ively, Concrete's small, icks were given holes to through, something lacking in previous

games. Rob Johnson, Keith Pyatte and Rich Johnson were quick to take advantage of opportunities and romped through for several large gains.

Jeff Thompsen, in only his second game at quarterback, guided the team well, behind the victous up-front blocking of Tom Constock, Ab Benton, Guy Clements, Mike Jonas, Elbert Howell, Pat Timblin and Scott Cubertson.

The Lions built up a 260 lead by halftime. Rob Johnson scampered through a hole at left tackle

and turned on his speed for a 28-yard run and the first touchdown. Jeff Thompson, faking a pitchout on an option play, cut outside left tackle, picking up some excellent downfield blocking and weaving his way 44 yards for the Lions second six-pointer. A quick pass to Russell Johnson accounted for the two-point conversion and Concrete led 14-0 at the end of the first quarter. Rich Johnson capped a Lion drive with a five-yard burst over right tackle for the third touch-

down. His brother Robert next intercepted an errant Lynden pass and raced 66 yards to an apparent tee-dee but a Lion was clipping on the play. Keith Py-atte, in for his first offensive atte, in for his first offensive play since breaking his hand in the Darrington game, took a handoff from Thompsen and ran 44 yards for the final touchdown of the first half.

Lynden came out much strong-er in the second half, but Con-crete continued to dominate with the reserves playing brilliantly

at times. A one-yard run by Py-atte with only 17 seconds left to play completed scoring for the evening, Burned for 42 points by Mt. Baker, a revamped and ut-terly tenacious Concrete defense completely throttled Lynden's of-fensive attack. Lynden made only one first down in the entire contest that coming on a penalty only one first down in the enacte contest, that coming on a penalty. A good pass rush, combined with excellent tackling and team pursuit and gang-tackling, was too much for the visitors.

school caleteria.

The date was set Monday during the regular monthly meeting of the Concrete Town Council. Jim Kors, of the town's engineering consulting firm of Sleavin & Kors of Tacoma, agreed to attend the public forum to explain concepts of the proposal, its background, effects upon the tax structure- and anticipated rates and federal grants.

Members of the Concrete Action Committee, pledged to assist in passage of the sewerage ordinance November 3, will at-

tend this public forum instead of holding their regular meeting scheduled the same night.

A map with general outlines in dicating areas to be served is still tentative, Kors told the counstill tentative, Kors told the council audience in answer to questions, and can be altered at council discretion.
