Local School Issues Go To Public For Vote At Tuesday's Election

Eligible voters in the Upper Skagit School District No. 102 will vote next Tuesday, April 14, in the special election on two propositions.

On the ballot will be a special levy for maintenance and operation for the 1970-71 year in the amount of \$190,000.

Separate item will be a bond proposition of \$1,350,000 lumping funds for school improvement and repairs and construction of

and repairs and construction or a new grade school.

Vote on the special levy will be validated by a turn-out of 40 per cent of all who voted in the 1969 November general election. According to the Skagit County Auditor's records, 422 in the district voted in the last election, so the vote on the levy will be vali-dated with 169 ballots. Of these 60 per cent must vote in favor of the levy to assure its passage.

The vote on the bond proposi-tion must be validated by 40 per of the number who voted in the 1968 state general eletcion. This figure would be 354 of the 886 total vote. As in the case of the special levy, it will take a favorable vote of 60 per cent of the ones casting their ballots to the proposition.

Both Concrete precincts and Baker precinct vote at the Concrete Grade School. Birdsview precinct votes at the Birdsview Grange Hall. Rockport voters will vote at the Pressentin grocery and post offce. Cascade precinct (Marblemount) votes at the Marblemount Grade School.

Inspectors at the different polinspectors at the different pol-ing locations are Helen Ann Parker, Concrete; Marie Balzar, Birdsview; Stella Martin, Rock-port; and Madrene E. Clark, Mar-

Polls will open at 8 a.m. and remain open until 8 p.m.

Shuttle bus service would be provided over a limited-access road from Mineral Park to the Cascade Pass trailhead. A similar service would be provided for boat passengers on Lake Chelan from the head of the lake through the Stehekin Valley to Cotton-

Stanton C. Hutson of Seattle Stanton C. Hutson of Seattle and Honolulu has been selected to operate the Stehekin Boatel and Cafe, Park Superintendent Roger J. Contor has announced. Mr. Hut-son will start service in May.

The Boatel and Cafe, near Stehekin Landing, were formerly owned and operated by Curt Courtney, who recently moved to Oregon.

CANDIDATES FOR GIRL'S STATE, from left, are Ruby Parker, Charlene Seaman, Tina Green, Barbara Smart. They will be guests of the American Legion Auxiliary tonight, One and an afternate will be chosen from the four by the Auxiliary and Cascada Juniors, co-sponsors, to represent Concrete at the annual event.

Charles Cunningham, Old Timer, Is Dead

Charles P. Cunningham, one of the old-time residents of Con-crete, died suddenly Monday in Skagit Valley Hospital. He was taken to the hospital that morning when he became ill after breakfast.

He was born Jan 5, 1884, in New Amsterdam, Ind., and moved to Concrete in 1907 to start work with the old Baker cement plant. He went on to work for Superior Portland Cement Co. and its successor, Lone Star Cement Corp., until his retirement in 1951. He was a cement burner in kiln room operations.

His marriage to Georgia Miller took place in Corydon, Ind., Sept. 23, 1908.

He is survived by his wife at the family home in Concrete; six sons, Ralph, Alderwood Manor, Carl, George and Norman of Seat-Carl, George and Norman of Seat-tle, Lawrence, Birdsview, and Robert of Spokane; two daugh-ters, Alice Howlett of Kirkland and June Durham of Beaverton, Ore.; 21 grandchildren and eight great-grandchildren.

Funeral arrangements are pending at Lemley Mortuary in Sedro-Woolley.

Highway Officials Hold Hearing On Local Cutoff

The new state highway through the town of Concrete will be open by the time the North Cascade Highway is completed in 1972. The section to be built include a new bridge across the Baker River with approaches on both sides that will make the route almost a straight line from Kenny's Corner to the intersection with the present highway at the east town limits. This was the word given to those attending the hearing held here last Wed-nesday night by members of the

State Highway Department staff.
District Location Engineer Joe
Bell outlined the proposed plans Bell outlined the proposed plans and indicated the final one accepted by the town council as their choice of the three alternates. The right-of-way chosen will call for buying four homes and the mill site of Levaque, Inc.

COUNCIL PLANS TO ASK FOR SALES TAX

The Town Council spent a busy evening Monday night handling a number of subjects, the most significant being filing of a letter of intent to collect the 4% sales tax now approved by the state. The larger towns and the state. The larger towns and the county government have voted to accept the proposal, so Con-crete will follow suit. For this community the funds will not start coming in until the next quarter, starting in July.

Also on the revenue-raising basis, Ordinance No. 193, published in this issue, annexes a portion of Puget Power property to the town and provides a sizeable increase in valuation for tax pur-

On other questions the council heard the complaint of Ray Ross on the proposal to make the new state highway through town limit-ed access. His arguments convinced the council that a further study should be made before a final decision is made.

Notice was received that Concrete is again listed with a pri-

Bank Vault Burglarized

The State Bank of Concrete did not open on Tuesday morning as usual. Somebody else had openei it some time during the night to make an unauthorized withdrawal of a yet undetermined amount of money.

The bank's time and temperature sign drew first attention with unusual recordings of 119°. When the bank crew arrived it was found that the building had been entered through a rear door, a hole cut through the vault door and an unused safe blown open.

Local police, Sheriff's deputies held the place under guard until F.B.I. men arrived to take over the investigation.

ority rating with the Farmer's Home Administration for federal funds for the town's proposed sewer system.

letter from the Pollution Control Board informed the council that no approval had been granted the location of Western Minerals on the Lone Star pro-perty here due to failure of the firm to comply with requests for information and required design

and contract assurance papers.

Permission was granted Harold Kloes, garbage dump operator, to extend services to outlying areas for a period of one year to put the operation on a paying basis. The operation will then be reed on the basis of space used and the town's needs for the fu-
