Feathers from the Duster

By The Over-time Editor

ALL PROGRESS has its prob lems. We of this area have been too busy promoting a highway over the Cascades to think much out its consequences. Over or the other side Okanogan county has accepted and set a deadling by which they hope to be pre-pared for the inevitable influx of visitors. They expect to ne or visitors. They expect to near everything from forest camps to plush motels. And not only re-creation facilities but the most essential of needs—rest rooms. "When the North Cross State is opened," says one, "families

ing the coast in the morning will be here by noon. At Twisp, Pateros, Okanogan, Omak, they'll be asking for places to stay and things to do, and the number of them coming can hardly be im-

Any road goes both direc-

Any road goes both direc-tions. If Okanogan figures they are already behind in their plan-ning, Skagit must also give their similar problems some serious thought without delay. Our "Skeeping Bag Country" is going to be invaded, too, by people without them.

WE HAD a delightful weekend attending a small town celeend attending a small town celebration of the type that Concrete became noted for before "Cascade Days" grew unwieldy in scope. This was "Oregon Trail Days" at Tenino and appropriately enough headed by a young Dwelley who cut his teeth on Concrete celebrations.

Concrete celebrations.

The low key, low budget two day affair was a home-grown recognition of the ploneer days when. Tenino was the western end of the Oregon Trail. Townspeople plunged in wholeheartedly; dressing in ploneer costume, men raising beards, clubs stocking and operating food booths and carnival games. and carnival games.

and carnival games.

Prime, attraction was, as in all "days," a big parade which ignored a light rain and proved interesting and colorful. Relies of pioneer days filled store window, a gun show, rock and flower show gave free interest after parade time. A musket shoot by bearded and buckskin dressed riftemen was also free to all. riflemen was also free to all. For equal time there were authentic Indian dances.

Square dancers gathered both nights and drew many specta-tors. The crowd that stayed late on Saturday was back for more, all day Sunday, and to hear the old time fiddlers contest.

Total celebration budget less than \$500. And the result was about the jolliest community re-union imaginable. They even made strangers feel like citizens. which, come to think of it, is exactly what made Concrete re-membered during its celebration years. The small town still has a magic that no ten-ring circus can touch

New Assistant Named For Highway District

Thomas Glen Gray, 39-year-old engineer whose grandfather built one of the first paved roads in Washington, recently was named assistant district enwith headquarters Seattle

Gray, who is currently serving as a highway engineer in Vancouver, was named to the post by Director of Highways, Char-

les G. Prahl.
In his new position, Gray will assist District Engineer Wesley assist District Engineer Wesley
C. Bogart in the location, development and maintenence of
state highways in King, Snohomish, Skagit, Whatcom, Island
and San Juan counties. The district also includes Interstate 5 north of Everett.

Two Are Retired By City At Newhalem

Two long-time employees of Seattle City Light, who have been stationed at Newhalem for many years, retire the first of

John C. Madison and Melvin M Kays, both on the Skagit Hydroelectric Projet, will end their service with City Light after al-

most 20 years apiece.

Madison joined City Light in
1949, transferring from the city
engineering department. He was engineering department. He was assigned to the Skagit Hydro-electirc Project as a construc-tion equipment operator, and has been located there ever

Kays started with City Light in 1941 as a laborer and a year later was promoted to electric station attendant. In 1950 he was appointed a junior substation operator and in 1952 transferred the Skagit Project as a hydroelectric operator, a position he has held since

Hot Springs To Be Improved

Rainbow Falls and Baker Hot Springs have been improved during the summer to make the two scenic spots more accessible

and enjoyable for public use.

The two areas, a few miles north of Baker Lake, were designated for improvements by the Secretary of Agriculture for

A fenced lookout point and a good gravel trail have been con-structed to Rainbow Falls, Signs have been installed to direct sightseers to the viewpoint, and some of the trees have been removed to open up the view.

Rainbow Falls, on a tributary of Swift Creek, tumbles for 75 feet and drops free for 200 feet into a rocky gorge. The perpe-tual mist rising across the face tual mist rising across the face of the falls causes a brilliant rainbow to span the falls from bank to bank at mid-day. Baker Hot Springs, located 600 feet off the same road, has had its access trail widened and releasted to same the grade and releasted to same the grade and located to ease the grade, and graveled. A picnic table has been constructed near the spring, a toliet installed nearby, and the spring itself enclosed in a 10-ft. square wooden box.

The water, 111 degrees F, percolates up through clean fine gravel in the bottom of the box. The District also is building a small bathhouse at the spring.

L. Taylors Purchase **Harold Allen Home**

Lenoir Taylor has purchased the Harold Allen home on the south side of Skagit River. The south side or snaght River. The Allen family intend to move to Bonners Ferry, Idaho, where they have acquired farming land, Mrs. Allen plans to move to their new location immedia-tely while Mr. Allen will remain tely while Mr. Alen will remain here until the cement plant is-closed. He and his son have rent-ed the former Yeager place on Sauk Valley Road. The real estate transaction was handled by the Two Rivers Realty of Concrete.

Thieves Strip Trailer At Baker Lake

Around \$700 worth of equip-ment was stolen from the vacatoin trailer belonging to Dudley

oss the middle of last week. Vandals broke into the trailer vancias proce into the trainer which was parked near the pump on Baker Lake and took amateur radio equipment and power supply from inside, a water pump from underneath the trailer, and one of the 7-gallon Butane bottles on the outside. The door was jimmyed by the thieves to gain entry into

The theft has been reported to the Whatcom County sheriff's

HUNTING SEASONS SET FOR 1968-69

Among the 1968-69 hunting seasons set at recent Game Con missions meetings were the first dates which include dove and pigeon which open on Septem-ber 1. High country hunters can enjoy the high mountain buck deer hunt, mountain goat a forest grouse seasons—all which start on September 7.

The state-wide pheasant hunt will open October 12 and run to November 10, according to dates established last week by the State Game Commission.

the State Game Commission.
Pheasant season will reopen
November 23, lasting to the end
of the year. Eastside quali and
chukar hunts start October 12
and go to January 19. Nine-day
hunts for sharptail grouse, sage
grouse, and turkey start at noon,
October 12, and end on October

20.

Pheasant hen season will be suspended this year because of the poor chick survival during the summer.
.Westside duck hunters may

hunt until January 5, while east-side hunts will hunt to January 19. A special, late week-long season for geese in nine south-central counties was approved Duck hunters, state-wide, will

Duck hunters, state-wide, will have special mallard restrictions, but have the same total bag limit as last year. Species restrictions on ducks for westide hunters include a 5-bird bag limit with not more than three mallards and two canvasbacks. Eastside restrictions limit the 6bird daily bag to nor more than four mallards and two canvas-

1969 TROUT FISHING

The Commission also esta-blised opening dates for the 1969 fishing season. The third Sunday in April, April 20, 1969 was selected as the general sum-mer season opener. The stream opener, generally covering west-side beaver ponds and streams was set for May 18, 1969.

NEW PASTOR

The Rev. Arthur A. Vall-Spin-osa D. D. has transferred to this district from St. Thomas Episcodistrict from St. Inomas Episco-pal Church at Medina, Wash. He will be in charge of the Anacor-tes, Sedro-Woolley, Rockport, and Newhalem churches. His first services will be this coming Sunday, Sept. 1.

• LIBRARY CLOSED

Concrete's public library will closed next Monday in observance of the Labor Day holi-day.

Skagit Tribe Is Offered Grant

The Upper Skagit Tribe will meet this Saturday, August 31, at Hillcrest Park in Mt. Vernon to discuss and vote on accepting proposed settlement of \$384. a proposed settlement of \$384, 471.42 offered the Tribe to set-tle its claim case against the United States, which has been pending since 1951. The settlement represents additional compensation for 453,000 acres of land ceded un-der the Treaty of Pt. Elliott in 1850 and its besed on a value of

1859, and is based on a value of 90 cents per acre at the time of law, such valuations are estathe Treaty. In accordance with blished on the basis of what the land was worth at the time of

The Tribe received a consideration of only \$22,228.58 from the government as a result of the treaty, which has been determined to be inadequate compensation even on the basis of 1859 land values. The proposed settlement has been arrived at by deducting the consideration from the gross award of \$407,-

700. If the Tribe approves the pro posal, Congress will be asked to make an appropriation during its present, session so the funds will begin to draw interest im-mediately. Before funds actually can be distributed Congress must pass legislation specifying how this will be done.

Charles Boome of Sedro-Woolley is Chairman of the Upper Skagit Tribe and Mrs. Alice Cuthbert is secretary. They state that this is the most important meeting the Tribe has had. They

meeting the Tribe has had. They emphasize that individuals must be present to vote and urge everyone to attend.

Donald C. Gormley, a partner of the law firm representing the Tribe, will be present at the meeting to explain the settlement and answer questions.

Marblemount Salmon Barbécue Gets Crowd

Around 250 were served at the 7th annual salmon barbecue the 'th annual samon narrecue put on each year for the bene-fit of the Marblemount Com-munity Club. The number of diners at this year's event, held Aug. 18, was slightly less than last year's because of the un-

certain weather during the day.
Board members, headed by
Merv Peterson, president, were
in charge with Mrs. Neal Clark, secretary-treasurer, and M Bud Lemon directing serving,

Barbecuing the 300 and some pounds of salmon were Bill Newby, Oliver Clark, Bob Keith and Ed Clark. Innumerable others pitched in and helped with the most of putting on the life. the work of putting on the din-

ner:
Net proceeds go into the club's treasury to defray the up-keep of the Marblemount Civic-Hall which is available, free of charge, to all young people's groups in the community.

Case Dismissed

The case against Roger Greg-ory of Concrete was dismissed in Whatcom County District Court last Tuesday because the arresting officer was not able to be present.
