

FEATHERS

from the Duster

By The Overtime Editor

THE TRIP to Okanogan over last weekend proved enjoyable in many ways. The North Cross-State Highway Ass'n meeting was the largest yet held on the east side and the enthusiasm reflected the hopes of completion of the road in the next few years. Most of the old-timers were present to hear the younger boosters go into action in taking over the big push from now on.

We renewed acquaintances with both highway boosters and friends in Okanogan and Omak with our time being budgeted to the second to take care of Saturday's TV football broadcast and the many invitations to "stop in." Our hosts for Saturday night and Sunday were the Bruce Wilson's, of the Omak Chronicle, old friends in our own profession.

An unusual facet of greeting the newly appointed State Director of the highways and his wife was the revelation that they are neighbors rather than strangers. Mr. and Mrs. Charles G. Pahl were the purchasers of the Ben Gross property on the Sauk River and intend to eventually become valley residents.

COUNCIL JOKE: Commenting on possible projects for improving the town a suggestion was made that perhaps some of the delapidated homes in town should be torn down. Wiscrack—"No, some of the people living in them might object."

As can be imagined, the council was talking of deterioration of the property here due to cement dust and the chances of getting relief on the problem soon. Present hopes are for better dust control after repair or replacement of the dust collectors during the winter shut-down at the plant.

NO MORE OUTAGES of power here the rest of the winter! We have made sure of this by putting all three of our coal oil lamps in top condition. New wicks, fresh oil, mantles, chimneys, etc. We figure the cost as insurance against loss of TV reception, which seems to be the greatest hardship when the power lines are storm-struck.

Sanford Barker Named In Accident Injury Suit

A damage suit for \$2,104 for injuries to Larry Fox, 6, who was hit by a car driven by Sanford Barker near his Day Creek home on July 31, 1961, has been filed in the Skagit Superior court by Mrs. Ernest Fox, the boy's mother.

She asks \$1,104 for medical care and expense and the balance for a trust fund to cover possible future medical care.

Call Whatcom Jurors

Seventy-five names drawn for jury duty in the Whatcom Superior Court term which starts this month included several from the upper Skagit. Listed were Kathleen W. Allen, Rockport; Elliott Button of Newhalem; Bernice C. Glover of Rockport; and Arthur Swenson (deceased) of Newhalem.

NUMBER 45

Monroe Noses Out Lions 20-13

As their Homecoming effort on the football field the Concrete Lions put up one of their best efforts of the season against second place Monroe, but lost by the margin of 20 to 13. The score was tied 13-13 at halftime. Monroe put over a touchdown in the third quarter and then iced the game by a stiff defense that halted a Lion drive on the 25-yard line in the final quarter.

The large Homecoming crowd saw Bob Gustafson open the scoring with a 45-yard run. Fred Denson added the point. After Monroe put on their scoring drive Concrete tried their scoring play once more with Jerry Anderson packing the ball and it again went all the way. The try for point failed.

Gustafson chalked up 90 yards in his 15 carries and Anderson had 50 yards in ten tries.

The team will close a creditable season Friday night with a game at Nooksack.

In the league Lake Stevens is still undefeated after taking Sultan 20-0 last week. Monroe is 3-1; and Langley is in third on virtue of their 20-0 win over Stanwood.

Scott Foss Wins Timber Sale On Cascade River

The Forest Service sold on bid 100,000 board feet of Douglas fir in the Marsh District, Sibley Creek area, of the Mount Baker National Forest.

Scott Foss of Anacortes was high bidder for 100,000 board feet of Douglas fir in the Marsh district, Sibley Creek area, of Mount Baker National Forest sold by the Forest Service. Foss bid a total of \$4,200 on timber originally appraised at \$3,174. Second high bidder was C and A Logging Co. of Marblemount, who bid \$4,100.

STREETS AND TRAFFIC ON CITY AGENDA

The town council used up most of Monday's session on the sewer project discussion, but also found time for tearing into the street and traffic problems.

Councilman Spargo reported that the Superior Avenue grading was progressing well and that he hoped to have the street ready for paving soon. A question of the water line under the street was raised during a discussion of the depot hill paving which was recently torn up for water department repairs. It was the opinion of the council that the water department was responsible for replacing the paving, and that a check should be made before any paving was done on Superior Ave. that might be torn up at a later date.

Councilman Thompson, who filled for Marshal Bianchini during his recent hospitalization, reported the need for stricter enforcement of traffic laws in town. He said the most violations are of the 4-way stop at Superior and Main. He issued about 60 warnings and then gave up when even councilmen (including himself) were not doing making California stops at that point. A suggestion was made that when the new paving is in the hill traffic be given right-of-way for 25-mile an hour limit.

STEP UP TRAFFIC CONTROL

Due to a general laxity in past enforcement, Mayor Peterson told the council that he was going to insist on stricter enforcement of traffic regulations until the many abuses now practiced are stopped. He mentioned the after-hour "hot-rodging" on Main Street as one item needing correction. He said that it would not be the intention to create a local speed trap, but only to put an end to carelessness and dangerous habits.

Fast traffic was also reported on the street to the high school. The clerk was instructed to order 20-mile per hour school signs to post the street from the highway to the school entrance.

Incidentally, the town's police car has been reconditioned and painted a light tan.

TO WED SATURDAY EVE Rockport Man Trapped Beneath Wrecked Car

Patty Harris - Ken Messer

An open invitation has been made to all the friends, relatives and acquaintances of Harris and Messer families to be present at the wedding ceremony to be held on Saturday evening at 7:00 in the Emaculate Heart of Mary Catholic Church in Sedro-Woolley for Miss Patricia Darlene Harris and Mr. Kenneth E. Messer.

Miss Patty is the daughter of Mr. and Mrs. Wm. B. Harris of Van Horn and Kenneth is the son of Mr. and Mrs. Elmer Messer.

The wedding reception will follow the ceremony and will be held in the church social rooms.

IRVIN TATHAM DEAD AT AGE OF NINETY

Funeral services will be held at the Lemley Chapel in Sedro-Woolley today at 1:30 for Irvin Mark Tatham, 90-year old Hamilton pioneer of Hamilton who passed away at a Mount Vernon rest home on Monday. Mr. Tatham, who followed the logging and farming profession before retirement had been an invalid for the past eight years.

Mr. Tatham was born Dec. 3, 1873 in Webster, North Carolina. He had made his home at Hamilton since 1902 and was well known throughout the valley.

He is survived by his wife, Lena; two sons, James Harry of Hamilton and Louis of Sedro-Woolley; two daughters, Mrs. Herbert Brede of Burlington and Mrs. Ilich and Mahquard of Juneau, Alaska. There are seven grandchildren; seven great grandchildren.

IT'S DO OR DIE—NO TIME TO WAIT AND SEE, SO

Town To Gamble On Sewer Vote

Faced with the dilemma of a deteriorating local economy and a tight deadline of action on the proposed sewer system for Concrete, the town council Monday night decided to gamble about \$3,000 to \$5,000 of operating funds to keep the project alive and progressing until the December 6th vote will either kill or approve the plan.

The deadline set by the federal agencies which will furnish half of the cost of the project are such that the town cannot wait until after the election to start some of the necessary work that must be done to comply with the laws and the requirements.

Harstad Associates, Inc., which is doing the preliminary work on the grant applications and the tentative system planning, must be paid for their work by the town. To date, about \$1,500 will cover all the work so far. Walter Banks, representing the firm at Monday evening's meeting, estimates that the work yet to be done will require another \$3,000.

In order to hold the project open the council finally agreed to guarantee the extra \$3,000 in event the voters and property holders approve the project. If the grants now under review for extension, or the vote is not approved, the work would be suspended immediately and the town only required to pay for that actually completed.

RIGID SCHEDULE AHEAD

Word is expected this week on the grant under the Accelerated Public Works program and also the extension of time under the grant already approved by the Public Health administration. Both are expected to be okayed by Washington, D. C. officials. Should they not be, the entire project would be cancelled immediately.

Edward J. Wilson, 21-year old Rockport man, was pinned under his car for some time last Saturday night when the car skidded on Highway 16 at Van Horn and rolled into the ditch. Wilson was west-bound at the time of the accident. The car ended up on its side after striking a power pole roadside.

Passers by stopped to go to his aid and were able to get the car off the injured man. He was taken to the hospital where it was found he had luckily escaped with only multiple cuts, bruises and abrasions.

The accident occurred about 9:20 in the evening. State Trooper E. F. Robinson reported that the driver had been going too fast for road conditions. The 1957 hardtop was totalled out.

Road To Reach Pass Next Fall

Lowell Peterson of this city was named as the new president of the North Cross-State Highway Ass'n in a rousing meeting at Okanogan last Saturday evening. Elected to serve from the east side were Chas. Hulsey of Oroville, vice president; and Hans Lund, Tonasket, secretary. Chas. Dwelley will continue as secretary for Mr. Peterson.

The meeting was marked by the introduction of the new State Director of Highways, Charles Pahl, who spoke briefly to assure the group that he was quite familiar with the project and the territory on both sides of the mountains, as he had been an engineer on the Coulee dam project and was a property owner in the Skagit valley.

The theme of the meeting was "30 Miles To Go" and this was predicated on the expectation that by this time next year the actual distance between the east and west ends of the highway will be near that figure. Thirty-eight miles was finally admitted as the closer figure.

In his acceptance speech Lowell Peterson was able to make two important announcements. One was that a contract will be let this month on the next 4.3 miles of

Recall Canvass Verifies Count; Election Set For December 17

An official canvass of the signatures on the petition to recall three members of the Concrete School Board was held at the office of the county auditor in Mount Vernon at 10:00 a. m. Monday morning.

Three directors, Mrs. Marjorie Barber, Colin Thomson and Jack Livie were represented, as well as the signers of the original charges for the Recall Committee.

The canvass found all petitions in order and sufficient signatures on them to meet legal requirement for holding the election.

In order to hold the balloting before the Christmas holidays, the auditor set the date for Dec. 17th, earliest possible date to comply with closing of registration books and other set waiting periods.

Birdsview Grange Elects Orin Coulter As Master

Election of officers was the principal order of business at the last meeting of the Birdsview Grange with Orin Coulter chosen Master for the coming year.

Other officers are: Overseer—Walter Howard; Steward—Ben Weir; Secretary—Marie Balzar; Cires—Lena Scales; Flora—Margaret Anderson; Home Ec. Chairman—Barbara Coulter; Lecturer—Margaret Sparks; Asst. Steward—Kenneth Balzar; Treasurer—Blanche Craft; Gate Keeper—R. Scales; Pomona—Milly Thomson; Lady Asst. Steward—Lela Howard; to Executive Committee—Elmer Larsen.

Robt. Stafford Hurt As Pickup Leaves Road

In a single car accident Wednesday of last week Robert E. Stafford, 20, of this city was given emergency treatment for face and arm cuts after his car went off the main highway about three and a half miles east of Sedro-Woolley.

Young Stafford was going west on Highway 16 when his pickup truck veered off the shoulder on the south side of the highway and rolled down a 50-foot embankment. The pickup was a total loss and \$20 damage was done to a fence struck by the car.

LICENSE TO WED

A marriage license was issued at the county court house this week for Vernon W. Johnson, 22, Rockport, and Violet Shanks, 20, of Marblemount.

TOWN BOOKS CLOSED

A notice of closing of registration books for the election is published in this issue, giving November 16th as the late date upon which registrations can be made. However, this will be for voters outside of Concrete city limit only, as a town Bond Election set for Dec. 6th has similar requirements and the town registration books were closed yesterday and will not be reopened until after both the elections are over.

The recall will be voted upon in all parts of the school district in the same manner as a school election.

The official count on the signatures showed that an early count had missed one page on a petition naming Jack Livie for recall. The correct figures placed Mr. Livie just one signature below the total for Mr. Thomson.

Final count was:	
MARJORIE BARBER	311
COLIN THOMSON	303
JACK LIVIE	302

Martin Boeringa Dies Suddenly

Martin Boeringa, well-known resident of the upper valley since about 1910, died suddenly of a heart attack Tuesday afternoon as he was working with his brother John cutting some timbers with a power saw. Death came practically instantaneously.

Mr. Boeringa, who was 69, was born in Chicago March 26, 1894. He came to the valley in 1910 and for several years worked in the electrical department for Superior Portland Cement, Inc. Later he was employed by Puget Power at the local hydro-electric plant.

He worked at the dam until he was seriously injured in 1930 and after that helped operate the Tony Ebing farm west of town. He and his brother have worked the farm since Mr. Ebing's death.

Funeral arrangements will await confirmation of whether or not relatives in the east will be able to come out, but tentative plans are for services to be held at the Mt. Baker Presbyterian Church here on Saturday at 2:00. Burial is to be made in the Grasmere cemetery.

Those planning to attend may check with J. E. St. John or the Herald office later in the week for any change in schedule.

BIG ALBINO BAGGED

252 LB. ALBINO

This is the albino deer killed on the Peterson Logging Co. work near Marble Creek on October 21st by Leslie Freen of Marblemount. The deer, which weighed 252 lbs., was killed with one shot through the neck with a 7 mm. magnum rifle.

Girls helping show off the big buck are Pam Green, daughter of Mr. Green and Pat Rickner, sister of our Marblemount reporter.

School Notes

By Candy

Last week was a very busy week for the students and faculty in Concrete High. Monday, Tuesday and Wednesday were filled with cramming for quarter exams and hurrying to finish the quarter term papers. Though while studying, I imagine many girls were picturing themselves in their new dresses, hairdos and with dates for the big dance on Friday evening.

After school activities included a hard football practice and decoration of the halls with crepe paper streamers and large signs. In the meanwhile, the Juniors were busy getting the gym ready for the homecoming dance.

There were class meetings held throughout the week to discuss and practice for Friday's skits. The Seniors decided to have two floats, one for football players and the other for the Pep Band to be in the after school parade, which they worked on during the evening.

Thursday brought about the talk of Halloween parties to celebrate not only Halloween but also the end of the quarter exams. Then finally Thursday gave way to Friday and all the week's activities combined into one hustle and bustle of finishing touches, clicking of cameras, discussion of apparel and the quick ordering of that forgotten boutineer. Friday's Pep Assembly was given in a down pour of rain which didn't dampen the spirit of the students, just their clothing. The Royalty was given recognition and the Senior boys on the ball team were called down to the front because it was their last home game. The afternoon continued with skits by each class, with the Juniors winning, much to their joy and the Sophomores walking off with the Pep Jug. When dismissed each student received an issue of the Lions Tale.

Upon arriving back at the school the Pep Band found their decorated truck was one faded blob of purple and gold crepe paper and the rain still coming down in buckets, which prevented them from going out because there was no protection for the instruments. So the cheer leaders, mounted in Mr. Todds model A, and the kids in their decorated cars headed for town. We disassembled after a

few trips around the block and while holding up traffic, the brave ones yelled a few yells in the rain. The group soon broke up to go home and prepare for the Homecoming game and dance.

The pre-game activities included numbers by the band and the burning of the dummy. At the half, the royalty was presented to the public and a brief high school history was given of each. All were invited to watch the crowning of the Queen attend the Homecoming dance and at 11:15 p.m.

The annual Homecoming dance was given by the Juniors with the theme of Moon River. The decorations included a full yellow moon mounted on one of the basket ball back stops with an angel hair river flowing down from the bleacher railing to the gym floor. Moss was laid along the edge of the river and a bridge was across one end. The music was provided by Cliff Kelly's band and the bandstand was decorated in blue and white to match the river and other decorations. The crowning of the King and Queen was held with Doug Clifford and Suzanne Solomon winning the honors. The just as happy other royalty were Tina Vance, Rick Allen and Glenda Clements and Jerry Anderson.

The week was busy and packed with excitement but one comment of a Senior girl was "it was all over too soon", which will probably be the comment of many seniors in the spring.

Mr. and Mrs. Dale Smith and family of Auburn were week end visitors of Mr. and Mrs. Ray Jarmin Sr.

Mr. and Mrs. Vanbodengraven and Carole of Everett were week end visitors of Mr. and Mrs. George Sharich.

Mrs. Rupert Buchanan was visiting with Mrs. Molly Buchanan and Mrs. Frank Porter in Sedro-Woolley on Monday.

Saturday visitors of Mr. and Mrs. Lawrence Buchanan were Mr. and Mrs. George Jennings of Alderwood Manor and Jay Walker of Seattle.

Mr. and Mrs. Russel Buchanan of Marysville were Sunday visitors of Mr. and Mrs. Ray Buchanan. Mrs. Johnnie Cowden visited with Mr. and Mrs. Ed Bradshaw and Mr. and Mrs. Tom Moen in Mount Vernon on Wednesday.

Thursday evening, Halloween parties were held at the Rockport grade school gym, for the grade school kids, and at the Rockport Union Sunday School for high school age group. At the gym the kids enjoyed fishing, bingo and other games and refreshments, while at the Sunday School, the high school group went through a spook-house, played games and watched a skit and held a short devotional period with refreshments following.

Kids from Concrete and Marblemount also attended.

A newly married man was looking for a suit of clothes and his bride insisted on coming along to help him make his selection. He had tried on about twenty suits, none of which suited the bride. Even the salesman's pateince was beginning to wear thin.

The little woman thought the suits were too dark, too light, too flashy or too drab, and she called the turn on each displayed.

Finally the salesman took the bridegroom aside and said, "Listen, buddy, that suit you now have on is a knockout. See if you can't persuade her to let you have it. Besides, it is just made for you two—it has two pair of pants!"

The second was an assurance by Highway Engineer Buzz Mattoon of the east side that they would have a pioneer road into Washington Pass by next fall and that he hopes the next east-side meeting can be a barbecue picnic in which the association member can make their first trip to the pass by road.

The Okanogan meeting was well attended with over 230 seated for the banquet. A feature of the entertainment program was a surprise marching band number, and showing of colored slides of the trail trips through the passes with humorous narration by Highway Commissioner George Zahn.

The west side was represented by usual boosters from Bellingham, Anacortes, Mount Vernon, Sedro-Woolley and Concrete, plus many dignitaries from Olympia and the various state highway districts.

● Auxiliary Entertains

The Concrete Eagles Auxiliary entertained 75 members from out-side lodges Tuesday evening at a District Round Table. The lodges represented included Burlington, Blaine, Bellingham, Sedro-Woolley, Anacortes and Stanwood.

The local Auxiliary will be celebrating their birthday with a party here on November 20th.

HALLOWE'EN PARTY CONSUME WINNERS

The community Halloween party held here last Thursday evening again proved to be a success in every way. The kids had a grand time and the town suffered no visits from destructive or mischievous spooks.

At the costume parade there were 192 dressed for the competition. The largest parader was Russel Olson and the smallest was little Kathy Taylor.

Other prize winners were—Spooky—Vickie Watt, 1st; Allen Boury, 2nd; Dean Jay, 3rd.

Witches—Terry, Sherry, Mary & Zeke Ross; Aja Smith, Loretta Allen.

Spirit of Halloween—Timmy Dods and Barbara Howell, Marcia Pressentin, Troy Smith.

Indians—Marguerite Ross and Ava Dean Ross; Lloyd Perrigo and Pamela Self; Candy Cuthbert, Mike and Deede Orr.

Prettiest Costume—Nella Allen. Most Original—Cleve Messer.

Funniest—Cecelia Bianchini and Charles Messer; Roger Barr; Jim Evans.

● MINOR COUNCIL NOTES

In other minor items of business the council ordered the clerk free city phone transferred to Mrs. Miller; the approval of the ordinance calling for the bond election; repair of library building windows. Bills for the month were paid from city funds which totalled \$27,000 in all budgetary divisions at the opening of the meeting.

LETTERS TO THE EDITOR...

TO THE EDITOR:

Dear Mr. Dwelley:

In the last few days we have heard many rumors. I would like to take this opportunity to bring them to your attention.

Rumor has it that a group of people in the upper valley are not interested in the education of their children.

The truth is they are more interested than a lot of folk who are trying to force them to accept a situation that has long ago become an unbearable mess.

Rumor has it that they are unjustly persecuting a good superintendent.

The truth is we did not set out to persecute anyone. We felt that a new contract should be withheld to see if the problems within our school could be worked out. We even petitioned to this end. The petition was completely ignored by the majority of the board members, thereby causing the following action.

Rumor has it that these tackling dummy invoices were misplaced. The truth is we believe they were, too—plus.

Rumor has it that three of (our) board members are taking orders from Mr. Barr.

The truth is we believe this also.

Rumor has it that people have been duped into believing that they were given false information as to a re-election of board members.

The truth is each person contacted was carefully informed that if the recall "went thru" each one that was voted out would be replaced by appointment. We found them to understand this. They, too, thought a school board that thinks before the nod is in order. We did not find any of them to be stupid or too slow to know what they were doing.

Rumor has it that if irregularities did appear the Auditor would immediately bring legal proceedings.

The truth is we are not questioning the honesty of our Auditor. We believe he will serve the people to the best of his ability.

Comment: If the above questions were not raised for the self-satisfaction of some, why were they raised? Why is it that some of our citizens have made up their minds that we see things their way? Why is it so important to hang on to an intolerable situation and force it upon the valley residents? It seems that with or without our consent we are expected to like the situation, and our voices stopped.

Thinking people cannot tolerate the impossible situation in our school system. They know that we have put these things before the board and given them a chance to right the split and work out the problems of our school. Yet is goes on and now we find that all some folks want to do is force the rest to abide by the thoughts of the faction even though the situation in the system is worsening and if not checked will ruin our school completely.

In casting our votes at this recall election, we must bear in mind that the picture of a superior educational system is at stake. This recall action is the only solution possible to a tax-paying public, to stop the down-grade of our educational opportunities. To believe you can build a good educational system on an unhealthy turmoil is like sticking your head in the sand and believing you are hid.

Bear in mind as you vote that it is not a question of whether you like these folk or not. The thing to remember is that we need to solve the split in our school board. The way it stands now we have only three board members. The other two are automatically voted down even on things where the law is on their side.

The goal of the recall committee then is to bring peace amid the chaos, to again see a united school board that can talk over the situation and with honesty and their own thoughts decide for the best interest of the school and the citizens of the valley.

Thank you for allowing me this time.

JIT, Marblemount

LETTERS TO THE EDITOR

TO THE EDITOR:

Recently the members of the "Committee for the Preservation of Education" announced they would make a house-to-house campaign to "educate the people" and we now have a circular being distributed. It must come as a shock to the people of this district to hear they need educating, but if this is the purpose of the circular I would like to make some corrections, since we do not agree with the statements on it.

When the matter of the tackling dummies was brought to the attention of the school board I stated, "I would like to bring to your attention the fact that you authorized the County Auditor at the last board meeting to pay for seven high school boys' P. E." The superintendent turned around and said, "You better go back and look again. You won't find it there now." This is very true.

They state, "The purchase was placed in the wrong account—but the error was discovered by Mr. Barr and corrected." How do you make a mistake when each and every bill has a separate voucher sheet stapled to it, and this voucher clearly states what the purchase was made for. This voucher, No. 2578, stated that the dummies were instructional supplies for high school boys' P. E. If, when going through a stack of bills, separating student body bills in one pile and District bills in another pile, then bunching them all up and sending the District bills to the Auditor, we could understand a bill getting in the wrong pile and a mistake being made. But not when the vouchers have to be written out and fastened to each bill. If they were requested by Mr. Finnigan, then they were not for P. E. supplies, as he did not teach P. E. We were asked also why we were "quibbling" over this purchase, "after all it's for the kids." This is true, but if the student body fund cannot support the Athletic program, the people of this school district have never failed to get behind anything that was done for the benefit of the students. If the Administration feels they need tackling dummies or other equipment not allowed for in District funds they need only to tell the people and I'm sure someone would come up with a suggestion on how to raise money to get it.

We did not say "Mrs. Barber, Mr. Livie, and Mr. Thompson are taking orders from Mr. Barr and paying bills at his nod." We con-

tend that the board does not look over these bills, but instead sign a blanket authorization sheet, the top sheet on each month's stack of bills. If they looked over the bills, read what was on them, and the voucher sheet stating what the purchase was for, then these questionable bills would not turn into "mistakes" that happen "time and time again" as stated at last month's board meeting.

We did not state it would be best to "recall a majority of the board so harmony could be restored." The two board members who in their own words were, "trying to represent the people who elected them," have both told this Committee they would be willing to resign, or asked to be included in this recall. Since that would leave no one on the board, we did not feel this should be done. So we asked Mr. Martin and Mr. Hornbeck not to resign and did not name them on the recall. We felt they at least were trying to do what they were elected to do—represent the people of this school district.

We made no statement that this is to elect a new school board.

We have stressed the fact that the County Superintendent would appoint someone to fill any vacancy created by any one of the present board members who may be recalled and dismissed. This appointment would be for the actual time left for that board member who had been recalled. Then at the next regular election for each district, the people would vote on whoever filed to run from that district.

As far as we know, the County Auditor has found no irregularities in the District funds. We have not said he had, or that he was pressing charges against anyone. There are a few bills we looked over that we found interesting, in that they show large sums of money paid out for instructional supplies for P. E. We don't quite understand how the District can use almost \$1,000 worth of basketballs and footballs in the last two years. From July 5, to December 15, 1961, there were 30 basketballs purchased for a total of \$530.96. This is the year Concrete played in the District tournament. So far this year only 15 basketballs have been purchased for a total of \$192.25. The most expensive ordered for high school boys' P. E. this year was \$18.95, yet in December of 1961 there were six basketballs delivered that cost 23.95 each. Were these more expensive ones ordered for the district games? There are many more questions we would like answered, concerning some of these athletic expenditures, but are wondering if we would

get a more courteous reply than Mr. Hornbeck did when he questioned Mr. Barr on the tackling dummy affair.

As for the \$3.00 registration fee being charged for kindergarten being illegal, we can only say that unless there is a more recent ruling than January 1960, the law stated at that time, "School boards may not require the collection of a fee from the parents of kindergarten pupils in order to make up a deficiency in public funds available for kindergarten operation." Since Mrs. Barber stated at the April 30th budget hearing the fee was being collected to pay for paper, crayons, etc., used for instructional materials, it would seem the money was being used to make up a deficit in public funds for kindergarten. So we can only say again, this is not a vicious rumor, but is based on the latest State Attorney General's ruling we have been able to find.

The question about "these women" of the recall committee would make it seem that the three women who signed the legal paper were the Committee. The people working on this recall certainly were Mr. and Mrs. Leland Culver and daughter of Edison, Mr. and Mrs. Lewis Suit of Anacortes, Mr. and Mrs. Cameron and Barbara Melville go to the attorney's office to sign the charges. There is a legal affidavit on file with the county Auditor with the names of every Wm. Harris of Van Horn.

one involved if anyone would care to read it.

We hope this statement is of some benefit to those people who are supposed to be getting "educated." We have no post office box to write questions to, but anyone who is interested may contact either Mrs. Drake, Mrs. B. G. Gregory, or me. We will try to answer your questions or refer you to someone who can. There are many other matters, some mentioned in previous letters, that we are concerned about. We hope that others will be thinking of these when deciding how to vote on this recall. Hiring and firing of personnel is just one I might mention.
