We are not going to be stored where the same thankful for the same to be thankful for we are not going to be stored where the same thankful for the same thankful f ing to be greedy about rain and there are so many places that need it worse than we do. So if it rained someplace where the desert is dry, we are thankful about that, too.

Ours was a pleasant holiday

Ours was a pleasant holiday with kids home, good food, callers and relaxation all mixed into four days in which the rush of business took only the time we cared to spend on it. There should be more such holidays in fall and winter when it is not necessary to go to a lot of fuss and worse over having to have and worry over having to buy things, battle crowds, watch par-ades and generally move out of a pleasant orbit around a food-

filled table.

EVERYBODY CALLED her Mrs. Davies. Prim, proper, she somehow didn't appear the type of person whom you would im-mediately reduce to a Margaret or Maggie. Not that she wasn't friendly and pleasant to all, but there was that about her that commanded more formal cour commanded more formal cour-tesy and respect. Something of a time past when elders became elders early and created a gen-eration gap that properly sep-arated the brash from the re-serve mode of life.

All of us will long remember Mrs. Davies, some much better than others from their exper-ience of having a helping hand in time of need. Her charities were numerous and always pur-posely unobtrusive. Usually only the recipient knew the amount or the purpose for which it was given. There are many evidences of her good work remaining with us. And no huge plaques or monuments. That is the way she wanted it. "

Kids have been using it as a hangout, spilling ice cream, leaving pop bottles, detaching G. I. pens and generally messing up the bulletin boards and other material. It is strictly kid-stuff mischief but in this case it could end a very valuable service—and the responsibility could be your very own.

### Steelheading Poor

More fishermen than fish showed up for the opening of the winter steelhead season Sunday.

day.

According to Game Department reports, fishing on the Skagit River was extremely poor. The run of Barnaby fish apparently has not started.

Checks showed that only 17 steelhead were taken from the Skagit on opening day with nearly 250 anglers out to try their luck. Seven steelhead were caught in the Rockport to Concrete section with 137 fishermen counted; one steelhead and 45 crete section with 137 finhermen counted; one steelbead and 45 anglers were checked in the Concrete to Sedro-Woolley sec-tion; and 59 fishermen and 9 steelhead in the lower river
