VOLUME SIXTY — CONCRETE, SKAGIT COUNTY, WASHINGTON, AUGUST 11, 1960. — NUMBER 33

THIS & THAT

By H. L. D.

It is quite early Tuesday morning as we write this and still pretty cool but if today ends up like yesterday getting out a paper is going to be a thing of endurance and perserverance with very little enthusiasm thrown in. Yesterday's ninety-something degrees (no one agrees as to just where it climbed) with the hot wind that accompanied it about finished this part of the office force. A trip to the apartment to change into the coolest clothing we had still left us dropping with the heat and finally just gave up and sat and perspired.

In the evening we drove up to Sauk to see if it might not be cooler up there beside the river, but there was so little breeze that the air hung hot and heavy. Went over to the Frank McGoverns and sat in their lovely back yard and spent the evening hours visiting with them and the Gordon McGoverns. About nine it cooled off and we came back to town. Chuck went out again and walked down to the Garden Club Park and found it was cool and lovely there with some of the flowers sending out wonderfully sweet scents.

Surely someone can help the ladies on the water problem there. They have put in so much work and with a summer like this, daily watering is a necessity. It seems no one knows where a pipe is located that can be tapped to make this possible. They have given the town the beginnings of a large park we can be proud of. There must be a way the town can help keep it looking fresh and keep the fine public spirit from lagging. We hope it can be worked out before another summer comes along.

Joey's Cafe, now under management of Mrs. Curt Allen, has been sprucing up in the past few weeks inside and out. Over the weekend it was given a new coat of paint on the outside, making it look much more attractive and helping the looks of that side of Main Street. The front for the Herald Building has been ordered several months now but according to the contractors on the job, something always happens to prolong the wait. We are anxious as anyone to see what it will look like when finished as the color was picked from a color chart. The finish will be metal panels enameled in baked-on green with aluminum trim.

STREET SCENES—The drug store fountain counter trying bravely to accomodate two little league teams at once and the resultant confusion over who belonged to which—Richard Grimes quietly removing the out-of-date posters from all the business house windows. A little public service gesture—The large crowd gathered on the cool grass of the grade school after a blazing day to watch the little league teams play and to visit and gossip with friends between innings—Butterscotch, Fred and Marie Miller's cat, walking out of The Hub to set in the cool of the evening and watch the people go by—The town benches getting a real working out, especially in the early evening, as the men in town gather to exchange a bit of conversation—Shorts, short shorts, and what we wouldn't give for some of the figures inside them. Some, not all—

● TO RIDE IN HORSE SHOW

Mrs. Etta Lisherness, former long time resident of Concrete and now of Fredonia, will be featured in a special intermission act at the Bellingham Riding Club's horse show. She will show her horse, Voodoo, a Tennessee Walking horse. The horse has been shown at many of the top shows and is at present a second place winner for the state.

Mrs. Lisherness has done all the training of her horse.

The show will be held Sunday, Aug. 14th at the club arena.

BABIES - BABIES - BABIES

● GIRL FOR WHITINGERS

Deputy Gary Whitinger was all smiles Tuesday morning following the birth of a second daughter at 9:42 Monday evening at the Skagit Valley hospital. The baby weighed 5 lbs., 5 ounces; has been named Mary Catherine. She joins a sister, Sara Jean.

Mr. and Mrs. Marvin Lundquist are the proud parents of a nine pound, five ounce daughter born Tuesday morning at 7:00 A. M. at the Memorial hospital. She has been named Jennifer and joins a little brother, Jeffery. Mr. Lundquist is the 6th grade teacher and Mrs. Lundquist taught the first grade last year.

Mr. and Mrs. David Russell of Marblemount are parents of a son, born July 31st at the Memorial hospital in Sedro-Woolley.

Bob Beck Dies After Saving Boy

Robert Beck, 34 year old son of Mr. and Mrs. Sam Beck of Birdsview was drowned Friday afternoon on a fishing trip, after rescuing his fishing partner, 11 year old John Shipley who had fallen into Silver Creek in the Index district.

Young Beck dove into the stream after Johnnie had fallen into the water as they climbed down a steep bank. He told the boy to hold on to his shoulders and got him to shore.

After seeing that he was safe, Bob went back after the fishing tackle and failed to notice that he was near a six-foot waterfall where the water was swift. He was swept over to his death.

The boy climbed the 100-foot canyon wall and walked two miles through the woods and a mile of logging road before he found help. He stopped a truck driver on the road to tell him of the tragedy.

Young Shipley was a neighbor of the Becks, who lived at Montlake Terrace.

In a tribute to Bob, Mr. Shipley, the boy's father, said: "I'm thankful that we have our boy and I'm aware of the tragic price paid for it. There wasn't a finer man that ever lived than Bob. He was one of the few people I'd entrust my children to and obviously that trust was not misplaced."

Bob Beck was born in Lyman but spent most of his life at Birdsview. He attended the local schools and was one of the best-liked boys in the valley. He became a brakeman for the Great Northern Railway and moved to Seattle in 1948, later moving to Montlake Terrace.

He is survived by his wife, Barbara; two daughters, Kathy and Cheryl; two sisters, Mrs. Mel Bradley of Seattle and Mrs. Jerry Hough of Mount Vernon; a brother, John of Seattle; a half-sister, Dorothy Beck of this city and his father and step-mother, Mr. and Mrs. Sam Beck of Birdsview.

Funeral services were held at Montlake Terrace Tuesday afternoon and burial was made in the Memorial Park at Edmonds.

Highway Group Presents Souveniers On High Trip

A party of North Cross-State Highway boosters from the East Side were joined at Miner's Ridge last Monday by Jess Sapp, Fred Martin and Sig Hjaltalin, boosters from this side of the mountains for a trip into new country around Suiattle Pass.

The group included Ernest J. Ketcham and Ernest A. Cowell, members of the State Highway Commission, Ike Munson, district highway engineer from Wenatchee and Senator William Gissberg of Marysville.

The west side men met the party at Image Lake on Miner's Ridge, where they camped overnight, and then accompanied them part way on their return trip via Suiattle Pass and the head of Lake Chelan.

Senator Fred Martin presented Cowell, Ketcham and Munson with special saddle bags made up by the North Cross State Highway Ass'n. as souveniers of the yearly trips made by the group.

Martin reported that he talked at length with the highway commission members during the trip and both stated emphatically that they are completely in accord on completion of the North Cross-State Highway and will ask for a new allocation of one million dollars for the project from Federal Forest funds.

Mr. Ketchum stated that the next allocation from this fund would probably require use of $400,000 on improvement of the present stretch of highway from Newhalem to Diablo, to widen the one-way tunnels, resurface and equip the road with guard rails. This is a part of the highway and a logical place for expenditure of funds.

● VISITORS FROM SAN DIEGO

Mrs. Helen McCart of Paoli, Indiana and daughter, Miss Margie Martin of San Diego, California have been visiting for the past ten days at the home of Mrs. McCart's son, Jerry Martin. Miss Martin returned to her home after a week and Mrs. McCart left later for the same city to visit another daughter.

DENTAL OFFICE WELCOMES FIRST PATIENT

Guy Clements, first patient of Dr. Robert Morrill at the new dental office here, talks it over with Nurse Fran Woll after having an x-ray taken. Guy is the son of Mr. and Mrs. Jerry Clements, who are long-time patients of Dr. Morrill, and were among those transferring appointments from his Mt. Vernon office here last Wednesday. The office is in the new Concrete Herald building.

School Offices To Open For Fall Registrations

Seems a shame to mention it in such beautiful summer weather, but school time is approaching once more. The grade school office will open on August 17th for the registration of new pupils. This will include all those starting kindergarten and any first grade pupils who did not attend kindergarten last year.

The high school office will be open August 17th also for the registration of any new students, or for students that have previously attended Concrete high school but failed to register for the coming term. Registration changes can also be made at this time.

Beginning Dates Changed

Beginning this year all students starting kindergarten must be five years old on or by September 15, 1960. In 1961 all beginning first graders must be six years old on or by September 15th.

Concrete No. 1 '60 Champions

Concrete No. 1	12	2
Concrete No. 2	11	3
Lyman-Ham.	8	6
Newhalem	6	8
Big Lake	5	8
Concrete No. 3	5	8
Marblemount	4	9
Clear Lake	3	10

Concrete No. 1 Little League team, coached by Armond Bianchini, proved just that when the final game was played of the 1960 schedule. The standings above show the No. 1 team with 12 wins and but two losses. Assisting Army with the champs were George George and Richard Frank.

Concrete No. 2, coached by Verlyn Wallace and Ray York, finished just one loss behind the leaders. The No. 3 team held out for a middle position with five wins and eight losses. This team is coached by Andy Thompson and Wayne Williamson.

Scoring in the final games were Aug. 2—Concrete No. 1, 24 and Big Lake 3; Concrete No. 2, 2 and Newhalem 1; Lyman-Ham. 14, Clear Lake 1; Concrete No. 3 8, Marblemount 8.

August 4th—No. 1, 6, Marblemount 2; No. 2, 9 to 2 for No. 3; Lyman-Ham. 8, Newhalem 1.

In their make-up game Tuesday night Concrete No. 1 trimmed the Clear Lakers 16 to 1.

Concrete Little League teams are going to Woodland Park and to a Seattle Rainier ball game this coming Sunday, August 14th. The boys are to bring a sack lunch and $1 spending money. The bus will leave the grade school at 7:00 A. M.

Truck Misses Turn, Tears Off Both Front Wheels

Fred Talbeck of Kent received a severe head cut yesterday afternoon when he drove his car into a stump on the road just east of the 17-A highway curve into the main part of town. The truck was driven straight ahead instead of making the turn and missed the street leading to the depot.

Robert Smith Marries Miss Elaine Gardner

Miss Elaine Louise Gardner, the daughter of Mr. and Mrs. K. E. Gardner of Bellingham, became the bride of Robert Bernard Smith, son of Mr. and Mrs. John Smith of this city, in a lovely wedding at the Garden Street Methodist church in Bellingham last Saturday evening.

The chancel was decorated in orchid and white flowers and lit by candlelight as the bride and groom were united by Rev. Don Swerdferger. The bride was gowned in an intermission-length dress of embroidered nylon organza. Her finger-tip veil of imported English illusion was attached to a heart-shaped caplet of taffeta. She carried a lace covered Bible and a spray of stephanotis centered with a white orchid.

Attendants were Miss Sally Roberts, maid of honor; Miss Nancy Stewart and Miss Carol Gardner, bridesmaids; Becky Hornbeck, a niece, was flower girl and Messrs. Arthur Anderson, David Wahl and Richard Ryan were candlelighters and uushers. Mr. Larry Smith was best man.

After the wedding a reception was held in the social hall of the church.

The young couple are now on a trip along the Oregon coast. They plan to return August 20th to make their home in Bellingham.

● BLOOD NEEDED BADLY

Summertime pre-occupation with pleasures seems to have created a serious situation at blood banks throughout the state. Donors normally coming in regularly to keep the supply up, have dwindled to a very few—so few in fact that a serious shortage of blood has necessitated cancellation of operations at some hospitals.

If you are interested in giving blood to the county blood bank, now is the time it is needed.

Cascade Days To Feature Water Sports On The Skagit River

The program for Cascade Days, to be held here August 26, 27 and 28, is now beginning to take form. One feature, which would have had Gov. Rosellini here to dedicate the Rockport State Park and open the celebration on Friday, Aug 26th, was cancelled out because of previous committments by the governor.

As now outlined the program will start on Friday with the Golden West Carnival Shows going most of the day. At 6:00 in the evening games and contests for the kids will be held at the school field. At 9:30 in the evening there will be a street dance up-town on the paved lot next to the hotel.

Saturday morning will open with time trials on the Skagit river for the outboard races. These are to be held from the Baker to the Dalles bridge with the finals on Sunday afternoon.

Grand Parade Saturday

The big parade which has always been a special event of the Cascade Days in the past, is scheduled for 1:30 P. M. on Saturday. Following the parade the program calls for a "go-cart" race to be held between the Odd Fellows Hall and Hoover's Food Center on West Main street. The go-carts are the new craze of speedsters, who use light framework and gas motors on cars about the size of children's vehicles.

During Saturday afternoon there is to be a Little League Super-Championship game and at 6:30 all potential big eaters will be welcomed to try to become the bear eating champion of Skagit Valley.

The evening's fun will wind up after a dance at the Grasmere hall.

Sunday River Races

The Skagit river takes over on Sunday for most of the attractions. Listed are a canoe race starting at 10:00 A. M.; the pram race (rowboats) at 11:00 and a series of outboard races in different classes at noon. The races are open to all who wish to compete. All details of each event will be published later.

For the kids on Sunday there is to be a fishing derby on the Baker or at Everett Lake, with 6:00 A. M. to 10:00 A. M. as the time limit.

Sunday afternoon will also feature a Northwest Fly-In of aircraft owners of the district, who have been invited to make Concrete airport their target for the day.

The top eating attraction will be another of Concrete's now famous Ox-Rib Barbecues. This succulent dish of ribs, baked potatoes and salad will be served uptown from 1:00 to 5:00 on Sunday, using the lot beside the new Herald building as the barbecue location.

Posters for the celebration were out this week and programs are now in the process of preparation. The top prize this year will be a San Juan Fiber-glass boat and outboard motor, with a portable Hi-Fi set as second prize.

A meeting was held last night to further crystalize plans.

Marblemount Barbecue Refreshments Stolen

The Marblemount Community Club, which has been battling for several years to raise money for a community hall and operation of the community fire department, ran into nothing but bad luck in their plans for a successful picnic Sunday.

Weather was perfect, they had lots of salmon on hand because they had run out the year before—but the day also happened to be chosen for the Republican picnic, the annual Tarheel Picnic, and the Sea Fair hydroplane races. Between the competion for presence of the upper valley residents who usually attend the barbecue, the picnic suffered.

As if this wasn't enough trouble someone who had inside knowledge of picnic plans raided the ice house at the mink ranch where the refreshments for the picnic were stored Saturday night and made off with 14 cases of beer, 21 pints of whiskey and two watermelons.

The theft, which sets a new low in meanness, left the Marblemount community in an angry mood, but the picnic went on as scheduled and was greatly enjoyed by all who attended.

Local Boys In Accidents On Same Rainy Day

Two local boys figured in auto accidents last Thursday on 17-A. A 1941 coupe driven by Roger Phillips, 22, of this city skidded on pavement made slippery by the sudden rain. The car went off the highway and overturned and was a total wreck. Phillips was unhurt.

A few miles down the road—just 2½ miles this side of Sedro-Woolley, Calvin D. Reece, 17, of Concrete, had similar trouble only his car was driven off the right edge of the highway to avoid an oncoming car over the center line. When he tried to bring it back on the pavement it spun and struck a guard rail on the opposite side of the road. The car suffered $50 in damage. Nobody hurt.

Petty Thefts Reported To County Sheriff

Theft in the upper valley was reported last Saturday when a tire and green wheel from a station wtagon was reported to the county sheriff's office. The car had been parked at the Log Cabin Inn at Marblemount.

In another theft case, Calvin Reece, Birdsview juvenile, was taken into custody for theft of a radio at Mount Vernon, and parole violation.

The arrow points to the proposed site for a ski lodge and resort area on the slope of Mount Baker, which will be reached via the Sulphur Creek logging road off the Baker Lake highway. Seen to the left is Railroad Grade ridge and part of the open meadow country between Schreiber's meadow and Mazama Park. The recreation area opened up could be a year-around proposition, with fine skiing in the winter and scenic hiking country for summer months.

Entered at Concrete Postoffice as Second Class Mail Matter

The tourists from America who have swarmed over Europe this year, seem to have found release from cares of the world in their trip. In grateful appreciation perhaps America should return the favor of the Statue of Liberty and erect at the port of entry a towering statue of a typical porter, hand outstretched, and a plaque bearing the words, "Give me your restless, your rich, your frantic masses, yearning to spend freely. The bored refuse from your teeming shore resorts, send these, the wandering, camera laden to me. I'll lift their bags inside hotel door."

Comes now the news that the first contract on the long-awaited Lyman cut-off will not even completely pass by the toll-gate town. It stops just short of the east city limits, which in the opinion of those who have battled so long for the project, makes wonderment of the type of thinking that developed the plans. Like building half a bridge.

California continues onward and upward on traffic licensing. Now surf-boarders at Luguna have to buy a license before using the waves.

Boxer Firpo, long-time proof of the saying "the bigger they are, the harder they fall" is dead in South America. To those of us who clapped on earphones to strain to the radio announcers version of his fight with Dempsey, he is a legend of sports history. He died believing, like many others, that his mighty blow that knocked the champ out of the ring also paralyzed ring officials long enough to lose him the title.

An English grave digger deserted the army to go back to his job. Apparently didn't care for the job of middleman.

The U. S. is now looking for intelligent interpreters to accompany foreign guests. It is no longer enough to be able to speak enough of the language to say, "how much money do you want?"

With those fine senators as presidential prospects it would seem improper to ask why they have failed to enact all those campaign planks before now.

That cigarette company, hailed into court by the widow of a chain smoker for causing his cancer, was exonerated by the jury. After all, we can't be sueing rope manufacturers if someone chooses to hang himself.

In this age of gadgetry we are afraid we are developing a flip-top citizenry.

The farm problem is lost in a sea of brainwashed theory. Every solution has been advanced except the one any person of common sense would advance if confronted with such a drain on finances—stop paying.

It is reported that the weather got so hot here that even the sleep-lovers had to "hoot owl' their sheet-and-pillow shift.

After all, traffic control is an entirely personal problem. All they have to do is stop other people from driving like you do when caution seems unnecessary.

Bible Comment:

What Comes After an Eclipse Of Christianity?

The familiar saying, "the blood of martyrs is the seed of the church," is true to all periods of Christianity, even through the present and on toward the future.

The seed being sown in martyrdoms of today will bear fruit in lands that have virtually blacked out Christianity.

Of recent and bitter memory are the intense persecutions in Communist China. While they have fallen heavily, especially, on the courageous and devoted Maryknoll missionaries, the yokes of persecution have been borne by Protestant and Roman Catholic, alike.

Christian colleges have been disrupted and noble enterprises like that of Yale, in China, which enlisted the voluntary service of many of the finest of college graduates, have had to abandon their work.

Will there be a restoration? From the blood of martyrs will the seed of Christianity receive ultimate nourishment in Red China?

That which is built on faith and courage is never lost. It is not inconceivable that, in the vastness of China, there may come a transformation as remarkable in a positive way as the transformation of that ancient empire, within so brief a time, to a Communist instrument of violence and persecution.

Man counts time in units adapted to his brief span upon this earth. God's measurement of time is on a scale more vast in nature. We might not see the transformation, but the pendulum, in God's good time, will swing away from communism.

● MUSICAL TEA HERE

An evening musical and tea will be held at the Lutheran Church in Concrete next Tuesday evening, August 16th. The music will feature Mr. and Mrs. Paul Christianson and the tea is sponsored by the St. Martin's Episcopal church.

Miss Phylis Buswell and Lane Woods of Bellingham were dinner guests of Mr. and Mrs. Robert Sjoboen Wednesday evening.

The Sauk Community Club will meet Saturday night at the home of Mr. and Mrs. Jim Ovenell.

Riley Cunningham is visiting at Birch Bay with his aunt and uncle the F. H. Robertsons of Seattle.

How Puget Power serves you

CONSERVING NATURAL RESOURCES

Sketched here you see one of Puget's fish transport trucks being loaded with salmon for a trip up river to spawning areas above our two Baker River dams.

Puget has invested about two and one half million dollars on the fish conservation system for the Baker River Hydro projects. These extensive facilities, built and paid for by Puget, are another example of the way private enterprise works to serve all the interests of all the people.

The Rockport Reporter

By Candy Kaminski

Mr. and Mrs. Merve Whitaker of Seattle spent the weekend with their daughter and family, Mr. and Mrs. Alex Bartels.

Mr. and Mrs. Ken Holubar and June, Mrs. Pet Pyatte, Mr. and Mrs. Warsaw Pyatte of Arlington, Estes Pyatte of Bremerton and Mr. and Mrs. Ralph Goodman of Sedro-Woolley attended the Tarheel picnic in Everett Sunday.

Visiting Friday with Mr. and Mrs. Clifford Williams were Mr. and Mrs. Bill Wilson and Charley Trecker of Counsel, Saskatchewan, Canada.

The Fred Martins were among those attending the Pioneer Picnic at LaConner last Thursday.

Mrs. Betty Olson and Mrs. Vic Cowden were visiting with Mrs. Manford Thosath in Concrete Monday.

Doc Seemyer spent the weekend at home and left for another fishing trip to Alaska.

Mrs. Mel Benton, Mrs. Gurnie Stafford and Mrs. George Sharick went on the charter busses from Mount Vernon to the Sea-Tac Airport to welcome Vice-president and Mrs. Nixon on their stop-over there.

Mr. and Mrs. Ralph Hindgardner Mr. and Mrs. Don Sutton and children, Mr. and Mrs. Jack Martin and children enjoyed the house-warming Saturday evening at the new home of Mr. and Mrs. Clifford Verner in Burlington.

Mrs. Woodrow Olson, Mrs. Hazel Buchanan visited Sunday at Nooksack Bible Camp.

Mr. and Mrs. Walt Lunde and Mr. and Mrs. Chuck Anthony of Bellingham visited Sunday with Mr. and Mrs. Alex Bartels.

Mr. and Mrs. Rupert Buchanan and Gary and Doug Johnson took Mrs. H. R. Buchanan and Mrs. Revis Buchanan to the Seattle-Tacoma airport Friday evening to catch a plane to Washington, D. C. The Buchanans then spent the weekend in Puyallup with Mr. and Mrs. Ole Anderson.

Mr. and Mrs. E. V. Pressentin entertained with a dinner Sunday in honor of their daughter, Jean, and her husband, Mr. and Mrs. E. J. McCormick and their three daughters of Washington, D. C. They were dinner guests at the Martin Pressentin home on Monday evening and at the Fred Martin farm home on Tuesday evening.

Norman Pressentin and sons, Patrick and Dennis, of Seattle are spending a few days at the E. V. Pressentin home.

The Girl Scouts, who are spending ten days at the Rockport State Park held open house Sunday afternoon for family and friends. The girls hiked Monday evening to spend the night at Sauk Lake.

ITEMS OF INTEREST

Mrs. H. A. Bronson and Mr. and Mrs. Sumner Hockett and daughter were Sunday dinner guests of Mr. and Mrs. Leo Sallberg.

Mr. and Mrs. Al Gentry of Leavenworth visited the first of last week with Mr. and Mrs. C. T. Jungblom.

Mr. and Mrs. Carl Engleson of Everett were Sunday guests of his sister, Mrs. Vivian Bates, and family.

Mr. and Mrs. Orland Howell and family of Newhalem visited over the weekend with Mrs. Lucille Payne and children.

Saturday afternoon Mr. and Mrs. Carl Bailey, Jr. and family of Shelton called on his father and friends in Birdsview. They were Saturday evening dinner guests of Mr. and Mrs. Edgar Rathvon. Other guests were Mr. and Mrs. Mark Rathvon, Mr. and Mrs. Roy Rathvon and family and Mr. and Mrs. Fred Aikens and family.

Mr. and Mrs. E. G. Ellison of Sedro-Woolley visited Sunday evening with Mr. and Mrs. Leo Sallberg.

Mrs. Lassie Mann of Sedro-Woolley, Mr. and Mrs. Charles Howard of Mount Vernon, Bessie Kell of Sedro-Woolley, Mrs. Sibbie Roe of Burlington and Mrs. Bernice Wiley were guests Sunday of Mr. and Mrs. George Ely.

Bernith Weir and son, Chris, visited Saturday in Oak Harbor.

Mrs. Ed Youngblom and son visited a few days last week with Mr. and Mrs. C. T. Jungblom.

Mr. and Mrs. Harold Trueman and family were Sunday dinner guests of Mr. and Mrs. Charles Stone and Judy.

Richard Thompson and Mrs. G. Nelles attended the Pioneer picnic Thursday at LaConner.

TOURIST ROOMS REFRESHMENTS

Marblemount

By Mrs. Frances Turner

Mr. and Mrs. Francis Turner went to Portland on a visit recently.

The Cecil Benfield and Leon Gifford families took a trip around the peninsula recently.

Jim and Maxine Stickney and son Dal spent the weekend fishing on Whidbey Island.

Rev. and Mrs. Lawrence Summers from Mount Vernon were Sunday visitors of Rev. and Mrs. Joel Gunderson.

Dal Possinger, who spent the past three years in Germany, has returned home. He bought a small foreign car and drove from New York city.

Mr. and Mrs. Sid Levine and children and Mrs. Lois McGurty camped and Marble Creek and visited with Mr. and Mrs. Francis Turner last weekend. The Levines are from Seattle and Mrs. McGurty is from Los Angeles.

Mr. and Mrs. Mel Wolbert and children have returned from Arizona to attend to some business and will visit here and in Concrete before returning. They will be employed there for about five years.

Mrs. Wanda Eldridge and Stuart and Heyward Cowan and Deanna went to Ferndale Sunday for a call on relatives.

Don McLeod left on Sunday for Mayfield, where he will be employed. The family will be moving to join him as soon as they can get organized.

Mr. and Mrs. Hal Williams and son Brent left Wednesday to visit friends at Ellensberg before they return to their home at Tenino.

Mrs. Neal Clark has returned to her home here after a nice, long trip to visit relatives in the middle states.

● HORNBECK PICNIC

A family picnic was held Sunday at the home of Mr. and Mrs. Milton Scott in Mount Vernon. Those present included Mrs. E. J. Hornbeck, Mr. and Mrs. Rawson Hornbeck and family, Mr. and Mrs. Lawrence Hornbeck and sons, Mr. and Mrs. Leonard Hornbeck and daughters, Mr. and Mrs. Norman Hornbeck and family, Mr. and Mrs. Hubert Wilson and family of Bellingham, Mrs. Nellie Anderson and sons of California and Mr. and Mrs. Harold Baker of Santa Ana California. Mrs. Ray Hornbeck joined them in the evening. She is from Cashmere.

● TOO MANY PILLS

Robin, two year old daughter of Mr. and Mrs. Dale Drake, gave her parents a scare Thursday when she ate the contents of a bottle of baby aspirins. She was rushed to the hospital and her stomach pumped out and was able to return home in the afternoon.

Mr. and Mrs. Leo Sallberg, Mr. and Mrs. E. G. Ellison and Mrs. Martha Wilkins of Sedro-Woolley attended the Pioneer Picnic at LaConner Thursday.

OUR NEW H. C. FISHER
Colorant DISPENSER

WHICH CAN PRODUCE 4,000 DIFFERENT SHADES OF COLOR IN STANDARD PAINTS FOR INDOOR OR OUTDOOR DECORATING

With this new blending machine we actually can reproduce any one of the 4,000 shades of colors carried in our color card assortment. Colors can be perfectly matched with furniture, drapes, rugs or other household things that call for complimentary decorating.

All Types Of Paint

Another feature is that we no longer have to carry a large stock of different colors in all types of paint. Our stock is now mostly blending base in each type of paint that is required. We can match to perfection wall paint, enamel, flat coat, floor paint or any other type by adding color to the proper base.

The machine above carries all the blending colors and delivers fractions of an ounce in exact amount at a number of pre-determined settings. The color card carries the code for settings so that each mixing is the same, today or a week from now.

This matching takes the pain out of pain-t for the home decorator. You get the colors you want every time. A file of your order lists exact setting on the machine for re-order of the same shade.

We, of course, specialize in Dutch Boy paints, and can supply you with any quantity, mixed to your choice, from a quart to any number of gallon cans you wish.

Paint The New Colorant Way—from **Cascade Supply**

Newhalem And Diablo

By Mrs. Vera Hunziker

Mrs. Dave Anderson underwent heart surgery at Virginia Mason hospital on August 2nd. Her son Eric is staying with the Kleins at Diablo until she is able to reeurn home.

Mr. and Mrs. Larry Stromme and daughter were camping at Cranberry Lake for several days and on Saturday afternoon visited in Anacortes.

STRICTLY FRESH

Taking a long view of a situation is easy when you're not involved.

* * *

Slacks are what they usually aren't, when seen from the rear.

* * *

Now is the time when bus windows that wouldn't close all winter can't be opened.

* * *

If you missed a TV program last winter, cheer up; it'll probably be rerun this summer.

* * *

An old-timer is a fellow who remembers when most families made their own root beer.

Mel Benton of Rockport was visiting friends in camp Monday.

Mrs. Lloyd Hooper and daughter, Connie, spent several days at Burlington with Mr. and Mrs. Ernie Strickland.

Mr. and Mrs. Dale Higgins and their houseguests Mr. and Mrs. P. D. Martin of Burbank, California and Mrs. Elsie Higgins of Burlington enjoyed a sight-seeing trip to Victoria, B. C. Monday and in the evening visited with Mr. and Mrs. Chas. Kilgore at Anacortes.

FILLERS

A Waltham, Mass., electronics firm has announced plans for an unmanned, saucer-shaped sky platform. It would be powered by energy transmitted much as radio waves are transmitted by directional devices today. Purpose: to build a sub-space weather, military or TV relay station.

• • •

Portugal's recently completed monument to Christ the King is 357 feet tall, and consists of a 91-foot image on a pedestal 266 feet high. Of solid stone and located at Lisbon, it is a symbol of thanksgiving to the Almighty for having kept Portugal out of World War II.

• • •

This year's frog-jumping champ, "Two-Snap," hails from Stockton, Calif. The frog-jumping contest is held annually at Angels Camp, Calif., in commemoration of Mark Twain's story, the "Jumping Frog of Calaveras County." Distance: 16 feet, 1½ inches.

• • •

It can't be repeated too often: do NOT let children play with plastic film or plastic bags. The material easily develops a static charge, and can cling to tiny faces. Before it can be clawed free, children suffocate.

• • •

More than two million refugees from World War II still need aid from the United Nations. So says U.N. Secretary General Dag Hammarskjold, in calling attention to the present World Refugee Year, which will be observed until next June 1.

LOCAL HAPPENINGS

"So I called a six-doctor consultation on your wife last week, do you think this is necessary . . . ?"

Happily we are not in the repair business, but we are in the business of keeping cars on the highway—running well on good tires, with proper lubrication. We can also furnish long-lasting batteries, accessories of every kind.

In fact, this is a TEXACO station. And that means service all the way. A handy place to stop and a handier place to leave your motoring worries. Nothing like a Marfak lubrication and a tankful of Texaco gas to give you that vacation trip confidence each time you go out on the highway.

OVERHEARD IN THE LUBE ROOM

Saint Peter was interviewing the fair damsel at the Gates of Pearl, and was done to checking the vital facts. "Did you while on earth, ever indulge in drinking, dancing, smoking or swearing?" asked Peter.

"Never!" she retorted.

"That does it," he exclaimed. "The record shows you never had a boy friend, either. Why didn't you report here sooner. You've been dead for years."

Peterson's Texaco
Lowell Peterson

Mrs. Charles Stone

Mrs. Allen Gardinier and daughter, Karen, and Linda Gustafson spent Friday at Birch Bay with Mr. and Mrs. Joe Styles of Phoenix, Arizona, who were camping there. The Styles were to leave Monday morning for their home.
