "I feel sure it was the kind of service which you would have wanted." Canon Means was most sympathetic in the situation as he, too, had recently lost a son in an accident at Patrick Air Force Base in Florida.

The captain also reported that the navy doctors had found the direct cause of Larry's sudden death was an extreme accumulation of fluid in his lungs. Such a condition, they said, is almost invariably the result of sudden heart failure. They believe failure of some part of his heart mechanism was the cause.

Newhalem Cub Scouts Get Progress Awards

The Cub Scouts of Pack 78, Newhalem, held their pack meeting and advancement ceremonies of April 28th at Currier Hall. Due to illness, members of Den I from Diablo did not take part.

Following the adult business meeting, Den Chiefs brought in the flags, followed by the Cub Scouts in single file. Bobby Kratzer and Ronnie Crider led the Flag Salute. Den skits were given by Dens 3 and 4. To open the Advancement Ceremonies, all lights were put out, and the candles on the ceremony boards were lighted. Meanings of the candles were explained by Cubmaster Arnold Drake. Seated around the lighted Council Fire, all cubs received a gift of their Akela headbands, complete with feathers denoting their ranks. Cubs responded with an indian war whoop.

Two new members, Bobby Smart and Bruce Coventry, received their Bobcat pins and Akela headbands with one feather; Jerry Harrison and Bobby Smart received Wolf badges, red feathers for the headbands and Jerry lit the candle of his rank on the ceremony board. Charley Drake received his Bear badge, his blue feather, and lit the candle of his rank. Year pins were awarded to Ronnie Crider, Tim Weller, Bobby Kratzer, Mike Hundahl, James Larson, Buddy Larson, Hank Farrand. For each award, the boys were allowed to tie a colored feather on their den Coup stick. Registration cards were given to all Cubs, and cubs awarded registration cards to the adult workers.

New Den Chiefs were introduced by Bobby Chase for Den 3, and Doug Clifford for Den 1. The cubs gave them a wolf howl. David Button and Dan Curd, retiring Den Chiefs, were thanked for their excellent work. Several boys who have graduated into scouting, but who earned Year Pin awards while in Cubs were awarded their pins: Dennis Young, Mike Ellingboe, Donald Hundahl, Lewis Bradley, Melvin Hill.

Exhibits during the evening included a miniature farm by Den 3 and potted Begonias planted by Den 4. Mr. Young called attention of the group to the Charter received for another year.

In closing the meeting, all lights and candles were extinguished. Then, in complete darkness, one little candle was lighted to show how a Cub Scout can brighten his home and the lives of those around him if he keeps the spirit of Cubbing alive.

Dutch Boy

Interior Enamels

At last—the wonder finishes that make home decorating a cinch!—New *Dutch Boy* Nalkyd base wall and woodwork enamels! These superior paints flow so smoothly, cover so completely, dry so quickly that you can revive drab rooms in no time at all. No "painty" odor—no questioning their repeated washability—these finishes are a pleasure to use! And it's a pleasure to *choose*, too, from the dozens of exciting colors and color combinations at the *Dutch Boy Color Gallery*. Why not do it today?

From where I sit ... *by* Joe Marsh

Call it—
"Helping Bud to Blossom"

When his wife left on a visit, Bud Harper promised to take care of her potted plants. He moved them out to the porch where he'd be sure to see them —and then *forgot* them.

Week later, Mrs. Harper asked about the plants in a letter. Bud rushed out, expecting to find them dead. But they were in perfect shape — even the pots had been rearranged.

Naturally, Bud was mystified. Then he found a note on one of the plants: "We'll lose this one unless you put Ammonium Sulphate on it. Pete." (He's the milkman.)

From where I sit, "neighborliness" is a wonderful thing, particularly when it's put into practice every day. This week, for example, why not have some neighbors in for a glass of beer or a cup of coffee? (Serving them their preference in beverages—that's "neighborliness" too.)
