THE IDEAS begin to form

 "One of the best so far

 ch Clean-Up is a custom  
 to this country by the  
 ollanders who regularly

 well as a big start toward  
 revitalization of com-  
 spirity for a year-long drive  
 vating, repainting and all  
 er improvements that are  
 only needed, but will be

Action Committee will try  
 nize the big day with the  
 all organizations who will

A minor item, news media

 for a time to learn that  
 everything you like has

Didn't Outrun Law!

Three separate accidents in-  
 volving six persons last Saturday  
 night in the environs of Concrete  
 completely demolished two vehi-  
 cles and, luckily, resulted in only  
 minor injuries to all but one of  
 the drivers and passengers.

The most serious of the three  
 occurred about 11:30 p. m. Satur-  
 day night when a 1963 Ford Gal-  
 axy sedan, driven by Boyd J.  
 Nations, 23, of Hamilton led local  
 police officers on a mad chase  
 through town that ended with an  
 end-over-end plunge off the em-  
 bankment about 5 1/2 miles west  
 of town at what is known as the  
 "breakaway hill"

The car was traveling at speeds  
 estimated up to 100 miles an  
 hour and was airborne for about  
 135 feet after leaving Highway  
 20 at the Cunningham Mill reload  
 road. It skidded down the high-  
 way sideways for 300 feet, spun  
 across the road into the deep  
 ditch, bouncing end for end to  
 land right side up against a power  
 pole.

Nations and one of his passen-  
 gers, John L. Parker, 17, of Route  
 3, Sedro-Woolley, received only  
 minor injuries when thrown clear  
 of the car. The other passenger,  
 John A. Reed, 19, also of Route

End over end crash totalled out good car. Moral: Don't try to out-  
 run the law just to avoid a minor traffic citation.

Police Chief Hiatt notes spot where car came to rest. Other figure holds tape where car made first nose down impact from highway.

3, was taken to the United Gen-  
 eral Hospital with a broken left  
 collar bone, a lacerated hand and  
 severe concussion. His condition  
 was listed as serious.

Nations was booked for reck-  
 less driving and failure to stop  
 for red lights of the pursuing  
 police car, driven by Dan Parker.

John Parker the teen-ager, was  
 booked for illegal consumption of  
 intoxicating beverages by Police  
 Chief Bill Hiatt, investigating of-  
 ficer.

The other accidents the same  
 night saw the car driven by Mary  
 Catway of Route 1 totalled when

## School Levy Is Given Big Vote

Concrete school district voters  
 approved a special levy to oper-  
 ate the local schools for the sec-  
 ond time by an overwhelming  
 majority in the Feb. 11 election.  
 In spite of bad weather, 466  
 voters cast their ballots at the  
 polls to validate the vote by 59%,  
 well over the required 40% of all  
 who voted in the last general  
 election.

The 16-mill special levy was  
 approved by nearly 75 percent of  
 the vote. A total of 348 voted for  
 the levy; 118 voted against.

A breakdown of the balloting  
 showed Concrete, 192 for and 46  
 against; Birdsview 58 for and 16  
 against; Marblemount 54 for and  
 34 against; Rockport, 44 for; 20  
 against.

The levy, which replaces the  
 15-mill levy approved last spring,  
 will be for the 1969-70 school  
 year and will raise approximately  
 \$150,000 for maintenance and op-  
 eration of the schools.

 the \$700,000 in bonds offered by  
 the United General Hospital for  
 construction of the new "Extend-

 urer. The best offer was the bid  
 of John Nuveen & Co. of Chicago  
 at 5.0331 per cent interest. The  
 firm specializes in municipal and  
 similar type investments.

According to County Treasurer  
 Edward Janson the interest cost  
 of the 20-year repayment. will be  
 \$442,095.

The other bidders on the bonds  
 were Marshall & Meyer of Seattle  
 with 5.09708%; Commerce Trust  
 Co., Coughlin & Co., and Pacific  
 National Bank. The high bid from  
 the others was 5.2218 with a total  
 interest cost of \$457,895.

 ers of District 304 was about the  
 going rate at this time.
